| 2 | The customer has a physician, physician assistant, certified registered nurse practitioner, or chiropractor conduct a medical examination and complete form DL-180 “Medical Qualification Certificate.”  
- The medical examination must take place no earlier than 6 months prior to the customer’s 16th birthday. |
| 3 | The customer compiles required documentation:  
- Completed DL-180 form  
- Completed DL-180TD form (if under 18). This form must be completed by a parent, guardian, or spouse who is 18 years of age or older.  
- Proof of identity (listed on the DL-180). Note: If you are changing your name, you must present original documents supporting name changes such as marriage certificate, divorce decree, or court order.  
- Two acceptable proofs of residency (listed on the DL-180) if you are 18 years of age or older. Proof of residency is not required if you are age 16 or 17.  
- Their Social Security card  
- A check or money order payable to PennDOT for the appropriate fee, cash is not accepted, with the exception of the ROC. |
| 4 | The customer applies in person at the DLC site.  
- The customer must apply within one year from the date of the medical examination.  
- The customer follows the associated queuing process at the DLC site. |
| 5 | The DLE reviews the customer’s application and documentation. |
| 6 | The DLE verifies the customer’s proof of date of birth and identity.  
- Customers who are U.S. Citizens must present their original Social Security Card, along with ONE of the following:  
  - Original birth certificate with a raised seal (U.S. issued by original government agency)  
  - Original certificate of U.S. Citizenship (BCIS/INS Form N-560)  
  - Original certificate of Naturalization (BCIS/INS Form N-550 or N-570)  
  - Valid U.S. Passport  
  - (Note: if the customer has an Out-of-State Driver’s License, they should present it along with the above)  
- Customers who are non-U.S. Citizens must present ALL of the following:  
  - Social Security Card (or letter of ineligibility from SSA)  
  - Passport  
  - All original USCIS/immigration documents  
  - Written verification of attendance from school (Student Status Only)  
  - Written verification from employer (Employment Status Only) |
| 7 | Are there any issues with the customer’s application, documentation, or identity?  
- If yes, go to step 8  
- If no, go to step 10 |
| 8 | The DLE informs the customer of the results and necessary steps to take to resolve the issue. |
| 9 | The customer leaves the DLC to resolve the Issue.

| 10           | Is the customer 18 years of age or older?  
              - If yes, go to step 15  
              - If no, go to step 11 |
| 11           | The DLE verifies guardian consent.  
              - If the customer is under 18, their parent, guardian, person in loco parentis, or spouse  
                who is 18 years of age or older must complete the Parent or Guardian Consent Form  
                (DL-180TD).  
              - If the parent/guardian cannot accompany the applicant, the DL-180TD must be signed  
                by the parent/guardian in the presence of a notary.  
              - Proper identification is required if last names are different (verification of relationship is  
                required). |
| 12           | Are there any issues with the guardian consent?

| 14           | The customer leaves the DLC to resolve the Issue  
              - Go to step 3 |
| 15           | The DLE verifies customer proof of residency.  
              - If the customer is 18 years of age or older, they must present two (2) proofs of  
                residency, such as:  
                o Current utility bills (water, gas, electric, cable, etc.) – Note, mobile/cellular or  
                  pager bills will not be accepted.  
                o Tax forms  
                o W-2 Form  
                o Current weapons permit (U.S. Citizens only)  
                o Lease Agreements  
                o Mortgage documents  
              - Note: If the customer resides with someone, and has no bills in their name, they will  
                still need to provide two proofs of residency. One such proof is to bring the person with  
                whom the customer resides along with their Driver’s License or Photo ID to the DLC.  
                The customer will also need to provide a second proof of residency, such as official  
                mail (i.e., bank statement, tax notice, magazine, etc.) that has the customer’s name  
                and address on it. The address must match that of the person with whom the customer  
                resides. |
| 16           | Are there any issues with the customer’s proof of residency?  
              - If yes, go to step 17  
              - If no, go to step 19 |
| 17           | The DLE informs the customer of the results and necessary steps to take to resolve the issue. |

