B. Operational Updates and Department Communications

1. Managed Care Operations Memos (MC OPS Memos)

The Department will issue MC OPS Memos via the HealthChoices Intranet to provide clarifications to requirements pertaining to HealthChoices. PH-MCOs must routinely check the HealthChoices Intranet. MC OPS Memos and Intranet notices are vehicles to clarify operational policies and procedures and are not intended to amend the terms of the Agreement.

2. HealthChoices Intranet

To access the HealthChoices Intranet, the PH-MCO must have established connectivity with DHS.

In addition to the MCO-OPS Memos, the HealthChoices Intranet Systems site contains current information on managed care systems policies and procedures, which include but are not limited to, information on eligibility, enrollment and reimbursement procedures, and encounter data submission requirements. It also contains information on pending changes and systems notices.

SECTION II: DEFINITIONS

Abuse — Any practices that are inconsistent with sound fiscal, business, or medical practices, and result in unnecessary costs to the MA Program, or in reimbursement for services that are not Medically Necessary or that fail to meet professionally recognized standards or agreement obligations (including the RFP, Agreement, and the requirements of state or federal regulations) for health care in a managed care setting. The Abuse can be committed by the PH-MCO, subcontractor, Provider, State employee, or a Member, among others. Abuse also includes Member practices that result in unnecessary cost to the MA Program, the PH-MCO, a subcontractor, or Provider.

ACCESS Card — An identification card issued by the Department to each MA Recipient.

Actuarially Sound Rates — Rates that reflect, among other elements:

- the populations and benefits to be covered;
- the rating groups;
- the projected member months for each category of aid;
- the historical and projected future medical costs expected to be incurred by an efficiently and effectively operated Medicaid managed care program in the respective county/zone;
- program changes to the extent they impact actuarial soundness of the rates;
- trend levels for each type of service; and
- administrative costs expected to be incurred by an efficiently and effectively operated Medicaid managed care program, including assessment costs and profit consideration.

Actuarially sound rates are developed using sound methods and assumptions, that are reasonably attainable by the MA MCOs in the relevant Agreement year and meet the standards of the Actuarial Standards Board.

For purposes of this definition, "control" means the possession, directly or indirectly, of the power (whether or not exercised) to direct or cause the direction of the management or policies of a Person, whether through the ownership of voting securities, other ownership interests, or by contract or otherwise including but not limited to the power to elect a majority of the directors of a corporation or trustees of a trust.

3. The PH-MCO must comply with all applicable laws, regulations, and policies of the Pennsylvania DOH and the PID.

The PH-MCO must comply with applicable Federal and State laws that pertain to Member rights and protections. The PH-MCO must require that its staff and Providers take those rights and protections into account when furnishing services to Members.

4. The PH-MCO and its subcontractors must respect the conscience rights of individual Providers, as long as said conscience rights are made known to the PH-MCO in advance, and comply with the current Pennsylvania laws prohibiting discrimination on the basis of the refusal or willingness to provide health care services on moral or religious grounds as outlined in 40 P.S. §901.2121 and §991.2171; 43 P.S. §955.2 and 18 Pa. C.S. §3213(d).

If the PH-MCO elects not to provide, reimburse for, or provide coverage of, a counseling or referral service because of an objection on moral or religious grounds, the PH-MCO must furnish

information about the services not covered in accordance with the provisions of 42 CFR §438.102(b)

- To the Department
- With its Proposal in response to the RFP
- Whenever it adopts the policy during the term of the Agreement.

The PH-MCO must provide this information to potential Members before and during Enrollment. This information must be provided to Members within thirty (30) days after adopting the policy with respect to any particular service.

5. The PH-MCO must maintain the highest standards of integrity in the performance of this Agreement and must take no action in violation of state or federal laws, regulations, or other requirements that govern contracting with the Commonwealth.
6. Nothing in this Agreement shall be construed to permit or require the Department to pay for any services or items which are not or have ceased to be compensable under the laws, rules and regulations governing the MA Program at the time such services are provided.
7. The PH-MCO must comply with all applicable Federal regulations, including 42 C.F.R. §§438.726 and 438.730 describing conditions under which CMS may deny payments for new enrollees.
8. The PH-MCO must comply with all applicable Federal regulations pertaining to provider screening and enrollment. Including but not limited to 42 CFR §§455.414 and 455.432.
9. The PH-MCO is required under 42 CFR §455.436 to check the exclusion status of the provider, persons with an ownership or control interest in the provider, and agents, and managing employees of the provider on the U.S. Department of Health and Human Services-Office of Inspector General's (HHS-OIG) List of Excluded Individuals and Entities (LEIE), the Excluded Parties List System (EPLS) on the System for Award Management, the Social Security Administration's Death Master File (SSADMF), the National Plan and the Provider Enumeration System upon enrollment and re-enrollment; and check the LEIE and EPLS no less frequently than monthly. The PH-MCO is required to check the SSADMF at the time of initial enrollment and re-enrollment as well as providers, owners, agents, and managing employees against the LEIE and EPLS on a monthly basis.

D. Limitation on the Department's Obligations

The obligations of the Department under this Agreement are limited and subject to the availability of funds.

E. Health Care Legislation, Regulations, Policies and Procedures

The PH-MCO will comply with future changes in federal and state law, federal and state regulations, and Department requirements and procedures related to changes in the MA Program.

F. Health Information Technology and the American Recovery and Reinvestment Act of 2009 (ARRA)

The PH-MCO will comply with future changes in federal and state law, federal and state regulations, and Department requirements and procedures related to changes in the MA Program resulting from the Department's Health Information Technology (HIT) initiatives or requirements under the State Medicaid Health IT Plan (SMHP) as approved by CMS. This includes, but is not limited to, requirements under Public Law 111-5, known as the American Recovery and Reinvestment Act of 2009, and specifically:

- 42 U.S.C. §1396b(t)

as amended and as it meets the requirements of 42 U.S.C. §1395w-4(o) and Title XIII, section 13001, known as HITECH of Public Law 111-5, known as the American Recovery and Reinvestment Act of 2009.

Should the Department provide funding to the PH-MCO to support the HIT initiative or to meet the requirements under the SMHP as approved by CMS, the PH-MCO shall at a minimum and with approval from the Department use these funds to:

- Pursue initiatives that encourage the adoption of certified Electronic Health Record technology to promote health care quality and the exchange of health care information;
- Track the meaningful use of certified Electronic Health Record technology by providers;
- Provide oversight of the initiative including, but not limited to, attesting to qualifications of providers to participate in the initiative, tracking meaningful use attestations, and other reporting mechanisms as necessary.

SECTION V: PROGRAM REQUIREMENTS

A. In-Plan Services

The PH-MCO must ensure that all services provided are Medically Necessary. PH-MCOs only operate in HealthChoices Zones approved by the Department. The PH-MCO must require that determinations of Medically Necessary services be documented in writing and that they be based on medical information provided by a Member, the Member's family or caretaker and PCP, as well as other Providers, programs or agencies that have evaluated the Member. A determination of Medically Necessary services must be made by qualified and trained HealthCare Providers with clinical expertise comparable to the prescribing Provider.

The Deputy Secretary for OMAP will notify the PH-MCO of those Zones for which it has been approved to provide services. This approval will become part of this Agreement.

1. Amount, Duration and Scope

At a minimum, the PH-MCO must provide In-Plan Services in the amount, duration and scope set forth in the MA FFS Program and be based on the Recipient's benefit package, unless otherwise specified by the Department. The PH-MCO must provide services that are sufficient in amount, duration, or scope to reasonably be expected to achieve the purpose for which the services are furnished. If services or eligible consumers are added to the Pennsylvania MA Program or the HealthChoices Program, or if covered services or eligible consumers are expanded or eliminated, implementation by the PH-MCO must be on the same day as the Department's, unless the PH-MCO is notified by the Department of an alternative implementation date.

The PH-MCO may not arbitrarily deny or reduce the amount, duration or scope of a Medically Necessary service solely because of the Member's diagnosis, type of illness or condition.

2. In-Home and Community Services

The PH-MCO may not deny personal care services for members under the age of 21 based on the Member's diagnosis or because the need for personal care services is the result of a cognitive impairment. The personal care services may be in the form of hands-on assistance (actually performing a personal care task for a person) or cuing so that the person performs the task by him/her self.

The PH-MCO may not deny a request for Medically Necessary in-home nursing services, home health aide services, or personal care services for a Member under the age of 21 on the basis that a live-in caregiver can perform the task, unless there is a determination that the live-in caregiver is actually able and available to provide the level or extent of care that the Member needs, given the caregiver's work schedule or other responsibilities, including other responsibilities in the home.

3. Program Exceptions

The PH-MCO is required to establish a Program Exception process, reviewed and approved by the Department, whereby a Provider may request coverage for items or services, which are included in the Member's benefit package but are not currently listed on the MA Program Fee Schedule. The PH-MCO must also apply the program exception process to requests to exceed limits for items or services that are on the Fee Schedule if the limits are not based in statute or regulation. These requests are recognized by the Department as a Program Exception and are described in 55 Pa. Code §1150.63.

4. Expanded Services

The PH-MCO may provide expanded services subject to advance written approval by the Department. These must be services that are generally considered to have a direct relationship to the maintenance or enhancement of a Member's health status, and may include various seminars and educational programs promoting healthy living or illness prevention, memberships in health clubs and facilities promoting physical fitness and expanded eyeglass or eye care benefits. These services must be generally available to all Members and must be made available at all appropriate Network Providers. Such services cannot be tied to specific Member performance; however, the Department may grant exceptions when it believes that such performance will produce significant health improvements for Members. Previously approved services will continue to remain in effect under this Agreement, unless the PH-MCO is notified, in writing, by the Department, to discontinue the expanded service.

In order for information about expanded services to be included in any Member information provided by the PH-MCO, the PH-MCO must make the expanded services available for a minimum of one full year or until the Member information is revised, whichever is

later. Upon sixty (60) days advance notice to the Department, the PH-MCO may modify or eliminate any expanded service. Such services as modified or eliminated shall supersede those specified in the Proposal. The PH-MCO must send written notice to Members and affected Providers at least thirty (30) days prior to the effective date of the change in covered services and must simultaneously amend all written materials describing its covered services or Provider Network. A change in covered services includes any reduction in services or a substantial change to the Provider Network.

5. Referrals

The PH-MCO must establish and maintain a referral process to effectively utilize and manage the care of its Members. The PH-MCO may require a referral for any medical services, which cannot be provided by the PCP except where specifically provided for in this Agreement.

6. Self-Referral/Direct Access

The PH-MCO may not require referrals from a PCP for certain services. A Member may self-refer for vision, dental care, obstetrical and gynecological (OB/GYN) services, providing the Member obtains the services within the Provider Network. A Member may access chiropractic services in accordance with the process set forth in MA Bulletin 15-07-01, and physical therapy services in accordance with the amended Physical Therapy Act (63 P.S. §§1301 et seq.)

The PH-MCO may not use either the referral process or Prior Authorization to manage the utilization of Family Planning Services. The PH-MCO may not restrict the right of a Member to choose a Health Care Provider for Family Planning Services and must make such services available without regard to marital status, age, sex or parenthood. Members may access at a minimum, health education and counseling necessary to make an informed choice about contraceptive methods, pregnancy testing and counseling, breast cancer screening services, basic contraceptive supplies such as oral birth control pills, diaphragms, foams, creams, jellies, condoms (male and female), Norplant, injectables, intrauterine devices, and other family planning procedures as described in Exhibit F, Family Planning Services Procedures. The PH-MCO must pay for Out-of-Network Services.

The PH-MCO must provide Members with direct access to OB/GYN services and must have a system in place that does not erect barriers to care for pregnant women and does not involve a time-consuming authorization process or unnecessary travel.

The PH-MCO must permit Members to select a Network Provider, including nurse midwives, to obtain maternity and gynecological care without prior approval from a PCP. This includes selecting a Network Provider to provide an annual well-woman gynecological visit, primary and preventive gynecology care, including a PAP smear and referrals for diagnostic testing related to maternity and gynecological care, and Medically Necessary follow-up care.

In situations where a new Member is pregnant and already receiving care from an Out-of-Network OB-GYN specialist at the time of Enrollment, the Member may continue to receive services from that specialist throughout the pregnancy and postpartum care related to the delivery, pursuant to 28 Pa. Code §9.684.

7. Behavioral Health Services

The PH-MCO is not responsible to provide services as set forth in the agreements between the Department and the BH-MCOs in effect at the same time as this Agreement, as outlined in Exhibit U, Behavioral Health Services.

8. Pharmacy Services

The PH-MCO must comply with the Department's outpatient drug services standards and requirements described in Exhibit BBB, Outpatient Drug Services.

9. EPSDT Services

The PH-MCO must comply with the requirements regarding EPSDT services as set forth in Exhibit J, EPSDT Guidelines.

The PH-MCO must also adhere to specific Department regulations at 55 Pa. Code Chapters 3700 and 3800 as they relate to EPSDT examination for individuals under the age of 21 and entering substitute care or a child residential facility placement.

10. Emergency Services

The PH-MCO must comply with the program standards regarding Emergency Services that are set forth in Exhibit K, Emergency Services.

The PH-MCO must comply with the provisions of 42 U.S.C. §1396u-2(b)(2), 28 Pa. Code §9.672, and Sections 2102 and 2116 of the Insurance Company Law of 1921 as amended, 40 P.S. §991.2102 and §991.2116, pertaining to coverage and payment of Medically Necessary Emergency Services.

The PH-MCO is financially responsible for the provision of Emergency Services without regard to Prior Authorization or the emergency care Provider's contractual relationship with the PH-MCO.

The PH-MCO must limit the amount to be paid to Non-participating Providers of Emergency Services to no more than the amount that would have been paid for such services under the Department's FFS Program.

- Health Care Providers may initiate the necessary intervention to stabilize an Emergency Medical Condition of a Member without seeking or receiving prospective authorization by the PH-MCO. The attending physician or the Provider treating the Member is responsible for determining when the Member is sufficiently stabilized for transfer or discharge, and that determination is binding on the PH-MCO.
- The PH-MCO is responsible for all Emergency Services including those categorized as mental health or drug and alcohol except for emergency room evaluations for voluntary and involuntary commitments pursuant to 50 P.S. §§7101 et seq., which shall be the responsibility of the BH-MCO.

Nothing in the above section shall be construed to imply that the PH-MCO may not:

- track, trend and profile emergency department utilization;
- retrospectively review and where appropriate, deny payment for inappropriate emergency room use;
- use all appropriate methods to encourage Members to use PCPs rather than emergency rooms for symptoms that do not qualify as an Emergency Medical Condition; or

- use a Recipient restriction methodology for Members with a history of significant inappropriate emergency department usage.

11. Post-Stabilization Services

The PH-MCO must cover Post-Stabilization Services, as defined in 42 CFR §438.114.

The PH-MCO must limit charges to Members for Post-Stabilization Services to an amount no greater than what the PH-MCO would charge the Member if he or she had obtained the services through a Network Provider.

The PH-MCO must cover Post-Stabilization Services without authorization, and regardless of whether the Member obtains the services within or outside its Provider Network if any of the following situations exist:

- a. The Post-Stabilization Services were administered to maintain the Member's stabilized condition within one hour of Provider's request to the PH-MCO for pre-approval of further Post-Stabilization Services.
- b. The Post-Stabilization Services were not pre-approved by the PH-MCO because the PH-MCO did not respond to the Provider's request for pre-approval of these Post-Stabilization Services within one (1) hour of the request.
- c. The Post-Stabilization Services were not pre-approved by the PH-MCO because the Provider could not reach the PH-MCO request pre-approval for the Post-Stabilization Services.
- d. The PH-MCO and the treating physician cannot reach an agreement concerning the Member's care and a PH-MCO physician is not available for consultation. In this situation, the MCO must give the treating physician the opportunity to consult with a PH-MCO physician and the treating physician may continue with care of the patient until a PH-MCO physician is reached or one of the criteria applicable to termination of PH-MCO's financial responsibility described below is met.

The PH-MCO's financial responsibility for Post-Stabilization Services it has not pre-approved ends when:

- a. A Network physician with privileges at the treating hospital assumes responsibility for the Member's care;
- b. A Network physician assumes responsibility for the Member's care through transfer;
- c. The PH-MCO and the treating physician reach an agreement concerning the Member's care; or
- d. The Member is discharged.

12. Examinations to Determine Abuse or Neglect

- a. Upon notification by the County Children and Youth Agency system, the PH-MCO must provide Members under evaluation as possible victims of child abuse or neglect and who present for physical examinations for determination of abuse or neglect, with such services. These services must be performed by trained examiners in a timely manner according to the Child Protective Services Law, 23 Pa. C.S. §§6301 et seq. and Department regulations.
- b. The PH-MCO must ensure that emergency department staff and physicians know the procedures for reporting suspected abuse and neglect in addition to performing exams for Members under the care of the county Children and Youth Agency. This requirement must be included in all applicable Provider Agreements.
- c. Should a PCP determine that a mental health assessment is needed, the PCP must inform the Member or the County Children and Youth Agency representative how to access these mental health services and coordinate access to these services, when necessary.

13. Hospice Services

The PH-MCO must provide hospice care and use certified hospice Providers in accordance with 42 C.F.R. §§418.1 et seq.

The Department will not enroll those Recipients in the Department's Hospice Program who were not previously enrolled in the HealthChoices Program in the HealthChoices. If a Member is

determined eligible for the Department's Hospice Program after being enrolled in the PH-MCO, the PH-MCO remains responsible for the Member.

14. Organ Transplants

The PH-MCO will pay for transplants to the extent that the MA FFS Program pays for such transplants. When Medically Necessary, the MA FFS program currently covers the following transplants: Kidney (cadaver and living donor), kidney/pancreas, cornea, heart, heart/lung, single lung, double lung, liver (cadaver and living donor), liver/pancreas, small bowel, pancreas/small bowel, bone marrow, stem cell, pancreas, liver/small bowel transplants, and multivisceral transplants.

15. Transportation

The PH-MCO must provide for all Medically Necessary emergency ambulance transportation and all Medically Necessary non-emergency ambulance transportation.

Any non-emergency transportation (excluding Medically Necessary non-emergency transportation) for Members to and from MA compensable services must be arranged through the MATP. A complete description of MATP responsibilities can be found in Exhibit L, Medical Assistance Transportation Program.

16. Waiver Services/State Plan Amendments

a. HIV/AIDS Targeted Case Management (TCM) Program

The PH-MCO must provide for TCM services for persons with AIDS or symptomatic HIV, including access to needed medical and social services using the existing TCM program standards of practice followed by the Department or comparable standards approved by the Department. In addition, individuals within the PH-MCO who provide the TCM services must meet the same qualifications as those under the Department's TCM Program.

b. Healthy Beginnings Plus (HBP) Program

The PH-MCO must provide services that meet or exceed HBP standards in effect as defined in current or future MA Bulletins that govern the HBP Program. The PH-MCO must also continue the coordinated prenatal activities of the HBP

Program by utilizing enrolled HBP Providers or developing comparable resources. Such comparable programs will be subject to review and approval by the Department. The PH-MCO must provide a full description of its plan to provide prenatal care for pregnant women and infants in fulfillment of the HBP Program objectives for review and advance written approval by the Department. This plan must include comprehensive postpartum care.

Since the HBP program focuses on community based services provided by licensed and non-licensed providers who see recipients face-to-face in outpatient provider offices or community settings, the PH-MCO's prenatal program must have the majority of its pregnant Members seen face-to-face in the community setting. Majority is defined as greater than fifty percent (50%) of unique pregnant women that have an initial care management assessment as reported in Section II of the Operations 15 dashboard report. This will be accomplished by contractual relationships within the PH-MCO's Provider Network, MCO employees, or delegated vendor relationship.

The HBP Program also requires that high risk pregnant women should be adequately treated for substance use disorder (SUD). The PH-MCO will contract with high volume obstetrical hospitals and health systems that perform more than 900 Medicaid deliveries to establish highly coordinated health homes for pregnant Members with SUD. These health homes will be focused on identifying, initiating treatment, and referring pregnant Members for comprehensive drug and alcohol counseling services. If the PH-MCO is unsuccessful in contracting with any of the high volume obstetrical hospitals or health systems, it must document its efforts to negotiate with the provider for review by the Department.

17. Nursing Facility Services

The PH-MCO is responsible for payment for up to thirty (30) days of nursing home care (including hospital reserve or bed hold days) if a Member is admitted to a Nursing Facility in accordance with Exhibit BB, Rule F.1. Members are disenrolled from HealthChoices thirty (30) days following the admission date to a Nursing Facility as long as the Member has not been discharged from the Nursing Facility.

Exception--If a Member is in a nursing facility and financial eligibility for CHC-LTSS has not been determined, the PH-MCO's responsibility for the Member will continue. Once financial eligibility for LTSS has been determined, the Department will end-date on CIS the PH-MCO's responsibility for the Member effective the following day and the Department will not pay capitation to the PH-MCO for any days after the PH-MCO end date that is recorded on CIS. This is an exception to the normal practice of payment of capitation through the last day of the month. The PH-MCO is not responsible for nursing facility costs after the thirtieth continuous day unless and until there is a determination that the Member is eligible for LTSS. In this event the PH-MCO's responsibility is retroactive to the admission. If the Member is determined LTSS-eligible, the Department will pay the PH-MCO for each nursing facility day after the thirtieth day at the rate the Department would have paid the nursing facility for these days if the Member were receiving benefits through the Department's fee-for-service program, if the PH-MCO invoices the Department per prescribed protocol. The Department's obligation to make payments for nursing facility days is inapplicable for dates of service after December 31, 2019.

A PH-MCO may not deny or otherwise limit Medically Necessary services, such as home health services, on the grounds that the Member needs, but is not receiving, a higher level of care. A PH-MCO may not offer financial or other incentives to obtain or expedite a Member's admission to a Nursing Facility except as short-term nursing care.

The PH-MCO must abide by the decision of the OPTIONS assessment process determination letter related to the need for Nursing Facility services.

The Department will not enroll Recipients who are placed into a Nursing Facility and who were not previously enrolled in the HealthChoices Program or individuals who enter a Nursing Facility and are then determined eligible for MA in the HealthChoices Program. If an individual leaves the Nursing Facility to reside in the HealthChoices Zone covered by this Agreement and is then determined eligible for Enrollment into the HealthChoices Program, the individual will be enrolled in the HealthChoices Program.

18. Environmental Lead Testing

The PH-MCO must provide for necessary comprehensive environmental lead investigations as part of covered blood lead

treatment services. The PH-MCO must contract with the necessary number of MA-enrolled Comprehensive Lead Investigation Providers to ensure access to this service in all HealthChoices areas of operation.

B. Prior Authorization of Services

1. General Prior Authorization Requirements

If the PH-MCO wishes to require Prior Authorization of any services, the PH-MCO must establish and maintain written policies and procedures which must have advance written approval by the Department. In addition, the PH-MCO must include a list and scope of services for referral and Prior Authorization, which must be included in the PH-MCO's Provider manual and Member handbook. The PH-MCO must receive advance written approval of the list and scope of services to be referred or prior authorized by the Department as outlined in Exhibit H, Prior Authorization Guidelines for Participating Managed Care Organizations in the HealthChoices Program, and Exhibit M(1), Quality Management and Utilization Management Program Requirements. The Department will consider Prior Authorization policies and procedures approved under previous HealthChoices agreements approved under this Agreement. The PH-MCO's submission of new or revised policies and procedures for PARP review and approval shall not act to void any existing, previously approved policies and procedures. Unless otherwise required by law, the PH-MCO may continue to operate under such existing policies and procedures until such time as the PARP approves the new or revised version.

The Department may subject Prior Authorization Denials issued under unapproved Prior Authorization policies to Retrospective Review and reversal and may impose sanctions and/or require corrective action plans in the event that the PH-MCO improperly implements any Prior Authorization policy or procedure or implements such policy or procedure without Department approval.

When the PH-MCO denies a request for services, the PH-MCO must issue a written notice of denial using the appropriate notice outlined in templates N(1), N(2), (N)3, and N(7) found on the HealthChoices Intranet site. In addition, the PH-MCO must make the notice available in accessible formats for individuals with visual impairments and for persons with limited English proficiency. If the PH-MCO receives a request from the Member, prior to the end of the required period of advance notice, for a translated and/or

accessible version of the notice of denial, the required period of advance notice will begin anew as of the date that PH-MCO mails the translated and/or accessible notice of denial to the Member.

For Children in Substitute Care, the PH-MCO must send notices to the County Children and Youth Agency with legal custody of the child or to the court-authorized juvenile probation office with primary supervision of a juvenile provided the PH-MCO knows that the child is in substitute care and the address of the legal custodian of the child.

The Department will use its best efforts to review and provide feedback to the PH-MCO (e.g., written approval, request for corrective action plan, denial, etc.) within sixty (60) days from the date the Department receives the request for review. For minor updates to existing approved Prior Authorization plans, the Department will use its best efforts to review updates within forty-five (45) days from the date the Department receives the request for review.

The PH-MCO may waive the Prior Authorization requirements for services which are required by the Department to be Prior Authorized.

2. Time Frames for Notice of Decisions

- a. The PH-MCO must process each request for Prior Authorization of a service and notify the Member of the decision as expeditiously as the Member's health condition requires, or at least orally, within two (2) Business Days of receiving the request, unless additional information is needed. If no additional information is needed, the PH-MCO must mail written notice of the decision to the Member, the Member's PCP, and the prescribing Provider within two (2) Business Days after the decision is made. The PH-MCO may make notification of coverage approvals via electronic notices as permitted under 28 Pa. Code 9.753(b). If additional information is needed to make a decision, the PH-MCO must request such information from the appropriate Provider within forty-eight (48) hours of receiving the request and allow fourteen (14) days for the Provider to submit the additional information. If the PH-MCO requests additional information, the PH-MCO must notify the Member on the date the additional information is requested, using the template, N(7) Request for Additional Information Letter on the HealthChoices Intranet site.

- b. If the requested information is provided within fourteen (14) days, the PH-MCO must make the decision to approve or deny the service, and notify the Member orally, within two (2) Business Days of receipt of the additional information. The PH-MCO must mail written notice of the decision to the Member, the Member's PCP, and the prescribing Provider within two (2) Business Days after the decision is made.
- c. If the requested information is not received within fourteen (14) days, the PH-MCO must make the decision to approve or deny the service based upon the available information and notify the Member orally within two (2) Business Days after the additional information was to have been received. The PH-MCO must mail written notice of the decision to the Member, the Member's PCP, and the prescribing Provider within two (2) Business Days after the decision is made.
- d. In all cases, the PH-MCO must make the decision to approve or deny a covered service or item and the Member must receive written notification of the decision no later than twenty-one (21) days from the date the PH-MCO received the request, or the service or item is automatically approved. To satisfy the twenty-one (21) day time period, the PH-MCO may mail written notice to the Member, the Member's PCP, and the prescribing Provider on or before the eighteenth (18th) day from the date the request is received. If the notice is not mailed by the eighteenth (18th) day after the request is received, the PH-MCO must hand deliver the notice to the Member, or the request is automatically approved.
- e. If the Member is currently receiving a requested service and the PH-MCO decides to deny the Prior Authorization request, the PH-MCO must mail the written notice of denial at least (10) days prior to the effective date of the denial of authorization for continued services. If probable Member fraud has been verified, the period of advance notice is shortened to five (5) days. The PH-MCO is not required to provide advance notice when it has factual information on the following:
 - confirmation of the death of a Member;
 - receipt of a clear written statement signed by a Member that she or he no longer wishes services or gives information that requires termination or reduction of services and indicates that she or he

- understands that termination must be the result of supplying that information;
- the Member has been admitted to an institution where she or he is ineligible under the PH-MCO for further services;
 - the Member's whereabouts are unknown and the post office returns mail directed to him or her indicating no forwarding address;
 - the PH-MCO established the fact that the Member has been accepted for MA by another State; or
 - a change in the level of medical care is prescribed by the Member's physician.

3. Prior Authorization of Outpatient Drug Services

The PH-MCO must comply with the requirements of Exhibit BBB specific to Prior Authorization of Outpatient Drug Services.

C. Continuity of Care

The PH-MCO must comply with the procedures outlined in MA Bulletin #99-96-01, Continuity of Prior Authorized Services Between FFS and Managed Care Plans and Between Managed Care Plans for Individuals Under Twenty-One (21), and MA Bulletin 99-03-13 Continuity of Care for Recipients Transferring Between and Among Fee-for-Service and Managed Care Organizations to provide for continuity of Prior Authorized Services.

The PH-MCO must comply with Section 2117 of Article XXI of the Insurance Company Law of 1921, as amended, 40 P.S. §991.2117, regarding continuity of care requirements and 28 Pa. Code §9.684 and 31 Pa. Code §154.15. The PH-MCO must comply with the procedures outlined in MA Bulletin 99-03-13, Continuity of Care for Recipients Transferring Between and Among Fee-for-Service and Managed Care Organizations, to ensure continuity of Prior Authorized Services for individuals age twenty-one (21) and older and continuity of non-prior authorized services for all Members.

D. Coordination of Care

The PH-MCO must coordinate care for its Members. The PH-MCO must provide for seamless and continuous coordination of care across a continuum of services for the Member with a focus on improving health care outcomes. The continuum of services may include the In-Plan comprehensive service package, out-of-plan services, and non-MA covered services provided by other community resources such as:

- Nursing Facility Care
- Intermediate Care Facility for the Intellectually Disabled/Other Related Conditions
- Residential Treatment Facility
- Acute Psychiatric Facilities
- Extended and Extended Acute Psychiatric Facilities
- Non-Hospital Residential Detoxification, Rehabilitation, and Half-Way House Facilities for Drug/Alcohol Dependence/Addiction
- AAA/OPTIONS Assessment and Pre-admission Screening Requirements
- PDA Waiver
- Juvenile Detention Centers
- Children in Substitute Care Transition
- Adoption Assistance for Children and Adolescents
- Services to Dual Eligibles Under the Age of Twenty-one

The PH-MCO must have administrative mechanisms for sending copies of information, notices and other written materials to a designated third party upon the request and signed consent of the Member. The PH-MCO must develop plans to process such individual requests and for obtaining the necessary releases signed by the Member to ensure that the Member's rights regarding confidentiality are maintained.

I. Member Complaint, Grievance and DHS Fair Hearing Process

1. Member Complaint, Grievance and DHS Fair Hearing Process

The PH-MCO must develop, implement, and maintain a Complaint and Grievance process that provides for settlement of Members' Complaints and Grievances and the processing of requests for DHS Fair Hearings as outlined in Exhibit GG, Complaint, Grievance, and DHS Fair Hearing Processes. The PH-MCO must use the required templates to inform Members regarding decisions and the process. Templates GG(1) through GG(14) are available on the HealthChoices Intranet site.

The PH-MCO must have written policies and procedures approved by the Department, for resolving Member Complaints and for processing Grievances and DHS Fair Hearing requests, that meet the requirements established by the Department and the provisions of 40 P.S. §991.2101 et seq. (known as Act 68), Pennsylvania DOH regulations (28 Pa. Code Chapter 9), PID regulations (31 Pa. Code CHs. 154 and 301) and 42 C.F.R. §431.200 et seq. The PH-MCO must also comply with 55 Pa. Code Chapter 275 regarding DHS Fair Hearing Requests and 42 C.F.R. §438.406(b).

Unless otherwise required by law, the PH-MCO may continue to operate under such existing policies and procedures until such time as the Department approves the new or revised version.

The PH-MCO must require each of its subcontractors to comply with the Member Complaint, Grievance, and DHS Fair Hearing Process. This includes reporting requirements established by the PH-MCO, which have received advance written approval by the Department. The PH-MCO must provide to the Department for approval, its written procedures governing the resolution of Complaints and Grievances and the processing of DHS Fair Hearing requests. There must be no delegation of the Complaint, Grievance and Fair Hearing process to a subcontractor without prior written approval of the Department.

When a Member files an external appeal of a second level Grievance decision, the PH-MCO must abide by the decision of the DOH's certified review entity (CRE), which was assigned to conduct the independent external review, unless appealed to the court of competent jurisdiction.

The PH-MCO must abide by the final decision of BHA for those cases when a Member has requested a DHS Fair Hearing, unless requesting reconsideration by the Secretary of the Department. Only the Member may appeal to Commonwealth Court. The decisions of the Secretary and the Court are binding on the PH-MCO.

During all phases of the PH-MCO Grievance process, and in some instances involving Complaints, the Member has the right to request a Fair Hearing with the Department. The PH-MCO must comply with the DHS Fair Hearing Process requirements defined in Exhibit GG of this Agreement, Complaint, Grievance and DHS Fair Hearing Processes.

A request for a DHS Fair Hearing does not prevent a Member from also utilizing the PH-MCO's Complaint or Grievance process. If a Member requests both an external appeal/review and a DHS Fair Hearing, and if the decisions rendered are in conflict with one another, the PH-MCO must abide by the decision most favorable to the Member. In the event of a dispute or uncertainty regarding which decision is most favorable to the Member, the PH-MCO will submit the matter to DHS' Grievance and Appeals Coordinator for review and resolution.

The resolution of all issues regarding the interpretation of Department-approved Provider Agreements must be handled between the two (2) entities and shall not involve the Department; therefore, these are not

within the scope of the Department's BHA. Additionally, the Department's BHA or its designee is not an appropriate forum for Provider Disputes/Appeals with the PH-MCO.

Prior to implementation, the PH-MCO must submit to the Department, their policies and procedures relating to the resolution of Provider Disputes/Provider Appeals for approval. Any changes made to the Provider Disputes/Provider Appeals policies and procedures must be submitted to the Department for approval prior to implementation of the changes.

The PH-MCO's submission of new or revised policies and procedures for review and approval by the Department shall not act to void any existing policies and procedures which have been prior approved by the Department. Unless otherwise required by law, the PH-MCO may continue to operate under such existing policies and procedures until such time as the Department approves the new or revised version thereof.

