WB Mason Ordering Guide

This guide will show you how to effectively navigate and checkout using W.B. Mason website.

CONTRACT 4400020628 OFFICE SUPPLIES
FREQUENTLY ASKED QUESTIONS (FAQs)
Version Date: 10-1-19

User/Approver Set-up:

- **Question.** What should I do if I do not have a log-in for W.B. Mason?
 - Visit <https://m.marketing.email-wbmason.com/webApp/APP43> and complete a brief registration survey or contact customerCWOPA@wbmason.com for more information. It will take approximately 48 hours to process your registration request. The user will receive an email with their login credentials from WB Mason.

- **Question.** What should I do if I completed the registration survey, but I did not receive a user ID and password for W. B. Mason (WBM)?
 - **Answer.** If you have waited a minimum of 48 hours and have not received your login credentials, contact customerCWOPA@wbmason.com and provide your first name, last name, and ordering agency, and indicate you did not receive your credentials.

- **Question.** If a user has multiple delivery addresses for which they order office supplies will there be a selection option to choose the appropriate delivery address? If so, how do I set this up?
 - **Answer.** Contact customerCWOPA@wbmason.com for a user spreadsheet to complete to identify the multiple delivery locations. A drop-down selection option will be created for each user and location.

- **Question.** I am registered with WBM to order janitorial supplies. Do I need to register for office supplies?
 - **Answer.** You do need to register for Office Supplies. Once you are registered and you log in, you will come to the WBM home site and will need to choose which contract ordering catalog (Office Supplies or Janitorial) you wish to place an order.

- **Question.** All our current office supply contract users do not have p-cards and their orders are sent to the agency Procurement Office for approval and entry of the p-card information. How do I get this set up with W. B. Mason?
 - **Answer.** Contact WBM at customerCWOPA@wbmason.com and request a user spreadsheet to complete to identify each user and their approver(s). Users can set up their approvals as one or multiple.

Order Assistance, Finding Products and Payment:

- **Question.** Are we still using p-card as the payment process?
 - **Answer.** Pcard is the primary form of payment for orders within the pcard threshold.

- **Question.** How do I process a return with Staples or check on status of an existing backorder?
 - **Answer.** Users can no longer access the Staples ordering site, all returns, or status checks must be accomplished by contacting the Government Team. Phone 800-298-2412 or via email at Governmentteam@staples.com.

- **Question.** Is there a minimum order size for free delivery?
 - **Answer.** No, there is no minimum order size to qualify for free next-day delivery.

CONTRACT 4400020628 OFFICE SUPPLIES

FREQUENTLY ASKED QUESTIONS (FAQs)

Version Date: 10-1-19

- **Question.** When I search for products on the W. B. Mason site, how do I know if an item is on the Commonwealth of Pennsylvania's core list?
 - **Answer.** Core list items can be identified by the Commonwealth of Pennsylvania Keystone icon and will be first in your search results. Also, a copy of the contract's core item list has been added to the DGS eMarketplace as part of the Contract Overview. This list will be updated as items are added and deleted from the core list. Any new versions of this list will contain a version date.
- **Question.** When do I need to place my order by to get Next-Day Delivery?
 - **Answer.** Orders submitted and approved (approval is based on each agency's guidelines) by 5pm, will be delivered on the next business day. See Last Mile Program for any deviations.
- **Question.** What should I do if I need an item that is not on the W.B. Mason site?
 - **Answer.** Follow the Non-Core Waiver Request process. The EUP for the non-core waiver process will be added to Office Supplies Contract on the DGS eMarketplace.
- **Question.** How do I find "UniqueSource" items?
 - **Answer.** All UniqueSource items are housed under "Favorites" within the Account List "UniqueSource".
- **Question.** Can I order an item equivalent to the listed UniqueSource product?
 - **Answer.** Products equivalent to UniqueSource items are restricted from view on the W. B. Mason site. (See non-core waiver process for ordering restricted items. Please note waivers are generally not approved if there is a UniqueSource Item available.)
- **Question.** How can I verify payment and invoicing for split shipments on pcard orders?
 - **Answer.** Once logged into the WB Mason ordering site, users can go through the Account Center, Invoice History and view invoices. The invoices are viewable in .pdf format and are downloadable for record purposes.

Returns, Delivery and Waivers

- **Question.** What do I do if I need assistance with a W.B. Mason delivery or product question?
 - **Answer.** Contact CWOPA Customer Service (888-305-7910); customerCWOPA@wbmason.com or click the "Support" button on the W.B. Mason website.
- **Question.** How do I process a return?
 - **Answer.** Contact CWOPA Customer Service (888-305-7910); customerCWOPA@wbmason.com or click the "Return Center" under the "Orders" tab on the W.B. Mason website.
- **Question.** How do I process a Non-Core Waiver request?
 - **Answer.** Click on the "CWOPA Item Waiver Request" link found on the WB Mason home ordering page. A template email will pop up, pre-populated with the required data elements and the email address to submit the request to DGS, Bureau of Procurement. Complete the email request with all required information and click on send to send the email request to DGS. The DGS Procurement Team will review and respond to the waiver request. See the detailed Non-Core Waiver Request Process End User Procedure, attached to the DGs Contract on eMarketplace.

CONTRACT 4400020628 OFFICE SUPPLIES

FREQUENTLY ASKED QUESTIONS (FAQs)

Version Date: 10-1-19

- **Question.** Do Non-Core Waiver Requests require approval prior to submitting to DGS?
 - **Answer.** DGS does not require approvals, but they reserve the right to request additional information or verification of product need. An agency may establish their own internal approval or non-core requests by contacting WBM at customerwopa@wbmason.com and requesting a user spreadsheet to complete to identify each user and their approver(s).
- **Question.** When do I need to place my order by to get Next-Day Delivery?
 - **Answer.** Orders submitted and approved (approval is based on each agencies guidelines) by 5pm, will be delivered on the next business day. See Last Mile Program for any deviations.
- **Question.** I order office supplies for Commonwealth Employees who's designated office is their home address. Can I have office supplies delivered to their "home" office location?
 - **Answer.** Yes, W. B. Mason will deliver to official Commonwealth "Home" delivery address locations. The ordering agent must identify on the order that there are special delivery requirements to a "Home" office location.
- **Question.** What do I do if a delivery is lost or damaged?
 - **Answer.** Contact CustomerCWOPA@wbmason.com with your customer and sales order number. Describe the item missing or damaged, and a team member will send out a replacement for the next day delivery.
- **Question.** How long should we expect for a response to a non-core waiver request?
 - **Answer.** Waivers should be reviewed within 2-3 business days of when the waiver is received. Some waivers have taken longer to review due to excessive waiver requests or products being requested.

UniqueSource/Toners/Other Products:

- **Question.** We currently have our empty toner boxes picked up by the Office Supplies Contract supplier. How is this process affected by the change in suppliers?
 - **Answer.** The return of spent toner cartridges is still being handled in the same manner, utilizing UniqueSource and their member agency. You can view the empty toner cartridge return procedures for the Commonwealth agency recycling center at the following link: <https://www.dgs.pa.gov/Surplus/Recycling/Pages/default.aspx>.
- **Question.** How do I find "UniqueSource" items?
 - **Answer.** All UniqueSource items are housed under "Favorites" within the Account List "UniqueSource".
- **Question.** Can I order an item equivalent to the listed UniqueSource product?
 - **Answer.** The Commonwealth of Pennsylvania has instructed W.B. Mason to restrict any item with a UniqueSource equivalent. (See non-core waiver process for ordering UniqueSource equivalent products or other restricted items.)

CONTRACT 4400020628 OFFICE SUPPLIES
 FREQUENTLY ASKED QUESTIONS (FAQs)
 Version Date: 10-1-19

Delivery & Last Mile Program:

- **Question.** How will my order be delivered?
 - **Answer.** Most deliveries are made using W.B. Mason trucks, by a uniformed W.B. Mason delivery specialist. **Some orders within the Capitol Complex and immediate vicinity will be made by the DGS, Bureau of Supplies and Surplus Operations (BSSO) through the Last Mile Program.*

- **Question.** What is the Last Mile Program?
 - **Answer.** This program will utilize the DGS Bureau of Supplies and Surplus Operations (BSSO) for desktop deliveries to pre-defined Commonwealth agency offices. WBM, will make daily truckload deliveries to the BSSO Warehouse location at 22nd & Forster Streets, Harrisburg. BSSO staff will take delivery of orders and verify receipt of shipments. BSSO staff will then distribute orders to the Commonwealth agency offices, same day or next day, for select delivery locations.

- **Question.** How do I know if my office delivery address location is part of the Last Mile Program?

Search for Products

To search, type a keyword into the search bar or use the Shop tap to view different supply categories.

