Due Date/Time: **June 30<sup>th</sup>, 2021 @ 3:00 ET**  
Addendum Number: **2**

---

To All Suppliers:

The Commonwealth of Pennsylvania defines a solicitation “Addendum” as an addition to or amendment of the original terms, conditions, specifications, or instructions of a procurement solicitation (e.g., Invitation for Bids or Request for Proposals).

*List any and all changes:*

- 1) Due to the limited subcontractable work items and few available SDB and VBE firms to perform those work items across the state, the Issuing Office and BDISBO have removed the SDB or VBE participation requirements from this procurement. There are now no SDB or VBE participation goals for this procurement.

On the Sodium Chloride Specifications document, all Goal Setting requirements have been removed, specifically, Section 2 and a portion of Section 3. In addition, Exhibits 4-8 have been removed and are no longer be required to be submitted with initial bid responses.

- 2) In response to all the questions asked during and in reference to the SDB and VBE Information Session, please be advised all goal setting requirements have been removed from this IFB, and the Commonwealth will not be answering these questions as it is no longer necessary.
- 3) For reference and informational purposes only, the presentation slides for the SDB and VBE Information Session are being included as an attachment to the solicitation.

Type of Solicitation: Electronic Bid (SRM) - Review the Questions section of your solicitation response to ensure you have responded, as required, to any questions relevant to solicitation addenda issued subsequent to the initial advertisement of the solicitation opportunity.

Except as clarified and amended by this Addendum, the terms, conditions, specifications, and instructions of the solicitation and any previous solicitation addenda, remain as originally written.

Respectfully,