The Department may continue development of readiness review elements, program standards and forms prior to scheduling the actual on-site readiness review visits.

SECTION VII: FINANCIAL REQUIREMENTS

A. Financial Standards

The PH-MCO must comply with all financial requirements included in this Agreement, in addition to those of the PID. As proof of financial responsibility and adequate protection against insolvency in accordance with 42 CFR §438.116, the following applies:

1. Risk Protection Reinsurance for High Cost Cases

If the PH-MCO is eligible for inclusion in the High Cost Risk Pool, for every HealthChoices Zone of operation, per Appendix 3k, then risk protection reinsurance is not required. Reinsurance is also not required if the PH-MCO has, at a minimum, a combined membership of 60,000 Members across all Pennsylvania lines of business.

- a. If risk protection reinsurance is required, the PH-MCO must obtain reinsurance to cover, at a minimum, eighty (80) percent of inpatient costs incurred by one (1) Member in one (1) year in excess of \$200,000 except as provided at 1. b) below The Department may alter or waive the reinsurance requirement if the PH-MCO proposes an alternative risk protection arrangement that the Department determines is acceptable.

The PH-MCO may not change or discontinue the approved risk protection arrangement without advance written approval from the

Department, which approval shall not be unreasonably withheld. Not less than forty-five (45) days before each risk protection arrangement expires, the PH-MCO must provide the Department with a detailed plan for risk protection after the current arrangement expires, including any planned changes. The PH-MCO must submit each risk protection arrangement to the Department for prior approval. If the risk protection arrangement is an annual agreement, the PH-MCO must submit each annual agreement to the Department for prior written approval.

- b. The reinsurance threshold requirement shall be \$100,000, if any of the following criteria is met:
 - i. The PH-MCO has been operational (providing medical benefits to any type of consumer) for less than three (3) years; or
 - ii. The PH-MCO's SAP basis Equity is less than seven (7.0) percent of revenue earned by the licensed HMO during the most recent four (4) quarters for which the due date has passed for submission of the unaudited reports filed by the PH-MCO with the PID; or
 - iii. The net income as reported to the PID over the past three (3) years was less than zero.
- c. The PH-MCO may not purchase required reinsurance risk protection from a Related Party or an Affiliate unless all of the following conditions are met:

 - The PH-MCO has received prior written approval from the Department to purchase the reinsurance risk protection from the Related Party or Affiliate.

2. Equity Requirements and Solvency Protection

The PH-MCO must meet the Equity and solvency protection requirements set forth below.

The PH-MCO must maintain SAP-basis Equity equal to the highest of the amounts determined by the following "Three (3) Part Test" as of the last day of each calendar quarter:

- \$20.00 million;
- 7.000% of Revenue earned by the licensed HMO during the most recent four (4) calendar quarters; or
- 7.000% of Revenue earned by the licensed HMO during the current quarter multiplied by three (3).

Revenue, for the purpose of the Equity requirement calculation, is defined as the total gross Direct Business Premiums, for all Pennsylvania lines of business, reported in Schedule T, "Premiums and Other Considerations," of the PID report.

For the purpose of this requirement, Equity amounts, as of the last day of each calendar quarter, shall be determined in accordance with statutory accounting principles as specified or accepted by the PID. The Department will accept PID determinations of Equity amounts, and in the absence of such determination, will rely on required financial statements filed by the PH-MCO with PID to determine Equity amounts.

The PH-MCO must provide the Department with reports as specified in Section VIII.D and E. Financial Reports and Equity.

3. Risk Based Capital (RBC)

The PH-MCO must maintain a RBC ratio of 2.0.

4. Prior Approval of Payments to Affiliates

- a. The PH-MCO's RBC ratio was less than 2.0 as of December 31 of the most recent year for which the due date for filing the annual unaudited PID financial report has passed;

- b. The PH-MCO was not in compliance with the Agreement Equity and solvency protection requirement as of the last day of the most recent quarter for which the due date for filing PID financial reports has passed;
- c. After the proposed transaction took place, the PH-MCO would not be in compliance with the Agreement Equity and solvency protection requirement; or
- d. Subsequent adjustments are made to the PH-MCO's financial statement as the result of an audit, or are otherwise modified, such that after the transaction took place, a final determination is made that the PH-MCO was not in compliance with the Agreement Equity requirements. In this event, the Department may require repayment of amounts involved in the transaction.

The Department may elect to waive the requirements of this section.

5. Change in Independent Actuary or Independent Auditor

The PH-MCO must notify the Department within ten (10) calendar days when its contract with an independent auditor or actuary has ended. The notification must include the date and reason for the change or termination and the name of the replacement auditor or actuary, if any. If the change or termination occurred as a result of a disagreement or dispute, the PH-MCO must disclose the nature of the disagreement or dispute.

6. Modified Current Ratio

The PH-MCO must maintain current assets, plus long-term investments that can be converted to cash within five (5) Business Days without incurring a penalty of more than twenty (20) percent, that equal or exceed current liabilities.

- The definitions of current assets and current liabilities are included in the Financial Reporting Requirements.
- Restricted assets may be included only with authorization from the Department.

- The following types of long-term investments may be counted, consistent with above requirements, so long as they are not issued by or include an interest in an Affiliate:

- Require the PH-MCO to submit and implement a corrective action plan;
- Suspend some or all Enrollment of Members into the PH-MCO, including auto-assignments; and/or
- Terminate this Agreement upon forty-five (45) days written notice, in accordance with Section X of this Agreement, Termination and Default.

B. Commonwealth Capitation Payments

1. Payments for In-Plan Services

The obligation of the Department to make payments shall be limited to Capitation payments, maternity care payments, and any other payments provided by this Agreement.

a. Capitation Payments

- i. The PH-MCO shall receive capitated payments for In-Plan Services as defined in Section VII.B.1 of this Agreement, Payments for In-Plan Services, and in Appendix 3b, Explanation of Capitation Payments.
- ii. The Department will compute Capitation payments using per diem rates. The Department will make a monthly payment to the PH-MCO for each Member enrolled in the PH-MCO, for the first day in the month the Member is

enrolled in the PH-MCO and for each subsequent day, through and including the last day of the month.

- iii. The responsibility to provide benefits to a Member ends after thirty continuous days in a nursing facility. See “Exception” in Section V.A.#17 regarding enrollment in LTSS.
- iv. The Department will not make a Capitation payment for a Member Month if the Department notifies the PH-MCO before the first of the month that the individual’s MA eligibility or PH-MCO Enrollment ends prior to the first of the month.
- v. The Department will make arrangements for payment by wire transfer or electronic funds transfer. If such arrangements are not in place, payment shall be made by U.S. Mail.
- vi. Upon notice to the PH-MCO, and for those months specified by the Department, by the fifteenth (15th) of each month, the Department will make a Capitation payment for each Member for all dates of Enrollment indicated on the Department’s CIS through the last day of the current month. This payment will be limited to those days for which the Department has not previously made payment to the PH-MCO.

c) An exception does not apply if the Department has notified the PH-MCO that vi above will apply.

viii. The Department will recover Capitation payments made for Members who were later determined to be ineligible for managed care for up to twelve (12) months after the service month for which payment was made. The Department will recover Capitation payments made for deceased Members for up to eighteen (18) months after the service month for which payment was made.

2. Maternity Care Payment

For each live birth, the Department will make a one-time maternity care payment to the PH-MCO with whom the mother is enrolled on the date of birth; however, if the mother is admitted to a hospital and a change in the PH-MCO coverage occurs during the hospital admission, the PH-MCO responsible for the hospital stay shall receive the maternity care payment. In the event of multiple births (twins, etc.), the Department will make only one maternity care payment.

The PH-MCO must pay fees for delivery services at least equal to the Department's MA fee schedule when the PH-MCO is the primary payer.

The PH-MCO must submit information on maternity events to PROMISe™ in accordance with Section VIII.B.6.

3. Program Changes

Amendments, revisions, or additions to the MA State Plan or to state or federal regulations, laws, guidelines, or policies shall, insofar as they affect the scope or nature of benefits available to eligible Members, amend the PH-MCO's obligations as specified herein, unless the Department notifies the PH-MCO otherwise. The Department will inform the PH-MCO of any changes, amendments, revisions, or additions to the Medicaid State Plan or changes in the Department's regulations, guidelines, or policies in a timely manner.

If the scope of Recipients or services, inclusive of limitations on those services that are the responsibility of the PH-MCO is changed, the Department will determine whether the change is sufficient that an actuarial analysis might conclude that a rate

change is appropriate. If yes, the Department will arrange for the actuarial analysis, and the Department will determine whether a rate change is appropriate. The Department will take into account the actuarial analysis, and the Department will consider input from the PH-MCO, when making this determination. At a minimum, the Department will adjust the rates as necessary to maintain Actuarial Sound Rates. If the Department makes a change, the Department will provide the analysis used to determine the rate adjustment. If the scope of services or consumers that are the responsibility of the PH-MCO is changed, upon request by the PH-MCO, the Department will provide written information on whether the rates will be adjusted and how, along with an explanation for the Department's decision.

The Department will appropriately adjust the rates provided by Appendix 3f, Capitation Rates, or any other Appendix that specifies rates to reflect change in an Assessment, Premium Tax, Gross Receipts Tax, or similar tax.

The rates in Appendix 3f, Capitation Rates will remain in effect until agreement is reached on new rates and their effective date, unless modified to reflect changes to the scope of services or consumers in the manner described in the preceding paragraph.

C. Acceptance of Actuarially Sound Rates

By executing the Agreement, the PH-MCO has reviewed the rates as set forth in the Rate Appendices in this agreement, Capitation Rates, and accepts the rates for the relevant Agreement period.

D. Claims Processing Standards, Monthly Report and Penalties

1. Timeliness Standards

The PH-MCO must adjudicate Provider Claims consistent with the requirements below. These requirements apply collectively to Claims processed by the PH-MCO and any subcontractor. Subcapitation payments are excluded from these requirements.

The adjudication timeliness standards follow for all three (3) categories of Claims:

a. Claims received from a hospital for inpatient admissions ("Inpatient");

b. Drug Claims;

c. All Claims other than inpatient and drug:

90.0% of Clean Claims must be adjudicated within thirty (30) days of receipt.

100.0% of Clean Claims must be adjudicated within forty-five (45) days of receipt.

100.0% of all Claims must be adjudicated within ninety (90) days of receipt.

The adjudication timeliness standards do not apply to Claims submitted by Providers under investigation for Fraud or Abuse from the date of service to the date of adjudication of the Claims. Providers can be under investigation by a governmental agency or the PH-MCO; however, if under investigation by the PH-MCO, the Department must have immediate written notification of the investigation.

The PH-MCO must adjudicate every Claim entered into the PH-MCO's computer information system that is not a Rejected Claim. The PH-MCO must maintain an electronic file of Rejected Claims, inclusive of a reason or reason code for rejection. The PH-MCO must deny a claim for a Recipient who was not a MCO Member as of the date of service and must notify the Provider.

The amount of time required to adjudicate a paid Claim is computed by comparing the date the Claim is received with the check date or the MCO bank notification date for electronic payment. The check date is the date printed on the check. The amount of time required to adjudicate a Denied Claim is computed by comparing the date the Claim is received with the date the denial notice was created or the transmission date of an electronic denial notice. The PH-MCO must mail checks not later than three (3) Business Days from the check date and make electronic payments within three (3) Business Days of the bank notification date.

The PH-MCO must record, on every Claim processed, the date the Claim was received. A date of receipt imbedded in a Claim reference number is acceptable for this purpose. This date must be carried on Claims records in the Claims processing computer system. Each hardcopy Claim received by the PH-MCO, or the electronic image thereof, must be date-stamped with the date of

receipt no later than the first (1st) Business Day after the date of receipt. The PH-MCO must add a date of receipt to each Claim received in the form of an electronic record or file within one (1) Business Day of receipt.

If responsibility to receive Claims is subcontracted, the date of initial receipt by the subcontractor determines the date of receipt applicable to these requirements.

2. Assessments

The Department will utilize the monthly report that is due on the fifth (5th) calendar day of the fifth (5th) subsequent month after the Claim is received to determine Claims processing timeliness. For example, the Department shall utilize the monthly report that is due January 5th, to determine Claims processing timeliness for Claims received in the previous August. The Department shall utilize the monthly report that is due February 5th, to determine Claims processing timeliness for Claims received in the previous September. The Department shall utilize the monthly report that is due March 5th, to determine Claims processing timeliness for Claims received in the previous October, and so on.

All Claims received during the month, for which an assessment is being computed, that have not been adjudicated at the time the assessment is being determined, shall be considered a Clean Claim.

If a Commonwealth audit, or an audit required or paid for by the Commonwealth, determines Claims processing timeliness data that are different than data submitted by the PH-MCO, or if the PH-MCO has not submitted required Claims processing data, the Department will use the audit results to determine the assessment amount.

The assessments included in the charts below shall apply separately to:

- a. Inpatient Claims.
- b. Claims other than inpatient and drug.

The PH-MCO will be considered in compliance with the requirement for adjudication of 100.0% of all inpatient Claims if 99.5% of all inpatient Claims are adjudicated within ninety (90) days of receipt. The PH-MCO will be considered in compliance with the requirement of adjudication of 100.0% of all Claims other than

inpatient and drug if 99.5% of all Claims other than inpatient and drug are adjudicated within ninety (90) days of receipt.

The Department will reduce the assessments in the charts below by one-third if the PH-MCO has 50,000-100,000 Members and by two-thirds if the PH-MCO has less than 50,000 Members.

The financial goals for the VBP strategies for each calendar year are based on a percentage of the PH-MCO's expenditures to the medical portion of the risk adjusted capitation and maternity revenue without consideration of risk sharing risk pools, P4P or other revenue or revenue adjustments. For the purpose of this requirement, Capitation revenue is gross of premiums for risk sharing or risk pool arrangements without adjustment for risk sharing or risk pool results. The PH-MCO must achieve the following percentages through VBP arrangements:

- i. Calendar year 2017 – 7.5% of the medical portion of the capitation and maternity care revenue must be expended through VBP strategies. The 7.5% may be from any combination of the five (5) strategies listed.
- ii. Calendar year 2018 – 15% of the medical portion of the capitation and maternity care revenue rate must be expended through VBP strategies. At least 50% of the 15% must be from a combination of strategies b. through e.

- iii. Calendar year 2019 – 30% of the medical portion of the capitation and maternity care revenue rate must be expended through VBP. At least 50% of the 30% must be from a combination of strategies c. through e.

Reporting

The Department will measure compliance through required reports that have been accepted by the Department. By January 1 of each calendar year, the PH-MCO must submit its proposed VBP plan to the Department that outlines and describes its plan for compliance in that calendar year. The Department will review and provide feedback on the plan to the PH-MCO. By the last work day of every quarter, the PH-MCO must submit a progress report.

By June 30 of the subsequent calendar year, the PH-MCO must submit a report on accomplishments from the prior year. This annual report must include a listing of the VBP arrangements by provider; and an explanation of each arrangement; and the dollar amount spent for medical services provided during the previous year through these arrangements. The dollar amounts that qualify toward meeting the VBP goals are as follows:

1. Provider pay for performance programs – dollar value of performance (bonus) payments and direct payments made to the provider for Members attributed to the provider's panel during the calendar year.
2. Patient Centered Medical Homes – dollar value of any PCMH payments, performance (bonus) payments, direct payments made to the provider and total medical costs, incurred by the PH-MCO for Members of the provider's panel during the time period of the calendar year the member was attributed to the provider's panel.
3. Shared savings contractual arrangements – dollar value of any performance (bonus) payments, direct payments made to the provider and total medical costs incurred by the PH-MCO for Members of the provider's panel during the time period of the calendar year the Member was attributed to the provider's panel.
4. Bundled or global payment arrangements – dollar value of bundled payments made to providers.

5. Full risk or Accountable Care Organization payment arrangements – dollar value of any performance (bonus) payments, direct payments made to the provider and total medical costs incurred by the PH-MCO for Members of the provider's panel during the time period of the calendar year the Member was attributed to the provider's panel.

Holdback

This section provides for a revenue holdback if an annual goal is not met.

Not later than 45 calendar days after receipt from the PH-MCO of the annual Report on VBP accomplishments, the Department will notify the PH-MCO of its determination about compliance with the goal for the preceding year. The PH-MCO may provide a response within 30 calendar days. After considering the response from the PH-MCO, if any, the Department will notify the PH-MCO of its final determination of compliance. If the determination results in a finding of non-compliance, the Department will reduce each of the next twelve (12) monthly capitation payments by an amount equivalent to two (2) percent of the capitation it paid to the PH-MCO for December of the prior calendar year. The payment reductions are referred to as Holdbacks.

If the PH-MCO fails to provide a timely and adequate report on VBP accomplishments, the Department may determine that the PH-MCO is not compliant with the goal of the preceding year.

The Department will pay all Holdbacks that it has retained if the Department subsequently determines that the PH-MCO is in compliance with the current goal for any year. If this determination is made, the Department will also discontinue Holdbacks applicable to a previous year.

In addition the Department may elect to discontinue further Holdbacks or repay Holdbacks in part or in full if the Department determines the PH-MCO has made substantial and meaningful efforts to accomplish the VBP purchasing goals.

Data Sharing

The PH-MCOs must provide timely and actionable data to its providers participating in VBP arrangements. This data should include, but is not limited to, the following:

- Identification of high risk patients;
- Comprehensive care gaps inclusive of gaps related to quality metrics used in the VBP arrangement; and
- Service utilization and claims data across clinical areas such as inpatient admissions, non-inpatient facility (SPU/ASC), emergency department, radiology services, lab services, durable medical equipment and supplies, specialty physician services, home health services, and prescriptions.

8. Liability During an Active Grievance or Appeal

The PH-MCO shall not be liable to pay Claims to Providers if the validity of the Claim is being challenged by the PH-MCO through a Grievance or appeal, unless the PH-MCO is obligated to pay the Claim or a portion of the Claim through a separate agreement with the Provider.

9. Financial Responsibility for Dual Eligibles

Dual Eligibles age 21 and older who the Department has confirmed are enrolled in Medicare Part D will not participate in HealthChoices and will be disenrolled from HealthChoices prospectively. The PH-MCO must pay Medicare deductibles and coinsurance amounts relating to any Medicare-covered service for qualified Medicare beneficiaries up to the managed care plan Disenrollment date, in accordance with Section 4714 of the Balanced Budget Act of 1997. The PH-MCO will not be responsible for copayments or cost-sharing for Medicare Part D prescriptions.

If no contracted PH-MCO rate exists or if the Provider of the service is an Out-of-Network Provider, the PH-MCO must pay deductibles and coinsurance up to the applicable MA fee schedule for the service.

For Medicare services that are not covered by either MA or the PH-MCO, the PH-MCO must pay cost-sharing to the extent that the payment made under Medicare for the service and the payment made by the PH-MCO do not exceed eighty percent (80%) of the Medicare-approved amount.

The PH-MCO, its subcontractors and Providers are prohibited from balance billing Members for Medicare deductibles or coinsurance.

The PH-MCO must provide a Member who is Dual Eligible access to a Medicare product or service from the Medicare Provider of his or her choice. The PH-MCO must pay any Medicare coinsurance and deductible amount, whether or not the Medicare Provider is included in the PH-MCO's Provider Network and whether or not the Medicare Provider has complied with the Prior Authorization requirements of the PH-MCO.

10. Financial Responsibility for transitioning CHC Members

The responsibility to provide benefits to a Member ends after thirty continuous days in a nursing facility.

Exception: If a Member is in a nursing facility and financial eligibility for Long Term Services and Supports (LTSS) has not been determined, the PH-MCO's responsibility for the Member will continue. Once financial eligibility for LTSS has been determined, the Department will end-date on CIS the PH-MCO's responsibility for the Member effective the following day and the Department will not pay capitation to the PH-MCO for any days after the PH-MCO end date that is recorded on CIS. This is an exception to the normal practice of payment of capitation through the last day of the month. The PH-MCO is not responsible for nursing facility costs after the thirtieth continuous day unless and until there is a determination that the Member is eligible for LTSS. In this event the PH-MCO's responsibility is retroactive to the admission. If the Member is determined LTSS-eligible, the Department will pay the PH-MCO for each nursing facility day after the thirtieth day at the rate the Department would have paid the nursing facility for these days if the Member were receiving benefits through the Department's fee-for-service program, if the PH-MCO invoices the Department per prescribed protocol. The Department's obligation to make payments for nursing facility days is inapplicable for dates of service after December 31, 2019.

11. Telephonic Psychiatric Consultation Team Services

The Telephonic Psychiatric Consultation Team Services capitation rate components are specified in Appendix 3f. The PH-MCO will provide documentation on the expenditure of the funds.

12. Confidentiality

The Department may from time to time share with the PH-MCO an internal Business Requirements Document (BRD) or an internal Business Design Document (BDD). The Department may also

elect to share FFS inpatient hospital rates and cost-to-charge ratio information with the PH-MCO. The PH-MCO shall not use this information for a purpose other than support for the PH-MCO's mission to perform its responsibilities per its Agreement with the Department and related responsibilities provided by law. The PH-MCO may share a BRD, a BDD, or the FFS/Access Plus inpatient hospital rates and cost-to-charge ratio information provided by the Department with another party, provided that the other party does not use the information for a purpose other than support for the PH-MCO's mission to perform its responsibilities per this Agreement and any other related responsibilities provided by law.

13. Audits

The PH-MCO is responsible to comply with audit requirements as specified in Exhibit WW of this Agreement, HealthChoices Audit Clause.

14. Restitution for Overpayments

The PH-MCO must make full and prompt restitution to the Department, as directed by the Department, for any payments received in excess of amounts due to the PH-MCO under this Agreement whether such overpayment is discovered by the PH-MCO, the Department, or other third party.

F. Third Party Liability

The PH-MCO must comply with the TPL procedures defined by Section 1902(a)(25) of the Social Security Act, 42 U.S.C. 1396a(a)(25) implemented by the Department. Under this Agreement, the TPL responsibilities of the Department will be allocated between the Department and the PH-MCO.

1. Cost Avoidance Activities

- a. The PH-MCO will have primary responsibility for cost avoidance through the COB relative to federal and private health insurance-type resources including, but not limited to, Medicare, private health insurance, ERISA plans, and Workers Compensation. Except as provided in subparagraph b., the PH-MCO must attempt to avoid initial payment of Claims, whenever possible, where federal or private health insurance-type resources are available. The number of claims cost avoided by the MCO's claims system should be reported in Financial Report

#8A, "Claims Cost Avoided." The PH-MCO shall not be held responsible for any TPL errors in the Department's Eligibility Verification System (EVS) or the Department's TPL file.

- b. The PH-MCO and its subcontractors must pay, and then chase all Clean Claims for prenatal or preventive pediatric care (including EPSDT services to children), and services to children having medical coverage under a Title IV-D child support order to the extent the PH-MCO is notified by the Department of such support orders or to the extent the PH-MCO becomes aware of such orders, and then seek reimbursement from liable third parties. The PH-MCO recognizes that cost avoidance of these claims is prohibited with the exception of hospital delivery claims, which may be cost-avoided.
- c. The PH-MCO may not deny or delay approval of otherwise covered treatment or services based upon TPL considerations. The PH-MCO may neither unreasonably delay payment nor deny payment of claims unless the existence of TPL is established at the time the claim is adjudicated.

2. Post-Payment Recoveries

- a. Post-payment recoveries are categorized by (a) health-related insurance resources and (b) Other Resources. Health-related insurance resources are ERISA health benefit plans, Blue Cross/Blue Shield subscriber contracts, Medicare, private health insurance, workers compensation, and health insurance contracts. Other resources include, but are not limited to recoveries from personal injury claims, liability insurance, first-party automobile medical insurance and accident indemnity insurance.
- b. The Department's Division of TPL retains the sole and exclusive right to investigate, pursue, collect, and retain all Other Resources. The Department is assigned the Contractor's subrogation rights to collect the "Other Resources" covered by this provision. Any correspondence or Inquiry forwarded to the PH-MCO (by an attorney, provider of service, insurance carrier, etc.) relating to a personal injury accident or trauma-related medical service, or which in any way indicates that there is, or may be, legal involvement regarding the Member and the services which were provided, must be immediately forwarded to the Department's Division of TPL. The PH-MCO may neither delay payment nor deny payment of Claims because they involved an injury stemming from an accident such as a motor

vehicle accident, where the services are otherwise covered. Those funds recovered by the Commonwealth under the scope of these "Other Resources" shall be retained by the Commonwealth.

With respect to any third party payment received by the PH-MCO from a Provider, the PH-MCO shall return all casualty funds to the Department. PH-MCOs shall not instruct providers to send funds directly to the Department. These third party payments shall not be held by the MCO for more than 30 calendar days. If the casualty funds received by the Department must be returned to the PH-MCO for any reason, for example, an outdated check or the amount of the check does not match supporting documentation, the PH-MCO shall have 60 calendar days to return all casualty funds to the Department using the established format.

The PH-MCO must pursue, collect and retain recoveries of a claim involving Workers' Compensation.

- c. Due to potential time constraints involving cases subject to litigation and due to the large dollar value of many claims which are potentially recoverable by the Department's Division of TPL, the Department must ensure that it identifies these cases and establishes its claim before a settlement has been negotiated. Should the Department fail to identify and establish a claim prior to settlement due to the PH-MCO's untimely submission of notice of legal involvement where the PH-MCO has received such notice, the amount of the Department's actual loss of recovery shall be assessed against the PH-MCO. The Department's actual loss of recovery shall not include the attorney's fees or other costs, which would not have been retained by the Department.
- d. Should the Department lose recovery rights to any Claim due to late or untimely filing of a Claim with the liable third party, and the untimeliness in billing that specific Claim is directly related to untimely submission of Encounter Data or additional records under special request, or inappropriate denial of Claims for accidents or emergency care in casualty related situations, the amount of the unrecoverable Claim shall be assessed against the PH-MCO.
- e. Encounter Data that is not submitted to the Department in accordance with the data requirements and/or time frames identified in this Agreement can possibly result in a loss of

revenue to the Department. Strict compliance with these requirements and time frames shall therefore be enforced by the Department and could result in the assessment of sanctions against the PH-MCO.

- f. The PH-MCO has the sole and exclusive responsibility and right to pursue, collect and retain all health-related insurance resources for a period of nine (9) months from the date of service or six (6) months after the date of payment, whichever is later. The PH-MCO must indicate their intent to recover on health-related insurance by providing to the Department an electronic file of those cases that will be pursued. The cases must be identified and a file provided to the Department by the PH-MCO within the window of opportunity afforded by the nine (9) months from the date of service or six (6) months after the date of payment unless otherwise granted by the Department. The Department's Division of TPL may pursue, collect and retain recoveries of all health-related insurance cases which are outstanding, that is, not identified by the PH-MCO for recovery, after the later of nine (9) months from the date of service or six (6) months after the date of payment. Notification of intent to pursue, collect and retain health-related insurance is the sole responsibility of the PH-MCO, and cases not identified for recovery will become the sole and exclusive right of the Department to pursue, collect and retain. In such cases where the PH-MCO has identified the cases to be pursued, the PH-MCO shall retain the exclusive responsibility for the cases for a period not to exceed eighteen (18) months. The calculation of the eighteen (18) month period shall commence with receipt of the file from the PH-MCO identifying the cases to be pursued. Any case not completed within the eighteen (18) month period will become the sole and exclusive right of the Department to pursue, collect and retain. The PH-MCO is responsible to notify the Department through the prescribed electronic file process of all outcomes for those cases identified for pursuit. Cases included in Encounter files that were suspended will not be able to be included in the flagging process since the Claims cannot be adjusted in the Department's automated processing system.

3. Health Insurance Premium Payment Program

The HIPP Program pays for employment-related health insurance for Recipients when it is determined to be cost effective.

4. Requests for Additional Data

The PH-MCO must provide, at the Department's request, information not included in the Encounter Data submissions that may be necessary for the administration of TPL activity. The PH-MCO must provide this information within fifteen (15) calendar days of the Department's request. The PH-MCO must respond to Urgent requests within forty-eight (48) hours. The Department may request information such as individual medical records for the express purpose of determining TPL for the services rendered.

5. Accessibility to TPL Data

The Department will provide the PH-MCO with access to data maintained on the TPL monthly file.

6. Third Party Resource Identification

The PH-MCO must supply to the Department's TPL Division Third Party Resources identified by the PH-MCO or its subcontractors, which do not appear on the Department's TPL database, within two weeks of its receipt by the PH-MCO. In addition to newly identified resources, the PH-MCO must provide information on coverage for other household members, addition of a coverage type, changes to existing resources, including termination of coverage and changes to coverage dates to the Department's TPL Division. The method of reporting must be by electronic file or by any alternative method approved by the Department. TPL resource information must be submitted within two weeks of its receipt by the PH-MCO. A web-based referral is only to be submitted in the following instances: to correct or negate an already end-dated resource. For web-based referrals, the PH-MCO must use an exact replica of the TPL resource referral form supplied by the Department. For electronic submissions, the PH-MCO must follow the required report format, data elements, and tape specifications supplied by the Department.

The Department will contact the PH-MCO when the validity of a resource is in question. The PH-MCO shall verify inconclusive resource information within two (2) business days of notification by the Department that the resource information is in dispute. Unless the verification notification is requested on the last business day of the week, then the PH-MCO must respond by the close of business that day to avoid a potential access to care issue for the Member.

The PH-MCO must use the Department's verification systems (EVS) and secured services on the internet (previously known as 'POSNet') to identify insurance information the recipients have on file. If there is

additional or different insurance information the PH-MCO or their subcontractors must communicate the information as directed above.

7. Estate Recovery

The Department's Division of TPL is solely responsible for administering the Estate Recovery Program.

The reduction shall equal the number of days that elapse between the due date and the day that the Department receives a report or file that meets established criteria, multiplied by the average PMPM Capitation rate that applies to the first (1st) month of the Agreement year. If the PH-MCO provides a report or file on or before the due date, and if the Department notifies the PH-MCO after the fifteenth (15th) calendar day after the due date that the report or file does not meet established criteria, no reduction in payment shall apply to the sixteenth (16th) day after the due date through the date that the Department notifies the PH-MCO.

APPENDIX 3a

ACA Health Insurance Providers Fee

This Appendix provides for potential payments by the Department to the PH-MCO related to the Health Insurance Providers Fee (HIPF).

Fee Year – The year in which a HIPF payment is due from the PH-MCO to the Internal Revenue Service (IRS) is referred to as the Fee Year.

Data Year – The IRS calculates HIPF due in the Fee Year using submitted information on net premiums written for the previous calendar year, which is referred to as the Data Year.

- A. If a PH-MCO is a covered entity or a member of a controlled group under Section 9010 of the Affordable Care Act that is required to file IRS Form 8963, Report of Health Insurance Provider Information (Report 8963), the PH-MCO must perform the following steps. Submission is not required if the PH-MCO is exempt from the HIPF.
1. By May 5th of each calendar year, the PH-MCO shall provide the Department with a copy of Form 8963 submitted to the IRS. The PH-MCO shall also provide, for each line on Form 8963 that reports premiums written, the amount of HealthChoices premium included on that line.
 2. The PH-MCO will provide to the Department a copy of the IRS HIPF preliminary fee calculation notice within 10 business days of its receipt from the IRS.
 3. If a corrected Form 8963 is submitted to the IRS during the error correction period, the PH-MCO shall provide the Department with a copy of all such reports within 10 business days of submission to the IRS. The PH-MCO shall also provide, for each line on a corrected Form 8963 that reports premiums written, the amount of HealthChoices premium that is included on that line.
 4. By September 7 of each Fee Year, the PH-MCO will provide the Department with a copy of the IRS HIPF final fee calculation notice for that Fee Year.
 5. If the PH-MCO's net income is subject to federal income tax and the PH-MCO desires the Department to consider this in its calculation of

the payment amount, the PH-MCO shall provide the average federal income tax rate that applies to its income for the Data Year. The PH-MCO will also provide the amount of taxable income subject to federal income tax and the amount of federal income tax paid for the most recent income tax year for which a tax filing has been made. The PH-MCO will specify the tax year and will provide the information by September 7.

6. If the PH-MCO's net income is subject to Pennsylvania corporate net income tax and the PH-MCO desires the Department to consider this in its calculation of the payment amount, the PH-MCO shall provide the average state income tax rate that applies to its Pennsylvania corporate net income for the Data Year. The PH-MCO will also provide the amount of taxable income subject to Pennsylvania corporate net income tax and the amount of Pennsylvania corporate net income tax paid for the most recent income tax year for which a tax filing has been made. The PH-MCO will specify the tax year and will provide the information by September 7.

B. The Department will:

1. Review each submitted document and notify the PH-MCO of any questions. The PH-MCO must respond to questions from the Department within five work days.
2. By September 15 of each Fee Year, the Department will pay the portion of the Data Year HIPF Withhold Amounts that covers the HealthChoices portion (specific to this Agreement) of the PH-MCO's HIPF obligation per the IRS HIPF preliminary fee calculation notice (as noted in A.2 above). This payment will be called the Initial HIPF Payment. To calculate the payment amount, the Department will:
 - a. Calculate the HIPF obligation rate (the "HIPF%") from information on the IRS document "Annual Fee on Health Insurance Providers for 20xx", where 20xx is the Fee Year. For a PH-MCO that is a single-person covered entity, the IRS will send this document to the PH-MCO. For a PH-MCO that is a member of controlled group, the IRS will send this document to the designated entity of the controlled group on behalf of all members of the controlled group.