The screenshot displays the W.B. Mason website interface. At the top right, the logo reads "WHO BUT W.B. MASON". A shopping cart icon shows "0 Items" for "\$0.00", with "QUICK ORDER" and "CHECKOUT" buttons. A search bar with a magnifying glass icon contains the placeholder text "Enter Keyword". Below the search bar is a navigation menu with "SHOP" (highlighted with a red box), "SERVICES", "SUPPORT", "ORDERS", "ACCOUNT CENTER", and "FAVORITES". A link for "Federal Government Customers" is also visible. The main banner features the text "OFFICE SUPPLIES" surrounded by icons of various office supplies. Below this, a "CATEGORIES" list includes: Binders & Presentation, Boards & Easels, Calendars, Planners & Personal Organizers, Cases & Portfolios, Cash Handling, Clips, Clamps & Pins, Crafts & Recreation Room Products, Cutting & Measuring Devices, Desk Accessories & Workspace Organizers, Envelopes & Mailers, and Filing & Accessories. To the right, a "POPULAR CATEGORIES" section shows four product tiles: "Labels" (Easy Peel Address Labels), "Boards" (45% post-consumer content), "Staplers", and "File Folders" (Built-in Tab). The screenshot displays the W.B. Mason website interface. At the top right, there is a shopping cart icon with a truck, labeled "SHOPPING CART" showing "0 Items" and "\$0.00". Below this are "QUICK ORDER" and "CHECKOUT" buttons. A search bar with a magnifying glass icon contains the text "Enter Keyword". A navigation menu includes "SHOP", "SERVICES", "SUPPORT", "ORDERS", "ACCOUNT CENTER", and "FAVORITES". A link for "Federal Government Customers" is on the left. Below the navigation, a link says "< return to search results". The main content area features a product image of a box of "FLAGSHIP RECYCLED" paper with a portrait of a man and the W.B. Mason logo. To the right of the image, the product name "FLAGSHIP" is shown in purple. Below that, the full product description reads: "Flagship™ Recycled 50% Recycled Copy Paper, 8.5" x 11" Letter, 20lb., 92 Bright, 500/RM". The item number "WBM20050" is listed. A list of bullet points describes the paper's benefits: "The ideal recycled paper for all of your office needs. The 50% recycled paper performs just as well as non-recycled sheets and maintains excellent strength and durability in all plain paper office equipment.", "20 lb., 92 brightness", "Performs just as well as non-recycled sheets", and "For use in all your office machines". On the right side of the product description, there is a "QTY" input field, an "ADD TO CART" button, an "Add To List" button, and a "Note" field. At the bottom right, the availability is stated as "Next Day" with icons for a leaf, a recycling symbol, "92" (brightness), and "20" (weight).

PART V - CONTRACT TERMS and CONDITIONS

V.1 CONTRACT-001.1a Contract Terms and Conditions (Nov 30 2006)

The Contract with the selected offeror (who shall become the "Contractor") shall include the following terms and conditions:

V.2 CONTRACT-002.1d Term of Contract – Contract (May 2012)

The initial term of the Contract shall be 03 year(s) and 00 month(s).

The term of the Contract shall commence on the Effective Date (as defined below) and shall end on the Expiration Date identified in the Contract, subject to the other provisions of the Contract.

The Effective Date shall be: a) the Effective Date printed on the Contract after the Contract has been fully executed by the Contractor and the Commonwealth (signed and approved as required by Commonwealth contracting procedures) or b) the "Valid from" date printed on the Contract, whichever is later.

V.3 CONTRACT-002.2a Renewal of Contract Term (Nov 30 2006)

The Contract may be renewed for a maximum of 2 additional 1 year term(s), so long as Commonwealth provides written notice to Contractor of its intention to extend the Contract by letter prior to the expiration of the term of the agreement, or any extension thereof. The Commonwealth may exercise the renewal as individual year or multiple year term(s). Any renewal will be under the same terms, covenants and conditions. No further document is required to be executed to renew the term of the contract.

V.4 CONTRACT-002.3 Extension of Contract Term (Nov 30 2006)

The Commonwealth reserves the right, upon notice to the Contractor, to extend any single term of the Contract for up to three (3) months upon the same terms and conditions.

V.5 CONTRACT-003.1b Signatures – Contract (July 2015)

The Contract shall not be a legally binding contract until the fully-executed Contract has been sent to the Contractor. No Commonwealth employee has the authority to verbally direct the commencement of any work or delivery of any supply under this Contract prior to the Effective Date. The Contractor hereby waives any claim or cause of action for any service or work performed prior to the Effective Date.

The Contract may be signed in counterparts. The Contractor shall sign the Contract and return it to the Commonwealth. After the Contract is signed by the Contractor and returned to the Commonwealth, it will be processed for Commonwealth signatures and approvals. When the Contract has been signed and approved by the Commonwealth as required by Commonwealth contracting procedures, the Commonwealth shall create a Contract output form which shall: 1) clearly indicate "Fully executed" at the top of the form; 2) include a printed Effective Date and 3) include the printed name of the Purchasing Agent indicating that the document has been electronically signed and approved by the Commonwealth. Until the Contractor receives the Contract output form with this information on the Contract output form, there is no legally binding contract between the parties.

The fully-executed Contract may be sent to the Contractor electronically or through facsimile equipment.

The electronic transmission of the Contract shall require acknowledgement of receipt of the transmission by the Contractor. Receipt of the electronic or facsimile transmission of the Contract shall constitute receipt of the fully-executed Contract. The Commonwealth and the Contractor specifically agree as follows:

- a. No handwritten signature shall be required in order for the Contract to be legally enforceable.
- b. The parties agree that no writing shall be required in order to make the Contract legally binding, notwithstanding contrary requirements in any law. The parties hereby agree not to contest the validity or enforceability of a genuine Contract or acknowledgement issued electronically under the provisions of a statute of frauds or any other applicable law relating to whether certain agreements be in writing and signed by the party bound thereby. Any genuine Contract or acknowledgement issued electronically, if introduced as evidence on paper in any judicial, arbitration, mediation, or administrative proceedings, will be admissible as between the parties to the same extent and under the same conditions as other business records originated and maintained in documentary form. Neither party shall contest the admissibility of copies of a genuine Contract or acknowledgements under either the business records exception to the hearsay rule or the best evidence rule on the basis that the Contract or acknowledgement were not in writing or signed by the parties. A Contract or acknowledgment shall be deemed to be genuine for all

purposes if it is transmitted to the location designated for such documents.

c. Each party will immediately take steps to verify any document that appears to be obviously garbled in transmission or improperly formatted to include re-transmission of any such document if necessary.

V.6 CONTRACT-004.1a Definitions (Oct 2013)

As used in this Contract, these words shall have the following meanings:

a. Agency: The department, board, commission or other agency of the Commonwealth of Pennsylvania listed as the Purchasing Agency. If a COSTARS entity or external procurement activity has issued an order against this contract, that entity shall also be identified as "Agency". b. Contracting Officer: The person authorized to administer this Contract for the Commonwealth and to make written determinations with respect to the Contract.

c. Days: Unless specifically indicated otherwise, days mean calendar days. d. Developed Works or Developed Materials: All documents, sketches, drawings, designs, works, papers, files, reports, computer programs, computer documentation, data, records, software, samples or any other tangible material without limitation authored or prepared by Contractor as the work product covered in the scope of work for the Project. e. Documentation: All materials required to support and convey information about the services required by this Contract. It includes, but is not necessarily restricted to, written reports and analyses, diagrams, maps, logical and physical designs, system designs, computer programs, flow charts, disks, and/or other machine-readable storage media. f. Services: All Contractor activity necessary to satisfy the Contract.

V.7 CONTRACT-005.1a Purchase Orders (July 2015)

Commonwealth agencies may issue Purchase Orders against the Contract. These orders constitute the Contractor's authority to make delivery. All Purchase Orders received by the Contractor up to and including the expiration date of the Contract are acceptable and must be performed in accordance with the Contract. Each Purchase Order will be deemed to incorporate the terms and conditions set forth in the Contract.

Purchase Orders may be electronically signed by the Agency. The electronically-printed name of the purchaser represents the signature of that individual who has the authority, on behalf of the Commonwealth, to authorize the Contractor to proceed.

Page 2

Purchase Orders may be issued electronically or through facsimile equipment. The electronic transmission of a purchase order shall require acknowledgement of receipt of the transmission by the Contractor. Receipt of the electronic or facsimile transmission of the Purchase Order shall constitute receipt of an order. Orders received by the Contractor after 4:00 p.m. will be considered received the following business day.

a. No handwritten signature shall be required in order for the Contract or Purchase Order to be legally enforceable.

b. The parties agree that no writing shall be required in order to make the Purchase Order legally binding. The parties hereby agree not to contest the validity or enforceability of a Purchase Order or acknowledgement issued electronically under the provisions of a statute of frauds or any other applicable law relating to whether certain agreements be in writing and signed by the party bound thereby. Any Purchase Order or acknowledgement issued electronically, if introduced as evidence on paper in any judicial, arbitration, mediation, or administrative proceedings, will be admissible as between the parties to the same extent and under the same conditions as other business records originated and maintained in documentary form. Neither party shall contest the admissibility of copies of Purchase Orders or acknowledgements under either the business records exception to the hearsay rule or the best evidence rule on the basis that the Purchase Order or acknowledgement were not in writing or signed by the parties. A Purchase Order or acknowledgment shall be deemed to be genuine for all purposes if it is transmitted to the location designated for such documents.

c. Each party will immediately take steps to verify any document that appears to be obviously garbled in transmission or improperly formatted to include re-transmission of any such document if necessary.

Purchase Orders under ten thousand dollars (\$10,000) in total amount may also be made in person or by telephone using a Commonwealth Purchasing Card. When an order is placed by telephone, the Commonwealth agency shall provide the agency name, employee name, credit card number, and expiration date of the card. Contractors agree to accept payment through the use of the Commonwealth Purchasing Card.

V.8 CONTRACT-006.1 Independent Prime Contractor (Oct 2006)

In performing its obligations under the Contract, the Contractor will act as an independent contractor and not as an employee or agent of the Commonwealth. The Contractor will be responsible for all services in this Contract whether or not Contractor provides them directly. Further, the Contractor is the sole point of contact with regard to all contractual matters, including payment of any and all charges resulting from the Contract.

V.9 CONTRACT-007.01a Supplies Delivery (Nov 30 2006) All item(s) shall be delivered F.O.B. Destination. The Contractor agrees to bear the risk of loss, injury, or destruction of the item(s) ordered prior to receipt of the items by the Commonwealth. Such loss, injury, or destruction shall not release the Contractor from any contractual obligations. Except as otherwise provided in this contract, all item(s) must be delivered within the time period specified. Time is of the essence and, in addition to any other remedies, the Contract is subject to termination for failure to deliver as specified. Unless otherwise stated in this Contract, delivery must be made within thirty (30) days after the Effective Date.