- If yes, go to step 29  
- If no, go to step 24 |
| 24           | The DLE informs the customer of the issues. |
| 25           | The DLE contacts the PennDOT Medical Unit for direction. |
| 26           | The Medical Unit reviews the customer’s application, and may provide additional documentation and advise necessary steps to take to resolve the issue. |
| 27           | Is additional information required?  
- If yes, go to step 28  
- If no, go to step 29 |
| 28           | The customer leaves the DLC, and may need to undergo additional medical examinations.  
- If the customer has a condition that seriously impairs their ability to drive, they may be required to get a dual control learner’s permit, and learn to drive with a certified instructor.  
- Go to step 3 |
| 29           | The DLE tests the customer’s vision while they are at the DLC counter. |
| 30           | Does the customer pass the eye exam?  
- If yes, go to step 33  
- If no, go to step 31 |
| 31           | The DLE informs the customer of the results and necessary steps to take to resolve the issue. |
| 32           | The customer leaves the DLC, and has an optometrist, ophthalmologist, or family physician test their vision and complete a Report of Eye Examination Form (DL-102) or returns with corrective lenses.  
- Go to step 3 |
| 33           | The DLE directs the customer to move on to the Knowledge Test (KT) station.  
- The customer follows the associated queuing process at the DLC site. |
| 34           | The customer takes the KT. |
| 35           | Does the customer pass the KT?  
- If yes, go to step 38  
- If no, go to step 36 |
| 36           | The DLE returns the application form (DL-180) and, if applicable, the guardian consent form (DL-180TD) to the customer.  
- The application form is valid for up to one year from the date of the medical examination, provided the medical examination did not take place prior to 6 months before the customer’s 16th birthday.  
- The DLE does not update the Driver Licensing and Control (DL&C) system when a customer fails the KT. |
| 37           | The customer leaves the DLC to study more for the KT. The customer is permitted to take the KT again, though no more than once per day.  
- Go to step 3 |
| 38           | The DLE directs the customer to return to the DLC counter.  
- The customer follows the associated queuing process at the DLC site. |

| 43           | The DLE informs the customer of the results and necessary steps to take to resolve the issue. |
| 44           | The customer leaves the DLC to resolve the issue.  
  - Go to step 3 |
| 45           | The DLE creates a Non-Driver Record (NDR), or updates the existing record in the DL&C system. |
| 46           | The DLE follows fraud-reporting procedures, and adds an alert to the DL&C record. |
| 47           | The customer leaves the DLC. |
| 48           | The process ends when the NDR record with an alert has been added to the DL&C system. |
| 49           | The DLE creates or updates a customer record in the DL&C system using Conversation 95 (including the KT results). |
| 50           | The DL&C system performs the appropriate Electronic Driver Validation (EDV) checks (refer to Supporting Process 4.5.1).  
  - EDV checks verify that the driver is not listed in the Problem Driver Pointer System (PDPS), and that their address and Social Security Number (if applicable) are valid.  
  - The DLE may need to rerun the EDV checks if the customer has alternate names (i.e., due to adoption, marriage, etc.). |
| 51           | Do all EDV checks pass?  
  - If yes, go to step 54  
  - If no, go to step 52 |
| 52           | The DL&C system produces an Error Letter informing the customer of any issues, and necessary steps for resolution. |
| 53           | The customer leaves the DLC to resolve the issue.  
  - Go to step 3 |
| 54           | The DLE continues to payment and organ donor process steps. |
| 55           | Are there any issues with the payment or organ donor process steps?  
  - If yes, go to step 56  
  - If no, go to step 58 |
| 56           | The DLE informs the customer of the results and necessary steps to take to resolve the issue. |
| 57           | The customer leaves the DLC to resolve the issue.  
  - Go to step 3 |
| 58           | The DL&C system produces a Learner's Permit (LP) on an 8.5” x 11” sheet of paper.  
  - The customer must wait until 6 months have passed from the receipt date of the LP or until they turn 18 (whichever comes first) to be permitted to take a skills test. |