Single-person covered entity or controlled group HIPF% =

$$\frac{\text{Amount labeled "Your share of fee"}}{\text{Amount labeled "Sum of total net premiums written as reported"}}$$

The amount "Sum of total net premiums written as reported" is before the reduction of 100% of the first \$25 million of premium

and 50% of the next \$25 million of premium. The single-person covered entity or controlled group HIPF% is unique to each entity that is subject to the HIPF. The above formula produces the HIPF% to be used in subsequent steps of the calculation in the following circumstances:

- i. The PH-MCO is a single-person covered entity.
- ii. The PH-MCO is a member of a controlled group and none of the controlled group's premiums are reported as "Premiums eligible for partial exclusion for certain exempt activities" (listed on Form 8963 as attributable to 501(c)3, (c)4, (c)26, or (c)29 entities).
- iii. The PH-MCO is a member of a controlled group and all of the controlled group's premiums are reported as "Premiums eligible for partial exclusion for certain exempt activities" (listed on Form 8963 as attributable to 501(c)3, (c)4, (c)26, or (c)29 entities).

If the document "Annual fee on Health Insurance Providers for 20xx" has an amount for the "Premiums eligible for partial exclusion for certain exempt activities" that is not zero and not equal to the amount "Sum of total net premiums written as reported", then information from Form 8963 on the premiums attributable to 501(c)3, (c)4, (c)26, or (c)29 entities will be used to develop a non-profit HIPF% for the 501(c)3, (c)4, (c)26, or (c)29 entities that is 50% of the HIPF% for the other (for-profit) entities, where the application of the two rates to the respective premiums produces the amount "Your share of fee". The HIPF% to be used in subsequent steps of the calculations is either the non-profit or for-profit HIPF%, as determined by the status of the PH-MCO.

- b. Calculate Figure A. Figure A is the total revenue for coverage in the Data Year that the Department has provided the PH-MCO for this Agreement, as known through payments made by August 1 of the Fee Year. The Figure A amount has no provision for the HIPF obligation.
- c. Calculate Figure B. Figure B is the portion of Figure A that is for services subject to the HIPF. Capitation revenue for services that are excludable under Section 9010, such as long-term care services, will not be included in Figure B. The Figure B amount has no provision for the HIPF obligation.
- d. Calculate Figure C. Figure C is the calculation of total revenue that incorporates provision for the HIPF and other taxes. The Department will use the following formula to calculate Figure C. If the PH-MCO has not provided satisfactory documentation of

federal income tax obligations under section A.5, then the Average Federal Income Tax Rate (AvgFIT%) in the formula will be zero. If the PH-MCO has not provided satisfactory documentation of Pennsylvania corporate net income tax obligations under section A.6, then the Average State Income Tax Rate (AvgSIT%) in the formula will be zero..

Figure B

$$1 - (\text{HIPF}\% / (1 - \text{AvgSIT}\% - \text{AvgFIT}\% \times (1 - \text{AvgSIT}\%)))$$

- e. Calculate Figure D. The Department will calculate Figure D by subtracting Figure B from Figure C.
 - f. The Department will compare Figure D with the sum of the HIPF Withhold amounts it has withheld for this Agreement for the Data Year. The lesser of these two figures will be the Initial HIPF Payment amount.
3. The Department will utilize the steps provided in B.2. above to calculate a Final HIPF Settlement Amount, with these exceptions:
- a. The Department will utilize the IRS HIPF final fee calculation notice for that Fee Year instead of the preliminary fee calculation notice.
 - b. Figure A is the total revenue for coverage in the Data Year, excluding the Initial HIPF Payment under section B.2, that the Department has provided the PH-MCO for this Agreement, as known through payments made by November 1 of the Fee Year.
 - c. The Final HIPF Settlement Amount will be the difference between the new Figure D and the Initial HIPF Payment Amount, except that the sum of payments may not exceed the sum of the HIPF Withhold Amounts for the Data Year.
- C. The Department will perform the steps provided by this Appendix 3a for any year that a PH-MCO pays a HIPF, even if the PH-MCO is no longer providing HealthChoices services during that Fee Year.
- D. The PH-MCO shall notify the Department if the HIPF actually paid is less than the amount in the IRS final fee calculation notice or if the IRS refunds any portion of the HIPF. If such changes affect the calculations provided in Appendix 3a, the Department will recalculate its obligation and the PH-MCO will refund the difference.
- E. The Department will not make a payment per this Appendix 3a if the PH-MCO is not subject to the HIPF.

APPENDIX 3b

EXPLANATION OF CAPITATION PAYMENTS

I. Base Capitation Rates

The final schedule of Base Capitation Rates and Maternity Care Rates is found in Appendix 3f, Capitation Rates.

II. Base Capitation Rates for Subsequent Years

A. Initial Schedule of Base Capitation Rates:

Annually, the Department will provide an initial schedule of Base Capitation Rates and Maternity Care Rates. The Department will provide the PH-MCO with information on methodology and data used to develop the initial schedule of Base Capitation Rates.

The Department will provide the PH-MCO with the opportunity for a meeting, in which the Department will consider and respond to questions from the PH-MCO on development of the initial schedule of Base Capitation Rates and Maternity Care Rates.

B. Final Schedule of Base Capitation Rates

The Department will provide the PH-MCO with a final schedule of Base Capitation Rates and Maternity Care Rates. The rates in Appendix 3f, Capitation Rates, included with this Agreement will remain in effect until agreement is reached on new rates and their effective date. The PH-MCO must conclude discussion about the rates timely for the purposes of execution of an amendment and the Department's need to obtain prior approval of the rates from the Centers for Medicare and Medicaid Services (CMS).

III. Capitation Payment Rates with Risk Adjusted Rates

A. Applicability of Risk Adjusted Rates

The Department will risk adjust the Base Capitation Rates for Recipient Groups included in this Agreement using an actuarially sound method to adjust Base Capitation Rates to reflect differences in health status and demographics of the Members enrolled in each PH-MCO's program.

The Department may elect to terminate the risk adjustment of any or all Base Capitation Rates. If the Department makes this election, the Department will

notify the PH-MCO and will provide an effective date for this change. If the Department makes this election, the Department will enter into negotiations with the PH-MCO on the subject of Base Capitation Rates that will apply on and after the effective date of the change.

B. RAR MCO Plan Factors

If Base Capitation Rates are risk adjusted, the Department and its actuarial consultant will develop each RAR MCO Plan Factor to reflect the health status and demographics of Members enrolled in the PH-MCO's program within one Recipient Group and one Rate Region or combinations thereof.

The Department and its actuaries will recalculate the RAR MCO Plan Factors in accordance with a periodicity schedule determined by the Department.

C. Risk Adjusted Rate

The Risk Adjusted Rate is the portion of the Base Capitation Rate that is subject to risk adjustment multiplied by the applicable RAR MCO Plan Factor issued by the Department.

The Adjusted Base Capitation Rate is the lowest Base Capitation Rate Net of HIPF Withhold for this Recipient Group, Zone and Rate Region for the applicable program month that is included in a HealthChoices Agreement with any MCO.

This is calculated as follows.

	Adjusted Base Capitation Rate
MINUS	Home Nursing Risk Sharing Withhold
MINUS	High Cost Risk Pool Allocation Amount
MINUS	Specialty Drug Risk Sharing Premium
MINUS	Hepatitis C Quality Risk Pool Premium
MINUS	\$13.67
EQUALS	Portion of Base Capitation Rate Subject to Risk Adjustment
MULTIPLIED BY	RAR MCO Plan Factor
EQUALS	Risk Adjusted Rate.

This paragraph provides for an exception to all of the above. For the Breast and Cervical Cancer Rating Group, the Risk Adjusted Rate will be the Base Capitation Rate net of HIPF Withhold.

D. Capitation Payment Rate

The Capitation Payment Rate is equal to the Risk Adjusted Rate plus the amounts included in the Base Capitation Rate net of HIPF Withhold that are not subject to risk adjustment.

If the Base Capitation Rate Net of HIPF Withhold for this Recipient Group, Zone and Rate Region for the applicable program month that is included in Appendix 3f of this HealthChoices Agreement is higher than the lowest Base Capitation Rate Net of HIPF Withhold for this Recipient Group, Zone and Rate Region for the applicable program month that is included in Appendix 3f of a HealthChoices Agreement with another MCO, the difference is referred to as Amount A.

If the MCO Assessment portion of the Capitation rate has been adjusted per Section H. of this Appendix, the amount of the adjustment inclusive of the two multipliers specified in Section H. is referred to as Amount B. Amount B could potentially be positive or negative.

This is calculated as follows.

	Risk Adjusted Rate
PLUS	Amount A
PLUS	Home Nursing Risk Sharing Withhold
PLUS	High Cost Risk Pool Allocation Amount
PLUS	Specialty Drug Risk Sharing Premium
PLUS	Hepatitis C Quality Risk Pool Premium
PLUS	\$13.67
PLUS	Amount B
EQUALS	Capitation Payment Rate.

In accordance with Section VII.B.a.ii, the Department will make capitation payments at per diem equivalents of the Capitation Payment Rates that are calculated and issued by the Department.

E. Quality Incentives

Appendix 3f specifies per-member-per-month (PMPM) amounts for Provider Pay for Performance and Community Based Care Management. The Department will pay these amounts to the PH-MCO, in accordance with Exhibit B(3). These amounts are not subject to risk adjustment and will be paid separately from other capitation.

F. Maternity Care Payment

If there are Health Insurance Providers Fee (HIPF) withholds present on Appendix 3f, then the Department will pay the PH-MCO a Maternity Care Payment, as identified in Section VII.B.2, that is net of the applicable HIPF withhold.

G. Newly Eligible

For purposes of this Agreement, Newly Eligible is defined as a Member who has a category of assistance/program status code combination of MG91 or

MG92 and Members age 19 and 20 who have a category of assistance/program status code combination of MG90.

H. MCO Assessment

The MCO Assessment portion of capitation rates is not subject to risk adjustment.

The monthly Base Capitation Rates in Appendix 3f include an MCO Assessment fee amount of \$13.48. If the Secretary of Human Services issues a different MCO Assessment fee amount in accordance with 62 P.S. § 803-I, the Department will pay monthly Capitation Payment Rates after an adjustment that reflects the difference between \$13.48 and the revised amount after this difference has been multiplied by 1.0142. This is applicable only to program months affected by the revised MCO Assessment fee amount.

Illustrative example: The rates in Appendix 3f include an MCO Assessment fee amount of \$13.48. The rates further include a multiplier of 1.0142 that is applied to this figure. In this Illustrative example the Department issues a new MCO Assessment fee amount of \$13.98 effective April 2017. \$13.98 minus \$13.48 equals \$0.50 multiplied by 1.0142 equals \$0.51. The Capitation Payment Rate determined per this Appendix will be increased by \$0.51 for the April 2017 program month and beyond.

I. Telephonic Psychiatric Consultation amounts

The Telephonic Psychiatric Consultation PMPMs specified in Appendix 3f are part of the Base Capitation Rate and will be risk adjusted.

APPENDIX 3c

HOME NURSING RISK SHARING ARRANGEMENT

This Agreement establishes a risk sharing arrangement (Arrangement) between the Department and the PH-MCO for certain HealthChoices Members who incur significant costs for home nursing services.

I. Arrangement Years

- A. Arrangement Years are equivalent to calendar years. Each Arrangement Year serves as an accumulation period for incurring costs for Covered Services.
- B. An Arrangement Year includes all portions of a calendar year that the PH-MCO operated a HealthChoices program in each zone under this Agreement or another Agreement. If there is more than one Agreement in the calendar year, the terms for the Department's payments included in the more recent Agreement apply.
- C. If the PH-MCO has purchased the assets or liabilities of a PH-MCO that previously contracted with the Department to operate a HealthChoices program in the same zone ("Previous PH-MCO"); or if the Department transferred the Members enrolled in the Previous PH-MCO, who did not make a different choice, to the current PH-MCO; then the Department will allow the PH-MCO to include claims paid by the Previous PH-MCO with dates of service in the current Arrangement Year, provided the Previous PH-MCO relinquishes any claims to revenue under the Home Nursing Risk Sharing appendix in their Agreement, for dates of service that overlap with the current Arrangement Year.

II. Covered Services and Members

- A. This Arrangement covers services provided by a Licensed Practical Nurse, Registered Nurse, Home Health Aide, or Personal Care Provider in a home, home-like, or school based setting paid by the PH-MCO for a HealthChoices Member enrolled with the PH-MCO with a date of service during the Arrangement Year (Covered Services). This Arrangement only covers Members under age twenty-one (21), who do not reside in any of the following types of facility:
 - State Intermediate Care Centers for Intellectual Disabilities
 - Intermediate Care Facility for the Intellectually Disabled
 - South Mountain Restoration Center
 - County Nursing Facility
 - General Nursing Facility
 - Hospice
 - Intermediate Care Facility for Persons with Other Related Conditions
- B. Covered Services include only Medically Necessary services. Administrative services,

as defined in the HealthChoices Financial Reporting Requirements, are not covered by this Arrangement.

- C. Prescribed Pediatric Extended Care Centers (PPECCs) and Residential Skilled Pediatric Facilities are an acceptable venue for services included in this Home Nursing Risk Sharing Arrangement. All requirements apply, including the type of provider and the Covered Services.
- D. Covered Services for a Member enrolled in HealthChoices under the Breast and Cervical Cancer Program are not eligible for reimbursement under this Arrangement.

III. Risk Sharing

In each Arrangement Year that is equivalent to a calendar year, the PH-MCO is responsible for the first \$5,000 (Threshold Amount) in paid amounts of Covered Services provided to each Member as identified in Section II above. The Department will reimburse the PH-MCO 80.0 percent (80.0%) of Covered Services (net of third party liability/other insurance) submitted by the PH-MCO that are greater than \$5,000.

If the Arrangement Year begins after January 31, the Department will provide the PH-MCO with a Threshold Amount that will apply in lieu of \$5,000. The Department will provide documentation that its actuarial consultant has determined that the Threshold Amount is actuarially appropriate for the terms of the Home Nursing Risk Sharing Agreement inclusive of the applicable Withhold Amounts.

IV. Home Nursing Risk Sharing Withhold Amounts

- A. The Home Nursing Risk Sharing Premiums are specified in Appendix 3f, Capitation Rates. These amounts are an obligation of the PH-MCO to the Department.
- B. The Department will determine the Home Nursing Risk Sharing Withhold Amount obligation by multiplying the Home Nursing Risk Sharing Premiums by the total PH-MCO's Member Months for the applicable Arrangement Year.
- C. Each Home Nursing Risk Sharing payment paid by the Department will be net of the PH-MCO's uncollected Home Nursing Risk Sharing Withhold Amount obligation through the same quarter. If the PH-MCO's uncollected Home Nursing Risk Sharing Withhold Amount obligation exceeds the Department's Home Nursing Risk Sharing obligation, the Department will reduce a subsequent payment to the PH-MCO by the amount of the difference.
- D. If the Department notifies the PH-MCO of cancellation of this HealthChoices Agreement; OR if the PH-MCO notifies the Department of cancellation of this HealthChoices Agreement; OR if this Agreement expires within four months; OR if a PH-MCO fails to submit a required report or file to support the administration of a risk pool or risk sharing arrangement within fifteen work days of the final due date:
 - The Department may elect to reduce a subsequent monthly capitation payment by the total amount of the outstanding Home Nursing Risk Sharing Withhold Amount obligation for current and previous program months; AND
 - The Department may reduce each subsequent monthly capitation payment by the PH-

MCO's Home Nursing Risk Sharing Withhold Amount obligation for the same month.

V. Data Source

- A. The Department will use PROMISE-approved encounter data, unless the Department notifies the PH-MCO that it will use different data. The Department will provide the run dates for extraction of encounter data to the PH-MCO.
- B. Upon notification by the Department, the PH-MCO will submit files in a format determined by the Department for the administration of the risk sharing in lieu of encounter data.

VI. Payment to the PH-MCO

The Department will notify the PH-MCO of the amount of a risk sharing payment not later than forty-five days after receipt of an acceptable file provided by the PH-MCO. Within fifteen days of the notice date, the Department will initiate the payment to the PH-MCO.

TBD - To Be Determined

The Department's obligation is determined by the amounts included in the column titled "Base Capitation Rate / Maternity Care Payment". The capitation amounts will be converted to per diems as provided by the Agreement. The Department's potential obligation to pay some portion or all of the HIPF Withhold is defined in Appendix 3a.

These rates were developed using Rate Setting Methodology #2 - Use of Managed Care Data. An overview of this methodology is found in Appendix 3g of the HealthChoices Agreement.

These base rates include an amount for the MCO Assessment. Additional information is provided in Appendix 3b and Appendix 3m of the HealthChoices Agreement.

The amounts shown in the Applicable Withhold Amounts columns are not to be withheld from the capitation rate. The Home Nursing Risk Sharing Withhold amounts are used to determine the MCO's Home Nursing Risk Sharing Withhold Amount obligation as per Appendix 3c of the HealthChoices Agreement. The High Cost Risk Pool Allocation Amounts are used to determine the MCO's HCRPAA obligation as per Appendix 3k of the HealthChoices Agreement. More information about the Specialty Drug Risk Sharing Premiums and Hepatitis C Quality Risk Pool is in Appendix 5.

DHS will pay the Provider Pay for Performance amount for each MCO member month as provided by Exhibit B (3) of the HealthChoices Agreement.

DHS will pay the Community Based Care Management amount for each MCO member month as provided by Exhibit B (3) of the HealthChoices Agreement.

The capitation rates will be reduced by an amount not to exceed the APR Adjustment component specified in Appendix 14, if the Department determines such reduction is necessary to prevent expenditure of revenue that is not available from the Quality Care Assessment.

Further information about Telephonic Psychiatric Consultation Team Services amounts is provided in Exhibit V.

APPENDIX 3g

OVERVIEW OF METHODOLOGIES FOR RATE SETTING AND DETERMINATION OF RISK SHARING AND RISK POOL WITHHOLD AMOUNTS

I. Rate Setting Methodology #1 — Use of Historical Fee-For-Service Data

To develop capitation rates on an actuarially sound basis for the HealthChoices program using historical fee-for-service (FFS) data, the following general steps are performed:

- Summarize the FFS Claims and Eligibility Data
- Assess Data Credibility
- Include the Effect of Program/Policy Changes
- Project the FFS Base Data Forward
- Adjust the FFS Data to Reflect Managed Care Principles
- Add an Appropriate Non-Medical Loads

Summarize the FFS Claims and Eligibility Data — The Commonwealth of Pennsylvania (Commonwealth) provides summarized FFS claims and eligibility data for the recipients and services to be covered under the HealthChoices program. Normally, multiple years of FFS data are made available for rate setting purposes. This data is then adjusted to account for items not included in the initial FFS data collection process. These adjustments (positive and/or negative) generally include, but are not limited to: completion factors, legal settlements, gross adjustments, graduate medical education payments, pharmacy rebates, and other adjustments needed to improve the accuracy of the data.

Assess Data Credibility — To arrive at a single year of FFS data, to serve as the basis for rate setting, the multiple years of FFS data may be combined together. Through this process, the older data is projected forward to be comparable to the most recent information. All of the data is then blended together to form a single set of base data (Commonly with the most recent year of data receiving equal or more weight).

Include the Effect of Program/Policy Changes — The Commonwealth occasionally changes the services, reimbursements, or populations covered under the HealthChoices program (e.g., an expansion of a new benefit or restructuring of a currently covered benefit). Material program changes are included in the capitation rates by either increasing or decreasing the FFS data by an appropriate adjustment.

Project the FFS Base Data Forward — The base data is then projected forward to the period for which the capitation rates are contracted. Trend factors are used to estimate the future costs of the services that the covered population would generate in the FFS program. These trend factors normally vary by, but are not limited to:

major category of service, geographic area, or population group.

Adjust the FFS Data to Reflect Managed Care Principles — Since HealthChoices is a managed care program and not FFS based, the projected FFS data needs to be adjusted to reflect the utilization and unit cost of a typical managed care program. This generally involves increasing the cost/use of preventative services, and decreasing hospital and emergency room cost/use.

Add an Appropriate Non-Medical Load — After the base data has been trended to the appropriate period, and adjusted for program/policy changes, non-medical loads, including, but not limited to administrative and underwriting gain components, will be added to the medical claim cost component to determine the overall capitation rates applicable to each population group. The non-medical loads can be applied as a percentage of the total capitation rate (e.g., percent of premium) and may or may not vary by population group, or other rating characteristic, depending on the structure of adjustments.

Add an amount for State/Federal Taxes/Assessments — The final capitation rate, after all other components have been completed, is further adjusted to reflect any legislatively mandated State/Federal taxes and/or assessments. These adjustments are typically applied as a percent of final premium, after non-medical loads are accounted for, and is added to the final capitation rate.

II. Rate Setting Methodology #2 — Use of Managed Care Data

To develop capitation rates on an actuarially sound basis for the HealthChoices program using actual managed care data, the following general steps are performed:

- Summarize, Analyze, and Adjust the Managed Care Data,
- Include the Effect of Program/Policy Changes,
- Project the Managed Care Base Data Forward, and
- Add Appropriate Non-Medical Load.

Summarize, Analyze, and Adjust the Managed Care Data — The Commonwealth collects data from each of the managed care organizations (MCOs) participating in the HealthChoices program. This data is summarized, analyzed, and adjustments (positive and/or negative) are applied as needed to account for underlying differences between each MCO's management of the HealthChoices program. These adjustments can account for items such as, but not limited to, reinsurance, over- or under-reserving of unpaid claims, utilization and unit cost efficiency, risk class structure, and provider contracting relations. After adjusting each MCO's data, each plan's specific medical claim costs is aggregated together to arrive at a set of base data for each population group.

Include the Effect of Program/Policy Changes — The Commonwealth occasionally changes the services or populations covered under the HealthChoices program (e.g., an expansion of a new benefit or a restructuring of a currently covered benefit). Any new, material program/policy changes that were not already reflected in the managed care data are included in the capitation rates by either increasing or

decreasing the managed care data by an appropriate adjustment.

Project the Managed Care Base Data Forward — The aggregate base of managed care data is projected forward to the period for which the capitation rates are contracted. Trend factors are used to estimate the future costs and utilization of the services that the covered population would generate in the managed care program. These trend factors normally vary by, but not limited to: major category of service, geographic area, and/or population group.

Add Appropriate Non-medical Load — After the base data has been trended to the appropriate period, and adjusted for program/policy changes, a non-medical load will be added to the medical claim cost component to determine the overall capitation rates applicable to each population group. The non-medical load can be applied as a percentage of the total capitation rate (e.g., percent of premium) and may or may not vary by population group and includes all administrative liabilities expected for the average health plan in the Commonwealth operating the program in an efficient manner.

Add an amount for State/Federal Taxes/Assessments — The final capitation rate, after all other components have been completed, is further adjusted to reflect any legislatively mandated State/Federal taxes and/or assessments. These adjustments are typically applied as a percent of final premium, after non-medical loads are accounted for, and is added to the final capitation rate.

Optional Rate Update — In lieu of rebasing rates on newer experience base data, it is possible to update the prior year's rates for new, material program changes, trend and other adjustments following a similar process outlined above.

III. Rate Setting Methodology #3 — Blending of Fee-For-Service and Managed Care Data

When updated FFS data is unavailable and actual managed care experience first becomes available, capitation rates for the HealthChoices program can be developed on an actuarially sound basis using a blending of both data sources using the following two track approach:

- Project the prior year's rates forward (Track 1),
- Summarize and adjust the managed care data (Track 2),
- Include the effect of new program/policy changes and trend (Track 1 and Track 2), and
- Apply credibility factors to each track and blend together.

Project the Prior Year's Rates Forward (Track 1) — The first step of Track 1 is to begin with the previous year's capitation rates that were originally developed using historical FFS claims and eligibility data. This data is projected forward to the period for which the new capitation rates are contracted. Trend factors are used to estimate the future costs of the services the covered population would generate under managed care. These trend factors normally vary by major category of service and/or population group.

Include the Effect of New Program/Policy Changes (Track 1) — In Track 1, any new, material program/policy changes implemented by the Commonwealth or required by the federal government that were not already accounted for in the previous year's rates, are included in the new capitation rates by either increasing or decreasing the rates by an appropriate adjustment.

Summarize and Adjust the Managed Care Data (Track 2) — The more recent managed care data is collected from the MCOs, summarized, and analyzed to support rate setting. Adjustments (positive and/or negative) are applied to the managed care data as needed to account for underlying differences between each MCO's management of the HealthChoices program. These adjustments can account for items such as, but not limited to, the collection of TPL/COB, over- or under-reserving of unpaid claims, reinsurance, rebates, management efficiency, and provider contracting relations.

Include the Effect of Trend and New Program/Policy Changes (Track 2) — In Track 2, the managed care data is projected forward to the time period the capitation rates are contracted. Trend factors may vary by major category of service, geographic area, or population group, and are used to estimate the future costs of the services that the covered population would generate under managed care. Any new program/policy changes that were not already reflected in the managed care data are included in the rates by either increasing or decreasing the data by an appropriate adjustment. An additional non-medical amount can be added to arrive at the final capitation rates under Track 2.

Apply Credibility Factors to Each Track and Blend Together — After separately developing capitation rates using Track 1 and Track 2, the two (2) sets of rates are combined together. This blending involves applying a credibility weight to each track and adding the two (2) components together. The credibility weights may vary between the population groups.

Add Appropriate Non-medical Load — After the base data has been trended to the appropriate time period, and adjusted for program/policy changes, a non-medical load will be added to the medical claim cost component to determine the overall capitation rates applicable to each population group. The non-medical load can be applied as a percentage of the total capitation rate (e.g., percent of premium) and may or may not vary by population group and includes all administrative liabilities expected for the average health plan in Pennsylvania operating the program in an efficient manner.

Add an amount for State/Federal Taxes/Assessments — The final capitation rate, after all other components have been completed, is further adjusted to reflect any legislatively mandated State/Federal taxes and/or assessments. These adjustments are typically applied as a percent of final premium, after non-medical loads are accounted for, and is added to the final capitation rate.

IV. Additional Information on Rate Development

The reimbursement provided under this contract is intended for Medically Necessary services covered under the Commonwealth's State Plan. The MCO has the option to utilize this reimbursement to provide alternatives to the Medically Necessary services covered under the State Plan in order to meet the needs of the individual enrollee in the most efficient manner. However, since the capitation rates cannot include these cost-effective, alternative services, an adjustment may be required in the rate development process to incorporate only the cost of state plan services which would have been provided in the absence of alternative services.

DHS will provide documentation, upon request, that addresses the actuarial soundness of the rates.

V. Methodology to Determine Risk Sharing Amount(s)

The amount that is applicable to the risk sharing program is the portion of the capitation rates used to fund the risk sharing program based on an analysis of data (FFS or managed care) from the population and services covered by the risk sharing program. This data is considered the primary source of information for developing the risk sharing amounts which may vary by rating group. Since any one year may reflect unusual occurrences, when available, multiple years of information may be reviewed and combined together. Since the data is generally historical in nature and the risk sharing amounts are applicable to the future capitation rates, the data must be trended and adjusted as necessary to coincide with the period in which the rates are contracted. These trends are estimates of the future costs and utilization of services provided. Given the programs' narrow specificity of risk and high per recipient cost, total risk sharing costs may fluctuate substantially from year to year. However, over a period of several years, the risk sharing amount is expected to be equivalent to the amount paid by the Commonwealth in risk sharing claims (i.e., budget neutral).

VI. Information Sharing with MCOs

The Commonwealth will annually provide the MCO with certain information on the development of capitation rates, maternity care rates, and risk pool premiums. This information will include the pieces of information listed below, exclusive of the underlying data used to develop the information. The majority of the numerical data provided will take the form of rating exhibits, variously detailed by geographic rating area, by rating group, and/or by category of service group. The Commonwealth's commitment to provide data does not extend to data to which it is not legally entitled. The accuracy of data furnished by the Commonwealth is in some cases dependent on the integrity of data supplied by MCOs. The following items pertain where applicable to all three types of rates indicated above:

- Maternity and non-maternity historical utilization, unit costs and PMPMs reported to the Commonwealth by MCOs, summarized by geographic rating area, by rating group, and by service group.

- The cost base detailed by utilization, unit costs and PMPMs (as applicable), by rating group and by category of service group, for each geographic rating area that is utilized by our actuaries, after adjustments to underlying data, with the maternity data used to develop case rates provided separately from the remaining non-maternity costs used to produce the capitation rates. The Commonwealth will also provide a text explanation of the adjustments applied to underlying data to develop the cost base.
- Information on, and the value of, program-wide adjustments.
- A review of the method employed by the Commonwealth's actuaries to produce the final "best estimate" rates, along with a text explanation of how the ends of the actuarially sound rate range were determined.
- Information on, and the value of, adjustments to capitation rates specific to changes in the HealthChoices program or the Commonwealth's Medicaid program, by category of aid and/or service category.
- Historic and projected member counts, by geographic rating area and rating group that have been used for purposes of rate development and comparison of rates.
- Average utilization, unit cost and/or PMPM trend rates by rating group and by service group used by the actuaries in each HealthChoices zone to project future costs.
- The amount of each rate that is intended to provide funding for administrative costs and profit collectively.
- The lower end, "best estimate," and upper end of the range of actuarially sound rates determined by the Commonwealth's actuaries for each rating group.
- A description of non-HealthChoices data sources considered in the course of rate development, along with comment on the applicability to HealthChoices.

The Commonwealth will provide this information in advance of discussions with the MCOs. DHS will provide the MCO, upon request, documentation that addresses the actuarial soundness of the rates.

The Commonwealth may elect to not provide information, as it deems appropriate, in advance of any HealthChoices rate bids that might be required from MCOs, should the Commonwealth resume the use of a rate bidding process for the HealthChoices program.

VII. Methodology to Determine High Cost Risk Pool Amount(s) (Where Applicable)

The amount that is attributable to a risk pool is the portion of the capitation rates used to fund a High Cost Risk Pool (HCRP) based on an analysis of data (FFS or managed care) from the population and services covered, as well as the design of the HCRP (e.g., threshold levels). This data is considered the primary source of information for developing the risk pool amounts which may vary by rating group. Since any one (1) year may reflect unusual occurrences, when available, multiple years of information may be reviewed and combined together. Since the data is generally historical in nature and risk pool(s) are applicable to the future capitation rates, the data must be trended and adjusted as necessary to coincide with the period in which the rates are contracted. These trends are estimates of the future costs and utilization of services provided. Given the programs' narrow specificity of risk and high per recipient cost, total risk pool costs may fluctuate substantially from year to year.

APPENDIX 3i

Five Percent Capitation Withhold

This appendix provides for capitation withholds if the PH-MCO has not signed an annual HealthChoices Agreement amendment by a specified date.

1. Effective with capitation payments that are payable in December of each calendar year and continuing with capitation amounts that are payable in each month thereafter, the Department will withhold from each monthly capitation payment an amount equal to five percent of the capitation amount it has paid for the August program month in the same calendar year.
2. The Department will not implement this withhold if any of the following apply:
 - a. The Department has received by November 20 of the same calendar year a signed HealthChoices Agreement amendment from the PH-MCO that provides financial terms for the following calendar year; or
 - b. The Deputy Secretary for the Office of Medical Assistance Programs decides to waive the monthly capitation payment withhold.
3. If the Department does not withhold an amount from the capitation payment payable in December, and if by December 20 of the same calendar year the Department has not received a signed agreement amendment from the PH-MCO that provides financial terms for the following calendar year, then effective with monthly capitation payments that are payable in January of the next calendar year and continuing with capitation amounts that are payable in each month thereafter, the Department will withhold from each monthly capitation payment an amount equal to five percent of the capitation amount it has paid for the most recent August program month. The Deputy Secretary of the Office of Medical Assistance Programs may elect to waive the monthly capitation payment withhold.
4. If the Department withholds payment per this appendix, the Department will initiate a payment of the total amount that was withheld when the Department receives a signed HealthChoices Agreement amendment from the PH-MCO that provides financial terms for the applicable calendar year for this HealthChoices zone.

5. This entire appendix does not apply: (a) if the Department does not provide a detailed financial offer to the PH-MCO for the following year by September 7 or (b) the PH-MCO has terminated the HealthChoices Agreement.

APPENDIX 3k

HIGH COST RISK POOL

This appendix is effective January 1, 2018

Overview

The Department will establish, administer, and distribute funds from three quarterly High Cost Risk Pools (HCRP).

Each quarterly risk pool will be funded through High Cost Risk Pool Allocation Amounts (HCRPAA). HCRPAAs are contained in Appendix 3f and provide for different amounts by zone and MEG. The Department will utilize encounter data or files submitted by the PH-MCO with information on high cost Members during a twelve month period defined below. After repricing each inpatient claim to the amount the Department would have paid for the same discharge, the Department will sum the amount spent by each PH-MCO in excess of the HCRP Threshold on each Member in each of three Medicaid Eligible Groups, defined below, for the Defined Twelve Month Period. The Department will distribute the funds in the HCRP in proportion to each PH-MCO's adjusted expenditures in excess of the HCRP Threshold for all Members included in each risk pool for the Defined Twelve Month Period. The Department's payment to each PH-MCO will be net of the PH-MCO's HCRPAA obligation for the quarter. If the PH-MCO's HCRPAA obligation exceeds its share of the HCRP, the Department will reduce a subsequent payment to the PH-MCO by the amount of the difference. The Department may elect to use PH-MCO encounter data in lieu of HCRP-specific files submitted by the MCOs, in whole or in part.

Medicaid Eligible Group (MEG)

The Department will administer one risk pool per quarter per HealthChoices zone for each of the three defined MEGs:

- TANF – which is inclusive of Members with TANF and MAGI Medical Assistance (MA) eligibility with the exclusion of MAGI program status codes 90, 91 and 92,
- SSI/HH – which is inclusive of Members with SSI, Healthy Horizons, Breast and Cervical Cancer, Other Disabled MA eligibility, and Member aged 21 or older having MAGI MA eligibility under program status code 90.
- Newly Eligible - which is inclusive of Members having eligibility under MAGI MA eligibility with the program status codes 91 and 92 and Members age 19 or 20 with program status code 90.