Page 3

V.10 CONTRACT-007.02 Estimated Quantities (Nov 30 2006)

It shall be understood and agreed that any quantities listed in the Contract are estimated only and may be increased or decreased in accordance with the actual requirements of the Commonwealth and that the Commonwealth in accepting any bid or portion thereof, contracts only and agrees to purchase only the materials and services in such quantities as represent the actual requirements of the Commonwealth. The Commonwealth reserves the right to purchase materials and services covered under the Contract through a separate competitive procurement procedure, whenever Commonwealth deems it to be in its best interest.

V.11 CONTRACT-007.3 Prior Notice (Oct 2006)

The Contractor is required to notify the Commonwealth Delivery Location when shipment is to be made in order that a Commonwealth representative may be present to receive the Contract Item(s) when they are delivered.

V.12 CONTRACT-007.11 Pallets (Oct 2006)

All materials delivered under this Contract must be delivered on non-returnable wooden pallets so that they can be unloaded using a forklift. The total height of the palletted materials (including the height of the pallet) must not exceed 52 inches. Each carton in the pallet must have the commodity code and purchase order number on the outside of the carton. A packing slip must accompany each shipment.

V.13 CONTRACT-008.1a Warranty (Oct 2006)

The Contractor warrants that all items furnished and all services performed by the Contractor, its agents and subcontractors shall be free and clear of any defects in workmanship or materials. Unless otherwise stated in the Contract, all items are warranted for a period of one year following delivery by the Contractor and acceptance by the Commonwealth. The Contractor shall repair, replace or otherwise correct any problem with the delivered item. When an item is replaced, it shall be replaced with an item of equivalent or superior quality without any additional cost to the Commonwealth.

V.14 CONTRACT-009.1c Patent, Copyright, and Trademark Indemnity (Oct 2013)

The Contractor warrants that it is the sole owner or author of, or has entered into a suitable legal agreement concerning either: a) the design of any product or process provided or used in the performance of the Contract which is covered by a patent, copyright, or trademark registration or other right duly authorized by state or federal law or b) any copyrighted matter in any report, document or other material provided to the Commonwealth under the contract. The Contractor shall defend any suit or proceeding brought against the Commonwealth on account of any alleged patent, copyright or trademark infringement in the United States of any of the products provided or used in the performance of the Contract. This is upon condition that the Commonwealth shall provide prompt notification in writing of such suit or proceeding; full right, authorization and opportunity to conduct the defense thereof; and full information and all reasonable cooperation for the defense of same. As principles of governmental or public law are involved, the Commonwealth may participate in or choose to conduct, in its sole discretion, the defense of any such action. If information and assistance are furnished by the Commonwealth at the Contractor's written request, it shall be at the Contractor's expense, but the responsibility for such expense shall be only that within the Contractor's

written authorization. The Contractor shall indemnify and hold the Commonwealth harmless from all damages, costs, and expenses,

including attorney's fees that the Contractor or the Commonwealth may pay or incur by reason of any infringement or violation of the rights occurring to any holder of copyright, trademark, or patent interests and rights in any products provided or used in the performance of the Contract.

If any of the products provided by the Contractor in such suit or proceeding are held to constitute infringement and the use is enjoined, the Contractor shall, at its own expense and at its option, either procure the right to continue use of such infringement products, replace them with non-infringement equal performance products or modify them so that they are no longer infringing.

Page 4

If the Contractor is unable to do any of the preceding, the Contractor agrees to remove all the equipment or software which are obtained contemporaneously with the infringing product, or, at the option of the Commonwealth, only those items of equipment or software which are held to be infringing, and to pay the Commonwealth: 1) any amounts paid by the Commonwealth towards the purchase of the product, less straight line depreciation; 2) any license fee paid by the Commonwealth for the use of any software, less an amount for the period of usage; and 3) the pro rata portion of any maintenance fee representing the time remaining in any period of maintenance paid for. The obligations of the Contractor under this paragraph continue without time limit. No costs or expenses shall be incurred for the account of the Contractor without its written consent.

V.15 CONTRACT-009.1d Ownership Rights (Oct 2006)

The Commonwealth shall have unrestricted authority to reproduce, distribute, and use any submitted report, data, or material, and any software or modifications and any associated documentation that is designed or developed and delivered to the Commonwealth as part of the performance of the Contract.

V.16 CONTRACT-010.1a Acceptance (Oct 2006)

No item(s) received by the Commonwealth shall be deemed accepted until the Commonwealth has had a reasonable opportunity to inspect the item(s). Any item(s) which is discovered to be defective or fails to conform to the specifications may be rejected upon initial inspection or at any later time if the defects contained in the item(s) or the noncompliance with the specifications were not reasonably ascertainable upon the initial inspection. It shall thereupon become the duty of the Contractor to remove rejected item(s) from the premises without expense to the Commonwealth within fifteen (15) days after notification. Rejected item(s) left longer than fifteen (15) days will be regarded as abandoned, and the Commonwealth shall have the right to dispose of them as its own property and shall retain that portion of the proceeds of any sale which represents the Commonwealth's costs and expenses in regard to the storage and sale of the item(s). Upon notice of rejection, the Contractor shall immediately replace all such rejected item(s) with others conforming to the specifications and which are not defective. If the Contractor fails, neglects or refuses to do so, the Commonwealth shall then have the right to procure a corresponding quantity of such item(s), and deduct from any monies due or that may thereafter become due to the Contractor, the difference between the price stated in the Contract and the cost thereof to the Commonwealth.

V.17 CONTRACT-010.2 Product Conformance (March 2012)

The Commonwealth reserves the right to require any and all Contractors to:

1. Provide certified data from laboratory testing performed by the Contractor, or performed by an independent laboratory, as specified by the Commonwealth.
2. Supply published manufacturer product documentation.
3. Permit a Commonwealth representative to witness testing at the Contractor's location or at an independent laboratory.
4. Complete a survey/questionnaire relating to the bid requirements and specifications.

5. Provide customer references.

6. Provide a product demonstration at a location near Harrisburg or the using agency location.

V.18 CONTRACT-010.3 Rejected Material Not Considered Abandoned (Oct 2013)

The Commonwealth shall have the right to not regard any rejected material as abandoned and to demand that the Contractor remove the rejected material from the premises within thirty (30) days of notification. The Contractor shall be responsible for removal of the rejected material as well as proper clean-up. If the Contractor fails or refuses to remove the rejected material as demanded by the Commonwealth, the Commonwealth may seek payment from, or set-off from any payments due to the Contractor under this or any other Contract with the Commonwealth, the costs of removal and clean-up. This is in addition to all other rights to recover costs incurred by the Commonwealth.

Page 5

V.19 CONTRACT-011.1a Compliance With Law (Oct 2006)

The Contractor shall comply with all applicable federal and state laws and regulations and local ordinances in the performance of the Contract.

V.20 CONTRACT-013.1 Environmental Provisions (Oct 2006)

In the performance of the Contract, the Contractor shall minimize pollution and shall strictly comply with all applicable environmental laws and regulations, including, but not limited to: the Clean Streams Law Act of June 22, 1937 (P.L. 1987, No. 394), as amended 35 P.S. Section 691.601 et seq.; the Pennsylvania Solid Waste Management Act, Act of July 7, 1980 (P.L. 380, No. 97), as amended, 35 P.S. Section 6018.101 et seq.; and the Dam Safety and Encroachment Act, Act of November 26, 1978 (P.L. 1375, No. 325), as amended, 32 P.S. Section 693.1.

V.21 CONTRACT-014.1 Post-Consumer Recycled Content (June 2016)

Except as specifically waived by the Department of General Services in writing, any products which are provided to the Commonwealth as a part of the performance of the Contract must meet the minimum percentage levels for total recycled content as specified by the Environmental Protection Agency in its Comprehensive Procurement Guidelines, which can be found at <https://www.epa.gov/smm/comprehensive-procurement-guideline-cpg-program>.

V.22 CONTRACT-014.2 Manufacturer/Mill Certification (Oct 2013)

A manufacturer/mill certification in the form found on the Department of General Services website (www.dgs.state.pa.us) under Bureau of Procurement's Forms page must be completed and signed by the manufacturer of the Contract items before payment will be made to the Contractor for the delivered items. Bidders/Offerors are not required to submit the completed and signed Manufacturer/Mill Certification form with their bids/proposals. THE COMMONWEALTH SHALL HAVE NO OBLIGATION TO PAY FOR DELIVERED ITEM(S) UNTIL A PROPERLY COMPLETED AND SIGNED MANUFACTURER/MILL CERTIFICATION IS SUBMITTED FOR THE DELIVERED ITEM(S).

V.23 CONTRACT-014.3 Recycled Content Enforcement (Feb 2009)

The Contractor may be required, after delivery of the Contract item(s), to provide the Commonwealth with documentary evidence that the item(s) was in fact produced with the required minimum percentage of post-consumer and recovered material content.

V.24 CONTRACT-015.1 Compensation (Oct 2006)

The Contractor shall be required to furnish the awarded item(s) at the price(s) quoted in the Purchase Order. All item(s) shall be delivered within the time period(s) specified in the Purchase Order. The Contractor shall be compensated only for item(s) that are delivered and accepted by the Commonwealth.

V.25 CONTRACT-015.2 Billing Requirements (February 2012)

Unless the Contractor has been authorized by the Commonwealth for Evaluated Receipt Settlement or Vendor Self-Invoicing, the Contractor shall include in all of its invoices the following minimum information:

- Vendor name and "Remit to" address, including SAP Vendor number;
- Bank routing information, if ACH;
- SAP Purchase Order number;

Page 6

- Delivery Address, including name of Commonwealth agency;
- Description of the supplies/services delivered in accordance with SAP Purchase Order (include purchase order line number if possible);
- Quantity provided;
- Unit price;
- Price extension;
- Total price; and
- Delivery date of supplies or services.