Step 5
<table>

<tr>
<th>Process Step</th>
<th>Description</th>
</tr>
</thead>
</table>
| 1 | The customer receives their LP.  
- Refer to 4.1.1 CM Non-CDL Learner’s Permit/Initial Issuance process map and narrative for specific process details.  
- A customer’s LP is valid for one year. The permit is considered invalid after three failed attempts at the skills test.  
- If the permit expires, or if the customer does not pass the skills test after 3 attempts, they may complete a DL-31 form to extend their LP, unless it has been more than 3 years from the date of the customer’s medical exam. If this is the case, the customer must start over with a new Non-CDL LP, following all of the steps outlined in the 4.1.1 CM Non-CDL Learner’s Permit/Initial Issuance process map and narrative. |
| 2 | Is the customer 18 years of age or older?  
- If yes, go to step 4  
- If no, go to step 3 |
| 3 | The customer (under 18) completes the required hours of skill building.  
- The customer (under 18) is required to complete at least 50 hours of behind-the-wheel skill building before they are permitted to take their road test.  
- Certain restrictions apply to customers under age 18.  
- The customer (under 18) must wait a mandatory six (6) months from their permit issue date before they are permitted to take their road test. |
| 4 | The customer makes an appointment at a qualified Driver License Center (DLC) to take their skills test.  
- A customer may choose to take a driver training course from an authorized institution. If so, the customer has the option to take an end of course driving test as an alternative to the DLC-provided skills test, if it is offered by the institution. If so, the institution typically faxes the results to the DLC, and the DLC continues the process at step 19.  
- The customer can go to the PennDOT Driver and Vehicle Services website to determine available times at selected locations, and then make the appointment online by submitting their LP number and date of birth (DOB).  
- The customer may also make the appointment via phone. |
| 5 | The customer arrives at the DLC on the scheduled date and time.  
- The customer does not need to follow the queuing process at the DLC. They are routed directly to the DLE who will be conducting the skills test. |
| 6 | The customer’s guardian completes the Parent or Guardian Certification Form (DL-180C) – if the customer is under 18 (if it is not already on file).  
- By signing the form, the guardian certifies that the customer’s six months of skill building included at least 50 hours of practical, adult-supervised driving experience. |
| 7 | The Driver License Examiner (DLE) reviews the required customer documentation:  
- Original documents required include the customer’s LP, the completed DL-180C form (if under 18 and not already on file), a valid registration card for the vehicle to be used for the road test, proof of insurance for the same vehicle, and the valid driver’s license of the person accompanying the customer to the DLC.  
- If any information on the customer’s LP is incorrect, they should bring proof of the correct information to the DLC at the time of their appointment, as well as a completed DL-31 form. |

|              | - Go to step 5 |
| 11           | The DLE retrieves a 402 Exam Form, containing customer and appointment information. |
| 12           | The DLE checks the customer’s vehicle documentation and stickers, including whether it has a valid registration card, current insurance, valid state inspection sticker, and, if required, a valid emissions sticker. |
| 13           | The DLE checks the customer’s vehicle operation, including the lights, horn, brakes, windshield wipers, turn signals, mirrors, doors, seats, and tires to ensure they operate properly and meet safety standards. |
| 14           | Does the vehicle check pass?  
|              | - If yes, go to step 17

| 16           | The customer resolves the issue.  
|              | - Go to step 5 |
| 17           | The customer takes their skills test.  
|              | - A customer will fail the road test if they drive dangerously, violate the law, cause a crash, do not follow the DLE’s instructions, or make too many driving errors.  
|              | - The DLE will be the only passenger during the road test, unless arrangements were made to use an American with Disabilities Act (ADA) representative or other PennDOT approved interpreter. When the road test begins, the customer will be told where to drive and what maneuvers to make. |
| 18           | The DLE completes the 402 Exam Form with the test results.  
|              | - The DLE will note how the customer controls their vehicle, uses turn signals to communicate with other drivers, or uses any other vehicle controls that may become necessary during the test. |
| 19           | The DLE posts the exam results in the DL&C system record via Conversation 95. |