PH-MCO Inclusion/exclusion

The HCRP Threshold is \$80,000.

A PH-MCO will participate in a zone's quarterly high cost risk pool if both of the criteria below are met:

- The Department has made or will make Capitation payments to the PH-MCO for this HealthChoices zone for all three months during the quarter; and
- The Department has made or will make Capitation payments to the PH-MCO under this Agreement or any other HealthChoices Agreement for this HealthChoices Zone for all three months of each of the four previous quarters.

The Department will deem this criterion to have been met if it was met by the PH-MCO or by a PH-MCO that operated in the same HealthChoices zone ("Previous PH-MCO") if one of the following criteria is met:

- The current PH-MCO purchased the assets or liabilities of the Previous PH-MCO; or
- The Department transferred substantially all of the Members enrolled in the Previous PH-MCO, who did not make a different choice, to the current PH-MCO.

If the PH-MCO does not meet the criteria for inclusion in a zone's quarterly HCRP, then:

- The PH-MCO has no HCRPAA obligation for that quarter for that zone; and
- The PH-MCO has no opportunity to receive a distribution from that zone's quarterly HCRP; and
- The PH-MCO will not be required to contribute to that quarterly zone's HCRP through a reduction to a subsequent payment.

The Department will determine each quarter which PH-MCOs meet the criteria for inclusion in that quarter's HCRPs.

The Department will administer three HCRPs specific to each HealthChoices Zone for each calendar quarter, even if HealthChoices agreements begin or end during the quarter.

Calculation of Quarterly Funds in each zones Risk Pool

After each quarter has ended, the Department will determine the sum of the PH-MCO's HCRPAA obligation for the quarter, by multiplying the HCRPAA by the number of Member months included in the PH-MCO during the quarter. The Department will use membership data compiled as of one date, for the purpose of determining each PH-MCO's HCRPAA obligation for the quarter. The Department will provide documentation to the PH-MCO and will consider any issues the PH-MCO brings to the Department's attention.

The sum of the HCRPAA obligation of every PH-MCO will be the total amount allocated to the HCRP for that quarter.

Covered Services

All medical claims paid by the PH-MCO for a medical product or service received by an enrolled Member during the Defined Twelve Month Period may be included on files submitted to the Department, with the following exceptions:

- For Members under the age of 21, no product or service that is a Covered Service under the Home Nursing Risk Sharing Arrangement is a Covered Service for the HCRP.
- Covered Services do not include any drug listed by the Department for the purposes of the Specialty Drug Risk Sharing, unless the date of service is not included within the Defined Twelve Month Period, as identified in Appendix 5.

The Department will apply the same criteria if it elects to use PH-MCO encounter data in lieu of HCRP-specific files submitted by the PH-MCOs.

Defined Twelve Month Period

The Defined Twelve Month Period is the twelve months that ended the day before the quarter for which HCRPAAs are allocated to the quarterly risk pool.

Example: The Defined Twelve Month Period for the January-March 2017 HCRP is January-December 2016.

The Defined Twelve Month Period defines the dates that products and services are provided to Members, not the dates claims are paid.

The Defined Twelve Month Period may include months that are covered by a previous HealthChoices Agreement with the PH-MCO that applies to the same HealthChoices zone.

The discharge date on an inpatient claim determines eligibility for inclusion in a Defined Twelve Month Period.

Data Source

The Department will use PROMISe-approved encounter data, unless the Department notifies the PH-MCO that it will use different data. The Department will provide the run dates for extraction of encounter data to the PH-MCO.

Upon notification by the Department, the PH-MCO will submit files in a format determined by the Department for the administration of the risk pools in lieu of encounter data.

For purposes of risk pool allocation, the Department will utilize information on Members whose costs exceed the HCRP Threshold during the Defined Twelve Month Period, after repricing and other adjustments.

Covered Service cost for the Defined Twelve Month Period will be included in total for each Member exceeding the threshold in only one MEG's risk pool. This will be determined by the Member's category of aid/program status on the last day of the given Twelve Month period.

Inpatient Hospital Repricing

The Department will reprice each acute inpatient hospital claim to the amount the Department would have paid for the discharge except where necessary data is unavailable.

The Department will send the PH-MCO a file that shows the repriced amount for each inpatient hospital claim.

Quarterly Distributions

The Department will utilize PROMISe-approved encounter data to administer the steps outlined in this Appendix and to determine the adjusted amount each PH-MCO paid in excess of the HCRP Threshold for each Member for medical products and services provided during the Defined Twelve Month period. The PH-MCO-specific sum will be the numerator in the calculation for the risk pool distribution. The denominator will be the applicable sum for all PH-MCOs in the HealthChoices zone. The resulting percentage figure will be multiplied by the amount in the risk pool. The PH-MCO's uncollected HCRPAA obligation for the quarter will be subtracted from this amount. If the result is a positive number, the Department will pay the amount to the PH-MCO. If the result is a negative number, the Department will reduce a subsequent payment to the PH-MCO by this amount.

Early Payment of a PH-MCO's HCRPAA Obligation

If the Department notifies the PH-MCO of termination of this HealthChoices Agreement; OR if the PH-MCO notifies the Department of termination of this HealthChoices Agreement; OR

if this Agreement expires within four months; OR if an PH-MCO fails to submit a required report or file to support the administration of a risk pool or risk sharing arrangement within fifteen work days of the final due date:

- The Department may elect to reduce a subsequent monthly capitation payment by the total amount of the outstanding HCRPAA obligation for current and previous program months; AND
- The Department may reduce each subsequent monthly capitation payment by the PH-MCO's HCRPAA obligation for the same month.

APPENDIX 3m

MCO Assessment

The PH-MCO will provide MCO Assessment reports and make payments as directed by the Department in accordance with Act 92 of 2015 (62 P.S. § 801-I, et. seq).

The Department will make an Annual MCO Assessment Payment to the PH-MCO no later than May 15 each year. The Department will not make the payment if the PH-MCO has no obligation to make an MCO Assessment payment on its HealthChoices membership for the April – June calendar quarter of the same year. The Department will calculate the payment amount as follows:

	The MCO Assessment fee amount per person provided by statute or as adjusted by the Secretary in accordance with 62 P.S. § 803-I, if applicable, as of February of the same year
MULTIPLIED BY	The number of Heritage County Members enrolled in the PH-MCO on any one or more days in February of the current year per the Department's records in March
MULTIPLIED BY	Three
EQUALS	Product A
	The MCO Assessment fee amount per person provided by statute or as adjusted by the Secretary in accordance with 62 P.S. § 803-I, if applicable, as of February of the same year
MULTIPLIED BY	The number of Expansion County Members enrolled in the PH-MCO on any one or more days in February of the current year per the Department's records in March
MULTIPLIED BY	Two
EQUALS	Product B
	Product A
PLUS	Product B
EQUALS	The Department's Annual MCO Assessment Payment obligation amount to the PH-MCO

The Department will reduce payment(s) made to the PH-MCO in July of the same year by the amount of the Department's payment obligation amount to the PH-MCO per this Appendix for this year.

Heritage Counties are: Adams, Allegheny, Armstrong, Beaver, Berks, Bucks, Butler, Chester, Cumberland, Dauphin, Delaware, Fayette, Greene, Indiana, Lancaster,

Lawrence, Lebanon, Lehigh, Montgomery, Northampton, Perry, Philadelphia, Washington, Westmoreland, and York

Expansion Counties are all counties that are not a Heritage County.

APPENDIX 5

SPECIALTY DRUG RISK SHARING AND QUALITY RISK POOLS

This Appendix establishes a risk sharing arrangement between the Department and the PH-MCO for certain high cost drugs that are prescribed for Members with Hepatitis C or Cystic Fibrosis. This Appendix also establishes a quality risk pool arrangement between the Department and the PH-MCO for certain Hepatitis C drugs that is intended to incent positive outcomes.

Specialty drug risk sharing arrangement

Covered Drugs and Associated Re-Price Amounts

The Department will determine a list of covered drugs specific to Hepatitis C or Cystic Fibrosis. The Department will make decisions about updating the list as the marketplace changes. These decisions will take into account the purposes of the risk sharing arrangement and the continued appropriateness of the premiums if changes are made.

The Department will provide the PH-MCO with a price list for covered drugs that will be used for the purpose of administration of the specialty drug risk sharing arrangement. The price list will be based on current information available related to potential discount and rebate levels associated with the Hepatitis C and Cystic Fibrosis drugs contained within the list of covered drugs. The price list will provide separate amounts for 340b and non-340b drug pricing. A net cost based on an established unit criteria (scripts or possibly a smaller unit level) will be provided for this list of drugs. These net costs will be utilized in the re-pricing component of the risk sharing arrangement. The Department will review and update the price list as appropriate on a quarterly basis or more frequently.

Risk sharing

The Department will reimburse the PH-MCO eighty percent (80%) of the re-priced cost of the covered drugs. There is no deductible.

The Department will re-price covered drugs per the price list that it has provided to the PH-MCO that covers the date of service.

The Department will re-price covered drugs with a third party liability insurance (TPL) based on the lower of the PH-MCO paid amount after TPL or the price provided by the Department on the drug list.

The Department might require the PH-MCO to submit files to support the administration of the

risk sharing.

There will be quarterly settlements. Each settlement will include covered drugs paid by the PH-MCO for dates of service beginning with the risk sharing start date and limited to not more than 15 months prior to the end of the settlement quarter. Each settlement will exclude any claim that was included in a prior quarter's settlement. The risk sharing premiums for the MCO for this quarter will be charged as part of the financial settlement. The Department will provide the PH-MCO with the settlement amount and documentation not later than the last work day of the fourth month after the risk sharing quarter.

Risk sharing premiums

Specialty drug risk sharing premiums are specified in Appendix 3f.

Premiums will be charged as part of settlements. They will not be withheld from capitation payments.

Quality risk pools (Hepatitis C)

The Department will administer two semi-annual quality risk pools in each zone. The quality risk pools will be specific to Hepatitis C and will be funded by the quality risk pool premiums specified in Appendix 3f. There will be separate risk pools for the traditional HealthChoices population and Medicaid expansion members.

The Department will use the Covered Hepatitis C Drugs that are specified for the purposes of the risk sharing arrangement for the purposes of the quality risk pool arrangement, along with the price lists specified by the Department.

The PH-MCO will notify the Department of SVR-12s it has obtained that document undetectable Hepatitis C RNA twelve weeks following completion of therapy.

The Department will allocate each SVR-12 to one risk pool. The quality risk pool will be determined by the last date of service for a covered drug. The Department will not utilize an SVR-12 if it utilized an SVR-12 for the same Member that is dated less than 24 months prior, or if the MCO has not followed procedures specified by the Department.

The Department will determine credits to proportionally allocate each risk pool. Credits are earned as follows:

- If one PH-MCO has provided notice of the SVR-12 and has paid for all covered drugs for the Member, the PH-MCO receives one credit.
- If more than one PH-MCO has covered the responsibilities of notice of the SVR-12 and payment for covered drugs, the credit will be allocated as follows:
 - 20% of one credit for notification of the SVR-12; and
 - 80% of one SVR-12 credit to an MCO who incurred all of the Hepatitis C costs for the Member.
 - If more than one MCO reported Hepatitis C drug costs for the Member, the 80% credit for drug costs will be allocated to each MCO on the basis of the repriced covered Hepatitis C drug costs borne by each MCO for this Member with dates of

service prior to the SVR-12 date. Claims with dates of service more than 24 months prior to the SVR-12 date are excluded.

- Example:
 - MCO A submitted the SVR-12.
 - MCO A paid 50% of the drugs after repricing.
 - MCO B paid 50% of the drugs after repricing.
 - Result: MCO A gets 60% credit for this SVR-12. MCO B gets 40% of the credit for this SVR-12.
- Example of risk pool distribution: Of the 100 credits included in this risk pool, MCO A has 36 (taking into account partial credits as covered above). Their slice of the risk pool is 36%.

The quality risk pool premiums for the PH-MCO for this semi-annual period will be charged as part of the financial settlement. They will not be withheld from capitation payments. This subtraction takes place after risk pool percentages have been determined.

The Department will notify the PH-MCO of risk pool settlements by the last work day of the seventh month after the end of the semi-annual period. The financial settlement will follow the notification.

If a PH-MCO provides the Department with untimely notice of an SVR-12, OMAP will allow inclusion in the next following semi-annual risk pool if notification is provided timely for this purpose.

A PH-MCO may only provide notice of an SVR-12 if it paid for a covered drug or if the Member is enrolled in the PH-MCO at the time it provides notice of the SVR-12.

The Department will count as drugs paid by the PH-MCO any covered drugs that the PH-MCO paid under this HealthChoices Agreement or a different HealthChoices Agreement with the Department.

If the PH-MCO has purchased the assets or liabilities of a PH-MCO that previously had an Agreement with the Department to operate a HealthChoices program ("Previous PH-MCO"); or if the Department transferred the Members enrolled in the Previous PH-MCO, who did not make a different choice, to the current PH-MCO; then the Department will include claims paid by the Previous PH-MCO.

- A. If the PH-MCO is operating a HealthChoices program per this Agreement with the Department on May 1 of the current year, and if the hospital assessment has

not been terminated before that date, the Department will complete a payment to the PH-MCO on or before May 15. The amount of the payment will be calculated as follows:

Step #1. The Department will determine the number of Recipient Months, for each Recipient Group and Rate Region combination, for which it paid a capitation payment to the PH-MCO for the February program month. The result will be referred to as Schedule A.

Step #2. The Department will multiply each APR Adjustment component above by the appropriate RAR MCO Plan Factor that the Department has promulgated to the PH-MCO for the February program month. The result will be referred to as Schedule B. If no RAR MCO Plan Factor is applicable, the APR Adjustment component above will be used to populate Schedule B.

Step #3. The Department will multiply each amount in Schedule A by the corresponding amount in Schedule B and sum the results. This sum will be referred to as Amount C.

Step #4. The Department will multiply Amount C by two (2).

- B. If the Department completes the payment provided by II.A. above, the Department will reduce a payment made in July of the same year by the amount of the payment.
- C. If either the Department or the PH-MCO notifies the other party that it is terminating this Agreement, the PH-MCO will pay to the Department the amount not yet recovered, as provided by II.B. above, within fifteen calendar days of the date of notification.

III. INCREASED PAYMENTS BY THE PH-MCO TO HOSPITALS

- A. The PH-MCO must use the funds received from the APR Adjustment component to increase the payments made by the PH-MCO to hospitals for hospital services.
- B. The PH-MCO must provide documentation to the Department in a form designated by the Department that all funds received from the APR Adjustment component are used in accordance with this Appendix.
- C. The PH-MCO must make timely payment of all funds received for the APR Adjustment component to the satisfaction of the Department.

EXHIBIT B (1)
HEALTHCHOICES 2017 MCO PAY FOR PERFORMANCE PROGRAM

This Exhibit B (1) defines a potential payment obligation by the Department to the PH-MCO for Quality Performance Measures achieved per HEDIS[®] 2017, as defined below.

This Exhibit is effective only if the PH-MCO operates a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2017. If the PH-MCO does not operate a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2017, the Department has no payment obligation under this Exhibit.

This Exhibit supplements but does not supplant Exhibits that provide for Pay for Performance (P4P) and incorporate different dates in Section B. below.

A. Quality Performance Measures

The Department selected nine (9) HEDIS[®] 2017 and one (1) 2017 Pennsylvania Performance Measure (PAPM) as quality indicators (representing CY 2016 data) for the MCO P4P program. The Department chose these indicators based on an analysis of past data indicating the need for improvement across the HealthChoices Program as well as the potential to improve health care for a broad base of the HealthChoices population. The ten (10) quality indicators are:

HEDIS[®]

1. Adolescent Well-Care Visits
2. Annual Dental Visit (Ages 2 – 20 years)
3. Comprehensive Diabetes Care: HbA1c Poor Control
4. Controlling High Blood Pressure
5. Frequency of Ongoing Prenatal Care: ≥ 81 Percent of Expected Number of Prenatal Care Visits
6. Prenatal Care in the First Trimester
7. Postpartum Care
8. Well-Child Visits in the First 15 Months of Life, 6 or more
9. Medication Management for People With Asthma 75%

PAPM

1. Reducing Potentially Preventable Readmissions

The MCO P4P Program measures Benchmark Performance and Improvement Performance. The PAPM measure, Reducing Potentially Preventable Readmissions, will be eligible for the Improvement Performance component. In addition, the Department has set a performance goal for Reducing Potentially Preventable Readmissions. While this is not a national benchmark, the measure value will be calculated the same as HEDIS measures in the benchmark performance, Section A.1, below.

1. **Benchmark Performance:** The Department will award a Benchmark Performance payout amount for each measure in Section A that will range from 0% up to and including 125% of the measure's value, defined as half of the PH-MCO's Maximum

EXHIBIT B (1)
HEALTHCHOICES 2017 MCO PAY FOR PERFORMANCE PROGRAM

Program Payout amount (equivalent to 1.0% of the sum of the amounts defined in Section B. below) divided by eleven (11) (Ten (10) quality indicators with Annual Dental Visit counted twice). The Department will make Benchmark Performance payouts for performance relative to the HEDIS[®] 2017 (CY 2016) benchmarks, for all measures excluding Reducing Potentially Preventable Readmissions. A goal of 8.50 percent (8.50%) has been set for this measure (see Section A.1.d.). If the PH-MCO's HEDIS 2017 (CY 2016) performance rate is below the 50th Percentile Benchmark, the Department will implement a -50% off-set. The Department will distribute the payouts according to the following criteria:

a. All HEDIS[®] Measures

- HEDIS[®] 2017 rate at or above the 90th percentile benchmark: 125 percent of the measure value.
- HEDIS[®] 2017 rate at or above the 75th percentile and below the 90th percentile benchmark: 100 percent of the measure value.
- HEDIS[®] 2017 rate at or above the 50th percentile and below the 75th percentile benchmark: 25 percent of the measure value.
- HEDIS[®] 2017 rate below the 50th percentile benchmark: -50 percent offset

b. Annual Dental Visit Performance Only

- The Benchmark Performance measure value applicable to Annual Dental Visit Performance is equal to fifty (50) percent of the sum of double the Benchmark Performance measure value (as identified in Section A.1) and double the Improvement Performance measure value (identified in Section A.2).

c. Medication Management for People With Asthma 75%

- HEDIS[®] 2017 rate at or above the 90th percentile benchmark: 100 percent of the measure value.No penalty.

d. Reducing Potentially Preventable Readmissions

- Performance goal at or below 8.5 percent (8.50%): 100 percent of the measure value.
- Performance goal above 8.5 percent (8.50%): No payout.

2. **Improvement Performance:** The Department will award an Improvement Performance payout amount for each measure in Section A that will range from 0% up to and including 100% of the measure's value, defined as half of the PH-MCO's Maximum Program Payout amount (equivalent to 1.0% of the sum of the amounts defined in Section B. below) divided by eleven (11) (Ten (10) unique quality indicators with Annual Dental Visit counted twice).

EXHIBIT B (1)
HEALTHCHOICES 2017 MCO PAY FOR PERFORMANCE PROGRAM

The improvement performance payout scales will be applied contingent on benchmark percentile performance for each HEDIS 2017 measure (see Section A.2.a and A.2.b).

- If improvement is achieved and the benchmark performance for that measure is less than the 75th percentile, Scale 1 will be applied.
- If improvement is achieved and the benchmark performance equal to or greater than the 75th percentile (see Section A.2.b), Scale 2 will be applied.
- Scale 2 applies to improvement performance for the PAPM, Reducing Potentially Preventable Readmission measure, and is not contingent on meeting the 8.50 percent (8.50%) goal.

a. Scale 1:

- The Department will make Improvement Performance payouts for incremental performance improvement from the previous year rate. Incremental performance improvements are measured comparing rates from HEDIS[®] 2016 (CY 2015) to HEDIS[®] 2017 (CY 2016).
 - ≥ 5 Percentage Point Improvement: 100 percent of the measure value.
 - ≥ 4 and < 5 Percentage Point Improvement: 80 percent the measure value.
 - ≥ 3 and < 4 Percentage Point Improvement: 60 percent the measure value.
 - ≥ 2 and < 3 Percentage Point Improvement: 40 percent the measure value.
 - ≥ 1 and < 2 Percentage Point Improvement: 20 percent the measure value.
 - < 1 Percentage Point Improvement: No payout.

b. Scale 2:

- The Department will make Improvement Performance payouts for incremental performance improvement from the previous year rate. Incremental performance improvements are measured comparing rates from HEDIS[®] 2016 (CY 2015) to HEDIS[®] 2017 (CY 2016) and PAPM 2016 (CY 2015) to PAPM 2017 (CY 2016).
 - ≥ 5 Percentage Point Improvement: 100 percent of the measure value.
 - ≥ 4 and < 5 Percentage Point Improvement: 100 percent the measure value.
 - ≥ 3 and < 4 Percentage Point Improvement: 100 percent the measure value.
 - ≥ 2 and < 3 Percentage Point Improvement: 85 percent the measure value.
 - ≥ 1 and < 2 Percentage Point Improvement: 75 percent the measure value.

EXHIBIT B (1)
HEALTHCHOICES 2017 MCO PAY FOR PERFORMANCE PROGRAM

- ≥ 0.5 and < 1 Percentage Point Improvement: 50 percent the measure value.
- < 0.5 Percentage Point Improvement: No payout.

c. Annual Dental Visit Performance Only

- The Improvement Performance measure value available for Annual Dental Visit Performance is equal to fifty percent of the sum of double the Benchmark Performance measure value (as identified in Section A.1) and double the Improvement Performance measure value (identified in Section A.2).

3. **Limitation on Payout Amounts:** The total awarded payout amount to a PH-MCO, which includes Benchmark Performance (A.1) and Improvement Performance (A.2), cannot exceed the Maximum Program Payout amount, as identified in Section B below.

For the purpose of this Exhibit, SDRS revenue is defined as follows; revenue paid or payable by the Department to the PH-MCO in accordance with the Agreement (Appendix 5) for the 2016 SDRS service quarters offset by the SDRS withholds in Appendix 3f of the Agreement. This includes only SDRS settlements that have been processed by the Department as of October 31, 2017.*
6. *Hepatitis C Quality Risk Pool Revenue (HepCRP). For the purpose of this Exhibit, HepCRP revenue is defined as follows; revenue paid or payable by the Department to the PH-MCO in accordance with the Agreement (Appendix 5) for the 2016 HepCRP settlement periods offset by the HepCRP withholds in Appendix 3f of the Agreement. This includes only HepCRP settlements that have been processed by the Department as of October 31, 2017.*

The Department will make a payment, as provided by this Exhibit B (1), only to the extent that adequate funds are included for the purpose of Exhibit B (1) payments to all PH-MCOs in the Commonwealth enacted budget for fiscal year 2018-19 within the capitation appropriation. If the Department has an obligation to the PH-MCO, the Department will issue the payment by August 31, 2018.

Exhibit B (2)

PH-MCO and BH-MCO Integrated Care Plan (ICP) Program Pay for Performance Program

This Exhibit B (2) defines a potential payment obligation by the Department to the PH-MCOs for Quality Performance Measures achieved per HEDIS 2018 and select Pennsylvania Performance Measures (PAPMs), as defined below.

This Exhibit is effective only if the PH-MCO operates a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2017. If the PH-MCO does not operate a HealthChoices program in this HealthChoices zone under this Agreement in the month of December 2017, the Department has no payment obligation under this Exhibit.

The Department will provide financial incentives to the PH-MCOs and the Behavioral Health Managed Care Organizations (BH-MCOs) for the Integrated Care Plan (ICP) Program. The Department will provide a funding pool from which dollars will be paid to the PH-MCO based on shared PH/BH-MCO performance measures outlined in this Exhibit. The Department expects this ICP Program to improve the quality of health care and reduce Medical Assistance (MA) expenditures through enhanced coordination of care between the PH-MCOs, BH-MCOs and providers.

In order to be eligible for payments under the ICP, the PH-MCO must submit Operations Report 17 for Calendar Year (CY) 2017 following the time frames outlined within the Report Description and that contains the following specific data requirements for individuals with serious persistent mental illness (SPMI).

1. **Member stratification-** Re-stratification shall be conducted on all members in the targeted SPMI population. New members shall have an initial stratification level established within sixty (60) days of the date of enrollment and identification that a member has SPMI. The PH-MCO will report on the member ID, initial stratification level, and six (6) month re-stratification level. Members will be stratified as follows:
 - a. Four (4) = high PH/high BH needs
 - b. Three (3) = high PH/low BH needs
 - c. Two (2) = low PH/high BH needs
 - d. One (1) = low PH/low BH needs
2. **Integrated Care Plan/Member Profile-** At least **500 members** must receive an ICP that has been used in care management activity by both the PH and BH MCO. For purposes of this requirement, the Department considers an ICP or member profile, to be the collection, integration and documentation of key physical and behavioral health information that is easily accessible in a timely manner to persons with designated access.

3. **Hospitalization Notification and Coordination-** Each PH-MCO and BH-MCO will jointly share responsibility for notification of all inpatient hospital admissions and will coordinate discharge and follow-up. This includes at a minimum the individual's member identification, the date of inpatient admission and name of the acute care hospital. Additional information sharing is encouraged as appropriate per HIPAA and regulatory standards. Notification to the partner MCO of hospital admissions shall occur within one (1) business day of when the responsible MCO partner learns of the admission (e.g., if the PH-MCO knows of an admission, it will notify the BH-MCO within one (1) business day and vice versa). Each PH-MCO will attest on the Operations 17 report that 90% of the admission notifications occurred within one (1) business day of the PH-MCO learning of the admission. The PH-MCO must maintain documentation to support the attestation of 90% admissions notifications.

The Operations Report 17 will be audited to verify the accuracy of the stratification, integrated care plan and hospital notification information.

Payment for MCO Performance

Ten million dollars (\$10M) will be allocated for the ICP Program in CY 2017 for the PH-MCO. The funding will be allocated to each PH-MCO according to its overall percent of HealthChoices member months for CY 2017.

Each component of the Initiation and Engagement of Alcohol and Other Drug Dependence Treatment will receive 10% of the allocated funding. Payments will be based on incremental improvement calculated from the previous measurement year of 2016 (HEDIS/PAPM 2017) to the current measurement year of 2017 (HEDIS/PAPM 2018).

1. Initiation and Engagement of Alcohol and Other Drug Dependence Treatment - **20%***

II. Community Based Care Management (CBCM) Program Requirements

- A. CBCM activities and funding must primarily be focused on reducing preventable admissions, readmissions, non-emergent visits to the emergency department (ED), enhancing behavioral and physical health coordination of services, target providers/organizations that serve a large volume of complex MA recipients including high risk pregnant women and increasing access to pediatric dental preventive and restorative services. **Funding used for approved CBCM services only, as defined in the approval letter from the Department.**
- B. A member of the CBCM team must spend the majority of time in face-to face-encounters with members either in the community setting, provider outpatient setting, hospital, or ED. They can be embedded in one outpatient service site, float between multiple outpatient sites, provide transition of care services from the hospital or ED setting, and provide home based care coordination.
- C. CBCM activity can involve care coordination by licensed and non-licensed team members as defined by the latest version of the Operations 15 report. Examples of licensed providers include but are not limited to: physicians, dentists, dental hygienists, public health dental hygienists, physician's assistants, Certified Registered Nurse Practitioners (CRNPs), nurse midwives, RNs, LPNs, MSWs, dieticians, psychologists, and pharmacists. Examples of non-licensed team members include but are not limited to: medical assistants/technicians, community health workers, doulas, paramedics/EMTs, faith-based ministries, and peer specialists. This list of examples is not fully inclusive. These team members' activities need to be accounted for on the Operations 15 report.

- D. Members of the CBCM team can be employed by the PH-MCO, employed by a provider organization, or hired by a third party through a contract with the PH-MCO. The PH-MCO will be responsible for reporting the targeted providers/organizations, targeted recipients, and define the financial spending for each arrangement (see more details below). Because of limited funding, the PH-MCO should target providers/organizations that serve a large volume of complex MA recipients including high risk pregnant women. Preference should be given to large health systems, FQHCs and high volume dental providers. Preference should be given to programs that focus on co-location of care management services for consumers with persistent serious mental illness (PSMI) and substance use disorder (SUD).
- E. Payment arrangements can include but not be limited to: practice PMPM payments for care management services, payment for direct or contractual employment costs for FTEs, payment of care management CPT codes including transition of care codes, payment for special needs transportation to access MA services, and payment of pharmacy medication management codes.
- F. When selecting providers/organizations to fund CBCM, the PH-MCO must require that the provider/organizations make use of electronic medical records with the intent of achieving Meaningful Use under the CMS specifications for Medicare or Medicaid. Providers/organizations that receive direct or indirect funding must be willing to participate in best practice collaborative learning sessions.
- G. If the PH-MCO does business in multiple HealthChoices zones, CBCM Program funds can be allocated across any zone in which they are licensed.
- H. The PH-MCO is required to develop and submit a proposal to the Department prior to implementing its CBCM Program. The CBCM Program may include multiple programs for use of the CBCM funds. If multiple programs are identified, each one must follow the requirements below. Proposals are due no later than October 3, 2016 and must be submitted to the appropriate folder in Docushare using Exhibit B(3)(c), CBCM Proposal template. Each CBCM proposal must include:
1. An initial CBCM program description that lists targeted providers/organizations, an initial six (6) and twelve (12) month budget,

and an operations timeline that outlines the startup of the program from January 1, 2017 through December 31, 2017.

2. The targeted providers/organizations, larger volume health systems, FQHC's, or co-location of services being involved with CBCM. The PH-MCO will be responsible for reporting the targeted providers/organizations, targeted recipients, and define the financial spending for each arrangement.
 3. The number of FTE's involved with or employed as a CBCM worker whether the FTE is full or part-time, licensed or unlicensed, contracted or part of the PH-MCO staff.
 4. An outline of interventions that the CBCM worker will be performing for each of the targeted providers.
 5. Outline payment mechanisms and time frames to providers for CBCM.
 6. Program Budget, which should include the payment terms.
- I. A PH-MCO's approved CBCM program will remain in effect until December 31 of each calendar year. The PH-MCO may only submit one quarterly revision for the Department's review and approval. The PH-MCO must complete and submit Exhibit B(3)(d), CBCM Proposal Change Form, that is available on DocuShare. Changes must be submitted no later than close of business on the last day of each calendar quarter. No other revisions will be accepted.

III. Payments to the PH-MCO

- A. The Department will make payments for Provider P4P and CBCM based on a per member per month (PMPM) rate, noted in Appendix 3f. This payment is separate from the monthly capitation process, as identified in Appendix 3b, and will be made via Gross Adjustment.

B. Provider Pay-for-Performance

1. The Department will process a quarterly Provider P4P payment in the second subsequent month following the quarter end.
2. Payments made to the PH-MCO under the Provider P4P program are intended to fund all mandatory measures first prior to funding optional measures.
3. If the PH-MCO has unspent Provider P4P funds after all final disbursements have been made for the approved QPP above, upon advanced written notice to the PH-MCO, the Department may reduce a future Provider P4P payment by the unspent amount.

4. If at any time the Department determines Provider P4P funds were not disbursed in accordance with the approved QPP above, upon advanced written notice to the PH-MCO, the Department may elect to reduce a future Provider P4P payment by the amount identified.

C. Community Based Care Management

1. The Department will process a monthly payment for CBCM in the month subsequent to the month in which capitation was paid.
2. If the PH-MCO has unspent CBCM funds, determined as of March 31 of the subsequent calendar year, the PH-MCO will return the unspent funds to the Department upon request. Alternatively, the Department may choose to reduce a future CBCM payment in the amount of unspent funds.
3. If the PH-MCO does business in multiple HealthChoices zones, CBCM funds can be allocated across any and/or all of the zones, in which the PH-MCO operates.
4. Payments for the CBCM program cannot exceed more than 110.0 percent (110.0%) of the approved budget, as identified in Section II.H.6 above, without prior approval by the Department.

IV. Payments to Providers

A. Provider Pay-for-Performance

1. All Provider P4P funds received from the Department for this HealthChoices Agreement should be paid to network providers in accordance with the approved QPP above.
2. The PH-MCO is required to develop and maintain a separate accounting process of the receipts and disbursements of Provider P4P funds. The PH-MCO must be able to separately identify and track each payment to a provider on a per-claim basis for each specific mandatory and optional HEDIS Quality Measure identified in the QPP.
3. Each PH-MCO may determine the frequency of issuing payments to its providers. However, the Department recommends, at a minimum, quarterly payouts. The PH-MCO must issue Provider P4P payments to its providers for services rendered under approved terms of this Exhibit B (3) to be paid out in full no later than June 30 of the subsequent calendar year.

B. Community Based Care Management

1. The PH-MCO should make payment to providers within the approved time period in the approved CBCM program, as identified in Section II.H.6 above.

V. Reporting

A. Provider Pay-for-Performance

1. The PH-MCO is required to meet the Department's reporting requirements relative to Annual Report #40 (Provider P4P). Instructions for completing Annual Report #40 can be found in the applicable Financial Reporting and Requirements issued separately by the Department.
2. The PH-MCO is required to meet the Department's reporting requirements for the submission of an annual analysis of the effectiveness of its approved QPP. The Department has provided a template to the PH-MCO with the requirements for completing this report.

B. Community Based Care Management

1. All PH-MCO must submit an analysis of their Comprehensive Care Management in addition to submitting a sub-analysis of the Community Based Case Management program. These analysis must be submitted as part of Operations Report #15 to the Department on the scheduled reporting due date(s).
2. An analysis of CBCM services should be a subset of the Comprehensive Care Management Program which details each provider involved as well as the Community Based Care Management interventions utilized during member interactions that impacted or reduced preventable readmissions or non-emergent visits to the ED, or enhanced coordination of BH/PH services. For dental related services, MCO will report the impact of CBCM activity to increase the CMS 416 rate of preventive dental services as well as the HEDIS pediatric dental rate.
3. The PH-MCO will report on the clinical and financial outcomes of the program. The analysis should be a subset of the Operations 15 report and must describe the program's return on investment (ROI).