If an invoice does not contain the minimum information set forth in this paragraph, the Commonwealth may return the invoice as improper. If the Commonwealth returns an invoice as improper, the time for processing a payment will be suspended until the Commonwealth receives a correct invoice. The Contractor may not receive payment until the Commonwealth has received a correct invoice.

Contractors are required to establish separate billing accounts with each using agency and invoice them directly. Each invoice shall be itemized with adequate detail and match the line item on the Purchase Order. In no instance shall any payment be made for services to the Contractor that are not in accordance with the prices on the Purchase Order, the Contract, updated price lists or any discounts negotiated by the purchasing agency.

V.26 CONTRACT-016.1 Payment (Oct 2006)

a. The Commonwealth shall put forth reasonable efforts to make payment by the required payment date. The required payment date is: (a) the date on which payment is due under the terms of the Contract; (b) thirty (30) days after a proper invoice actually is received at the "Bill To" address if a date on which payment is due is not specified in the Contract (a "proper" invoice is not received until the Commonwealth accepts the service as satisfactorily performed); or (c) the payment date specified on the invoice if later than the dates established by (a) and (b) above. Payment may be delayed if the payment amount on an invoice is not based upon the price(s) as stated in the Contract. If any payment is not made within fifteen (15) days after the required payment date, the Commonwealth may pay interest as determined by the Secretary of Budget in accordance with Act No. 266 of 1982 and regulations promulgated pursuant thereto. Payment should not be construed by the Contractor as acceptance of the service performed by the Contractor. The Commonwealth reserves the right to conduct further testing and inspection after payment, but within a reasonable time after performance, and to reject the service if such post payment testing or inspection discloses a defect or a failure to meet specifications. The Contractor agrees that the Commonwealth may set off the amount of any state tax liability or other obligation of the Contractor or its subsidiaries to the Commonwealth against any payments due the Contractor under any contract with the Commonwealth. b. The Commonwealth shall have the option of using the Commonwealth purchasing card to make purchases under the Contract or Purchase Order. The Commonwealth's purchasing card is similar to a credit card in that there will be a small fee which the Contractor will be required to pay and the Contractor will receive payment directly from the card issuer rather than the Commonwealth. Any and all fees related to this type of payment are the responsibility of the Contractor. In no case will the Commonwealth allow increases in prices to offset credit card fees paid by the Contractor or any other charges incurred by the Contractor, unless specifically stated in the terms of the Contract or Purchase Order.

V.27 CONTRACT-016.2 ACH Payments (Aug 2007)

a. The Commonwealth will make contract payments through the Automated Clearing House (ACH). Within 10 days of award of the contract or purchase order, the contractor must submit or must have already submitted their ACH information within their user profile in the Commonwealth's procurement system (SRM).

b. The contractor must submit a unique invoice number with each invoice submitted. The unique invoice number will be listed on the Commonwealth of Pennsylvania's ACH remittance advice to enable the contractor to properly

apply the state agency's payment to the invoice submitted. c. It is the responsibility of the contractor to ensure that the ACH information contained in SRM is accurate and complete. Failure to maintain accurate and complete information may result in delays in payments.

Page 7

V.28 CONTRACT-017.1 Taxes (Dec 5 2006)

The Commonwealth is exempt from all excise taxes imposed by the Internal Revenue Service and has accordingly registered with the Internal Revenue Service to make tax free purchases under Registration No. 23-23740001-K. With the exception of purchases of the following items, no exemption certificates are required and none will be issued: undyed diesel fuel, tires, trucks, gas guzzler emergency vehicles, and sports fishing equipment. The Commonwealth is also exempt from Pennsylvania state sales tax, local sales tax, public transportation assistance taxes and fees and vehicle rental tax. The Department of Revenue regulations provide that exemption certificates are not required for sales made to governmental entities and none will be issued. Nothing in this paragraph is meant to exempt a construction contractor from the payment of any of these taxes or fees which are required to be paid with respect to the purchase, use, rental, or lease of tangible personal property or taxable services used or transferred in connection with the performance of a construction contract.

V.29 CONTRACT-018.1 Assignment of Antitrust Claims (Oct 2006)

The Contractor and the Commonwealth recognize that in actual economic practice, overcharges by the Contractor's suppliers resulting from violations of state or federal antitrust laws are in fact borne by the Commonwealth. As part of the consideration for the award of the Contract, and intending to be legally bound, the Contractor assigns to the Commonwealth all right, title and interest in and to any claims the Contractor now has, or may acquire, under state or federal antitrust laws relating to the products and services which are the subject of this Contract.

V.30 CONTRACT-019.1 Hold Harmless Provision (Nov 30 2006)

a. The Contractor shall hold the Commonwealth harmless from and indemnify the Commonwealth against any and all third party claims, demands and actions based upon or arising out of any activities performed by the Contractor and its employees and agents under this Contract, provided the Commonwealth gives Contractor prompt notice of any such claim of which it learns. Pursuant to the Commonwealth Attorneys Act (71 P.S. Section 732-101, et seq.), the Office of Attorney General (OAG) has the sole authority to represent the Commonwealth in actions brought against the Commonwealth. The OAG may, however, in its sole discretion and under such terms as it deems appropriate, delegate its right of defense. If OAG delegates the defense to the Contractor, the Commonwealth will cooperate with all reasonable requests of Contractor made in the defense of such suits. b. Notwithstanding the above, neither party shall enter into any settlement without the other party's written consent, which shall not be unreasonably withheld. The Commonwealth may, in its sole discretion, allow the Contractor to control the defense and any related settlement negotiations.

V.31 CONTRACT-020.1 Audit Provisions (Oct 2006)

The Commonwealth shall have the right, at reasonable times and at a site designated by the Commonwealth, to audit the books, documents and records of the Contractor to the extent that the books, documents and records relate to costs or pricing data for the Contract. The Contractor agrees to maintain records which will support the prices charged and costs incurred for the Contract. The Contractor shall preserve books, documents and records that relate to costs or pricing data for the Contract for a period of three (3) years from the date of final payment. The Contractor shall give full and free access to all records to the Commonwealth and/or their authorized representatives.

V.32 CONTRACT-021.1 Default (Oct 2013)

a. The Commonwealth may, subject to the Force Majeure provisions of this Contract, and in addition to its other rights under the Contract, declare the Contractor in default by written notice thereof to the Contractor, and terminate (as provided in the Termination Provisions of this Contract) the whole or any part of this Contract or any Purchase Order for any of the following reasons:

- 1) Failure to begin work within the time specified in the Contract or Purchase Order or as otherwise specified;
- 2) Failure to perform the work with sufficient labor, equipment, or material to ensure the completion of the specified work in accordance with the Contract or Purchase Order terms;

Page 8

- 3) Unsatisfactory performance of the work;
- 4) Failure to deliver the awarded item(s) within the time specified in the Contract or Purchase Order or as otherwise specified;
- 5) Improper delivery;
- 6) Failure to provide an item(s) which is in conformance with the specifications referenced in the Contract or Purchase Order;
- 7) Delivery of a defective item;
- 8) Failure or refusal to remove material, or remove and replace any work rejected as defective or unsatisfactory;
- 9) Discontinuance of work without approval;
- 10) Failure to resume work, which has been discontinued, within a reasonable time after notice to do so;
- 11) Insolvency or bankruptcy;
- 12) Assignment made for the benefit of creditors;
- 13) Failure or refusal within 10 days after written notice by the Contracting Officer, to make payment or show cause why payment should not be made, of any amounts due for materials furnished, labor supplied or performed, for equipment rentals, or for utility services rendered;
- 14) Failure to protect, to repair, or to make good any damage or injury to property;
- 15) Breach of any provision of the Contract;
- 16) Failure to comply with representations made in the Contractor's bid/proposal; or
- 17) Failure to comply with applicable industry standards, customs, and practice.

b. In the event that the Commonwealth terminates this Contract or any Purchase Order in whole or in part as provided in Subparagraph a. above, the Commonwealth may procure, upon such terms and in such manner as it determines, items similar or identical to those so terminated, and the Contractor shall be liable to the Commonwealth for any reasonable excess costs for such similar or identical items included within the terminated part of the Contract or Purchase Order.

c. If the Contract or a Purchase Order is terminated as provided in Subparagraph a. above, the Commonwealth, in addition to any other rights provided in this paragraph, may require the Contractor to transfer title and deliver immediately to the Commonwealth in the manner and to the extent directed by the Contracting Officer, such partially completed items, including, where applicable, reports, working papers and other documentation, as the Contractor has specifically produced or specifically acquired for the performance of such part of the Contract or Purchase Order as has been terminated. Except as provided below, payment for completed work accepted by the Commonwealth shall be at the Contract price. Except as provided below, payment for partially completed items including, where applicable, reports and working papers, delivered to and accepted by the Commonwealth shall be in an amount agreed upon by the Contractor and Contracting Officer. The Commonwealth may withhold from amounts otherwise due the Contractor for such completed or partially completed works, such sum as the Contracting Officer determines to be necessary to protect the Commonwealth against loss.

d. The rights and remedies of the Commonwealth provided in this paragraph shall not be exclusive and are in addition to any other rights and remedies provided by law or under this Contract.

e. The Commonwealth's failure to exercise any rights or remedies provided in this paragraph shall not be construed to be a waiver by the Commonwealth of its rights and remedies in regard to the event of default or any succeeding event of default.

f. Following exhaustion of the Contractor's administrative remedies as set forth in the Contract Controversies Provision of the Contract, the Contractor's exclusive remedy shall be to seek damages in the Board of Claims.