| 22 | The customer leaves the DLC to resolve the issue.  
- The customer will need to schedule another skills test. If the customer is under 18, they must wait a minimum of 7 days before retaking the skills test. If the customer is 18 or older, they could retake the skills test the following day, provided there are appointments available.  
- The customer has three chances with each LP to pass the road test before the expiration date of the LP. After the third failure, the customer must reapply to extend their LP by completing and submitting form DL-31.  
- If the customer has not passed the road test within three years of their medical examination date, they must start over with a new Non-CDL LP application form (DL-180), and retake the Knowledge Test (KT), as outlined in 4.1.1 CM Non-CDL Learner’s Permit/Initial Issuance process map and narrative.

- Go to step 5 |
| 27 | If the customer passes the skills test, the DL&C system sends a message to the L-1 Photo system, which adds the customer’s license request into the photo license queue. |
| 28 | The DLE directs the customer to go to the Photo License Technician (PLT), with their signed LP, to have their photo taken for their driver license. |
| 29 | The PLT verifies the customer’s receipt and identity.  
- The customer must provide the PLT with their acceptable proof of identification (their PA LP).  
- Other acceptable documentation includes certification of U.S. citizenship, PA photo ID, military photo ID, PA vehicle registration card, bank photo ID, voter registration, valid passport, certification of naturalization, employee photo ID, weapons permit (U.S. citizens only), PA welfare photo ID, school photo ID, or Medicaid card. |
| 30 | Are there any issues with the customer’s identity?  
- If yes, go to step 31  
- If no, go to step 33 |
| 31 | The PLT directs the customer to return to the DLE to resolve the issue. |
| 32 | The DLE resolves the issue and directs the customer to return to the PLT.

- The PLT confirms the customer’s identity again by verifying that the customer’s signature captured at the successful completion of the skills test (camera card) matches the customer’s signature captured at the conclusion of the photo taking process (temporary driver’s license).  
- The temporary license is only valid for 15 days before it expires.  
- The PLT instructs the customer to destroy the temporary driver’s license upon receipt of their permanent driver’s license, and provides them with a copy of the Temporary License Details document (Pub 631). |
| 40          | PennDOT performs FR process (within the 15-day period when the customer’s temporary driver’s license is valid).  
- Refer to 4.5.3 Photo Processing (Facial Recognition Process) map and narrative for specific process details. |
| 41          | PennDOT issues permanent driver’s license to the customer via mail.  
- The permanent driver’s license should be sent within 15 days of the customer’s successful completion of the skills test, and getting their photo taken. |
| 42          | The process ends when the customer receives their permanent driver’s license in the mail. |

| 6 | The process ends if the customer has not reconciled any outstanding sanction(s) in another state(s), as PennDOT is unable to issue any driver’s license product.  
- Additionally, a customer whose driving privilege is sanctioned in another state(s) will not be able to obtain a replacement (duplicate) PA driver’s license or apply for a learner’s permit until the customer has reconciled the sanction(s) in the other state(s). |
| 7 | The DL&C system generates an Invitation for Renewal coupon (DL-60A/DL-60R), which is then mailed to the customer.  
- The invitation to renew is mailed to the customer 3 months prior to license expiration. |
| 8 | The customer arrives at the DLC counter.  
- The customer follows the associated queuing process at the DLC site.  
- While it is not advertised, PennDOT prefers to have a customer wait until 3 days prior to the expiration date on their license before they renew it at a DLC. This is enforced at the discretion of the DLC supervisor or manager (based primarily upon available capacity). |
| 9 | Does the customer have their Invitation for Renewal coupon?