Upon the request of the Department, the PH-MCO must submit a financial report with payment activity for all approved CBCM programs.

VI. Clinical Review

The Department may choose to perform a clinical review of the Provider Pay-for-Performance or Community Based Care Management program. The PH-MCO must reasonably cooperate with Department staff during the clinical review process.

EXHIBIT C

PH-MCO REQUIREMENTS FOR PROVIDER TERMINATIONS

The PH-MCO must comply with the requirements outlined in this Exhibit when they experience a termination with a provider. STANDARD GRANT TERMS AND CONDITIONS FOR SERVICES

1. TERM OF GRANT

The term of the Grant shall commence on the Effective Date (as defined below) and shall end on the Expiration Date identified in the Grant, subject to the other provisions of the Grant. The Effective Date shall be fixed by the Granting Officer after the Grant has been fully executed by the Grantee and by the Commonwealth and all approvals required by Commonwealth Granting procedures have been obtained. The Grant shall not be a legally binding Grant until after the Effective Date is affixed and the fully-executed Grant has been sent to the Grantee. The Granting Officer shall issue a written Notice to Proceed to the Grantee directing the Grantee to start performance on a date which is on or after the Effective Date. The Grantee shall not start the performance of any work prior to the date set forth in the Notice to Proceed and the Commonwealth shall not be liable to pay the Grantee for any service or work performed or expenses incurred before the date set forth in the Notice to Proceed. No agency employee has the authority to verbally direct the commencement of any work under this Grant. The Commonwealth reserves the right, upon notice to the Grantee, to extend the term of the Grant for up to three (3) months upon the same terms and conditions. This will be utilized to prevent a lapse in Grant coverage and only for the time necessary, up to three (3) months, to enter into a new Grant.

2. INDEPENDENT GRANTEE

In performing the services required by the Grant, the Grantee will act as an independent Grantee and not as an employee or agent of the Commonwealth.

3. COMPLIANCE WITH LAW

The Grantee shall comply with all applicable federal and state laws and regulations and local ordinances in the performance of the Grant.

4. ENVIRONMENTAL PROVISIONS

In the performance of the Grant, the Grantee shall minimize pollution and shall strictly comply with all applicable environmental laws and regulations.

5. POST-CONSUMER RECYCLED CONTENT

Except as specifically waived by the Department of General Services in writing, any products which are provided to the Commonwealth as a part of the performance of the Grant must meet the minimum percentage levels for total recycled content as specified in Exhibits A-1 through A-8 to these Standard Grant Terms and Conditions.

6. COMPENSATION/EXPENSES

The Grantee shall be required to perform the specified services at the price(s) quoted in the Grant. All services shall be performed within the time period(s) specified in the Grant. The Grantee shall be compensated only for work performed to the satisfaction of the Commonwealth. The Grantee shall not be allowed or paid travel or per diem expenses except as specifically set forth in the Grant.

7. INVOICES

Unless the Grantee has been authorized by the Commonwealth for Evaluated Receipt Settlement or Vendor Self-Invoicing, the Grantee shall send an invoice itemized by line item to the address referenced on the grant promptly after services are satisfactorily completed. The invoice should include only amounts due under the Grant agreement. The grant number must be included on all invoices. In addition, the Commonwealth shall have the right to require the Grantee to prepare and submit a "Work In Progress" sheet that contains, at a minimum, the tasks performed, number of hours, hourly rate, and the Grant number or task order to which it refers.

8. PAYMENT

- a. The Commonwealth shall put forth reasonable efforts to make payment by the required payment date. The required payment date is: (a) the date on which payment is due under the terms of the Grant; (b) thirty (30) days after a proper invoice actually is received at the "Provide Service and Bill To" address if a date on which payment is due is not specified in the Grant (a "proper" invoice is not received until the Commonwealth

accepts the service as satisfactorily performed); or (c) the payment date specified on the invoice if later than the dates established by (a) and (b) above. Payment may be delayed if the payment amount on an invoice is not based upon the price(s) as stated in the Grant. If any payment is not made within fifteen (15) days after the required payment date, the Commonwealth may pay interest as determined by the Secretary of Budget in accordance with Act No. 266 of 1982 and regulations promulgated pursuant thereto. Payment should not be construed by the Grantee as acceptance of the service performed by the Grantee. The Commonwealth reserves the right to conduct further testing and inspection after payment, but within a reasonable time after performance, and to reject the service if such post payment testing or inspection discloses a defect or a failure to meet specifications. The Grantee agrees that the Commonwealth may set off the amount of any state tax liability or other obligation of the Grantee or its subsidiaries to the Commonwealth against any payments due the Grantee under any Grant with the Commonwealth.

- b. The Commonwealth shall have the option of using the Commonwealth purchasing card to make purchases under the Grant or purchase order. The Commonwealth's purchasing card is similar to a credit card in that there will be a small fee which the Grantee will be required to pay and the Grantee will receive payment directly from the card issuer rather than the Commonwealth. Any and all fees related to this type of payment are the responsibility of the Grantee. In no case will the Commonwealth allow increases in prices to offset credit card fees paid by the Grantee or any other charges incurred by the Grantee, unless specifically stated in the terms of the Grant or purchase order.

9. TAXES

The Commonwealth is exempt from all excise taxes imposed by the Internal Revenue Service and has accordingly registered with the Internal Revenue Service to make tax free purchases under Registration No. 23740001-K. With the exception of purchases of the following items, no exemption certificates are required and none will be issued: undyed diesel fuel, tires, trucks, gas guzzler emergency vehicles, and sports fishing equipment. The Commonwealth is also exempt from Pennsylvania state sales tax, local sales tax, public transportation assistance taxes and fees and vehicle rental tax. The Department of Revenue regulations provide that exemption certificates are not required for sales made to governmental entities and none will be issued. Nothing in this paragraph is meant to exempt a construction Grantee from the payment of any of these taxes or fees which are required to be paid with respect to the purchase, use, rental, or lease of tangible personal property or taxable services used or transferred in connection with the performance of a construction Grant.

10. WARRANTY

The Grantee warrants that all services performed by the Grantee, its agents and subGrantees shall be free and clear of any defects in workmanship or materials. Unless otherwise stated in the Grant, all services and parts are warranted for a period of one year following completion of performance by the Grantee and acceptance by the Commonwealth. The Grantee shall correct any problem with the service and/or replace any defective part with a part of equivalent or superior quality without any additional cost to the Commonwealth.

11. PATENT, COPYRIGHT, AND TRADEMARK INDEMNITY

The Grantee warrants that it is the sole owner or author of, or has entered into a suitable legal agreement concerning either: a) the design of any product or process provided or used in the performance of the Grant which is covered by a patent, copyright, or trademark registration or other right duly authorized by state or federal law or b) any copyrighted matter in any report document or other material provided to the commonwealth under the Grant. The Grantee shall defend any suit or proceeding brought against the Commonwealth on account of any alleged patent, copyright or trademark infringement in the United States of any of the products provided or used in the performance of the Grant. This is upon condition that the Commonwealth shall provide prompt notification in writing of such suit or proceeding; full right, authorization and opportunity to conduct the defense thereof; and full information and all reasonable cooperation for the defense of same. As principles of governmental or public law are involved, the Commonwealth may participate in or choose to conduct, in its sole discretion, the defense of any such action. If information and assistance are furnished by the Commonwealth at the Grantee's written request, it shall be at the Grantee's expense, but the responsibility for such expense shall be only that within the Grantee's written authorization. The Grantee shall indemnify and hold the Commonwealth harmless from all damages, costs, and expenses, including attorney's fees that the Grantee or the Commonwealth may pay or incur by reason of any infringement or violation of the rights occurring to any holder of copyright, trademark, or patent interests and rights in any products provided or used in the performance of the Grant. If any of the products provided by the Grantee in such suit or proceeding are held to constitute infringement and the use is enjoined, the Grantee shall, at its own expense and at its option, either procure the right to continue use of such infringement products, replace them with non-infringement equal

performance products or modify them so that they are no longer infringing. If the Grantee is unable to do any of the preceding, the Grantee agrees to remove all the equipment or software which are obtained contemporaneously with the infringing product, or, at the option of the Commonwealth, only those items of equipment or software which are held to be infringing, and to pay the Commonwealth: 1) any amounts paid by the Commonwealth towards the purchase of the product, less straight line depreciation; 2) any license fee paid by the Commonwealth for the use of any software, less an amount for the period of usage; and 3) the pro rata portion of any maintenance fee representing the time remaining in any period of maintenance paid for. The obligations of the Grantee under this paragraph continue without time limit. No costs or expenses shall be incurred for the account of the Grantee without its written consent.

12. OWNERSHIP RIGHTS

The Commonwealth shall have unrestricted authority to reproduce, distribute, and use any submitted report, data, or material, and any software or modifications and any associated documentation that is designed or developed and delivered to the Commonwealth as part of the performance of the Grant.

13. ASSIGNMENT OF ANTITRUST CLAIMS

The Grantee and the Commonwealth recognize that in actual economic practice, overcharges by the Grantee's suppliers resulting from violations of state or federal antitrust laws are in fact borne by the Commonwealth. As part of the consideration for the award of the Grant, and intending to be legally bound, the Grantee assigns to the Commonwealth all right, title and interest in and to any claims the Grantee now has, or may acquire, under state or federal antitrust laws relating to the products and services which are the subject of this Grant.

14. HOLD HARMLESS PROVISION

The Grantee shall hold the Commonwealth harmless from and indemnify the Commonwealth against any and all claims, demands and actions based upon or arising out of any activities performed by the Grantee and its employees and agents under this Grant and shall, at the request of the Commonwealth, defend any and all actions brought against the Commonwealth based upon any such claims or demands.

15. AUDIT PROVISIONS

The Commonwealth shall have the right, at reasonable times and at a site designated by the Commonwealth, to audit the books, documents and records of the Grantee to the extent that the books, documents and records relate to costs or pricing data for the Grant. The Grantee agrees to maintain records which will support the prices charged and costs incurred for the Grant. The Grantee shall preserve books, documents, and records that relate to costs or pricing data for the Grant for a period of three (3) years from date of final payment. The Grantee shall give full and free access to all records to the Commonwealth and/or their authorized representatives.

16. DEFAULT

- a. The Commonwealth may, subject to the provisions of Paragraph 17, Force Majeure, and in addition to its other rights under the Grant, declare the Grantee in default by written notice thereof to the Grantee, and terminate (as provided in Paragraph 18, Termination Provisions) the whole or any part of this Grant for any of the following reasons:
 - 1) Failure to begin work within the time specified in the Grant or as otherwise specified;
 - 2) Failure to perform the work with sufficient labor, equipment, or material to insure the completion of the specified work in accordance with the Grant terms;
 - 3) Unsatisfactory performance of the work;
 - 4) Failure or refusal to remove material, or remove and replace any work rejected as defective or unsatisfactory;
 - 5) Discontinuance of work without approval;
 - 6) Failure to resume work, which has been discontinued, within a reasonable time after notice to do so;
 - 7) Insolvency or bankruptcy;
 - 8) Assignment made for the benefit of creditors;
 - 9) Failure or refusal within 10 days after written notice by the Granting Officer, to make payment or show cause why payment should not be made, of any amounts due for materials furnished, labor supplied or performed, for equipment rentals, or for utility services rendered;
 - 10) Failure to protect, to repair, or to make good any damage or injury to property; or
 - 11) Breach of any provision of this Grant.
- b. In the event that the Commonwealth terminates this Grant in whole or in part as provided in Subparagraph a. above, the Commonwealth may procure, upon such terms and in such manner as it determines, services similar or identical to those so terminated,

and the Grantee shall be liable to the Commonwealth for any reasonable excess costs for such similar or identical services included within the terminated part of the Grant.

- c. If the Grant is terminated as provided in Subparagraph a. above, the Commonwealth, in addition to any other rights provided in this paragraph, may require the Grantee to transfer title and deliver immediately to the Commonwealth in the manner and to the extent directed by the Issuing Office, such partially completed work, including, where applicable, reports, working papers and other documentation, as the Grantee has specifically produced or specifically acquired for the performance of such part of the Grant as has been terminated. Except as provided below, payment for completed work accepted by the Commonwealth shall be at the Grant price. Except as provided below, payment for partially completed work including, where applicable, reports and working papers, delivered to and accepted by the Commonwealth shall be in an amount agreed upon by the Grantee and Granting Officer. The Commonwealth may withhold from amounts otherwise due the Grantee for such completed or partially completed works, such sum as the Granting Officer determines to be necessary to protect the Commonwealth against loss.
- d. The rights and remedies of the Commonwealth provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Grant.
- e. The Commonwealth's failure to exercise any rights or remedies provided in this paragraph shall not be construed to be a waiver by the Commonwealth of its rights and remedies in regard to the event of default or any succeeding event of default.
- f. Following exhaustion of the Grantee's administrative remedies as set forth in Paragraph 19, the Grantee's exclusive remedy shall be to seek damages in the Board of Claims.

17. FORCE MAJEURE

Neither party will incur any liability to the other if its performance of any obligation under this Grant is prevented or delayed by causes beyond its control and without the fault or negligence of either party. Causes beyond a party's control may include, but aren't limited to, acts of God or war, changes in controlling law, regulations, orders or the requirements of any governmental entity, severe weather conditions, civil disorders, natural disasters, fire, epidemics and quarantines, general strikes throughout the trade, and freight embargoes.

The Grantee shall notify the Commonwealth orally within five (5) days and in writing within ten (10) days of the date on which the Grantee becomes aware, or should have reasonably become aware, that such cause would prevent or delay its performance. Such notification shall (i) describe fully such cause(s) and its effect on performance, (ii) state whether performance under the Grant is prevented or delayed and (iii) if performance is delayed, state a reasonable estimate of the duration of the delay. The Grantee shall have the burden of proving that such cause(s) delayed or prevented its performance despite its diligent efforts to perform and shall produce such supporting documentation as the Commonwealth may reasonably request. After receipt of such notification, the Commonwealth may elect either to cancel the Grant or to extend the time for performance as reasonably necessary to compensate for the Grantee's delay.

In the event of a declared emergency by competent governmental authorities, the Commonwealth by notice to the Grantee, may suspend all or a portion of the Grant.

18. TERMINATION PROVISIONS

The Commonwealth has the right to terminate this Grant for any of the following reasons. Termination shall be effective upon written notice to the Grantee.

- a. **TERMINATION FOR CONVENIENCE:** The Commonwealth shall have the right to terminate the Grant for its convenience if the Commonwealth determines termination to be in its best interest. The Grantee shall be paid for work satisfactorily completed prior to the effective date of the termination, but in no event shall the Grantee be entitled to recover loss of profits.
- b. **NON-APPROPRIATION:** The Commonwealth's obligation to make payments during any Commonwealth fiscal year succeeding the current fiscal year shall be subject to

availability and appropriation of funds. When funds (state and/or federal) are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal year period, the Commonwealth shall have the right to terminate the Grant. The Grantee shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the supplies or services delivered under this Grant. Such reimbursement shall not include loss of profit, loss of use of money, or administrative or overhead costs. The reimbursement amount may be paid for any appropriations available for that purpose

- c. **TERMINATION FOR CAUSE:** The Commonwealth shall have the right to terminate the Grant for Grantee default under Paragraph 16, Default, upon written notice to the Grantee. The Commonwealth shall also have the right, upon written notice to the Grantee, to terminate the Grant for other cause as specified in this Grant or by law. If it is later determined that the Commonwealth erred in terminating the Grant for cause, then, at the Commonwealth's discretion, the Grant shall be deemed to have been terminated for convenience under the Subparagraph 18.a.

19. GRANT CONTROVERSIES

- a. In the event of a controversy or claim arising from the Grant, the Grantee must, within six months after the cause of action accrues, file a written claim with the Granting officer for a determination. The claim shall state all grounds upon which the Grantee asserts a controversy exists. If the Grantee fails to file a claim or files an untimely claim, the Grantee is deemed to have waived its right to assert a claim in any forum.
- b. The Granting officer shall review timely-filed claims and issue a final determination, in writing, regarding the claim. The final determination shall be issued within 120 days of the receipt of the claim, unless extended by consent of the Granting officer and the Grantee. The Granting officer shall send his/her written determination to the Grantee. If the Granting officer fails to issue a final determination within the 120 days (unless extended by consent of the parties), the claim shall be deemed denied. The Granting officer's determination shall be the final order of the purchasing agency.
- c. Within fifteen (15) days of the mailing date of the determination denying a claim or within 135 days of filing a claim if, no extension is agreed to by the parties, whichever occurs first, the Grantee may file a statement of claim with the Commonwealth Board of Claims. Pending a final judicial resolution of a controversy or claim, the Grantee shall proceed diligently with the performance of the Grant in a manner consistent with the determination of the Granting officer and the Commonwealth shall compensate the Grantee pursuant to the terms of the Grant.

20. ASSIGNABILITY AND SUBGRANTING

- a. Subject to the terms and conditions of this Paragraph 20, this Grant shall be binding upon the parties and their respective successors and assigns.
- b. The Grantee shall not subGrant with any person or entity to perform all or any part of the work to be performed under this Grant without the prior written consent of the Granting Officer, which consent may be withheld at the sole and absolute discretion of the Granting Officer.
- c. The Grantee may not assign, in whole or in part, this Grant or its rights, duties, obligations, or responsibilities hereunder without the prior written consent of the Granting Officer, which consent may be withheld at the sole and absolute discretion of the Granting Officer.
- d. Notwithstanding the foregoing, the Grantee may, without the consent of the Granting Officer, assign its rights to payment to be received under the Grant, provided that the Grantee provides written notice of such assignment to the Granting Officer together with a written acknowledgement from the assignee that any such payments are subject to all of the terms and conditions of this Grant.
- e. For the purposes of this Grant, the term "assign" shall include, but shall not be limited to, the sale, gift, assignment, pledge, or other transfer of any ownership interest in the

Grantee provided, however, that the term shall not apply to the sale or other transfer of stock of a publicly traded company.

- f. Any assignment consented to by the Granting Officer shall be evidenced by a written assignment agreement executed by the Grantee and its assignee in which the assignee

agrees to be legally bound by all of the terms and conditions of the Grant and to assume the duties, obligations, and responsibilities being assigned.

- g. A change of name by the Grantee, following which the Grantee's federal identification number remains unchanged, shall not be considered to be an assignment hereunder. The Grantee shall give the Granting Officer written notice of any such change of name.

21. NONDISCRIMINATION/SEXUAL HARASSMENT CLAUSE

During the term of the Grant, the Grantee agrees as follows:

- a. In the hiring of any employee(s) for the manufacture of supplies, performance of work, or any other activity required under the grant agreement or any subgrant agreement, contract, or subcontract, the Grantee, a subgrantee, a contractor, a subcontractor, or any person acting on behalf of the Grantee shall not discriminate in violation of the Pennsylvania Human Relations Act (PHRA) and applicable federal laws against any citizen of this Commonwealth who is qualified and available to perform the work to which the employment relates.
- b. The Grantee, any subgrantee, contractor or any subcontractor or any person on their behalf shall not in any manner discriminate in violation of the PHRA and applicable federal laws against or intimidate any of its employees.
- c. The Grantee, any subgrantee, contractor or any subcontractor shall establish and maintain a written nondiscrimination and sexual harassment policy and shall inform their employees of the policy. The policy must contain a provision that sexual harassment will not be tolerated and employees who practice it will be disciplined. Posting this Nondiscrimination/Sexual Harassment Clause conspicuously in easily-accessible and well-lighted places customarily frequented by employees and at or near where the grant services are performed shall satisfy this requirement.
- d. The Grantee, any subgrantee, contractor or any subcontractor shall not discriminate in violation of the PHRA and applicable federal laws against any subgrantee, contractor, subcontractor or supplier who is qualified to perform the work to which the grant relates.
- e. The Grantee and each subgrantee, contractor and subcontractor represents that it is presently in compliance with and will maintain compliance with all applicable federal, state, and local laws and regulations relating to nondiscrimination and sexual harassment. The Grantee and each subgrantee, contractor and subcontractor further represents that it has filed a Standard Form 100 Employer Information Report ("EEO-1") with the U.S. Equal Employment Opportunity Commission ("EEOC") and shall file an annual EEO-1 report with the EEOC as required for employers subject to Title VII of the Civil Rights Act of 1964, as amended, that have 100 or more employees and employers that have federal government contracts or first-tier subcontracts and have 50 or more employees. The Grantee, any subgrantee, any contractor or any subcontractor shall, upon request and within the time periods requested by the Commonwealth, furnish all necessary employment documents and records, including EEO-1 reports, and permit access to their books, records, and accounts by the granting agency and the Bureau of Small Business Opportunities (BSBO), for the purpose of ascertaining compliance with the provisions of this Nondiscrimination/Sexual Harassment Clause.
- f. The Grantee, any subgrantee, contractor or any subcontractor shall include the provisions of this Nondiscrimination/Sexual Harassment Clause in every subgrant agreement, contract or subcontract so that those provisions applicable to subgrantees, contractors or subcontractors will be binding upon each subgrantee, contractor or subcontractor.
- g. The Grantor's and each subgrantee's, contractor's and subcontractor's obligations pursuant to these provisions are ongoing from and after the effective date of the grant agreement through the termination date thereof. Accordingly, the Grantee and each subgrantee, contractor and subcontractor shall have an obligation to inform the Commonwealth if, at any time during the term of the grant agreement, it becomes aware of any actions or occurrences that would result in violation of these provisions.

- h. The Commonwealth may cancel or terminate the grant agreement and all money due or to become due under the grant agreement may be forfeited for a violation of the terms and conditions of this Nondiscrimination/Sexual Harassment Clause. In addition, the granting agency may proceed with debarment or suspension and may place the Grantee, subgrantee, contractor, or subcontractor in the Contractor Responsibility File.

22. CONTRACTOR INTEGRITY PROVISIONS

It is essential that those who seek to contract with the Commonwealth of Pennsylvania ("Commonwealth") observe high standards of honesty and integrity. They must conduct themselves in a manner that fosters public confidence in the integrity of the Commonwealth contracting and procurement process.

- 1. **DEFINITIONS.** For purposes of these Contractor Integrity Provisions, the following terms shall have the meanings found in this Section:

- a. **"Affiliate"** means two or more entities where (a) a parent entity owns more than fifty percent of the voting stock of each of the entities; or (b) a common shareholder or group of shareholders owns more than fifty percent of the voting stock of each of the entities; or c) the entities have a common proprietor or general partner.
- b. **"Consent"** means written permission signed by a duly authorized officer or employee of the Commonwealth, provided that where the material facts have been disclosed, in writing, by prequalification, bid, proposal, or contractual terms, the Commonwealth shall be deemed to have consented by virtue of the execution of this contract.
- c. **"Contractor"** means the individual or entity, that has entered into this contract with the Commonwealth.
- d. **"Contractor Related Parties"** means any affiliates of the Contractor and the Contractor's executive officers, Pennsylvania officers and directors, or owners of 5 percent or more interest in the Contractor.
- e. **"Financial Interest"** means either:
 - (1) Ownership of more than a five percent interest in any business; or
 - (2) Holding a position as an officer, director, trustee, partner, employee, or holding any position of management.
- f. **"Gratuity"** means tendering, giving, or providing anything of more than nominal monetary value including, but not limited to, cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. - g. **"Non-bid Basis"** means a contract awarded or executed by the Commonwealth with Contractor without seeking bids or proposals from any other potential bidder or offeror.

- 2. In furtherance of this policy, Contractor agrees to the following:

- a. Contractor shall maintain the highest standards of honesty and integrity during the performance of this contract and shall take no action in violation of state or federal laws or regulations or any other applicable laws or regulations, or other requirements applicable to Contractor or that govern contracting or procurement with the Commonwealth.
- b. Contractor shall establish and implement a written business integrity policy, which includes, at a minimum, the requirements of these provisions as they relate to the Contractor activity with the Commonwealth and Commonwealth employees and which is made known to all Contractor employees. Posting these Contractor Integrity Provisions conspicuously in easily-accessible and well-lighted places customarily frequented by employees and at or near where the contract services are performed shall satisfy this requirement.
- c. Contractor, its affiliates, agents, employees and anyone in privity with Contractor shall not accept, agree to give, offer, confer, or agree to confer or promise to confer, directly or indirectly, any gratuity or pecuniary benefit to any person, or to influence or attempt to influence any person in violation of any federal or state law, regulation, executive order of the Governor of Pennsylvania, statement of policy, management directive or any other published standard of the Commonwealth in connection with performance of work under this contract, except as provided in this contract.

- d.** Contractor shall not have a financial interest in any other contractor, subcontractor, or supplier providing services, labor, or material under this contract, unless the financial interest is disclosed to the Commonwealth in writing and the Commonwealth consents to Contractor's financial interest prior to Commonwealth execution of the contract. Contractor shall disclose the financial interest to the Commonwealth at the time of bid or proposal submission, or if no bids or proposals are solicited, no later than Contractor's submission of the contract signed by Contractor.
- e.** Contractor certifies to the best of its knowledge and belief that within the last five (5) years Contractor or Contractor Related Parties have not:

If Contractor cannot so certify to the above, then it must submit along with its bid, proposal or contract a written explanation of why such certification cannot be made and the Commonwealth will determine whether a contract may be entered into with the Contractor. The Contractor's obligation pursuant to this certification is ongoing from and after the effective date of the contract through the termination date thereof. Accordingly, the Contractor shall have an obligation to immediately notify the Commonwealth in writing if at any time during the term of the contract it becomes aware of any event which would cause the Contractor's certification or explanation to change. Contractor acknowledges that the Commonwealth may, in its sole discretion, terminate the contract for cause if it learns that any of the certifications made herein are currently false due to intervening factual circumstances or were false or should have been known to be false when entering into the contract.

Contractor shall comply with the requirements of the *Lobbying Disclosure Act (65 Pa.C.S. §13A01 et seq.)* regardless of the method of award. If this contract was awarded on a Non-bid Basis, Contractor must also comply with the requirements of the *Section 1641 of the Pennsylvania Election Code (25 P.S. §3260a)*.

- f.** When Contractor has reason to believe that any breach of ethical standards as set forth in law, the Governor's Code of Conduct, or these Contractor Integrity Provisions has occurred or may occur, including but not limited to contact by a Commonwealth officer or employee which, if acted upon, would violate such ethical standards, Contractor shall immediately notify the Commonwealth contracting officer or the Office of the State Inspector General in writing.

EXHIBIT G

OPIOID USE DISORDER CENTERS OF EXCELLENCE CONTRACT LANGUAGE

General Information

OMAP will implement twenty Opioid Use Disorder Centers of Excellence (OUD-COE) through the physical health HealthChoices program. These Centers of Excellence will be buprenorphine/naltrexone prescribing physical health (PH) organizations. This initiative will increase the capacity to care for those seeking treatment for OUD, as well as increase the quality of care. Each OUD-COE will be given funding of \$500,000 to perform the following requirements:

- deploying a community-based care management team,
- tracking/reporting aggregate outcomes,
- meeting defined referral standards for drug and alcohol as well as mental health counseling,
- reporting on standard quality outcomes, and
- participating in a learning network.

The majority of the OUD-COE payments will be for care management/coordination of individuals with OUD. The OUD-COE will be expected to provide clinical expertise to the wider provider community in a “hub and spoke” model of care. Each OUD-COE is expected to expand capacity to at least 300 new patients within 12 months. The OUD-COEs must collect and report quality outcomes to the HealthChoices MCOs and OMAP. OMAP will select the Centers of Excellence through an application process in consultation with the HealthChoices Managed Care Organizations (MCOs).

Specific requirements of MCO

The MCO must contract with all selected OUD-COEs within the regions in which they operate, unless the MCO demonstrates to OMAP’s satisfaction that the MCO is not able to reach a contractual agreement with the OUD-COE. The MCO must collaborate with each OUD-COE to coordinate care, collect aggregate quality measures, and develop a regional and statewide learning network.

A regional learning network will be developed with all MCOs and OUD-COEs in each HealthChoices region. All OUD-COEs and MCOs will participate and support a statewide learning network. They will also support a statewide telephonic peer to peer consultative service from an addiction specialist team to OUD providers within the COEs and their respective communities.

The MCO will work with the OUD-COE care management team to obtain written patient consent to share OUD related information that is compliant with state and federal laws and regulations. Once consent is obtained the MCO will work collaboratively with the appropriate behavioral health MCO to coordinate comprehensive services. The MCO will work with the COE to report all care management activity to OMAP through the operations 15 report. The MCO must develop value based payment models that reward high quality of care delivered within the OUD-COE. The MCO must assure each OUD-COE is compliant with the specific requirements listed below.

Specific requirements of COE's

General requirements.

- All OUD Centers of Excellence (OUD-COEs) organizations must be enrolled as a Medical Assistance provider.
- All OUD-COEs must attest that they will not charge Medical Assistance recipients cash for any OUD related services.
- All OUD-COEs must have and make use of an Electronic Health Record within 18 months of being designated an OUD-COE.
- It is highly recommended but not required that the OUD-COE obtain a patient centered medical home (PCMH) certification from an accredited organization within 18 months of being designated an OUD-COE.

Community based care management teams.

The OUD-COE must deploy a community based care management (CBCM) team that consists of licensed and unlicensed professionals. The CBCM team's activities must not overlap or be redundant to already existing reimbursed care management services. The care management team must work within their local community to accept warm hand offs of individuals with OUD from local emergency departments, state and county corrections facilities, and from primary care providers. They must also work with inpatient and outpatient residential drug and alcohol providers to assure individuals living with OUD transition from that level of care to the COE for ongoing engagement in treatment. The CBCM team will motivate and encourage individuals with OUD to stay engaged in both physical health and mental health treatments. They will facilitate recovery by helping individuals find stable housing, employment, and reestablishing family/community relationships. The CBCM team will be responsible for obtaining written consent for individuals with OUD for sharing pertinent information with the physical health and behavioral health MCOs.

Tracking/reporting access to care and quality outcomes.

Each COE must track and internally report, at a minimum, the following metrics at an individual and aggregate level. This is not meant to be a comprehensive list of quality outcome measures. These measures must be reported to OMAP and to each MCO at least semi-annually at an aggregate level.

- number of individuals initiated in treatment and engaged for 30, 60, 90, 180, 365 days,
- number of individuals seen within 1 business day of referral,
- percent of individuals diagnosed and referred for mental health conditions,
- percent of individuals receiving drug and alcohol counseling,
- percent of individuals referred for comprehensive pain management treatment,
- percentage of individuals concomitantly taking benzodiazepines or prescription opiates,
- a time series survey for quality of life and movement towards recovery for each individual, and
- an annual validated patient satisfaction survey.

Participation in a learning network.

Each COE will be expected to use up to \$15,000 of the funding for the following:

- participate in a learning network that will include OUD treatment operational implementation and complex case based learning similar to the New Mexico ECHO learning model,
- establish a peer to peer telephonic consultative model where an addiction specialist is available for rapid support and advice,
- collaborate with local primary care providers to educate about screening, referral and treatment for OUD, share best practices between COEs, and work with telemedicine psychiatry providers in rural areas to increase the referral for appropriate treatment of behavioral health conditions.

EXHIBIT H

PRIOR AUTHORIZATION GUIDELINES FOR PARTICIPATING MANAGED CARE ORGANIZATIONS IN THE HEALTHCHOICES PROGRAM

A. GENERAL REQUIREMENT

The HealthChoices Physical Health Managed Care Organizations (PH-MCOs) must submit to the Department all written policies and procedures for the Prior Authorization of services. The PH-MCO may require Prior Authorization for any services that require Prior Authorization in the Medical Assistance Fee-for-Service (FFS) Program. The PH-MCO must notify the Department of the FFS authorized services they will continue to prior authorize and the basis for determining if the service is Medically Necessary. The PH-MCO must receive advance written approval from the Department to require the Prior Authorization of any services not currently required to be Prior Authorized under the FFS Program. For each service to be Prior Authorized, the PH-MCO must submit for the Department's review and approval the written policies and procedures in accordance with the guidelines described below. The policies and procedures must:

- Be submitted in writing, for all new and revised criteria, prior to implementation;
- Be approved by the Department in writing prior to implementation;
- Adhere to specifications of the HealthChoices RFP, HealthChoices Agreement, federal regulations, and applicable policy in Medical Assistance General Regulations, Chapter 1101 and DHS regulations;
- Ensure that physical health care is Medically Necessary and provided in an appropriate, effective, timely, and cost efficient manner;
- Adhere to the applicable requirements of Centers for Medicare and Medicaid Services (CMS) Guidelines for Internal Quality Assurance Programs of Health Maintenance Organizations (HMOs), Health Insuring Organizations (HIOs), and Prepaid Health Plans (PHPs), contracting with Medicaid/Quality Assurance Reform Initiative (QARI);
- Include an expedited review process to address those situations when an item or service must be provided on an urgent basis.

Future changes in state and federal law, state and federal regulations, and court cases may require re-evaluation of any previously approved Prior Authorization proposal. Any deviation from the policies and procedures approved by the Department, including time frames for decisions, is considered to be a change and requires a new request for approval. Failure of the PH-MCO to comply may result in sanctions and/or penalties by the Department.

The Department defines prior authorization as:
a determination made by a PH-MCO to approve or deny payment for a Provider's request to provide a service or course of treatment of a specific duration and scope to a Member prior to the Provider's initiation or continuation of the requested service.

The DHS Prior Authorization Review Panel has the sole responsibility to review and approve all prior authorization proposals from the PH-MCOs.

B. GUIDELINES FOR REVIEW

1. Basic Requirements:

- a. The PH-MCO must identify individual service(s), medical item(s), and/or therapeutic categories of drugs to be Prior Authorized.
- b. If the Prior Authorization is limited to specific populations, the PH-MCO must identify all populations who will be affected by the proposal for Prior Authorization.