V.33 CONTRACT-022.1 Force Majeure (Oct 2006)

Neither party will incur any liability to the other if its performance of any obligation under this Contract is prevented or delayed by causes beyond its control and without the fault or negligence of either party. Causes beyond a party's control may include, but aren't limited to, acts of God or war, changes in controlling law, regulations, orders or the requirements of any governmental entity, severe weather conditions, civil disorders, natural disasters, fire, epidemics and quarantines, general strikes throughout the trade, and freight embargoes.

The Contractor shall notify the Commonwealth orally within five (5) days and in writing within ten (10) days of the date on which the Contractor becomes aware, or should have reasonably become aware, that such cause would prevent or delay its performance. Such notification shall (i) describe fully such cause(s) and its effect on performance, (ii) state whether performance under the contract is prevented or delayed and (iii) if performance is delayed, state a reasonable estimate of the duration of the delay. The Contractor shall have the burden of proving that such cause(s) delayed or prevented its performance despite its diligent efforts to perform and shall produce such supporting documentation as the Commonwealth may reasonably request. After receipt of such notification, the Commonwealth may elect to cancel the Contract, cancel the Purchase Order, or to extend the time for performance as reasonably necessary to compensate for the Contractor's delay. In the event of a declared emergency by competent governmental authorities, the Commonwealth by notice to the Contractor, may suspend all or a portion of the Contract or Purchase Order.

V.34 CONTRACT-023.1a Termination Provisions (Oct 2013)

The Commonwealth has the right to terminate this Contract or any Purchase Order for any of the following reasons. Termination shall be effective upon written notice to the Contractor.

a. **TERMINATION FOR CONVENIENCE:** The Commonwealth shall have the right to terminate the Contract or a Purchase Order for its convenience if the Commonwealth determines termination to be in its best interest. The Contractor shall be paid for work satisfactorily completed prior to the effective date of the termination, but in no event shall the Contractor be entitled to recover loss of profits.

b. **NON-APPROPRIATION:** The Commonwealth's obligation to make payments during any Commonwealth fiscal year succeeding the current fiscal year shall be subject to availability and appropriation of funds. When funds (state and/or federal) are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal year period, the Commonwealth shall have the right to terminate the Contract or a Purchase Order. The Contractor shall be reimbursed for the reasonable value of any nonrecurring costs incurred but not amortized in the price of the supplies or services delivered under the Contract. Such reimbursement shall not include loss of profit, loss of use of money, or administrative or overhead costs. The reimbursement amount may be paid from any appropriations available for that purpose.

c. **TERMINATION FOR CAUSE:** The Commonwealth shall have the right to terminate the Contract or a Purchase Order for Contractor default under the Default Clause upon written notice to the Contractor. The Commonwealth shall also have the right, upon written notice to the Contractor, to terminate the Contract or a Purchase Order for other cause as specified in the Contract or by law. If it is later determined that the Commonwealth erred in terminating the Contract or a Purchase Order for cause, then, at the Commonwealth's discretion, the Contract or Purchase Order shall be deemed to have been terminated for convenience under the Subparagraph a.

V.35 CONTRACT-024.1 Contract Controversies (Oct 2011)

a. In the event of a controversy or claim arising from the Contract, the Contractor must, within six months after the cause of action accrues, file a written claim with the contracting officer for a determination. The claim shall state all grounds upon which the Contractor asserts a controversy exists. If the Contractor fails to file a claim or files an untimely claim, the Contractor is deemed to have waived its right to assert a claim in any forum. At the time the claim is filed, or within sixty (60) days thereafter, either party may request mediation through the Commonwealth Office of General Counsel Dispute Resolution Program.

b. If the Contractor or the contracting officer requests mediation and the other party agrees, the contracting officer shall promptly make arrangements for mediation. Mediation shall be scheduled so as to not delay the issuance of the final determination beyond the required 120 days after receipt of the claim if mediation is unsuccessful. If mediation is not agreed to or if resolution is not reached through mediation, the contracting officer shall review timely-filed claims and issue a final determination, in writing, regarding the claim. The final determination shall be issued within 120 days of the receipt of the claim, unless extended by consent of the contracting officer and the Contractor. The contracting officer shall send his/her written determination to the Contractor. If the contracting officer fails to issue a final determination within the 120 days (unless extended by consent of the parties), the claim shall be deemed denied. The contracting officer's determination shall be the final order of the purchasing agency.

c. Within fifteen (15) days of the mailing date of the determination denying a claim or within 135 days of filing a claim if, no extension is agreed to by the parties, whichever occurs first, the Contractor may file a statement of claim with the Commonwealth Board of Claims. Pending a final judicial resolution of a controversy or claim, the Contractor shall proceed diligently with the performance of the Contract in a manner consistent with the determination of the contracting officer and the Commonwealth shall compensate the Contractor pursuant to the terms of the Contract.

V.36 CONTRACT-025.1 Assignability and Subcontracting (Oct 2013)

a. Subject to the terms and conditions of this paragraph, this Contract shall be binding upon the parties and their respective successors and assigns.

b. The Contractor shall not subcontract with any person or entity to perform all or any part of the work to be performed under this Contract without the prior written consent of the Contracting Officer, which consent may be withheld at the sole and absolute discretion of the Contracting Officer.

c. The Contractor may not assign, in whole or in part, this Contract or its rights, duties, obligations, or responsibilities hereunder without the prior written consent of the Contracting Officer, which consent may be withheld at the sole and absolute discretion of the Contracting Officer.

d. Notwithstanding the foregoing, the Contractor may, without the consent of the Contracting Officer, assign its rights to payment to be received under the Contract, provided that the Contractor provides written notice of such assignment to the Contracting Officer together with a written acknowledgement from the assignee that any such payments are subject to all of the terms and conditions of this Contract.

e. For the purposes of this Contract, the term "assign" shall include, but shall not be limited to, the sale, gift, assignment, pledge, or other transfer of any ownership interest in the Contractor provided, however, that the term shall not apply to the sale or other transfer of stock of a publicly traded company.

f. Any assignment consented to by the Contracting Officer shall be evidenced by a written assignment agreement executed by the Contractor and its assignee in which the assignee agrees to be legally bound by all of the terms and conditions of the Contract and to assume the duties, obligations, and responsibilities being assigned.

g. A change of name by the Contractor, following which the Contractor's federal identification number

remains unchanged, shall not be considered to be an assignment hereunder. The Contractor shall give the Contracting Officer written notice of any such change of name.

V.37 CONTRACT-026.1 Other Contractors (Oct 2006)

The Commonwealth may undertake or award other contracts for additional or related work, and the Contractor shall fully cooperate with other contractors and Commonwealth employees, and coordinate its work with such additional work as may be required. The Contractor shall not commit or permit any act that will interfere with the performance of work by any other contractor or by Commonwealth employees. This paragraph shall be included in the Contracts of all contractors with which this Contractor will be

required to cooperate. The Commonwealth shall equitably enforce this paragraph as to all contractors to prevent the imposition of unreasonable burdens on any contractor.

V.38 CONTRACT-027.1 Nondiscrimination/Sexual Harassment Clause (March 2015)

The Contractor agrees:

1. In the hiring of any employee(s) for the manufacture of supplies, performance of work, or any other activity required under the contract or any subcontract, the Contractor, each subcontractor, or any person acting on behalf of the Contractor or subcontractor shall not discriminate in violation of the *Pennsylvania Human Relations Act* (PHRA) and applicable federal laws against any citizen of this Commonwealth who is qualified and available to perform the work to which the employment relates.

2. Neither the Contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate in violation of the PHRA and applicable federal laws against or intimidate any employee involved in the manufacture of supplies, the performance of work, or any other activity required under the contract.

3. The Contractor and each subcontractor shall establish and maintain a written nondiscrimination and sexual harassment policy and shall inform their employees of the policy. The policy must contain a provision that sexual harassment will not be tolerated and employees who practice it will be disciplined. Posting this Nondiscrimination/Sexual Harassment Clause conspicuously in easily-accessible and well-lighted places customarily frequented by employees and at or near where the contract services are performed shall satisfy this requirement.

4. The Contractor and each subcontractor shall not discriminate in violation of PHRA and applicable federal laws against any subcontractor or supplier who is qualified to perform the work to which the contract relates.

5. The Contractor and each subcontractor represents that it is presently in compliance with and will maintain compliance with all applicable federal, state, and local laws and regulations relating to nondiscrimination and sexual harassment. The Contractor and each subcontractor further represents that it has filed a Standard Form 100 Employer Information Report (“EEO-1”) with the U.S. Equal Employment Opportunity Commission (“EEOC”) and shall file an annual EEO-1 report with the EEOC as required for employers subject to *Title VII of the Civil Rights Act of 1964*, as amended, that have 100 or more employees and employers that have federal government contracts or first-tier subcontracts and have 50 or more employees. The Contractor and each subcontractor shall, upon request and within the time periods requested by the Commonwealth, furnish all necessary employment documents and records, including EEO-1 reports, and permit access to their books, records, and accounts by the contracting agency and the Bureau of Small Business Opportunities (BSBO), for purpose of ascertaining compliance with provisions of this Nondiscrimination/Sexual Harassment Clause.

6. The Contractor shall include the provisions of this Nondiscrimination/Sexual Harassment Clause in every subcontract so that those provisions applicable to subcontractors will be binding upon each subcontractor.

7. The Contractor's and each subcontractor's obligations pursuant to these provisions are ongoing from and after the effective date of the contract through the termination date thereof. Accordingly, the Contractor and each subcontractor shall have an obligation to inform the Commonwealth if, at any time during the term of the contract, it becomes aware of any actions or occurrences that would result in violation of these provisions.

8. The Commonwealth may cancel or terminate the contract and all money due or to become due under the contract may be forfeited for a violation of the terms and conditions of this Nondiscrimination/Sexual Harassment Clause. In addition, the agency may proceed with debarment or suspension and may place the Contractor in the Contractor Responsibility File.