2. Medically Necessary Requirements:

- a. The PH-MCO must describe the process to validate medical necessity for:
 - covered care and services;
 - procedures and level of care;
 - medical or therapeutic items.
- b. The PH-MCO must identify the source of the criteria used to review the request for Prior Authorization of services. The criteria must be consistent with the HealthChoices contract definition for a service or benefit that is Medically Necessary. All criteria must be submitted to the Department for evaluation and approval under URCAP prior to implementation.
- c. For PH-MCOs, if the criteria being used are:
 - Purchased and licensed, the PH-MCO must identify the vendor;
 - Developed/recommended/endorsed by a national or state health care provider association or society, the PH-MCO must identify the association or society;
 - Based on national best practice guidelines, the PH-MCO must identify the source of those guidelines;
 - Based on the medical training, qualifications, and experience of the PH-MCO's Medical Director or other qualified and trained practitioners, the PH-

MCO must identify the individuals who will determine if the service or benefit is Medically Necessary.

- d. PH-MCO guidelines to determine medical necessity of all drugs that require prior authorization must be posted for public view on the PH-MCO's website. This includes, but is not limited to, guidelines to determine medical necessity of both specific drugs and entire classes of drugs that require prior authorization for health and safety reasons, non-formulary designations, appropriate utilization, quantity limits, or mandatory generic substitution. The guidelines must specify all of the conditions that the PH-MCO reviewers will consider when determining medical necessity including requirements for step therapy.
- e. The PH-MCO must identify the qualification of staff that will determine if the service is Medically Necessary. Health Care Providers, qualified and trained in accordance with the CMS Guidelines, the RFP, the HealthChoices Agreement, and applicable legal settlements must make the determination of Medically Necessary services.

For children under the age of twenty-one (21), requests for service will not be denied for lack of Medical Necessity unless a physician or other health care professional with appropriate clinical expertise in treating the Member's condition or disease determines:

- That the prescriber did not make a good faith effort to submit a complete request, or
- That the service or item is not Medically Necessary, after making a reasonable effort to consult with the prescriber. The reasonable effort to consult must be documented in writing.

3. Administrative Requirements

- a. The PH-MCO's written policies and procedures must identify the time frames for review and decisions and the PH-MCO must demonstrate that the time frames are consistent with the following required maximum time frames:
 - Immediate: Inpatient Place of Service Review for emergency and urgent admissions.
 - 24 hours: All drugs; and items or services which must be provided on an urgent basis.
 - 48 hours: (following receipt of required documentation): Home Health Services.
 - 21 days: All other services.

- b. The PH-MCO's written policies and procedures must demonstrate how the PH-MCO will ensure adequate care management and overall continuity of care among all levels and specialty areas.
- c. The PH-MCO's written policies and procedures must explain how Prior Authorization data will be incorporated into the PH-MCO's overall Quality Management plan.

4. Notification, Grievance, and DHS Fair Hearing Requirements

The PH-MCO must demonstrate how written policies and procedures for requests for Prior Authorization comply and are integrated with the Member and Provider notification requirements and Member Grievance and DHS Fair Hearing requirements of the RFP and Agreement.

5. Requirements for Care Management/Care Coordination of Non Prior Authorized Service(s)/Items(s)

For purposes of tracking care management/identification of certain diagnoses or conditions, and with advance written approval from the Department, the PH-MCO may choose to establish a process or protocol requiring notification prior to service delivery. This process must not involve any approvals/denials or delays in receiving the service. The PH-MCO must notify Providers of this notification requirement. This process may not be administratively cumbersome to Providers and Members. These situations need not comply with the other Prior Authorization requirements contained in this Exhibit.

EXHIBIT J

EPSDT GUIDELINES

The PH-MCO must adhere to specific Department regulations at 55 PA Code Chapters 3700 and 3800 as they relate to EPSDT examinations for individuals under the age of 21 and entering substitute care or a child residential facility placement. These examinations must be performed within the timeframes established by the regulations. The scope of PH-MCO EPSDT requirements that address screening, diagnosis and treatment, tracking, follow-up and outreach, and interagency teams for children are provided below.

The PH-MCO must have written policies and procedures for enrolling Members into an EPSDT program and for providing all Medically Necessary Title XIX EPSDT services to all eligible individuals under the age of twenty-one (21) regardless of whether the service is included on the Medicaid State Plan. The PH-MCO must assist individuals in gaining access to necessary medical, social, education, and other services in accordance with Medical Assistance Bulletin #1239-94-01 "Medical Assistance Case Management Services for Recipients Under the Age of 21.

1. Screening

The PH-MCO must ensure that periodic EPSDT screens are conducted by a process, including data collection format, approved by the Department, on all Members under age 21 to identify health and developmental problems. These screens must be in accordance with the most current periodicity schedule developed by the Department and recommended pediatric immunization schedules, both of which are based on guidelines issued by the American Academy of Pediatrics (AAP) and the Centers for Disease Control and Prevention (CDC).

2. Diagnoses and Treatment

If a suspected problem is detected by a screening examination, the child must be evaluated as necessary for further diagnosis. This diagnosis is used to determine treatment needs. Following an EPSDT screen, if the screening Provider suspects developmental delay and the child is not receiving services at the time of screening, s/he is required to refer the child (not over five years of age) through CONNECT, 1-800-692-7288, for referral for local Early Intervention Program services. The PH-MCO is responsible for developing a system that tracks treatment needs as they are identified and ensures that appropriate follow-up is pursued and reflected in the medical record (see Section 3, Tracking, for all requirements).

OBRA '89 entitles individuals under the age of 21 to receive all Medically Necessary health care services that are contained in Section 1905(a) of the Social Security Act and required to treat a condition diagnosed during any encounter with a Health Care Provider practicing

within the scope of state law. Any Medically Necessary health care, eligible under the federal Medicaid program, required to treat conditions detected during a visit must be covered by the PH-MCO, except Behavioral Health Services which will be covered through the BH-MCO. Even though the PH-MCO is not responsible for behavioral health treatment, it is still responsible for identifying Members who are in need of behavioral health treatment services, and for linking the Member with the appropriate BH-MCO.

The PH-MCO must have a system in place to actively identify the need for and furnish "expanded services". Such policies will be clearly communicated to Providers and Recipient through the Provider Manual and the Member Handbook. If a Health Care Provider prescribes services or equipment for an individual under the age of 21, which is not normally covered by the MA Program, or for which the PH-MCO requires Prior Authorization, the PH-MCO must follow the Prior Authorization requirements outlined in Section V.B and Exhibit H of the contract.

With respect to SSI and SSI-related Members under the age of 21, at the first appointment following enrollment, the PCP must make an initial assessment of the health needs of the child over an appropriate period (not to exceed one year), including the child's need for primary and specialty care. The results of that assessment shall be discussed with the family or custodial agency (and, if appropriate, the child) and shall be listed in the child's medical records. The family shall be informed in writing of the plan, and the right to use complaint procedures if they disagree. As part of the initial assessment, the PCP shall make a recommendation regarding whether case management services should be provided to the child, based on medical necessity, and with the families or custodial agency's consent, this recommendation shall be binding on the PH-MCO.

3. Tracking

The PH-MCO must establish a tracking system that provides information on compliance with EPSDT service provision requirements in the following areas:

- Initial visit for newborns. The initial EPSDT screen shall be the newborn physical exam in the hospital.
- EPSDT screen and reporting of all screening results.
- Diagnosis and/or treatment, or other referrals for children.
- Other tracking activities include: Number of comprehensive screens (reported by age); hearing and vision examinations; dental screens; age appropriate screens; complete age appropriate immunizations; blood lead screens; prenatal care for teen mothers; provision of eyeglasses to those in need of them; dental sealants; newborn home visits; referral of very low birth weight babies to early intervention; referral of Members under the age of 21 with elevated blood lead levels to early intervention; routine evaluation for iron deficiencies ; and timely identification and treatment of asthma.

4. Follow-ups and Outreach

The PH-MCO must have an established process for reminders, follow-ups and outreach to Members that includes:

- Written notification of upcoming or missed appointments within a set time period, taking into consideration language and literacy capabilities of Members.
- Telephone protocols to remind Members of upcoming visits and follow-up on missed appointments within a set time period.
- If requested, any necessary assistance with transportation to ensure that recipients obtain necessary EPSDT screening services. This assistance must be offered prior to each due date of a child's periodic examination.
- Protocols for conducting outreach with non-compliant Members, including home visits, as appropriate.
- A process for outreach and follow-up to Members under the age of twenty-one (21) with Special Needs, such as homeless children.
- A process for outreach and follow-up with County Children and Youth Agencies and Juvenile Probation Offices to assure that they are notified of all Members under the age of 21 who are under their supervision and who are due to receive EPSDT screens and follow-up treatment.
- The PH-MCO may develop alternate processes for follow up and outreach subject to prior written approval from the Department.

The PH-MCO shall submit to the Department reports that identify its performance in the above four required services (Screening, Diagnosis and Treatment, Tracking and Follow-up and Outreach).

Arranging for Medically Necessary follow-up care for health care services is an integral part of the Provider's continuing care responsibility after a screen or any other health care contact. In cases involving a Member under the age of 21 with complex medical needs or serious or multiple disabilities or illnesses, case management services must be offered, consistent with MA Bulletin #1239-94-01 regarding "Medical Assistance Case Management Services for Recipients Under the Age of 21".

To assist the PH-MCO in provision of the above four required services (Screening, Diagnosis and Treatment, Tracking and Follow-up and Outreach) to children in substitute care, the PH-MCO will be required to develop master lists of all enrolled children who are coded as such on the monthly membership files. The PH-MCO must assign specific staff to monitor the services provided to these children and to ensure that they receive comprehensive EPSDT screens and follow-up services. The assigned staff must contact the relevant agencies with custody of these Members or with jurisdiction over them (e.g., County Children and Youth Agency, Juvenile Probation Office) when a particular child has

yet to receive an EPSDT screen or is not current with their EPSDT screen and/or immunizations and to ensure that an appointment for such service is scheduled.

Further, in addition to the EPSDT related Pennsylvania Performance Measures, the PH-MCO must submit to the Department, reports providing all data regarding children in substitute care (e.g., the number of children enrolled in substitute care who have received comprehensive EPSDT screens, the number who have received blood level assessments, etc.).

5. Interagency Teams for EPSDT Services for Children

For the ongoing coordination of EPSDT services for Members under the age of 21 identified with Special Needs, the PH-MCO must appoint a PH-MCO representative who will ensure coordination with other health, education and human services systems in the development of a comprehensive individual/family services plan.

The goal is to develop and implement a comprehensive service plan through a collaborative interagency team approach, which ensures that children have access to appropriate, coordinated, comprehensive health care. To achieve this goal, The PH-MCO must ensure the following:

- Children have access to adequate pediatric care.
- The service plan is developed in coordination with the interagency team, including the child (when appropriate), the adolescent and family members and a PH-MCO representative.
- Development of adequate specialty Provider Networks.
- Integration of covered services with ineligible services.
- Prevention against duplication of services.
- Adherence to state and federal laws, regulations and court requirements relating to individuals with Special Needs.
- Cooperation of PH-MCO Provider Networks.
- Applicable training for PCPs and Providers including the identification of PH-MCO contact persons.

EXHIBIT K

EMERGENCY SERVICES

The PH-MCO must agree to accept the Department's definition of Emergency Services. Case management protocols will not apply in cases where they would interfere with treatment of emergencies. In the case of a pregnant woman who is having contractions, if the PH-MCO attempts to utilize its case management protocols to direct its Member from an Out-of-Network provider to a Network Provider, it must collect and maintain data to demonstrate that there was adequate time to effect a safe transfer to another hospital before delivery or that the transfer would not pose a threat to the health and safety of the patient or the unborn child. Where a transfer is enacted, the PH-MCO must be able to demonstrate that its case management protocols did not interfere with the transferring hospital's obligation to:

- Restrict transfer until the patient is stabilized;
- Effect an appropriate transfer or provide medical treatment within its capacity to minimize the risk of transfer to the individual's health;
- Require a supervised transfer;
- Offer the Member informed refusal to consent to transfer along with documentation of the associated risks and benefits and;
- Not divert a Member being transported by emergency vehicle from its Emergency Service on the basis of his/her insurance.

Emergency providers may initiate the necessary intervention to stabilize the condition of the patient without seeking or receiving prospective authorization by the PH-MCO.

The PH-MCO must develop a process for paying for emergency services (including their plans, if any, to pay for triage). The PH-MCO shall pay for Emergency Services in or outside of the HealthChoices Zone (including outside of Pennsylvania). Payment for Emergency Services shall be made in accordance with applicable law.

The PH-MCO may not deny payment for treatment obtained under either of the following circumstances:

- A Member has an Emergency Medical Condition, including cases in which the absence of immediate medical attention would not have placed the health of the individual (or, with respect to a pregnant woman, the health of the woman or her unborn child) in serious jeopardy, serious impairment to bodily functions, or serious dysfunction of any bodily organ or part.
- A representative of the PH-MCO instructs the Member to seek emergency services.

The PH-MCO may not:

- Limit what constitutes an Emergency Medical Condition with reference to the definition of “Emergency Medical Condition, Emergency Services, and Post Stabilization Services” on the basis of lists of diagnoses or symptoms.
- Refuse to cover emergency services based on the emergency room provider, hospital, or fiscal agent not notifying the Member’s Primary Care Practitioner, PH-MCO, or applicable state entity of the Member’s screening and treatment within ten (10) calendar days of presentation for emergency services.
- Hold a Member who has an Emergency Medical Condition liable for payment of subsequent screening and treatment needed to diagnose the specific condition or stabilize the patient.

The PH-MCO must also develop a process to ensure that PCPs promptly see Members who did not require or receive hospital Emergency Services for the symptoms prompting the attempted emergency room visit.

The PH-MCO is responsible for all Emergency Services including those categorized as mental health or drug and alcohol. Exception: Emergency room evaluations for voluntary and involuntary commitments pursuant to the 1976 Mental Health Procedures Act will be the responsibility of the BH-MCO.

EXHIBIT L

MEDICAL ASSISTANCE TRANSPORTATION PROGRAM

The Medical Assistance Transportation Program (MATP) is responsible for the following:

- Non-emergency transportation to a medical service that is covered by the MA Program. This includes transportation for urgent care appointments.
- Transportation to another county to get medical care as well as advice on locating a train, the bus, and route information.
- Reimbursement for mileage, parking, and tolls with valid receipts, if the consumer used their own car or someone else's to get to the medical care provider.

When requested, the PH-MCO must arrange urgent non-emergency transportation for urgent appointments for their Members through the MATP. MATP agencies have been instructed to contact the PH-MCO for verification that a Medical Assistance consumer's services request is for transportation to a Medical Assistance compensable service. The Department strongly encourages the PH-MCO to jointly undertake activities with MATP agencies such as sharing Provider Network information, developing informational brochures and establishing procedures which enhance transportation services for Members.

EXTERNAL QUALITY REVIEW

External Quality Review (EQR) is a requirement under Title XIX of the Social Security Act, Section 1902(a), (30), (c) for states to obtain an independent, external review body to perform an annual review of the quality of services furnished under state contracts with Managed Care Organizations, including the evaluation of quality outcomes, timeliness and access to services. The requirements for EQR were further outlined in 42 CFR Parts 433 and 438; External Quality Review of Medicaid Managed Care Organizations; Final Rule issued on May 6, 2016. EQR refers to the analysis and evaluation of aggregated information on timeliness, access, and quality of health care services furnished to Members. "Quality", as it pertains to EQR, means the degree to which a PH-MCO maintains or improves the health outcomes of its Members through its structural and operational characteristics and through the provision of services. The results of the EQR are made available, upon request, to specified groups and to interested stakeholders. This is one of many tools that facilitate achieving continuous quality improvement in the delivery of care, health care outcomes, and timeliness of care, access to services, quality and utilization management systems, and program oversight. The Department requires that the PH-MCOs:

- A. Actively participate in planning and developing the measures to be utilized with the Department and the EQRO. The Medical Assistance Advisory Committee will be given an opportunity to provide input into the measures to be utilized.
- B. Accurately, completely and within the required timeframe identify eligible Members to the EQRO.
- C. Correctly identify and report the numerator and denominator for each measure.
- D. Actively encourage and require Providers, including subcontractors, to provide complete and accurate Provider medical records within the timeframe specified by the EQRO.
- E. Demonstrate how the results of the EQR are incorporated into the Plan's overall Quality Improvement Plan and demonstrate progressive improvements during the term of the contract.
- F. Improve Encounter Data in an effort to decrease the need for extensive Provider medical record reviews.
- G. Provide information to the EQRO as requested to fulfill the requirements of the mandatory and optional activities required in 42 CFR Parts 433 and 438.
- H. Ensure that data, clinical records and workspace located at the PH-MCO's work site are available to the independent review team and to the Department, upon request.

- I. Participate in Performance Improvement Projects whose target areas are dictated by the Department to address key quality areas of focus for improvements. The PH-MCO will comply with the timelines as prescribed by the EQRO.

EXHIBIT M(4)

HEALTHCARE EFFECTIVENESS DATA AND INFORMATION SET (HEDIS®)

HEDIS® is a set of standardized performance measures designed to reliably compare health plan performance. HEDIS® performance measures are divided into five domains of care:

- Effectiveness of care,
- Access/availability of care,
- Experience of care (Adult and Child CAHPS),
- Utilization and Relative resource use, and
- Health plan descriptive information,

The Department requires that the PH-MCOs:

- A. Must produce rates for all Medicaid reporting measures, with the exclusion of the behavioral health measures, unless otherwise specified by the Department.
- B. Must follow NCQA specifications as outlined in the HEDIS® Technical Specifications clearly identifying the numerator and denominator for each measure.
- C. Must have all HEDIS® results validated by an NCQA-licensed vendor. The Department currently contracts with an NCQA-licensed entity to validate the MCOs' HEDIS® results used in public reporting. The MCO may utilize these validation results for other purposes such as pursuit of accreditation. The Department may at some future date relinquish the direct contracting of NCQA validation activities.
- D. Must assist with the HEDIS® validation process by the Department's NCQA licensed contractor.
- E. Must demonstrate how HEDIS® results are incorporated into the MCO's overall Quality Improvement Plan.
- F. Must submit validated HEDIS® results annually on June 15th unless otherwise specified by the Department.

Measures publicly reported in the HealthChoices Consumer Guide are based on the Department's NCQA-licensed organization's validated findings.

EXHIBIT M(4)

Consumer Assessment of Healthcare Providers and Systems (CAHPS®)

CAHPS® are a set of standardized surveys that assess patient satisfaction with the experience of care. CAHPS® surveys (Adult and Child) are subsets of HEDIS® reporting required by the Department. For HEDIS®, MCOs must contract with an NCQA-certified vendor to administer the survey according to the HEDIS® survey protocol that is designed to produce standardized results. The survey is based on a randomly selected sample of Members from the MCO and summarizes satisfaction with the experience of care through ratings and composites.

In addition to the Adult survey, HEDIS® incorporates a CAHPS® survey of parental experiences with their child's care. The separate survey is necessary because children's health care frequently requires different Provider Networks and addresses different consumer concerns (e.g. child growth and development).

The HEDIS® protocol for administering CAHPS® surveys consists of a mail protocol followed by telephone administration to those not responding by mail. MCOs must contract with a certified vendor to administer both the Adult and Child CAHPS® surveys. The MCO must generate a sample frame for each survey sample, and arrange for an NCQA-certified auditor to verify the integrity of the sample frame before the certified vendor draws the sample and administers the survey. The MCOs are also required to have the certified vendor submit Member level data files to NCQA for calculation of HEDIS® and CAHPS® survey results. The Department requires that the MCOs:

- A. Must conduct both an Adult and Child CAHPS® survey using the current version of CAHPS.
- B. Must include all Medicaid core questions in both surveys.
- C. Must add the following supplemental dental care questions, one through three, from the Supplemental Items for Adult/Child Questionnaires to both the Adult and Child CAHPS® surveys and questions four through seven to the Child CAHPS® survey:
 - 1. C1. In the last 6 months, did you get care from a dentist's office or dental clinic?
 - 1) Yes

 - 7) 10 or more

EXHIBIT M(4)

3. C3. We want to know your rating of all your dental care from all dentists and other dental providers in the last 6 months. Using any number from 0 to 10, where 0 is the worst dental care possible and 10 is the best dental care possible, what number would you use to rate your dental care?

Description of Facilities and Related Services

Intermediate Care Facility For Individuals with Intellectual Disabilities And Other Related Conditions (ICF/ID/ORCs)

The PH-MCO is responsible to provide the full range of Physical Health Services to Members residing in private ICF/ID/ORC, except that the PH-MCO is not responsible to provide services to a Recipient to the extent services are covered under the facility's per diem payment. The PH-MCO is also not responsible to provide any services determined to fall under the scope of Behavioral Health Services or are the responsibility of the BH-MCO.

Residential Treatment Facility (RTF)

The PH-MCO is responsible to provide the full range of Physical Health Services to Members residing in RTFs. The PH-MCO is not responsible to provide any services that are currently covered under the facility's per diem payment. The PH-MCO is also not responsible to provide any services determined to fall under the scope of Behavioral Health Services or are the responsibility of the BH-MCOs.

Extended Acute Psychiatric Facility

The PH-MCO is responsible to provide the full range of physical health services to Members residing in extended acute psychiatric facilities. The PH-MCO is not responsible to provide any services that are currently covered under the facilities per diem payment. The PH-MCO is also not responsible to provide any services that are determined to fall under the scope of Behavioral Health Services or are the responsibility of the BH-MCOs.

Non-Hospital Residential Detoxification, Rehabilitation, and Half-Way House Facilities for Drug/Alcohol Dependence/ Addiction

The PH-MCO is responsible to provide the full range of physical health services to Members admitted to non-hospital residential detoxification, rehabilitation and halfway house facilities for drug/alcohol dependence/addiction. The PH-MCO is not responsible to provide any services that are currently covered under the facilities per diem payment. The PH-MCO is also not responsible to provide any services that are determined to fall under the scope of Behavioral Health Services or are the responsibility of the BH-MCOs.

Area Agencies on Aging (AAA)/OPTIONS Assessment and Pre-admission Screening Requirements

An OPTIONS Assessment must be completed to assess an individual's need for Nursing Facility services. The PH-MCO must contact the county AAA to initiate the OPTIONS assessment. This must occur prior to a Member's admission to a Nursing Facility. The PH-MCO must abide by the decision of the OPTIONS assessment related to the need for Nursing Facility services. The PH-MCO is not responsible for providing or paying for the OPTIONS assessment.

The PH-MCO must also comply with pre-admission screening requirements contained in 42 U.S.C. Section 1396r(e)(7) and 42 CFR 483.100-483.138 regarding individuals with Mental Retardation/Other Related Conditions or mental illness.

Pennsylvania (PA) Aging Waiver

The PA Aging waiver targets individuals age 60 and older who require Nursing Facility services, but who can safely be served in a community setting. However, the costs for this care may not exceed 80% of the average cost of a Nursing Facility. Individuals wishing to enter the waiver program must meet the current financial waiver requirements (300% of the SSI federal benefit rate) and choose to receive services in their own home or other community settings.

The PA Aging waiver program is operated by the AAA in selected counties in the HealthChoices Zone. It is the responsibility of the AAA to notify the PH-MCO should one of their Members become eligible for the PA Aging waiver program. The PH-MCO will remain financially responsible for the Member and continue to provide medical services, including waiver program medical services, for 30 consecutive days from the date the Member becomes eligible for the PA Aging waiver services. However, the PH-MCO will not be responsible for non-medical PA Aging waiver services during this 30 consecutive day period. The Member will then be disenrolled from the PH-MCO.

The PH-MCO must coordinate all requested medical services with the AAA to ensure continuity, as well as quality of care and to avoid duplication of services.

Members Admitted to Juvenile Detention Centers (JDCs)

Any child receiving MA benefits will continue to receive those benefits during placement in a JDC. Children enrolled in a PH-MCO prior to placement at a JDC either inside or outside the HealthChoices Zone will continue to be covered by the PH-MCO from the date of placement for a maximum of 35 consecutive days. The child will be disenrolled from the PH-MCO after the 35th consecutive day of placement. During the 35 consecutive days, MA eligible services provided to the child on-site at the JDC will be covered under the Medical Assistance Fee-for-Service Program. Any services that are covered by the PH-MCO and provided outside of the JDC site are the responsibility of the PH-MCO. Should a child either be voluntarily disenrolled from a PH-MCO or become ineligible for enrollment due to a change in status, coverage of the child will remain consistent with enrollment

policies. If during the period of placement the child transfers from one PH-MCO to another, the child will receive benefits through the new PH-MCO from the new PH-MCO effective date through the 35th consecutive day of placement.

A child already residing in a JDC will not be permitted to newly enroll in a PH-MCO until after release from the JDC. All other applicable coverage rules will apply.

EPSDT screening results or other health care needs detected during the period of the JDC placement should be reported to the effective PH-MCO. Should a covered service be identified that cannot be provided at the JDC site, the JDC must contact the PH-MCO in order to arrange for the covered service to be provided.

Dual Eligibles (Medicare/Medicaid) under the age of twenty - one

Recipients, under the age of twenty-one who receive both Medicare as their primary health care coverage and Medicaid (MA) as a supplemental coverage, will be required to enroll in the HealthChoices Program and choose both a PH-MCO and PCP within the PH-MCO. See Section V.F., Member Enrollment and Disenrollment, of the Agreement for enrollment information into HealthChoices Zone.

Due to their Medicare eligibility, many of these recipients may require special assistance with the coordination of their Medicare/Medicaid benefits. Therefore, these dually eligible Recipients are classified as having Special Needs and should fall under the guidelines outlined in Section V.P., Special Needs Unit (SNU), of the Agreement.

Recipients who are dually eligible are not required to go to their PH-MCO for services that are covered by Medicare. If appropriate, Recipients who are Dual Eligible are required to comply with the PH-MCO's referral and authorization requirements if they have exhausted their Medicare benefit for a Medicare covered service.

The PH-MCO is responsible to provide prescriptions written by Medicare Providers for a Member as long as the Member goes to a pharmacy within the PH-MCO's Provider Network. Prescription coverage for Recipients who are dually eligible is subject to the PH-MCO's authorization protocols, with the exception of drugs covered by Medicare. In addition, the provisions outlined in Section V.B., Prior Authorization of Services, of this Agreement, will apply.

The PH-MCO's financial responsibility for Dual Eligibles is outlined in Section VII. of the Agreement.

EXHIBIT P

OUT-OF-PLAN SERVICES

Out of Plan Services include, but are not limited to:

A) Transitional Care Homes

The PH-MCO will only be responsible to provide medical services to children upon the child leaving the transitional care home to reside with family or other caretakers living within the HealthChoices Zone. The PH-MCO must ensure continuity of care, as well as coordination with necessary Providers and interagency teams once they are notified that the child has become enrolled in the PH-MCO.

B) Medical Foster Care Services

Medical foster care services are provided to children with special or chronic medical conditions or physical disabilities in the custody of the County Children and Youth Agency and placed in foster family care. Medical foster care services enable the child to be treated by a licensed practitioner on an outpatient rather than an inpatient or institutional basis. Medical foster care services include both supportive and supervisory activities as well as direct care of children. Such tasks include but are not limited to: medical management, nutritional care, hygiene and personal care and developmental education

Medical foster care services are provided by both county and private children and youth social service agencies. The foster parents who are under contract with the agency provide direct care. The licensed foster care agency is enrolled as a Provider Type 40, Specialty 400, Medically Fragile Foster Care, and claims reimbursement is through the Medical Assistance Fee-for-Service Program according to the maximum daily fees for the four levels of medical foster care as established by the Office of Medical Assistance Programs. Even though the PH-MCO is responsible to provide Medically Necessary services to children residing in medical foster care homes, the PH-MCO is not responsible for the medical foster care services identified in the four levels of care. These four levels of medical foster care are described as Level(s) I - IV with each level progressively requiring increased care.

- Level I
 - The Child has one or more medical conditions or physical disabilities that can be relieved, alleviated, or controlled by a regimen of medical supervision and consistent non-specialized care. No life threatening situations are anticipated.
 - Some specialized training may be required for the foster parent to care for the child, such as the preparation and control of special diets and the administration of non-oral medications.

- Wheel chairs, ramps, and/or prostheses may be required but sophisticated technological equipment usually will not be necessary. Few special medical supplies are necessary.
- Level II
 - The child has one or more acute medical conditions or physical disabilities that can be relieved, alleviated, or controlled by specialized intervention and a regimen of medical supervision and consistent care. No immediate life threatening situations are anticipated.
 - Some special medical procedures training may be required for the foster parent for the management of tracheostomies, ileostomies, NG feeding tubes, catheters, etc.
 - Use of sophisticated technological equipment will be minimal. Some special medical supplies will be necessary.
 - The child will usually require special therapeutic interventions and special social, educational, and vocational planning.
- Level III
 - The child has a combination of acute temporary, chronic, or permanent medical conditions or physical disabilities which require intensive, home-based medical intervention on a constant basis to sustain life. Life threatening situations are anticipated.
 - Considerable special medical procedures training will be required for the foster parent.
 - Use of sophisticated technological equipment will be necessary. Special medical supplies will be necessary.
 - Because the child will usually be home-bound, all developmental areas will require special planning.
- Level IV
 - The child has a combination of acute, chronic, or permanent medical conditions or physical disabilities whose life can be sustained only by intensive, home-based medical intervention on a 24-hour basis. Life threatening situations are constantly present.
 - Extensive special medical procedures training will be required for the foster parent.
 - Use of a variety of sophisticated technological equipment will be necessary. Special medical supplies will be necessary.
 - Because the child will be home-bound, all developmental areas will require special planning.

COORDINATION WITH BH-MCOS

The HealthChoices PH-MCOs and the BH-MCOs are required to develop and implement written agreements regarding the interaction and coordination of services provided to Recipients enrolled in the HealthChoices Program. These agreements must be submitted and approved by the Department. The PH-MCOs and BH-MCOs in the HealthChoices Zone are encouraged to develop uniform coordination agreements to promote consistency in the delivery and administration of services. A sample coordination agreement (which does not include all required procedures) can be found in Exhibit Q, Sample Model Agreement. Complete agreements, including operational procedures, must be available for review by the Department upon request. The agreements must be submitted for final review and approval to the Department at least 30 days prior to the implementation of the HealthChoices Program. The written agreements must include, but not be limited to:

- Procedures which govern referral, collaboration and coordination of diagnostic assessment and treatment, prescribing practices, the provision of emergency room services and other treatment issues necessary for optimal health and prevention of disease. The PH-MCO and the BH-MCO must collaborate in relation to the provision of emergency room services. Emergency services provided in general hospital emergency rooms are the responsibility of the Member's PH-MCO, regardless of the diagnosis or services provided. The only exception is for emergency room evaluations for voluntary or involuntary commitment pursuant to the 1976 Mental Health Procedures Act which is the responsibility of the BH-MCO. Responsibility for inpatient admission will be based upon the Member's primary diagnosis. Procedures must define and explain how payment will be shared when the Member's primary diagnosis changes during a continuous hospital stay;
- Procedures, including Prior Authorization, which govern reimbursement by the BH-MCO to the PH-MCO for behavioral health service provided by the PH-MCO or vice versa and the resolution of any payment disputes for services rendered. Procedures must include provisions for differential diagnosis of persons with co-existing physical and behavioral health disorders, as well as provisions for cost-sharing when both Physical and Behavioral Health Services are provided to a Member by a service Provider;
- Procedures for the exchange of relevant enrollment and health-related information among the BH-MCO, the PH-MCO, and PCP and Behavioral and Physical Health Services Providers in accordance with federal and state confidentiality laws and regulations; (e.g., periodic treatment updates with identified primary and relevant specialty Providers);
- Policy and procedures for obtaining releases to share clinical information and providing health records to each, other as requested, consistent with state and federal confidentiality requirements;

- Procedures for training and consultation to each other to facilitate continuity of care and cost-effective use of resources;
- A mechanism for timely resolution of any clinical and fiscal payment disputes, including procedures for entering into binding arbitration to obtain final resolution;
- Procedures for serving on interagency teams, as necessary;
- Procedures for the development of adequate Provider Networks to serve Special Needs populations and coordination of specialized service plans between the BH-MCO service managers, Behavioral Health Service Provider(s) and the PH-MCO PCP for Members with special health needs (e.g., Behavioral Health Services for individuals under the age of 21 in medical foster care and older adults with coexisting physical and behavioral health disorders);
- The BH-MCO is required to provide behavioral health crisis intervention and other necessary In-Plan Services to Members with behavioral health Emergency Conditions. The PH-MCO and BH-MCO must establish clear procedures for coordinating the transport and treatment of persons with behavioral health emergencies who initially present themselves at general hospital emergency rooms to appropriate behavioral health facilities;
- Procedures for the coordination and payment of emergency and non-emergency medically necessary ambulance transportation of Members. All emergency and non-emergency medically necessary ambulance transportation for both physical and behavioral health covered services is the responsibility of the Member's PH-MCO even for a behavioral health diagnosis.
- Procedures for the coordination of laboratory services;
- Mechanisms and procedures to ensure coordination between the BH-MCO service managers, Member services staff and BH-MCO network Providers with the PH-MCO's Special Needs Unit. The effectiveness of these mechanisms shall be included as an area for review by the BH-MCO's Quality Assurance Program and the PH-MCO's Quality Management Program;
- Procedures for the PH-MCO to provide physical examinations required for the delivery of Behavioral Health Services, within designated time frames for each service;
- Procedures for the interaction and coordination of pharmacy.

To insure that there is support for the coordination of care between the PCP and the behavioral health Provider, appropriate county contacts can be found at the following Internet addresses:

Exhibit V - Telephonic Psychiatric Consultation Team Services

The HealthChoices MCO has the responsibility to coordinate the care of children who require therapeutic interventions and medication to treat mental health conditions especially those children in foster care. In order to improve the quality of care for children that require psychotropic medication, the MCO will contract with a telephonic Psychiatric Consultation Team (PCT) that will provide real time telephonic consultative services to PCPs and other prescribers of psychotropic medications for children (referred to as PCPs throughout this document). **The MCO will work with all other BH and PH-MCOs within the HC region to collaboratively choose one PCT team for each HC region.**

The PCT must consist of a team of staff including one (1) full-time equivalent child psychiatrist, one (1) full-time equivalent behavioral health therapist, and one (1) full-time equivalent care coordinator.

Qualifications and key responsibilities for team staff are listed below:

(i) **Child Psychiatrist.** The full-time equivalent position of child psychiatrist may consist of one or more individuals as follows- child psychiatrists must be Board certified or Board eligible and skilled in psychopharmacology. At least one child psychiatrist shall be on call providing continuous coverage from 9:00 a.m. to 5:00 p.m., Monday through Friday, and shall at all times while on call carry a pager and/or cell phone and be accessible to a caller within thirty (30) minutes. The on-call team member shall not be engaged in any activity from which he/she cannot be interrupted within thirty (30) minutes. A child psychiatrist team member shall make an on-site visit to high volume participating PCPs defined by the MCOs in the HC region at least once per year. One child psychiatrist will be designated as the PCT's lead medical director with responsibility to assure consistent quality of care, convene periodic team meetings, assure team productivity and timely regional coverage of PCPs, and participate in quarterly meetings with all BH and PH MCOs within the HC region.

(ii) **Behavioral Health Therapist.** The one (1) full-time equivalent position of behavioral health therapist may consist of one or more individuals as follows: licensed clinical social workers ("LCSW"), licensed mental health counselor, or licensed psychologists. The behavioral health therapist team member's activities must be limited to consultative or short-term transitional care. The therapist(s) must be knowledgeable of local behavioral health resources and work as a team with the care coordinator to match a specific youth/family with the most appropriate and available community resource.

(iii) **Care Coordinator.** The care coordinator supports the team members by coordinating and maintaining schedules, managing registration and billing of patients requiring face-to-face visits, arranging appointments with local behavioral health

providers and oversees collection of any encounter data. The care coordinator must be in constant contact with the BH and PH MCOs.

The PCT will perform consultative services and provider outreach services as described below.

Consultation Services. The PCT will be available at all times between 9:00 a.m. to 5:00 p.m., Monday through Friday (excluding Provider's holidays), to PCPs and other designated providers in the HC region to provide immediate consultations by telephone concerning children and adolescent behavioral health matters. In the event that PCT is unable to consult with the PCP at the time of the PCP's initial inquiry, the PCT shall respond to the PCP within thirty (30) minutes of PCP's initial inquiry call. The telephone consultation will result in one of the following outcomes dependent upon the needs of the PCP's patient and patient's family- resolution of the PCP's inquiry to the satisfaction of the PCP; referral to the PCT care coordinator to assist the family in accessing routine local behavioral health services with such referral stating the average anticipated wait time for visits; referral to PCT's child psychiatrist for an acute psychopharmacological or diagnostic consultation within two (2) weeks or as agreed with the patient's family; or referral to the PCT's social worker to provide diagnostic consultation and/or transitional face-to-face care or telephonic support to the patient and family until the family can access routine local behavioral health services.

The PCT shall maintain an appropriate clinical setting for its staff to care for patients needing face-to-face consultative or transitional services.

The PCT shall maintain records on all consultations and maintain a single designated telephone number with paging ability or PCT person answering the telephone for PCPs to access consultation services.

For all encounters requiring the care coordinator to assist the family with access to routine local behavioral health services, the PCT will follow up with the family to ascertain whether the appointment was made and continue to assist the family as appropriate if the appointment was not made. The care coordinator will contact the BH-MCO to make it aware of any barriers to timely care.

The PCT will send to PCPs a written or electronic record of all face-to-face visits including results of any follow up contacts within 48 hours of the visit. The PCT is encouraged to provide verbal feedback to the PCP from all face-to-face visits requiring follow up. The PCT will also send to PCPs a written or electronic record of all telephonic care coordination encounters including results or any follow up contact within 48 hours of encounter.

The PCT will generate quarterly reports detailing the activity of participating PCPs and identifying which PCPs are not utilizing the service. The PCT will outreach to engage PCPs who are not utilizing the service. This may include but is not limited to outreach

by telephone, e-mail, continuing education sessions, or visits to the office. The quarterly reports will detail the number of telephonic and face to face encounters, the number of unique recipients using the service, the number referred for additional services with community BH providers, the number of recipients who showed up for referred services, the number of unique members discussed with the BH-MCO, and the number of unique members discussed with the PH MCO.

Provider outreach services

The PCT will sequentially contact PCPs and other targeted prescribers of psychotropic medications in the HC Region to inform them of the PCT program and encourage them to participate. The PCT will provide PCPs in the HC Region with training and behavioral health continuing education at PCP offices on how to access and use the consultation program, orientation to community behavioral health services, and guidelines for prescribing and monitoring side effects of common psychotropic medications.

EXHIBIT X

HEALTHCHOICES PH-MCO GUIDELINES FOR ADVERTISING, SPONSORSHIPS, AND OUTREACH

I. Overview

The PH-MCO must submit a plan for advertising, sponsorship, and outreach procedures to the Department for advance written approval in accordance with the guidelines outlined in this exhibit.

II. HealthChoices Outreach Procedures

HealthChoices (HC) Managed Care Organizations (MCOs) must adhere to the following guidelines and all the requirements specified in Section V.F.2, PH-MCO Outreach Materials, and V.F.3, PH-MCO Outreach Activities, of the Agreement when submitting outreach materials, policies and procedures to the Department.

A. Submission of PH-MCO Outreach Material

Purpose: To obtain Department approval of new or revised outreach materials, plans or procedures.

Objectives:

1. To assure that PH-MCO outreach materials are accurate.
2. To prevent the PH-MCO from distributing outreach materials that mislead, confuse or defraud either the Member or the Department.

Process:

1. The PH-MCO submits outreach materials to the Department for prior approval using the HealthChoices Educational Materials Approval Request form (form attached).
2. The Department's contract monitoring Core Team will review and forward to the PH-MCO a preliminary response within thirty (30) calendar days from date of receipt of the request form.

Exception: Should the materials require comments or approval from offices outside the Department contract monitoring Core Team, the turnaround time would be as soon as possible.

3. The PH-MCO will submit a final copy of the outreach materials to the Department contract monitoring Core Team for a final written approval prior to circulating the materials.
4. The Department review agency will forward a final written approval to the PH-MCO within ten (10) business days.
5. Outreach material usage:
 - a. Direct outreach materials will be used only by the HealthChoices Independent Enrollment Assistance Program personnel after final written approval is received by the PH-MCO from the Department.
 - b. Indirect outreach materials, i.e. advertisements, may be utilized immediately after final written approval is received by the PH-MCO from the Department.

B. Criteria for Review of PH-MCO Outreach Material

Purpose: To assure that printed materials, advertising, promotional activities and new Member orientations coordinated through the HealthChoices Independent Enrollment Assistance Program are designed to enable the Medical Assistance consumer to make an informed choice.

Objectives:

1. To assure that the information complies with all federal and state requirements.
2. To determine if the information is grammatically correct and appropriate for Pennsylvania's Medical Assistance population.
3. To ensure that outreach materials are accurate and do not mislead, confuse, or defraud the Member or the Department with the assertion or statement that the Member must enroll in the PH-MCO in order to obtain Medical Assistance benefits, or in order to not lose Medical Assistance benefits.
4. To ensure that there are no assertions or statements that the PH-MCO is endorsed by CMS, the Federal or State government, or similar entity.

Process:

1. Receive a written overall outreach plan annually if the PH-MCO anticipates participation in outreach activities. Requests for specific indirect advertising must be submitted thirty (30) calendar days in advance for written Department approval.

2. Determine if approval is necessary from other offices.
3. Review the information with the following criteria:
 - a. Is the PH-MCO identified?
 - b. Does the information comply with all federal and state regulations?
 - c. Is the information presented in grammatically correct, precise, appropriate and unambiguous language, easily understood by the target audience (i.e., age and language) and does it avoid the use of industry jargon?
 - d. Is the information fair, relevant, accurate and not misleading or disparaging to competitors?
 - e. Can the information be easily understood by a person with a sixth grade education?
 - f. Does the information include symbols or pictures that are discriminating because of race, color, age, religion, sex, national origin, physical handicap or otherwise? and
 - g. Does the information create a negative image of the traditional Fee-for-Service system?
4. The Department will forward a final written response to the PH-MCO within ten (10) business days.

C. HC PH-MCO Participating In or Hosting an Event

The PH-MCO may submit requests to sponsor or participate in health fairs or community events; the request should demonstrate that the PH-MCO will participate in such fairs or events through activities, including approved outreach activities that are primarily health-care related. The PH-MCO must receive advance written approval from the Department prior to the event date. All requests must be submitted to the Department at least thirty 30 calendar days in advance of the event, on the forms which are included as part of this attachment.

Purpose: To clarify for PH-MCOs that Pennsylvania laws and regulations prohibit certain kinds of offers or payments to consumers as inducements or incentives for consumers to use the PH-MCO's services.

Objectives:

1. To provide amenities that create an environment that is comfortable and convenient for Recipients but is not offered as an artificial outreach inducement or incentive.

2. To eliminate fraudulent, abusive and deceptive practices that may occur as incentives or inducements to obtain specific covered services from the PH-MCO.

Process:

1. The PH-MCO must submit a request, using the applicable HealthChoices PH-MCO Outreach Approval Request Form or the HealthChoices Education Materials Request Form, to the appropriate Department review agency to host an event thirty (30) calendar days in advance of the event (see attached). Should the event require approval from other offices, the approval process may extend beyond thirty (30) calendar days.
2. The Department review agency considers the request confidential information.

EXHIBIT Z AUTOMATIC ASSIGNMENT

Any Consumer who does not select a physical health-managed care organization (PH-MCO) and is mandated into the HealthChoices Program will be subject to the auto-assignment process as described below. The auto-assignment process does not negate the Consumer's option to change his/her PH-MCO. An eligible Consumer who has not made a PH-MCO selection and who has a case record that also includes another active member in the case with an active PH-MCO record will be assigned to that same PH-MCO. These Consumers will not count toward the percentages designated for auto-assignment. Consumers in a family unit will be assigned together to a PH-MCO. All remaining eligible Consumers, who have not voluntarily selected a PH-MCO, will be considered in the pool of Consumers who will be equally auto-assigned to PH-MCOs. The formula will direct an equal distribution of the auto-assignment pool in all HealthChoices Zones monthly based on the number of PH-MCOs in the Zone. For example, if there are five PH-MCOs in the Zone, each PH-MCO would receive 20%.

- A. **Consumer Re-Assignment Following Resumption of Eligibility:** Consumers who lose eligibility and regain it within six (6) months will automatically be re-enrolled in their previously selected PH-MCO, as long as the Consumer's eligibility status or geographical residence is still valid for participation in that same PH-MCO.

If the Consumer loses eligibility and regains it after six (6) months, s/he may be enrolled in the same PH-MCO as the payment name, the case payment name or any other Member in the case that has an active PH-MCO record. If there is no active PH-MCO record in the case, s/he will automatically become enrolled in a PH-MCO through the automatic assignment process.

Prior to the future begin date for the auto-assigned PH-MCO, the Consumer may select a different PH-MCO and override the auto-assigned PH-MCO by contacting the EAP Contractor. When the Consumer contacts the EAP Contractor to make this change, it will be the EAP Contractor's responsibility to enroll the Consumer in the PH-MCO of his/her choice. The EAP Contractor will process the enrollment into the new PH-MCO through the weekly enrollment process.

- B. **Continuing Enrollment When Moving Between Zones:** Eligible Consumers who move from one HealthChoices Zone to another will remain in the PH-MCO in which they were enrolled prior to their move, if the PH-MCO is also operational in the Zone to which they move.

The Department reserves the right to reassess the distribution process and to modify it in accordance with sound programmatic management principles. The Department shall institute such modifications at any time following appropriate notification to the PH-MCOs via executive correspondence.

EXHIBIT BB

PH-MCO RECIPIENT COVERAGE DOCUMENT

This Recipient Coverage Document (RCD) includes descriptions of policies supported by the Department of Human Services (Department) data systems and processes. In cases in which policies expressed in this document conflict with another provision of the Managed Care Organization's (PH-MCO) Agreement, the Agreement will take precedence.

PH-MCO coverage as detailed in this document does not imply coverage under a BH-MCO. Refer to the BH-MCO RCD for behavioral health coverage guidelines.

The Department will provide sufficient information to the PH-MCO in order for it to reconcile PH-MCO membership data and amounts paid to and recovered from the PH-MCO. The Department will only pay capitation to one plan per recipient per month.

Coverage Rules

A PH-MCO is responsible for a Member if coverage is determined by applying the general rules found in any of paragraphs A, B, or C below, subject to exceptions and clarifications found in paragraphs D, E, F, and G.

Refer to the HealthChoices Intranet site "HealthChoices" for additional information on Recipient coverage, clarifications, examples, and membership Enrollment/disenrollment procedures.

A. Responsibility to Provide MA Benefits. - Unless otherwise specified, the PH-MCO is responsible to provide Medical Assistance (MA) benefits to Members in accordance with eligibility information included on the Monthly Membership File and/or the Daily Membership File, which is provided by the Department to each PH-MCO.

B. Membership Files/Coverage Dates/Eligibility. - Daily and Monthly Membership Files containing information and changes that apply to their Members are provided to each PH-MCO. The PH-MCO is responsible to provide services for each PH-MCO Member identified on the Daily or Monthly Membership File from the first day of the calendar month or the PH-MCO coverage start date, whichever is later, through the last day of the calendar month, or the PH-MCO end-date, if any. The Department will pay the PH-MCO from the first day of coverage in a month through the last day of the calendar month. PH-MCO coverage dates beyond the last day of the month in which the Daily or Monthly Membership File is created are preliminary information that is subject to change.

Members who become ineligible for MA will retain their PH-MCO selection for six months. These Members will become the responsibility of the same PH-MCO if

they regain MA eligibility during that six-month period, as long as their category of assistance and geographic location are valid for that PH-MCO. Upon regaining eligibility, their PH-MCO effective date will be their eligibility begin date or the date Client Information System (CIS) is updated with their coverage, whichever is later.

C. Benefit Packages. - The Department has established benefit packages based on category of assistance, program status code, age, and, for some packages, the existence of Medicare coverage, or a Deprivation Qualification Code. In cases where the Member benefits are determined by the benefit package, the most comprehensive package is to be honored. For example, if a Member has the most comprehensive package on the first of the month but changes to a lesser level package during the month, he/she should receive the higher level of benefits for the entire month. If a Member has a lesser level benefit package at the beginning of the month but changes to higher level during the month, he/she should receive the higher-level benefits effective the first day of coverage under the higher level through the end of that month regardless of whether the category/program status code combination resulting in the higher level of benefits is valid for PH-MCO Enrollment. Refer to the Daily and Monthly Membership Files to determine increased benefits during a month.

D. Exceptions and Clarifications. - The Department will recover Capitation payments made for Members for whom it has been determined that the PH-MCO was not responsible to provide services.

The PH-MCO will not be responsible and will not be paid when the Department notifies the PH-MCO of Members for whom they are not responsible.

1. Errors in PH-MCO coverage identified from any source must be reported to the Department within forty-five (45) days of receipt of the Daily Membership File in order for changes to be considered.

If a Recipient is enrolled in an PH-MCO in error, that PH-MCO is responsible to cover the Recipient until the Department is notified and the correction is applied to the CIS eligibility record.

If at the time of notification to the Department, the Recipient was disenrolled in error from an PH-MCO and the Recipient is enrolled in a different PH-MCO, the Recipient will be reenrolled in the previous PH-MCO effective the first of the next month. However, if at the time of notification the Recipient is covered by FFS, the Recipient will be reenrolled into the same PH-MCO effective the day following notification to the Department.

2. If CIS shows an exemption code or a facility/placement code that precludes PH-MCO coverage, the Recipient will not be enrolled in a PH-MCO.
3. If CIS shows Fee-For-Service (FFS) coverage that coincides with PH-MCO coverage, the Member may use either coverage and there will be no monetary adjustment between the Department and the PH-MCO. (This is subordinate to #7 below.)
4. If a PH-MCO has actual knowledge that a Member is deceased, and if such Member shows on either the Monthly Membership or the Daily Membership file as active, the PH-MCO is required to notify the County Assistance Office (CAO) and the Department. The Department will recover Capitation payments made for up to eighteen (18) months after the service month in which the date of death occurred.
5. The Department will recover Capitation payments for Members who were later determined to be ineligible for PH-MCO coverage or who were placed in settings that result in the termination of PH-MCO coverage by the Department. The Department will recoup payments back to the month following the month in which the termination of coverage occurred, for up to twelve (12) months afterwards (i.e. today's date is 9/18/11 and central office staff end date managed care coverage 9/30/10 – payments are recouped for 10/10 through 9/11. See Section F for examples of placements that result in termination of coverage).
6. A newborn is the responsibility of the PH-MCO that covered the mother on the newborn's date of birth. Where CIS does not reflect this, the PH-MCO must notify the Department to correct coverage. The Department will generate Capitation payments as appropriate. Limitations in Sections E-2 and E-3 applicable to the mother will apply to the newborn.

Exception #1: If mother is in a PH-MCO and C&Y assumes custody of the newborn at birth and places the child in a county within the same HC zone as the mother, the child's coverage will mirror the mother's PH-MCO coverage.

Exception #2: If mother is in a PH-MCO and C&Y assumes custody of the newborn at birth and places the child in a county outside of the same HC zone where the mother resides, the child will be FFS until auto assignment or selected PH-MCO is effective in the new HC County.

7. Movement out of a PH-MCO's service area does not necessarily eliminate the PH-MCO's responsibility to provide MA benefits. It is the PH-MCO's

responsibility to inform the CAO of the address change upon receipt of information that a Member is residing outside the PH-MCO service area.

8. Pursuant to the rules outlined in the RCD, a lack of MA eligibility indicated on CIS for a certain date does not necessarily eliminate the PH-MCO's responsibility to provide MA benefits. (Refer to Section E, Coverage During Inpatient Hospital Stays, for rules regarding the PH-MCO's responsibility for hospital stays when a Recipient loses MA eligibility during the stay.)
9. Dual Eligibles who are enrolled in Medicare Part D, and who turn 21 years of age will be identified by the Department on the first Friday of each month, and will be disenrolled from the PH-MCO, effective the end of the month in which the Department identifies that the Member turned 21 years of age. In addition, newly identified Dual Eligibles age 21 and over will be disenrolled the end of the month following the month in which Medicare Part D is posted to their eligibility record. The PH-MCO remains responsible for these Members through the disenrollment date.
10. The Department reserves the right to intercede in requests for expedited enrollments when Medically Necessary. The Department's determination for the expedited enrollment will be final. The Capitation rate will be retroactively adjusted for each PH-MCO based on the effective date of the expedited enrollment.
11. A Member who is attending a college or university in a state other than Pennsylvania remains the responsibility of the PH-MCO. However, at the sole discretion of the Department, the Member may be disenrolled from the PH-MCO and enrolled in FFS. The Department will take into consideration such factors as distance from Pennsylvania, the intensity and duration of medically required services, whether the PH-MCO has a business presence nearby, etc.

E. Change in PH-MCO Coverage During Inpatient Hospital Stays. - When an MA Recipient has managed care coverage during part of a hospital stay, payment responsibility is as documented in Section E, Coverage During Inpatient Hospital Stays.

Note: One or more of the rules documented in the following sections may apply during a hospital stay.

RULE: E-1.	
Condition	A Recipient who is covered by FFS when admitted to a hospital assumes PH-MCO coverage while still in the hospital.
PH-MCO	As of the begin date of PH-MCO coverage, the PH-MCO is responsible for physician,

Coverage Responsibility	DME and all other covered services not included in the hospital bill.
MA FFS Coverage Responsibility	The FFS program is responsible for the hospital bill through the date of discharge. Note: If the Recipient is discharged from the initial hospital to another hospital (acute or rehabilitation) after the PH-MCO begin date, FFS is only responsible for the stay in the initial hospital through the date of discharge. The PH-MCO is responsible for the stay in the subsequent hospital upon admission.

RULE: E-2.	
Condition	A Recipient who is covered by a PH-MCO when admitted to a hospital loses PH-MCO coverage and assumes FFS coverage while still in the hospital.
PH-MCO Coverage Responsibility	The PH-MCO is responsible for the hospital stay with the following exceptions. EXCEPTION #1: If the Recipient is still in the hospital on the FFS coverage begin date, and the Recipient's FFS coverage begin date is the first day of the month, the PH-MCO is financially responsible for the stay through the last day of that month. Example: If a Recipient covered by the PH-MCO is admitted to a hospital on June 21 and the FFS coverage begin date is July 1, the FFS program assumes payment responsibility for the stay on August 1. The PH-MCO remains financially responsible for the stay through July 31. EXCEPTION #2: If the Recipient is still in the hospital on the FFS coverage begin date, and the Recipient's FFS coverage begin date is any day other than the first day of the month, the PH-MCO is financially responsible for the stay through the last day of the following month. Example: If a Recipient covered by a PH-MCO is admitted to a hospital on June 21 and the FFS program coverage begin date is July 15, the FFS program assumes payment responsibility for the stay on September 1. The PH-MCO program remains financially responsible for the stay through August 31.
MA FFS Coverage Responsibility	Starting with the FFS begin date, FFS is responsible for physician, DME and other bills not included in the hospital bill. EXCEPTION #1: The FFS program is financially responsible for the stay beginning on the first day of the next month. EXCEPTION #2: The FFS program is financially responsible for the stay beginning on the first day of the month following the next month.

RULE: E-3.	
Condition	A Recipient covered by a PH-MCO when admitted to a hospital transfers to another PH-MCO while still in the hospital.
PH-MCO Coverage Responsibility	The losing PH-MCO is responsible for the hospital stay with the following exceptions. Starting with the gaining PH-MCO's begin date, the gaining PH-MCO is responsible for the physician, DME and all other covered services not included in the hospital bill. EXCEPTION #1: If the Recipient is still in the hospital on the gaining PH-MCO

	<p>coverage begin date, and the Recipient's gaining PH-MCO coverage begin date is the first day of the month, the losing PH-MCO is financially responsible for the stay through the last day of the month. The gaining PH-MCO is financially responsible for the stay beginning on the first day of the next month.</p> <p>Example:</p> <p>If a Recipient is admitted to a hospital on June 21 and the gaining PH-MCO coverage begin date is July 1, the gaining PH-MCO assumes payment responsibility for the stay on August 1. The losing PH-MCO remains financially responsible for the stay through July 31.</p> <p>EXCEPTION #2: If the Recipient is still in the hospital on the gaining PH-MCO coverage begin date, and the Recipient's gaining PH-MCO coverage begin date is any day other than the first day of the month, the losing PH-MCO is financially responsible for the stay through the last day of the following month. The gaining PH-MCO is financially responsible for the stay beginning on the first day of the month following the next month.</p> <p>Example:</p> <p>If a Recipient is admitted to a hospital on June 21 and the gaining PH-MCO coverage begin date is July 15, the gaining PH-MCO assumes payment responsibility for the stay on September 1. The losing PH-MCO remains financially responsible for the stay through August 31.</p>
MA FFS Coverage Responsibility	There is no FFS coverage in this example.

RULE: E-4a.	
Condition	A Recipient covered by a PH-MCO when admitted to a hospital loses and <u>regains MA eligibility while in the hospital (Recipient is not discharged)</u>, resulting in a break in PH-MCO coverage. The Department's Division of Managed Care Systems Support (DMCSS) becomes aware of the break in PH-MCO coverage by the end of the month following the month in which it is lost.
PH-MCO Coverage Responsibility	<p>DMCSS will reopen the Recipient's PH-MCO coverage retroactive to the day it was end-dated on CIS and adjust the Capitation payment accordingly. The PH-MCO continues to be financially responsible for the stay including the physician, DME, and all other covered services.</p> <p>Example:</p> <ul style="list-style-type: none"> • A Recipient who is admitted to the hospital on March 10 loses MA eligibility effective March 22 and regains it on April 9 retroactive to March 22. The PH-MCO coverage on CIS shows the Recipient was end-dated March 31 and reopened in the PH-MCO with a new PH-MCO begin date of April 9. On April 25, DMCSS becomes aware of the situation. • Because DMCSS is aware of the loss of MA eligibility within the month following the month in which it was lost, DMCSS reopens the PH-MCO coverage retroactive to April 1, the day after the PH-MCO end-date is posted on CIS (March 31). The PH-MCO continues to be financially responsible for the stay including the physician, DME, and all other covered services.

MA FFS Coverage Responsibility	There would be no FFS coverage in this example.
---------------------------------------	-------------------------------------------------

RULE: E-4b.	
Condition	A Recipient covered by a PH-MCO when admitted to a hospital <u>loses and regains MA eligibility while in the hospital (Recipient is not discharged)</u>, resulting in a break in PH-MCO coverage. DMCSS does <u>not</u> become aware of the break in PH-MCO coverage by the end of the month following the month in which it is lost.
PH-MCO Coverage Responsibility	Example: Same as in RULE: E-4a except, because DMCSS is not aware of the break in PH-MCO coverage by the end of the month following the month in which it was lost, the PH-MCO coverage is not reopened retroactive to the day it was end-dated on CIS (March 31). The PH-MCO is only responsible to cover the Recipient through the end of March.
MA FFS Coverage Responsibility	FFS is responsible effective April 1.

RULE: E-4c.	
Condition	A Recipient covered by a PH-MCO when admitted to a hospital <u>loses MA eligibility while in the hospital (Recipient is not discharged)</u>. The Recipient <u>regains MA eligibility retroactively after the month following the month in which the MA eligibility was ended, regardless of when DMCSS became aware of the action.</u>
PH-MCO Coverage Responsibility	Example: <ul style="list-style-type: none"> • A Recipient who is admitted to the hospital on March 10 loses MA eligibility effective March 22. The Recipient regains MA eligibility on May 15 retroactive to March 22. The PH-MCO coverage on CIS shows the Recipient was end-dated March 31 and reopened in the PH-MCO with a new begin date of May 15. • Because the MA eligibility was not reopened within the month following the month in which it was lost, the PH-MCO coverage is not reopened retroactive to the day it was end-dated on CIS (March 31). The PH-MCO is only responsible to cover the Recipient through the end of March.
MA FFS Coverage Responsibility	FFS is responsible effective April 1.

RULE: E-4d.	
Condition	A Recipient covered by a PH-MCO when admitted to a hospital <u>loses MA eligibility while in the hospital</u>. The Recipient <u>is discharged</u> from the hospital after the month in which the MA eligibility was lost but <u>before</u> the MA eligibility is regained by the Recipient and reopened retroactively, regardless of when DMCSS became aware of the situation.

PH-MCO Coverage Responsibility	<p>Example:</p> <ul style="list-style-type: none"> • A Recipient who is admitted to the hospital on March 10 loses MA eligibility effective March 22. The Recipient is discharged from the hospital April 3. The Recipient regains MA eligibility on April 22 retroactive to March 22. The PH-MCO coverage on CIS shows the Recipient was end-dated March 31 and reopened in the PH-MCO with a new begin date of April 22. • Because the Recipient <u>was discharged</u> from the hospital before the MA eligibility was reopened, which resulted in a 3-day period of FFS coverage on CIS, DMCSS does not reopen the PH-MCO coverage retroactive to April 1. The PH-MCO is only responsible for the stay through the end of March.
MA FFS Coverage Responsibility	FFS is responsible effective April 1.

RULE: E-4e.	
Condition	A hospitalized Recipient never regains MA eligibility.
PH-MCO Coverage Responsibility	If the Recipient is never determined retroactively eligible for MA, the PH-MCO is only responsible to cover the Recipient through the end of the month in which MA eligibility ended.
MA FFS Coverage Responsibility	FFS is not responsible for coverage since the Recipient has not regained MA eligibility.

F. Other Causes for Coverage Termination and Involuntary Disenrollment. - If a condition described in the following sections occurs, the PH-MCO must notify the Department. In accordance with Department's disenrollment guidelines, DMCSS will take action to disenroll the Member. The Department will recoup payments back to the month following the month in which the termination of coverage occurred, for up to twelve (12) months afterwards (i.e. today's date is 9/18/11 and central office staff end date managed care coverage 9/30/10 – payments are recouped for 10/10 through 9/11).

If a Recipient is placed in a setting listed in these sections, and is under FFS prior to the PH-MCO's begin date, PH-MCO coverage will be voided and adjustments will be processed for any Capitation payments made.

The PH-MCO must notify the Department within sixty (60) days following the satisfaction of the Department's disenrollment guidelines in order for DMCSS to end-date the member's enrollment. Failure on the part of the PH-MCO to notify DMCSS within the sixty (60) days **will** result in the end-date being delayed, thereby extending the PH-MCO's responsibility for covering the Recipient. The PH-MCO should not hold and then later submit the notifications.

The Provider may also testify at the DHS Fair Hearing to explain why using the usual timeframes would place the Member's health in jeopardy.
- d. REPORTING SUSPECTED FRAUD AND ABUSE TO THE DEPARTMENT

The following requirements are adapted from 55 PA Code §1101, General Regulations for the Medical Assistance Program, specifically 55 PA Code §1101.75(a) and (b), Provider Prohibited Acts, which are directly adapted from the 62 PS §1407, (also referred to as Act 105 of 1980, Fraud and Abuse Control Act) and Federal Regulations 42 CFR 438.608(a)(7-8) and 455.23(a). The basis for Recipient referrals is 55 PA Code §1101.91 and §1101.92, Recipient Misutilization and Abuse and Recipient Prohibited Acts. For information on these regulations, go to <http://www.pacode.com>.

Reporting Requirements:

PH-MCOs are required to report to the Department any act by Providers/Recipients/Caregivers/Employees that may affect the integrity of the HealthChoices Program under the Medical Assistance Program. Specifically, if the PH-MCO suspects that either Fraud Abuse or Waste (as discussed in Section V.O.4, Fraud and Abuse, of the Agreement) may have occurred, the PH-MCO must report the issue to the Department's Bureau of Program Integrity (BPI). The PH-MCO must have a process to notify BPI of any adverse actions and/or provider disclosures taken during the credentialing/re-credentialing process. Depending on the nature or extent of the problem, it may also be advisable to place the individual Provider on prepayment review or suspend payments to avoid unnecessary expenditures during the review process.

PH-MCOs are also required to report quality issues to the Department for further investigation. Quality issues are those which, on an individual basis, affect the Recipient's health (e.g. poor quality services, inappropriate treatment, aberrant and/or abusive prescribing patterns, and withholding of Medically Necessary services from Recipient).

All Fraud, Abuse, Waste or quality referrals must be made within thirty (30) days of the identification of the problem/issue. The PH-MCO must send to BPI all relevant documentation collected to support the referral. Such information includes, but is not limited to, the materials listed on the "Checklist of Supporting Documentation for Referrals" located at the end of this exhibit. The Fraud and Abuse Coordinator, or the responsible party completing the referral, should check the appropriate boxes on the "Checklist of Supporting Documentation for Referrals" form to indicate the supporting documentation that is sent with each referral. A copy of the completed checklist and all supporting documentation should accompany each referral. Any egregious situation or act (e.g. those that are causing or imminently threaten to cause harm to a Member or significant financial loss to the Department or its agent) must be referred immediately to the Department's Bureau of Program Integrity for further investigation.

Failure to comply with the requirements of Exhibit KK will result in sanctions and/or corrective action as stated in the HealthChoices Agreement. The Department must suspend all Medicaid payments to a provider after a determination that there is a credible allegation of fraud for which an investigation is pending against an individual or entity unless the Department has good cause not to suspend payments or to suspend payments

in part. (42 CFR 455.23 (a)). Upon notification from the Department of the imposition of a payment suspension, the MCO, at a minimum, must also suspend payments to the provider.

The following processes are required for Provider/Caregiver and Employee referrals, unless prior approval is received from BPI. Reports must be submitted online using the PH-MCO Referral Form. The instructions and form templates are located at <https://dpwintra.dpw.state.pa.us/HealthChoices/custom/program/fraud/fraud.asp> Once completed, the form must be submitted electronically to BPI. The following information must be faxed to 717-772-4638 or mailed to the below address:

- Checklist of Supporting Documentation for Referrals, accessible on the PH-MCO Referral Form,
- A copy of the confirmation page which will appear after the “Submit” button is clicked, submitting the PH-MCO Referral Form, and
- All supporting documentation. Referrals will not be processed, but will be returned for further development if they are received without all supporting documentation.

GUIDELINES FOR SANCTIONS REGARDING FRAUD, WASTE AND ABUSE

The Department recognizes its responsibility to administer the HealthChoices Program and ensure that the public funds which pay for this program are properly spent.

To maintain the integrity of the HealthChoices Program and to ensure that PH-MCOs comply with pertinent contract provisions and related state and federal policies, including rules and regulations involving Fraud, Waste and Abuse issues, the Department will impose sanctions as deemed appropriate where there is evidence of violations involving Fraud, Waste and Abuse issues in the HealthChoices Program. To that end, monetary penalties will be assessed by BPI and will be payable to BPI for the PH-MCO's program integrity deficiencies. Below are some general guidelines that the Department intends to use when imposing sanctions. - H. Engaging, as an MCO, in actions that indicate a pattern of wrongful delay of at least 45 days or a longer period specified in the contract with DHS (not to exceed 60 days,) in making payment for a health-care benefit, service or item that the organization is required to provide under its contract with an operating agency.
- I. Discriminating against enrollees or prospective enrollees on any basis, including, without limitation, age, gender, ethnic origin or health status; (42 CFR 438.3 (d) (3-4))

The assessment for each violation is calculated using each line item detail and/or occurrence identified on a claim, cost report, or other document resulting in or supporting fraudulent or abusive billing.