V.39 CONTRACT-028.1 Contractor Integrity Provisions (Jan 2015)

It is essential that those who seek to contract with the Commonwealth of Pennsylvania ("Commonwealth") observe high standards of honesty and integrity. They must conduct themselves in a manner that fosters public confidence in the integrity of the Commonwealth contracting and procurement process.

1. DEFINITIONS. For purposes of these Contractor Integrity Provisions, the following terms shall have the meanings found in this Section:

a. "Affiliate" means two or more entities where (a) a parent entity owns more than fifty percent of the voting stock of each of the entities; or (b) a common shareholder or group of shareholders owns more than fifty percent of the voting stock of each of the entities; or (c) the entities have a common proprietor or general partner.

b. "Consent" means written permission signed by a duly authorized officer or employee of the Commonwealth, provided that where the material facts have been disclosed, in writing, by prequalification, bid, proposal, or contractual terms, the Commonwealth shall be deemed to have consented by virtue of the execution of this contract.

c. "Contractor" means the individual or entity, that has entered into this contract with the Commonwealth.

d. "Contractor Related Parties" means any affiliates of the Contractor and the Contractor's executive officers, Pennsylvania officers and directors, or owners of 5 percent or more interest in the Contractor.

e. "Financial Interest" means either:

- (1) Ownership of more than a five percent interest in any business; or
- (2) Holding a position as an officer, director, trustee, partner, employee, or holding any position of management.

f. "Gratuity" means tendering, giving, or providing anything of more than nominal monetary value including, but not limited to, cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. The exceptions set forth in the *Governor's Code of Conduct, Executive Order 1980-18, the 4 Pa. Code §7.153(b)*, shall apply.

g. "Non-bid Basis" means a contract awarded or executed by the Commonwealth with Contractor without seeking bids or proposals from any other potential bidder or offeror.

2. In furtherance of this policy, Contractor agrees to the following:

a. Contractor shall maintain the highest standards of honesty and integrity during the performance of this contract and shall take no action in violation of state or federal laws or regulations or any other applicable laws or regulations, or other requirements applicable to Contractor or that govern contracting or procurement with the Commonwealth.

b. Contractor shall establish and implement a written business integrity policy, which includes, at a minimum, the requirements of these provisions as they relate to the Contractor activity with the Commonwealth and Commonwealth employees and which is made known to all Contractor employees. Posting these Contractor Integrity Provisions conspicuously in easily-accessible and well-lighted places customarily frequented by employees and at or near where the contract services are performed shall satisfy this requirement.

c. Contractor, its affiliates, agents, employees and anyone in privity with Contractor shall not accept, agree to give, offer, confer or agree to confer or promise to confer, directly or indirectly, any gratuity or pecuniary benefit to any person, or to influence or attempt to influence any person in violation of any federal or state law, regulation, executive order of the Governor of Pennsylvania, statement of policy, management directive or any other published standard of the Commonwealth in connection with performance of work under this contract, except as provided in this contract.

d. Contractor shall not have a financial interest in any other contractor, subcontractor, or supplier providing services,

labor or material under this contract, unless the financial interest is disclosed to the Commonwealth in writing and the Commonwealth consents to Contractor's financial interest prior to Commonwealth execution of the contract. Contractor shall disclose the financial interest to the Commonwealth at the time of bid or proposal submission, or if no bids or proposals are solicited, no later than the Contractor's submission of the contract signed by Contractor.

e. Contractor certifies to the best of its knowledge and belief that within the last five (5) years Contractor or Contractor Related Parties have not:

(1) been indicted or convicted of a crime involving moral turpitude or business honesty or integrity in any jurisdiction;

(2) been suspended, debarred or otherwise disqualified from entering into any contract with any governmental agency;

(3) had any business license or professional license suspended or revoked;

(4) had any sanction or finding of fact imposed as a result of a judicial or administrative proceeding related to fraud, extortion, bribery, bid rigging, embezzlement, misrepresentation or anti-trust; and

(5) been, and is not currently, the subject of a criminal investigation by any federal, state or local prosecuting or investigative agency and/or civil anti-trust investigation by any federal, state or local prosecuting or investigative agency.

If Contractor cannot so certify to the above, then it must submit along with its bid, proposal or contract a written explanation of why such certification cannot be made and the Commonwealth will determine whether a contract may be entered into with the Contractor. The Contractor's obligation pursuant to this certification is ongoing from and after the effective date of the contract through the termination date thereof. Accordingly, the Contractor shall have an obligation to immediately notify the Commonwealth in writing if at any time during the term of the contract it becomes aware of any event which would cause the Contractor's certification or explanation to change. Contractor acknowledges that the Commonwealth may, in its sole discretion, terminate the contract for cause if it learns that any of the certifications made herein are currently false due to intervening factual circumstances or were false or should have been known to be false when entering into the contract.

f. Contractor shall comply with the requirements of the *Lobbying Disclosure Act (65 Pa.C.S. §13A01 et seq.)* regardless of the method of award. If this contract was awarded on a Non-bid Basis, Contractor must also comply with the requirements of the *Section 1641 of the Pennsylvania Election Code (25 P.S. §3260a)*.

g. When contractor has reason to believe that any breach of ethical standards as set forth in law, the Governor's Code of Conduct, or these Contractor Integrity Provisions has occurred or may occur, including but not limited to contact by a Commonwealth officer or employee which, if acted upon, would violate such ethical standards, Contractor shall immediately notify the Commonwealth contracting officer or the Office of the State Inspector General in writing.

h. Contractor, by submission of its bid or proposal and/or execution of this contract and by the submission of anybills, invoices or requests for payment pursuant to the contract, certifies and represents that is has not violated any of these Contractor Integrity Provisions in connection with the submission of the bid or proposal, during any contract negotiations or during the term of the contract, to include any extensions thereof. Contractor shall immediately notify the Commonwealth in writing of any actions for occurrences that would result in a violation of these Contractor Integrity Provisions. Contractor agrees to reimburse the Commonwealth for the reasonable costs of investigation incurred by the Office of the State Inspector General for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the Commonwealth that results in the suspension or debarment of the Contractor. Contractor shall not be responsible for investigative costs for investigations that do not result in the Contractor's suspension or debarment.

i. Contractor shall cooperate with the Office of the State Inspector General in its investigation of any alleged Commonwealth agency or employee breach of ethical standards and any alleged Contractor non-compliance with these Contractor Integrity Provisions. Contractor agrees to make identified Contractor employees available for

interviews at reasonable times and places. Contractor, upon the inquiry or request of an Inspector General, shall provide, or if appropriate, make promptly available for inspection or copying, any information of any type or form

Page 14

deemed relevant by the Office of the State Inspector General to Contractor's integrity and compliance with these provisions. Such information may include, but shall not be limited to, Contractor's business or financial records, documents or files of any type or form that refer to or concern this contract. Contractor shall incorporate this paragraph in any agreement, contract or subcontract it enters into in the course of the performance of this contract/agreement solely for the purpose of obtaining subcontractor compliance with this provision. The incorporation of this provision in a subcontract shall not create privity of contract between the Commonwealth and any such subcontractor, and no third party beneficiaries shall be created thereby.

j. For violation of any of these Contractor Integrity Provisions, the Commonwealth may terminate this and any other contract with Contractor, claim liquidated damages in an amount equal to the value of anything received in breach of these Provisions, claim damages for all additional costs and expenses incurred in obtaining another contractor to complete performance under this contract, and debar and suspend Contractor from doing business with the Commonwealth. These rights and remedies are cumulative, and the use or non-use of any one shall not preclude the use of all or any other. These rights and remedies are in addition to those the Commonwealth may have under law, statute, regulation or otherwise.

V.40 CONTRACT-029.1 Contractor Responsibility Provisions (Nov 2010)

For the purpose of these provisions, the term contractor is defined as any person, including, but not limited to, a bidder, offeror, loan recipient, grantee or lessor, who has furnished or performed or seeks to furnish or perform, goods, supplies, services, leased space, construction or other activity, under a contract, grant, lease, purchase order or reimbursement agreement with the Commonwealth of Pennsylvania (Commonwealth). The term contractor includes a permittee, licensee, or any agency, political subdivision, instrumentality, public authority, or other public entity in the Commonwealth.

1. The Contractor certifies, in writing, for itself and its subcontractors required to be disclosed or approved by the Commonwealth, that as of the date of its execution of this Bid/Contract, that neither the Contractor, nor any such subcontractors, are under suspension or debarment by the Commonwealth or any governmental entity, instrumentality, or authority and, if the Contractor cannot so certify, then it agrees to submit, along with its Bid/Contract, a written explanation of why such certification cannot be made.

2. The Contractor also certifies, in writing, that as of the date of its execution of this Bid/Contract it has no tax liabilities or other Commonwealth obligations, or has filed a timely administrative or judicial appeal if such liabilities or obligations exist, or is subject to a duly approved deferred payment plan if such liabilities exist.

3. The Contractor's obligations pursuant to these provisions are ongoing from and after the effective date of the Contract through the termination date thereof. Accordingly, the Contractor shall have an obligation to inform the Commonwealth if, at any time during the term of the Contract, it becomes delinquent in the payment of taxes, or other Commonwealth obligations, or if it or, to the best knowledge of the Contractor, any of its subcontractors are suspended or debarred by the Commonwealth, the federal government, or any other state or governmental entity. Such notification shall be made within 15 days of the date of suspension or debarment.

4. The failure of the Contractor to notify the Commonwealth of its suspension or debarment by the Commonwealth, any other state, or the federal government shall constitute an event of default of the Contract with the Commonwealth.