SPECIAL NEEDS UNIT

A member with Special Needs is based upon a non-categorical or generic definition of Special Needs. This definition will include but not be limited to key attributes of ongoing physical, developmental, emotional or behavioral conditions or life circumstance which may serve as a barrier to the member's access to care or services. Examples of members with Special Needs will include but not be limited to: Children with Special Health Care Needs including those requiring skilled or unskilled home shift care, Children in Substitute Care, those with limited English Proficiency, or special communication needs due to sensory deficits those with Physical and/or Intellectual/ Developmental Disabilities, those with HIV/AIDS, those with significant behavioral challenges, or members requiring transportation assistance. Examples of factors in the determination of a member with Special Need(s) include but are not limited to the following:

- Require care and/or services of a type or amount that is beyond what is typically required;
- Require extensive rehabilitative, habilitative, or other therapeutic interventions to maintain or improve the level of functioning for the individual;
- May require that primary care be managed by a specialist, due to the nature of the condition;
- May incur higher morbidity without intervention and coordination in the care of the individual;
- Require care and/or services that necessitate coordination and communication among Network Providers and/or Out-of-Network Providers;
- Require care and/or services that necessitate coordination and collaboration with public and private community services organizations outside the PH-MCO;
- Require coordination of care and/or services between the acute inpatient setting and other facilities and Community Providers;
- Result in the Member requiring assistance to schedule or make arrangements for appointments or services, including arranging for transportation to and from appointments;
- Result in the need for language, communication, or mobility accommodations; or

- Result in the need for a Member to be accompanied or assisted while seeking or receiving care by an individual who may act on the Member's behalf.
- Require assistance in discharge planning from an inpatient or long term care setting to ensure the member will receive services in the least restrictive environment possible.
- Any condition, event or life circumstance that as a result inhibits a member's access to any necessary service or support needed to address their medical condition or maintain their current level of functioning.

The PH-MCO will be required to develop, train, and maintain a unit within its organization structure whose primary responsibility will be to deal, in a timely manner, with issues relating to Members with Special Needs. This unit will be headed by a Special Needs Coordinator who must have access to and periodically consult with the Medical Director. The staff members of this unit will work in close collaboration with the BMCO SNU and the Enrollment Assistance Program contractor's Special Needs contact person. The Department expects the PH-MCO's Special Needs Unit to be staffed by individuals with either a medical and/or social services background, in sufficient number to initiate a response to a Member's inquiry within two (2) Business Days or sooner in urgent situations. The Department expects the core staff members of the Special Needs Unit to be responsible primarily for the functions and operations associated with the unit. The Department also expects that at times the Special Needs Unit staff will have access to the resources of other departments within the PH-MCO to supplement the Special Needs Unit in assisting Members with Special Needs. The PH-MCO must show evidence of their access to and use of individuals with expertise in the treatment of Members with Special Needs to provide consultation to the Special Needs Unit staff, as needed.

The PH-MCO shall use knowledgeable and independent organizations such as consumer groups, disability advocacy groups, Special Needs consumers, the Department of Health District Offices and the DOH's Special Kids Network for Children with Special Needs, when providing training to its Special Needs Unit staff, whenever possible.

The primary purpose of the Special Needs Unit is to ensure that each Member with Special Needs receives access to appropriate primary care, access to specialists trained and skilled in the needs of the Member, information about the access to a specialist as PCP if appropriate, information about and access to all covered services appropriate to the Member's condition or circumstance, including pharmaceuticals and DME, and access to needed community services. The Special Needs Unit must have a direct link to the Utilization Management functions of the PH-MCO and have input into the case review process. The PH-MCO must have procedures in place that ensure the proactive identification of and outreach to Members with Special Needs who may not self-identify as having a Special Need.

Special Needs Unit Functions and Requirements

The staff of the PH-MCO Special Needs Unit will ensure the receipt of care and/or services by acting as the PH-MCO case manager for each Member with an identified Special Need. The case manager will be responsible for coordinating the delivery of all services for which the Member is eligible under the PH-MCO benefit package. In the event that a Member is not satisfied with PH-MCO performance in any area, the Special Needs Unit case manager will be responsible for facilitating dispute resolution and for informing the Member of the Complaint, Grievance, and DPW Fair Hearing mechanisms that are available and assisting in that process as needed or requested. Members with Special Needs determined to have ongoing needs for assistance will be assigned to a particular Special Needs Unit case manager and will have ready access to their Special Needs Unit case manager as long as they are enrolled in the PH-MCO. Members with Special Needs are permitted to change case managers as needed during their enrollment. The PH-MCO must be able to demonstrate that its staff will perform the following functions:

- Conduct necessary training for all PH-MCO staff to acquaint them with the purpose and function of the Special Needs Unit and the need to coordinate within departments to serve Members with Special Needs.
- Ensure coordination between the PH-MCO and other health, education, and human services systems including County Children and Youth Services Offices and Juvenile Justice Offices.
- Ensure adherence to state and federal laws, regulations, Departmental agreements and court requirements relating to individuals with Special Needs.
- A contact within the Special Needs Unit must be designated to act as a liaison with the BMCO SNU staff and the Enrollment Assistance Program contractor's Special Needs contact person. The PH-MCO must develop an appropriate automated process to operationalize the information on Special Needs individuals supplied by the Enrollment Assistance Program contractor.
- Sufficient telephone and alternative communication channels must be established to allow ready and timely interactions between the PH-MCO Special Needs Unit Coordinator and case managers and the Office of Medical Assistance Programs, the Enrollment Assistance Program contractor, Members with Special Needs, Providers (Network and Out-of-Network) servicing Members with Special Needs and involved agencies.
- Appropriate arrangements must be made to effectively assist Members with Special Needs who speak languages other than English in accordance with the RFP and Agreement requirements. In addition, efforts must be made to match Members with communication barriers due to disability or linguistic background with Providers with whom they can effectively communicate.
- Serve on interagency teams upon request by a Member or their family to facilitate and coordinate delivery of Physical Health Services contained in treatment plans for children and/or adults including, but not limited to, Individual Family Service Plans,

Individual Educational Plans, Individual Habilitation Plans, and Individual Behavioral Health Treatment Plans.

- Special Needs Unit case managers must have a working knowledge of Children and Adolescent Support Services Program (CASSP) and the Community Support Program (CSP) principles and principles of drug and alcohol treatment.
- Ensure cooperation of the PH-MCO's Provider Network. Special Needs Unit case managers must facilitate communication and coordinate service delivery between primary care, specialty, ancillary, and behavioral health Providers to ensure Member's timely and uninterrupted access to care.
- Assist in the development of adequate Provider Networks, such as pediatric specialists, to serve Special Needs populations. Special Needs Unit case managers must assist and support Members with Special Needs in making an informed choice between Providers of equivalent services within the network. When adequate network capacity does not exist to allow for choice between network Providers of equivalent services, case managers must facilitate and coordinate services rendered by Out-of-Network Providers.
- Conduct necessary training for PCPs to assist them in providing services to diverse populations including the identification of the PH-MCO's Special Needs Unit contact persons.
- Provide ongoing coordination with PCPs to continually serve Special Needs population's Members.
- Attend ad hoc meetings, workgroups, etc., hosted by the Department that require mandatory attendance by Special Needs Unit staff.
- Attend public/community sponsored meetings with the Department's representative(s) at the discretion of the PH-MCO.
- If the PH-MCO chooses to subcontract any of the Special Needs Unit functions, the PH-MCO must maintain accountability by assigning responsibility for oversight of the subcontract to a senior executive within the organization.
- Conduct necessary training for all PH-MCO providers to acquaint them with the purpose and function of the Special Needs Unit and identify a contact within the Special Needs Unit as a direct contact for any provider to refer a member with special needs for assistance.
- Provide assistance to any member needing help in filing a Complaint, Grievance, or Fair hearing, and serve in an advocacy role to assist the member in obtaining any information necessary from any PH-MCO provider in support of a Complaint, Grievance or DHS Fair Hearing.
- Provide assistance to any member needing additional help to access the Department's Medical Assistance Transportation Program.

- Provide assistance to any member needing help transitioning from a pediatric to an adult provider. In the case of defined medically fragile members transitioning between the ages of 18 and 21, identify such individuals and assist them in transition to adult providers as required, and maintain them in Case Management until the transition is completed.
- For members receiving home shift care services, provide assistance in the member's transition from EPSDT services into Home and Community Based Waivers and adult systems of support, by actively participating in the Department's Resource Facilitation Team process.
- For members receiving home shift care, provide assistance with discharge planning for all members transitioning from inpatient settings including Pediatric Long Term care settings to ensure the member is transiting not only to the least restrictive environment possible, but to ensure that the environment and supports are in place in the new setting prior to any discharge occurring. Provide all necessary oversight including home or site visits with family or other caregivers to ensure adequate supports are in place for a safe discharge.
- Conduct face-to-face case management activities with members for whom telephonic case management has proven ineffective, and desired goals have not been attained. Utilize and interphase with community based care management staff to maintain a person-centered approach and to ensure that member-specific needs are being met.

The PH-MCO will develop, implement, and maintain a targeted Quality Management component focused on Members with Special Needs that is integrated into the Quality Management/Utilization Management Program as outlined in Exhibit M(1), Quality Management and Utilization Management Program Requirements.

Annual Contract Audits

The PH-MCO shall cause, and bear the costs of, an annual contract audit to be performed by an independent, licensed Certified Public Accountant. The contract audit shall be completed using guidelines provided by the Commonwealth. Such audit shall be made in accordance with generally accepted government auditing standards. The contract audit shall be digitally submitted to OMAP, BFM, Division of Financial Analysis and Reporting via the E-FRM system no later than June 30 after the contract year is ended.

If circumstances arise in which the Commonwealth or the PH-MCO invoke the contractual termination clause or determine the contract will cease, the contract audit for the period ending with the termination date or the last date the PH-MCO is responsible to provide Medical Assistance benefits to HealthChoices recipients shall be submitted to the Commonwealth within 180 days after the contract termination date or the last date the PH-MCO is responsible to provide Medical Assistance benefits.

The PH-MCO shall ensure that audit working papers and audit reports are retained by the PH-MCO's auditor for a minimum of five (5) years from the date of final payment under the contract, unless the PH-MCO's auditor is notified in writing by the Commonwealth to extend the retention period. Audit working papers shall be made available, upon request, to authorized representatives of the Commonwealth or Federal agencies. Copies of working papers deemed necessary shall be provided by the PH-MCO's auditor.

Annual Entity-Wide Financial Audits

The PH-MCO shall provide to the Commonwealth a copy of its annual entity-wide financial audit, performed by an independent, licensed Certified Public Accountant. Such audit shall be made in accordance with generally accepted auditing standards. Such audit shall be submitted to the OMAP, BFM, Division of Financial Analysis and Reporting via E-FRM within 30 days after the Auditors signature date.

Other Financial and Performance Audits

The Commonwealth reserves the right for federal and state agencies or their authorized representatives to perform additional financial or performance audits of the PH-MCO, its subcontractors or Providers. Any such additional audit work will rely on work already performed by the PH-MCO's auditor to the extent possible. The costs incurred by the federal or state agencies for such additional work will be borne by those agencies.

Audits of the PH-MCO, its subcontractors or Providers may be performed by the Commonwealth or its designated representatives and include, but are not limited to:

1. Financial and compliance audits of operations and activities for the purpose of determining the compliance with financial and programmatic record keeping and reporting requirements of this contract;
2. Audits of automated data processing operations to verify that systems are in place to ensure that financial and programmatic data being submitted to the Commonwealth is properly safeguarded, accurate, timely, complete, reliable, and in accordance with contract terms and conditions; and
3. Program audits and reviews to measure the economy, efficiency and effectiveness of program operations under this contract.

Audits performed by the Commonwealth shall be in addition to any federally-required audits or any monitoring or review efforts. Commonwealth audits of the PH-MCO or its subcontractor's operations will generally be performed on an annual basis. However, the Commonwealth reserves the right to audit more frequently, to vary the audit period, and to determine the type and duration of these audits. Audits of subcontractors or Providers will be performed at the Commonwealth's discretion.

The following provisions apply to the PH-MCO, its subcontractors and Providers:

1. Except in cases where advance notice is not possible or advance notice may render the audit less useful, the Commonwealth will give the entity at least three (3) weeks advance written notice of the start date, expected staffing, and estimated duration of the audit. In the event of a claims processing audit, the Commonwealth will strive to provide advance written notice of a minimum of thirty (30) calendar days. While the audit team is on-site, the entity shall provide the team with adequate workspace; access to a telephone, photocopier and facsimile machine; electrical outlets; and privacy for conferences. 2. Upon issuance of the final report to the entity, the entity shall prepare and submit, within thirty (30) calendar days after issuance of the report, a Corrective Action Plan for each observation or finding contained therein. The Corrective Action Plan shall include a brief description of the finding, the specific steps to be taken to correct the situation or specific reasons why corrective action is not necessary, a timetable for performance of the

corrective action steps, and a description of the monitoring to be performed to ensure that the steps are taken.

Record Availability, Retention and Access

The PH-MCO shall, at its own expense, make all records available for audit, review or evaluation by the Commonwealth, its designated representatives or federal agencies. Access shall be provided either on-site, during normal business hours, or through the mail. During the contract and record retention period, these records shall be available at the PH-MCO's chosen location, subject to approval of the Commonwealth. All records to be sent by mail shall be sent to the requesting entity within fifteen (15) calendar days of such request and at no expense to the requesting entity. Such requests made by the Commonwealth shall not be unreasonable.

The PH-MCO shall maintain books, records, documents, and other evidence pertaining to all revenues, expenditures and other financial activity pursuant to this Agreement as well as to all required programmatic activity and data pursuant to this Agreement. Records other than medical records may be kept in an original paper state or preserved on micro media or electronic format. Medical records shall be maintained in a format acceptable by the Department. These books, records, documents and other evidence shall be available for review, audit or evaluation by authorized Commonwealth personnel or their representatives during the contract period and five years thereafter, except if an audit is in progress or audit findings are yet unresolved, in which case records shall be kept until all tasks are completed.

Audits of Subcontractors

EXHIBIT XX
ENCOUNTER DATA SUBMISSION REQUIREMENTS
And
PENALTY APPLICATIONS

The submission of timely and accurate encounter data is critical to the Commonwealth's ability to establish and maintain cost effective and quality managed care programs. Consequently, the requirements for submission and metrics for measuring the value of the data for achieving these goals are crucial.

- **CERTIFICATION REQUIREMENT**

All MCOs must be certified through PROMISe prior to the submission of live encounter data. The certification process is detailed at: https://dpwintra.dpw.state.pa.us/HealthChoices/custom/program/encounter/promise/documents/encounter_updated_certification_process_for_promise_v1.0_to_dpw_ph.doc

- **SUBMISSION REQUIREMENTS**

Timeliness:

With the exception of pharmacy encounters, all MCO approved encounters and those specified MCO denied encounters must be approved in PROMISe by the last day of the third month following the month of initial MCO adjudication. Pharmacy encounters must be submitted and approved in PROMISe within 30 days following the MCO adjudication.

Metric: During the sixth months following the month of the initial PROMISe adjudication, the encounters will be analyzed for timely submission of encounters.

- Failure to achieve PROMISe approved/paid status for 98% of all MCO paid/approved and specified MCO denied encounters by the last day of the third month following initial MCO adjudication may result in a penalty.
- Any encounter corrected or initially submitted after the last day of the third month following initial MCO adjudication may be subject to a penalty.

Accuracy and Completeness:

Accuracy and completeness are based on the consistency between encounter information submitted to the Commonwealth and information for the same service maintained by the MCO in their claims/service history data base.

Metric: Accuracy and completeness will be determined through a series of analyses applied to MCO claims history data and encounters received and processed through PROMISe. This analysis will be done at least yearly but no more than twice a year and consist of making a comparison between an encounter sample and what is found in MCO claims history. A sample may also be drawn from the MCO service history and compared against encounters processed through PROMISe.

Samples will be drawn proportionally based on the MCO financial expenditures for each transaction type submitted during the review period. Each annual or semi-annual analysis will be based on a statistically valid sample of no less than 200 records.

- **PENALTY PROVISION**

- Timeliness

- Failure to comply with timeliness requirements will result in a sanction of up to \$10,000 for each program month.

- Completeness and Accuracy

- Errors in accuracy or completeness that are identified by the Department in an annual or semi-annual analysis will result in sanctions as follows. An error in accuracy or completeness or both, in one sample record, counts as one error.

Percentage of the sample that includes an error	Sanction
Less than 1.0 percent	None
1.0 – 1.4 percent	\$4,000
1.5 – 2.0 percent	\$10,000
2.1 - 3.0 percent	\$16,000
3.1 – 4.0 percent	\$22,000
4.1 – 5.0 percent	\$28,000
5.1 – 6.0 percent	\$34,000
6.1 – 7.0 percent	\$40,000
7.1 – 8.0 percent	\$46,000
8.1 – 9.0 percent	\$52,000
9.1 – 10.0 percent	\$58,000
10.1 percent and higher	\$100,000

PROVIDER NETWORK COMPOSITION/SERVICE ACCESS

1. Network Composition

The PH-MCO must consider the following in establishing and maintaining its Provider Network:

- The anticipated MA enrollment,
- The expected utilization of services, taking into consideration the characteristics and health care needs of specific MA populations represented in the PH-MCO,
- The number and types, in terms of training, experience, and specialization, of Providers required to furnish the contracted MA services,
- The number of Network Providers who are not accepting new MA patients, and
- The geographic location of Providers and Members, considering distance, travel time, the means of transportation ordinarily used by Members, and whether the location provides physical access for Members with disabilities.

The PH-MCO must ensure that its Provider Network is adequate to provide its Members in this HealthChoices Zone with access to quality Member care through participating professionals, in a timely manner, and without the need to travel excessive distances. Upon request from the Department, the PH-MCO must supply geographic access maps using Member level data detailing the number, location and specialties of their Provider Network to the Department in order to verify accessibility of Providers within their Network in relation to the location of its Members. The Department may require additional numbers of specialists and ancillary Providers should it be determined that geographic access is not adequate. The PH-MCO must also have a process in place which ensures that the PH-MCO knows the capacity of their Network PCP panels at all times and have the ability to report on this capacity.

The PH-MCO must make all reasonable efforts to honor a Member's choice of Providers who are credentialed in the Network. Additionally, the PH-MCO must ensure and demonstrate that the following Provider Network and access requirements are established and maintained for the entire HealthChoices Zone in which the PH-MCO operates if providers exist:

a. PCPs

Make available to every Member a choice of at least two (2) appropriate PCPs with open panels whose offices are located within a travel time no greater than thirty (30) minutes (Urban) and sixty (60) minutes (Rural). This travel time is measured via public transportation, where available.

Members may, at their discretion, select PCPs located further from their homes.

b. Pediatricians as PCPs

Ensure an adequate number of pediatricians with open panels to permit all Members who want a pediatrician as a PCP to have a choice of two (2) for their child(ren) within the travel time limits (30 minutes Urban, 60 minutes Rural).

c. Specialists

i. For the following provider types, the PH-MCO must ensure a choice of two (2) providers who are accepting new patients within the travel time limits (30 minutes Urban, 60 minutes Rural):

General Surgery	Cardiology
Obstetrics & Gynecology	Pharmacy
Oncology	Orthopedic Surgery
Physical Therapy	General Dentistry
Radiology	

ii. For the following provider types, the PH-MCO must ensure a choice of one (1) provider who is accepting new patients within the travel time limits (30 minutes Urban, 60 minutes Rural) and a second choice, within the HealthChoices Zone:

Oral Surgery	Urology
Nursing Facility	Neurology
Dermatology	Otolaryngology

c. PH-MCO's Corrective Action

The PH-MCO must take all necessary steps to resolve, in a timely manner, any demonstrated failure to comply with the access standards. Prior to a termination action or other sanction by the Department, the PH-MCO will be given the opportunity to institute a corrective action plan. The PH-MCO must submit a corrective action plan to the Department for approval within thirty (30) days of notification of such failure to comply, unless circumstances warrant and the Department demands a shorter response time. The Department's approval of the PH-MCO's corrective action plan will not be unreasonably withheld. The Department will make its best effort to respond to the PH-MCO within thirty (30) days from the submission date of the corrective action plan. If the Department rejects the corrective action plan, the PH-MCO shall be notified of the deficiencies of the corrective action plan. In such event, the PH-MCO must submit a revised corrective action plan within fifteen (15) days of notification. If the Department does not receive an acceptable corrective action plan, the Department may impose sanctions against the PH-MCO, in accordance with Section VIII.I of the Agreement, Sanctions. EXHIBIT AAA (3)

PROVIDER NETWORK COMPOSITION/SERVICE ACCESS

1. Network Composition

The PH-MCO must consider the following in establishing and maintaining its Provider Network:

- The anticipated MA enrollment,
- The expected utilization of services, taking into consideration the characteristics and health care needs of specific MA populations represented in the PH-MCO,
- The number and types, in terms of training, experience, and specialization, of Providers required to furnish the contracted MA services,
- All Providers operating within the PH-MCO's Network who provide services to Recipients must be enrolled in the Commonwealth's MA Program and possess an active PROMISE™ Provider ID.
- The number of Network Providers who are not accepting new MA patients, and
- The geographic location of Providers and Members, considering distance, travel time, the means of transportation ordinarily used by Members, and whether the location provides physical access for Members with disabilities.

The PH-MCO must ensure that its Provider Network is adequate to provide its Members in this HealthChoices Zone with access to quality Member care through participating professionals, in a timely manner, and without the need to travel excessive distances. Upon request from the Department, the PH-MCO must supply geographic access maps using Member level data detailing the number, location and specialties of their Provider Network to the Department in order to verify accessibility of Providers within their Network in relation to the location of its Members. The Department may require additional numbers of specialists and ancillary Providers should it be determined that geographic access is not adequate. The PH-MCO must also have a process in place which ensures that the PH-MCO knows the capacity of their Network PCP panels at all times and have the ability to report on this capacity.

The PH-MCO must make all reasonable efforts to honor a Member's choice of Providers who are credentialed in the Network. If the PH-MCO is unable to ensure a Member's access to provider or specialty provider services within the PH-MCO's network, within the travel times set forth in this Exhibit, the PH-MCO must make all reasonable efforts to ensure the Member's access to these services within the travel times herein through out-of-network providers. In locations where the PH-MCO can provide evidence that it has conducted all reasonable efforts to contract with providers and specialists and can provide

verification that no providers or specialists exist to ensure a Member's access to these services within the travel times set forth in this Exhibit, the PH-MCO must work with Members to offer reasonable provider alternatives. Additionally, the PH-MCO must ensure and demonstrate that the following Provider Network and access requirements are established and maintained for the entire HealthChoices Zone in which the PH-MCO operates if providers exist:

a. PCPs

Make available to every Member a choice of at least two (2) appropriate PCPs with open panels whose offices are located within a travel time no greater than thirty (30) minutes in Lackawanna and Luzerne Counties and sixty (60) minutes in all other counties of the New East Zone. This travel time is measured via public transportation, where available. Members may, at their discretion, select PCPs located further from their homes.

b. Pediatricians as PCPs

Ensure an adequate number of pediatricians with open panels to permit all Members who want a pediatrician as a PCP to have a choice of two (2) for their child(ren) within the travel time limits (thirty (30) minutes in Lackawanna and Luzerne Counties, sixty (60) minutes in all other counties of the New East Zone).

c. Specialists

i. For the following provider types, the PH-MCO must ensure a choice of two (2) providers who are accepting new patients within the travel time limits (thirty (30) minutes in Lackawanna and Luzerne Counties, sixty (60) minutes in all other counties of the New East Zone.):

General Surgery	Cardiology
Obstetrics & Gynecology	Pharmacy
Orthopedic Surgery	
General Dentistry	

ii. For the following provider types, the PH-MCO must ensure a choice of one (1) provider who is accepting new patients within the following travel time limits (30 minutes in Lackawanna and Luzerne Counties, 90 minutes in all other counties of the New East Zone) and a second choice, within the HealthChoices Zone:

Oral Surgery	Urology
Nursing Facility	Neurology

Dermatology
Oncology
Physical Therapy

Otolaryngology
Radiology

- iii. For all other specialists and subspecialists, the PH-MCO must have a choice of two (2) providers who are accepting new patients within the HealthChoices Zone.

d. Hospitals

Ensure at least one (1) hospital within the travel time limits (thirty (30) minutes in Lackawanna and Luzerne Counties sixty (60) minutes in all other counties of the New East Zone.) and a second choice within the HealthChoices Zone.

e. Special Health Needs

Ensure the provision of services to persons who have special health needs or who face access barriers to health care. If the PH-MCO does not have at least two (2) specialists or sub-specialists qualified to meet the particular needs of the individuals, then the PH-MCO must allow Members to pick an Out-of-Network Provider if not satisfied with the Network Provider. The PH-MCO must develop a system to determine Prior Authorization for Out-of-Network Services, including provisions for informing the Recipient of how to request this authorization for Out-of-Plan Services. For children with special health needs, the PH-MCO must offer at least two (2) pediatric specialists or pediatric sub-specialists.

f. Anesthesia for Dental Care

For Members needing anesthesia for dental care, the PH-MCO must ensure a choice of at least two (2) dentists within the Provider Network with privileges or certificates to perform specialized dental procedures under general anesthesia or pay out of Network.

g. Rehabilitation Facilities

Ensure a choice of at least two (2) rehabilitation facilities within the Provider Network, at least one (1) of which must be located within this HealthChoices Zone.

h. CNMs / CRNPs, Other Health Care Providers

Ensure access to Certified Nurse Midwives (CNMs) and Certified Registered Nurse Practitioners (CRNPs) and other Health Care Providers. In accordance with Rx for PA principles, the PH-MCO must demonstrate

its attempts to contract in good faith with a sufficient number of CNMs and CRNPs and other Health Care Providers and maintain payment policies that reimburse CNMs and CRNPs and other Health Care Providers for all services provided within the scope of their practice and allow them to practice to the fullest extent of their education, training and licensing.

i. Qualified Providers

The PH-MCO must limit its PCP Network to appropriately qualified Providers. The PH-MCO's PCP Network must meet the following:

- No less than Seventy-five percent (75%) of the Network consists of PCPs who have completed an approved primary care residency in family medicine, osteopathic general medicine, internal medicine or pediatrics; and
- No more than twenty-five percent (25%) of the Network consists of PCPs without appropriate residencies but who have five (5) years of post-training clinical practice experience in family medicine, osteopathic general medicine, internal medicine or pediatrics, within the past seven (7) years. Post-training experience is defined as having practiced at least as a 0.5 full-time equivalent in the practice areas described.

j. Members Freedom of Choice

The PH-MCO must demonstrate its ability to offer its Members freedom of choice in selecting a PCP. At a minimum, the PH-MCO must have or provide one (1) full-time equivalent (FTE) PCP who serves no more than one thousand (1,000) Recipients. For the purposes of this section, a full-time equivalent PCP must be a physician involved in clinical care. The minimum weekly work hours for 1.0 FTE is the number of hours that the practice considers to be a normal work week, which may be 37.5, 40, or 50 hours. A physician cannot be counted as more than 1.0 FTE regardless of the number of hours worked. If the PCP/PCP Site employs Certified Registered Nurse Practitioners (CRNPs)/Physician Assistants (PAs), then the Provider/Provider Site will be permitted to add an additional one thousand (1,000) Members to the panel. The number of Members assigned to a PCP may be decreased by the PH-MCO if necessary to maintain the appointment availability standards.

k. PCP Composition and Location

The PH-MCO and the Department will work together to avoid the PCP having a caseload or medical practice composed predominantly of HC Members. In addition, the PH-MCO must organize its PCP Sites so as to

ensure continuity of care to Members and must identify a specific PCP or PCP group for each Member. The PH-MCO may apply to the Department for a waiver of these requirements. The Department may waive these requirements for good cause demonstrated by the PH-MCO. The PH-MCO will comply with the program standards regarding PCP assignment as set forth in Section V.Q. of the Agreement, Assignment of PCPs.

I. FQHCs / RHCs

The PH-MCO must include in its Provider Network every FQHC and RHC that are willing to accept PPS rates as payment in full and are located within the operational HealthChoices Zones in which the PH-MCO has an agreement. If the PH-MCO's primary care Network includes FQHCs and RHCs, these sites may be designated as PCP sites.

m. Medically Necessary Emergency Services

The PH-MCO must comply with the provisions of Act 112 of 1996 (H.B. 1415, P.N. 3853, signed July 11, 1996), the Balanced Budget Reconciliation Act of 1997 and Act 68 of 1998, the Quality Health Care Accountability and Protection Provisions, 40 P.S. 991.2101 et seq. pertaining to coverage and payment of Medically Necessary Emergency Services. The definition of such services is set forth herein at Section II of this Agreement, Definitions.

n. ADA Accessibility Guidelines

The PH-MCO must inspect the office of any PCP or dentist who seeks to participate in the PH-MCO's Provider Network (excluding offices located in hospitals) to determine whether the office is architecturally accessible to persons with mobility impairments. Architectural accessibility means compliance with ADA accessibility guidelines with reference to parking (if any), path of travel to an entrance, and the entrance to both the building and the office of the Provider, if different from the building entrance.

The PH-MCO must submit quarterly reports to the Department, in a format to be specified by the Department, on the results of the inspections.

If the office or facility is not accessible under the terms of this paragraph, the PCP or dentist may participate in the PH-MCO's Provider Network provided that the PCP or dentist: 1) requests and is determined by the PH-MCO to qualify for an exemption from this paragraph, consistent with the requirements of the ADA, or 2) agrees in writing to remove the barrier to make the office or facility accessible to persons with mobility impairments within six (6) months after the PH-MCO identified the barrier.

The PH-MCO must document its efforts to determine architectural accessibility. The PH-MCO must submit this documentation to the Department upon request.

o. Laboratory Testing Sites

The PH-MCO must ensure that all laboratory testing sites providing services have either a Clinical Laboratory Improvement Amendment (CLIA) certificate of waiver or a certificate of registration along with a CLIA identification number in accordance with CLIA 1988. Those laboratories with certificates of waiver will provide only the eight (8) types of tests permitted under the terms of their waiver. Laboratories with certificates of registration may perform a full range of laboratory tests. The PCP must provide all required demographics to the laboratory when submitting a specimen for analysis.

p. PH-MCO Discrimination

The PH-MCO must not discriminate with respect to participation, reimbursement, or indemnification as to any Provider who is acting within the scope of the Provider's license or certification under applicable State law, solely on the basis of such license or certification. This paragraph must not be construed to prohibit a PH-MCO from including Providers only to the extent necessary to meet the needs of the organization's Members or from establishing any measure designed to maintain quality and control costs consistent with the responsibilities of the PH-MCO.

q. Declined Providers

If the PH-MCO declines to include individual Providers or groups of Providers in its Network, it must give the affected Providers written notice of the reason for its decision.

r. Second Opinions

The PH-MCO must provide for a second opinion from a qualified Health Care Provider within the Network, at no cost to the Member. If a qualified Health Care Provider is not available within the Network, the PH-MCO must assist the Member in obtaining a second opinion from a qualified Health Care Provider outside the Network, at no cost to the Member, unless co-payments apply.

2. Appointment Standards

The PH-MCO will require the PCP, dentist, or specialist to conduct affirmative outreach whenever a Member misses an appointment and to

document this in the medical record. Such an effort shall be deemed to be reasonable if it includes three (3) attempts to contact the Member. Such attempts may include, but are not limited to: written attempts, telephone calls and home visits. At least one (1) such attempt must be a follow-up telephone call.

The Member must be informed of scheduling time frames through educational outreach efforts.
- vi. The PH-MCO must monitor the adequacy of its appointment processes and reduce the unnecessary use of emergency room visits.

b. Persons with HIV/AIDS

The PH-MCO must have adequate PCP scheduling procedures in place to ensure that an appointment with a PCP or specialist must be scheduled within seven (7) days from the effective date of Enrollment for any person known to the PH-MCO to be HIV positive or diagnosed with AIDS (e.g. self-identification), unless the Member is already in active care with a PCP or specialist.

c. Supplemental Security Income (SSI)

EPSDT screens for any new Member under the age of twenty-one (21) must be scheduled within forty-five (45) days from the effective date of Enrollment unless the child is already under the care of a PCP and the child is current with screens and immunizations.

The PH-MCO must distribute quarterly lists to each PCP in its Provider Networks which identify Members who have not had an Encounter during the previous twelve (12) months or within the time frames set forth in this Exhibit, or Members who have not complied with EPSDT periodicity and immunization schedules for children. - i. The PH-MCO's agreement with the Network Provider covers the services required by the Member; and
- ii. The PH-MCO has not determined that the Member's choice is clinically inappropriate.

The PH-MCO must provide the Department adequate assurances that the PH-MCO, with respect to this HealthChoices Zone, has the capacity to serve the expected Enrollment in this HealthChoices Zone. The PH-MCO must provide assurances that it will offer the full scope of covered services as set forth in this Agreement and access to preventive and primary care services. Prior to a termination action or other sanction by the Department, the PH-MCO will be given the opportunity to institute a corrective action plan. The PH-MCO must submit a corrective action plan to the Department for approval within thirty (30) days of notification of such failure to comply, unless circumstances warrant and the Department demands a shorter response time. If the Department rejects the corrective action plan, the PH-MCO shall be notified of the deficiencies of the corrective action plan. In such event, the PH-MCO must submit a

revised corrective action plan within fifteen (15) days of notification. If the Department does not receive an acceptable corrective action plan, the Department may impose sanctions against the PH-MCO, in accordance with Section VIII.I of the Agreement, Sanctions.