5. The Contractor agrees to reimburse the Commonwealth for the reasonable costs of investigation incurred by the Office of State Inspector General for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the Commonwealth that results in the suspension or debarment of the contractor. Such costs shall include, but shall not be limited to, salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor shall not be responsible for investigative costs for investigations that do not result in the Contractor's suspension or debarment.

6. The Contractor may obtain a current list of suspended and debarred Commonwealth contractors by either searching the Internet at <http://www.dgs.state.pa.us/> or contacting the:

V.41 CONTRACT-030.1 Americans with Disabilities Act (Oct 2006)

a. Pursuant to federal regulations promulgated under the authority of The Americans With Disabilities Act, 28 C.F.R. Section 35.101 et seq., the Contractor understands and agrees that it shall not cause any individual with a disability to be excluded from participation in this Contract or from activities provided for under this Contract on the basis of the disability. As a condition of accepting this contract, the Contractor agrees to comply with the "General Prohibitions Against Discrimination," 28 C.F.R. Section 35.130, and all other regulations promulgated under Title II of The Americans With Disabilities Act which are applicable to all benefits, services, programs, and activities provided by the Commonwealth of Pennsylvania through contracts with outside contractors.

b. The Contractor shall be responsible for and agrees to indemnify and hold harmless the Commonwealth of Pennsylvania from all losses, damages, expenses, claims, demands, suits, and actions brought by any party against the Commonwealth of Pennsylvania as a result of the Contractor's failure to comply with the provisions of Subparagraph a. above.

V.42 CONTRACT-031.1 Hazardous Substances (Oct 2013)

The Contractor shall provide information to the Commonwealth about the identity and hazards of hazardous substances supplied or used by the Contractor in the performance of the Contract. The Contractor must comply with Act 159 of October 5, 1984, known as the "Worker and Community Right to Know Act" (the "Act") and the regulations promulgated pursuant thereto at 4 Pa. Code Section 301.1 et seq.

a. Labeling. The Contractor shall ensure that each individual product (as well as the carton, container or package in which the product is shipped) of any of the following substances (as defined by the Act and the regulations) supplied by the Contractor is clearly labeled, tagged or marked with the information listed in Subparagraphs (1) through (4):

1) Hazardous substances:

- a) The chemical name or common name,
- b) A hazard warning, and
- c) The name, address, and telephone number of the manufacturer.

2) Hazardous mixtures:

- a) The common name, but if none exists, then the trade name,
- b) The chemical or common name of special hazardous substances comprising .01% or more of the mixture,
- c) The chemical or common name of hazardous substances consisting 1.0% or more of the mixture,
- d) A hazard warning, and
- e) The name, address, and telephone number of the manufacturer.

3) Single chemicals:

- a) The chemical name or the common name,
- b) A hazard warning, if appropriate, and
- c) The name, address, and telephone number of the manufacturer.

Page 16

4) Chemical Mixtures:

- a) The common name, but if none exists, then the trade name,
- b) A hazard warning, if appropriate,
- c) The name, address, and telephone number of the manufacturer, and
- d) The chemical name or common name of either the top five substances by volume or those substances consisting of 5.0% or more of the mixture.

A common name or trade name may be used only if the use of the name more easily or readily identifies the true nature of the hazardous substance, hazardous mixture, single chemical, or mixture involved.

Container labels shall provide a warning as to the specific nature of the hazard arising from the substance in the

container.

The hazard warning shall be given in conformity with one of the nationally recognized and accepted systems of providing warnings, and hazard warnings shall be consistent with one or more of the recognized systems throughout the workplace. Examples are:

- NFPA 704, Identification of the Fire Hazards of Materials.
- National Paint and Coatings Association: Hazardous Materials Identification System.
- American Society for Testing and Materials, Safety Alert Pictorial Chart.
- American National Standard Institute, Inc., for the Precautionary Labeling of Hazardous Industrial Chemicals.

Labels must be legible and prominently affixed to and displayed on the product and the carton, container, or package so that employees can easily identify the substance or mixture present therein.

b. Material Safety Data Sheet. The contractor shall provide Material Safety Data Sheets (MSDS) with the information required by the Act and the regulations for each hazardous substance or hazardous mixture. The Commonwealth must be provided an appropriate MSDS with the initial shipment and with the first shipment after an MSDS is updated or product changed. For any other chemical, the contractor shall provide an appropriate MSDS, if the manufacturer, importer, or supplier produces or possesses the MSDS. The contractor shall also notify the Commonwealth when a substance or mixture is subject to the provisions of the Act. Material Safety Data Sheets may be attached to the carton, container, or package mailed to the Commonwealth at the time of shipment.

V.43 CONTRACT-032.1 Covenant Against Contingent Fees (Oct 2006)

The Contractor warrants that no person or selling agency has been employed or retained to solicit or secure the Contract upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee, except bona fide employees or bona fide established commercial or selling agencies maintained by the Contractor for the purpose of securing business. For breach or violation of this warranty, the Commonwealth shall have the right to terminate the Contract without liability or in its discretion to deduct from the Contract price or consideration, or otherwise recover the full amount of such commission, percentage, brokerage, or contingent fee.

V.44 CONTRACT-033.1 Applicable Law (Oct 2006)

This Contract shall be governed by and interpreted and enforced in accordance with the laws of the Commonwealth of Pennsylvania (without regard to any conflict of laws provisions) and the decisions of the Pennsylvania courts. The Contractor consents to the jurisdiction of any court of the Commonwealth of Pennsylvania and any federal courts in Pennsylvania, waiving any claim or defense that such forum is not convenient or proper. The Contractor agrees that any such court shall have in personam jurisdiction over it, and consents to service of process in any manner authorized by Pennsylvania law.

Page 17

V.45 CONTRACT-034.1a Integration – RFP (Dec 12 2006)

This Contract, including the Request for Proposals, Contractor's Proposal, Contractor's Best and Final Offer, if any, all referenced documents, and any Purchase Order constitutes the entire agreement between the parties. No agent, representative, employee or officer of either the Commonwealth or the Contractor has authority to make, or has made, any statement, agreement or representation, oral or written, in connection with the Contract, which in any way can be deemed to modify, add to or detract from, or otherwise change or alter its terms and conditions. No negotiations between the parties, nor any custom or usage, shall be permitted to modify or contradict any of the terms and conditions of the Contract. No modifications, alterations, changes, or waiver to the Contract or any of its terms shall be valid or binding unless accomplished by a written amendment signed by both parties.

V.46 CONTRACT-034.2a Order of Precedence - RFP (Dec 12 2006)

In the event there is a conflict among the documents comprising this Contract, the Commonwealth and the Contractor agree on the following order of precedence: the Contract; the RFP, the Best and Final Offer, if any; the Contractor's Proposal in Response to the RFP.

V.47 CONTRACT-034.3 Controlling Terms and Conditions (Aug 2011)

The terms and conditions of this Contract shall be the exclusive terms of agreement between the Contractor and the Commonwealth. All quotations requested and received from the Contractor are for obtaining firm pricing only. Other terms and conditions or additional terms and conditions included or referenced in the Contractor's quotations, invoices, business forms, or other documentation shall not become part of the parties' agreement and shall be disregarded by the parties, unenforceable by the Contractor and not binding on the Commonwealth.

V.48 CONTRACT-035.1a Changes (Oct 2006)

The Commonwealth reserves the right to make changes at any time during the term of the Contract or any renewals or extensions thereof: 1) to increase or decrease the quantities resulting from variations between any estimated quantities in the Contract and actual quantities; 2) to make changes to the services within the scope of the Contract; 3) to notify the Contractor that the Commonwealth is exercising any Contract renewal or extension option; or 4) to modify the time of performance that does not alter the scope of the Contract to extend the completion date beyond the Expiration Date of the Contract or any renewals or extensions thereof. Any such change shall be made by the Contracting Officer by notifying the Contractor in writing. The change shall be effective as of the date of the change, unless the notification of change specifies a later effective date. Such increases, decreases, changes, or modifications will not invalidate the Contract, nor, if performance security is being furnished in conjunction with the Contract, release the security obligation. The Contractor agrees to provide the service in accordance with the change order. Any dispute by the Contractor in regard to the performance required by any notification of change shall be handled through Contract Controversies Provision.

V.49 CONTRACT-037.1a Confidentiality (Oct 2013)

a) The Contractor agrees to protect the confidentiality of the Commonwealth's confidential information. The Commonwealth agrees to protect the confidentiality of Contractor's confidential information. In order for information to be deemed confidential, the party claiming confidentiality must designate the information as "confidential" in such a way as to give notice to the other party (notice may be communicated by describing the information, and the specifications around its use or disclosure, in the SOW). Neither party may assert that information owned by the other party is such party's confidential information. The parties agree that such confidential information shall not be copied, in whole or in part, or used or disclosed except when essential for authorized activities under this Contract and, in the case of disclosure, where the recipient of the confidential

information has agreed to be bound by confidentiality requirements no less restrictive than those set forth herein. Each copy of such confidential information shall be marked by the party making the copy with any notices appearing in the original. Upon termination or cancellation of this Contract or any license granted hereunder, the receiving party will return to the disclosing party all copies of the confidential information in the receiving party's possession, other than one copy, which may be maintained for archival purposes only, and which will remain subject to this Contract's security, privacy, data retention/destruction and confidentiality provisions (all of which shall survive the expiration of this Contract). Both parties agree that a material breach of these requirements may, after failure to cure within the time frame specified in this Contract, and at the discretion of the non-breaching party, result in termination for default pursuant to the DEFAULT provision of this Contract, in addition to other remedies available to the non-breaching party.

(b) Insofar as information is not otherwise protected by law or regulation, the obligations stated in this Section do not apply to information:

- (1) already known to the recipient at the time of disclosure other than through the contractual relationship;
- (2) independently generated by the recipient and not derived by the information supplied by the disclosing party.
- (3) known or available to the public , except where such knowledge or availability is the result of unauthorized disclosure by the recipient of the proprietary information;
- (4) disclosed to the recipient without a similar restriction by a third party who has the right to make such disclosure; or
- (5) required to be disclosed by law , regulation, court order, or other legal process.

There shall be no restriction with respect to the use or disclosure of any ideas, concepts, know-how, or data processing techniques developed alone or jointly with the Commonwealth in connection with services provided to the Commonwealth under this Contract.

(c) The Contractor shall use the following process when submitting information to the Commonwealth it believes to be confidential and/or proprietary information or trade secrets:

- (1) Prepare an un-redacted version of the appropriate document, and
- (2) Prepare a redacted version of the document that redacts the information that is asserted to be confidential or proprietary information or a trade secret, and
- (3) Prepare a signed written statement that states:
 - (i) the attached document contains confidential or proprietary information or trade secrets;

- (ii) the Contractor is submitting the document in both redacted and un-redacted format in accordance with 65 P.S. § 67.707(b); and
 - (iii) the Contractor is requesting that the document be considered exempt under 65 P.S. § 67.708(b)(11) from public records requests.
- (4) Submit the two documents along with the signed written statement to the Commonwealth.

V.50 CONTRACT-041.1 Contract Requirements-Small Diverse Business and Small Business Participation (July 2016)

The provisions contained in the RFP concerning Contract Requirements - Small Diverse Business and Small Business Participation are incorporated by reference herein.

V.51 CONTRACT-046.1 Manufacturer's Price Reduction (Oct 2006)

If, prior to the delivery of the awarded item(s) by the Contractor, a price reduction is announced by the original Pageequipment manufacturer, a comparative price reduction will be given to the Commonwealth by the Contractor.

Page 19

V.52 CONTRACT-051.1 Notice (Dec 2006)

Any written notice to any party under this Contract shall be deemed sufficient if delivered personally, or by facsimile, telecopy, electronic or digital transmission (provided such delivery is confirmed), or by a recognized overnight courier service (e.g., DHL, Federal Express, etc.) with confirmed receipt, or by certified or registered United States mail, postage prepaid, return receipt requested, and sent to following:

- a. If to the Contractor: the Contractor's address as recorded in the Commonwealth's Supplier Registration system.
- b. If to the Commonwealth: the address of the Issuing Office as set forth on the Contract.

V.53 CONTRACT-052.1 Right to Know Law (Feb 2010)

- a. The Pennsylvania Right-to-Know Law, 65 P.S. §§ 67.101-3104, ("RTKL") applies to this Contract. For the purpose of these provisions, the term "the Commonwealth" shall refer to the contracting Commonwealth agency.
- b. If the Commonwealth needs the Contractor's assistance in any matter arising out of the RTKL related to this Contract, it shall notify the Contractor using the legal contact information provided in this Contract. The Contractor, at any time, may designate a different contact for such purpose upon reasonable prior written notice to the Commonwealth.
- c. Upon written notification from the Commonwealth that it requires the Contractor's assistance in responding to a request under the RTKL for information related to this Contract that may be in the Contractor's possession, constituting, or alleged to constitute, a public record in accordance with the RTKL ("Requested Information"), the Contractor shall:
 - 1. Provide the Commonwealth, within ten (10) calendar days after receipt of written notification, access to, and copies of, any document or information in the Contractor's possession arising out of this Contract that the Commonwealth reasonably believes is Requested Information and may be a public record under the RTKL; and
 - 2. Provide such other assistance as the Commonwealth may reasonably request, in order to comply with the RTKL with respect to this Contract.
- d. If the Contractor considers the Requested Information to include a request for a Trade Secret or Confidential Proprietary Information, as those terms are defined by the RTKL, or other information that the Contractor considers exempt from production under the RTKL, the Contractor must notify the Commonwealth and provide, within seven (7) calendar days of receiving the written notification, a written statement signed by a representative of the Contractor explaining why the requested material is exempt from public disclosure under the RTKL.
- e. The Commonwealth will rely upon the written statement from the Contractor in denying a RTKL request for the Requested Information unless the Commonwealth determines that the Requested Information is clearly not protected from disclosure under the RTKL. Should the Commonwealth determine that the Requested Information is clearly not exempt from disclosure, the Contractor shall provide the Requested Information within five (5) business days of receipt of written notification of the Commonwealth's determination.
- f. If the Contractor fails to provide the Requested Information within the time period required by these provisions, the Contractor shall indemnify and hold the Commonwealth harmless for any damages, penalties, costs, detriment or

harm that the Commonwealth may incur as a result of the Contractor's failure, including any statutory damages assessed against the Commonwealth.

g. The Commonwealth will reimburse the Contractor for any costs associated with complying with these provisions only to the extent allowed under the fee schedule established by the Office of Open Records or as otherwise provided by the RTKL if the fee schedule is inapplicable.

h. The Contractor may file a legal challenge to any Commonwealth decision to release a record to the public with

Page 20

the Office of Open Records, or in the Pennsylvania Courts, however, the Contractor shall indemnify the Commonwealth for any legal expenses incurred by the Commonwealth as a result of such a challenge and shall hold the Commonwealth harmless for any damages, penalties, costs, detriment or harm that the Commonwealth may incur as a result of the Contractor's failure, including any statutory damages assessed against the Commonwealth, regardless of the outcome of such legal challenge. As between the parties, the Contractor agrees to waive all rights or remedies that may be available to it as a result of the Commonwealth's disclosure of Requested Information pursuant to the RTKL.

i. The Contractor's duties relating to the RTKL are continuing duties that survive the expiration of this Contract and shall continue as long as the Contractor has Requested Information in its possession.

CONTRACT No. 4400020628
FOR
Office Supplies

THIS CONTRACT for the provision of **Office Supplies** ("Contract") is entered into by and between the **Commonwealth of Pennsylvania**, acting through the **Department of General Services** ("DGS"), and **W. B. Mason Co., Inc.** ("**Contractor**").

WHEREAS, the Department of General Services issued a Request For Proposals for the provision of **Office Supplies** for Commonwealth Agencies, RFP No. **6100046257** ("**RFP**"); and

WHEREAS, Contractor submitted a proposal in response to the RFP; and

WHEREAS, DGS determined that Contractor's proposal was the most advantageous to the Commonwealth after taking into consideration all of the evaluation factors set forth in the RFP and selected Contractor for contract negotiations; and

WHEREAS, DGS and Contractor have negotiated this Contract as their final and entire agreement in regard to providing **Office Supplies** to the Commonwealth.

NOW THEREFORE, intending to be legally bound hereby, DGS and Contractor agree as follows:

1. Contractor shall, in accordance with the terms and conditions of this Contract, provide **Office Supplies** as more fully defined in the RFP, to all Commonwealth Agencies.
2. Executive and Independent Agencies shall procure their requirements for **Office Supplies** in accordance with the terms and conditions of this Contract.
3. Contractor agrees to provide the **Office Supplies** listed in its Final Negotiated Cost Submittal, which is attached hereto as Exhibit B and made a part hereof, at the prices listed for those items in Exhibit B.
4. Contractor agrees to meet and maintain the commitments to small diverse businesses made in its Small Diverse Business Submittal, which is attached hereto as Exhibit C and made a part hereof. Any proposed change to a small diverse business commitment must be submitted to the DGS Bureau of Diversity Inclusion and Small Business Opportunities ("BDISBO"), which will make a recommendation as to a course of action to the Contracting Officer. Contractor shall complete the Prime Contractor's Quarterly Utilization Report and submit it to the Contracting Officer and BDISBO within ten (10) workdays at the end of each calendar quarter that the Contract is in effect.
5. This Contract is comprised of the following documents, which are listed in order of precedence in the event of a conflict between these documents:

- a. The Contract document contained herein.
 - b. The Contract Terms and Conditions contained as Appendix A to the RFP, which is attached hereto as Exhibit A and made part of this Contract.
 - c. The Contractor's Final Negotiated Cost Submittal, which is attached hereto as Exhibit B and made a part hereof.
 - d. The Contractor's Final Negotiated Small Diverse Business Submittal, which is attached hereto as Exhibit C and made a part hereof.
 - e. The RFP, including all of the referenced Appendices and as revised by all Addenda issued thereto, which is attached hereto as Exhibit A and made a part hereof.
 - f. The Contractor's Technical Submittal, which is attached hereto as Exhibit D and made a part hereof and further clarified by WB Mason's Response to Commonwealth's List of Items for Negotiation, dated February 5, 2019.
6. Paragraph V.38 CONTRACT-027.1 Nondiscrimination/Sexual Harassment Clause (March 2015) as contained in Appendix A to the RFP is hereby deleted and replaced in its entirety with Paragraph V.38 CONTRACT-027.1 Nondiscrimination/Sexual Harassment Clause (August 2018) as set forth below:

Paragraph V.38 CONTRACT-027.1 Nondiscrimination/Sexual Harassment Clause (August 2018)

The Contractor agrees:

- a. In the hiring of any employee(s) for the manufacture of supplies, performance of work, or any other activity required under the contract or any subcontract, the Contractor, each subcontractor, or any person acting on behalf of the Contractor or subcontractor shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the *Pennsylvania Human Relations Act* (PHRA) and applicable federal laws, against any citizen of this Commonwealth who is qualified and available to perform the work to which the employment relates.
- b. Neither the Contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, against or intimidate any employee involved in the manufacture of supplies, the performance of work, or any other activity required under the contract.

- c. Neither the Contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of the PHRA and applicable federal laws, in the provision of services under the contract.
- d. Neither the Contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate against employees by reason of participation in or decision to refrain from participating in labor activities protected under the *Public Employee Relations Act*, *Pennsylvania Labor Relations Act* or *National Labor Relations Act*, as applicable and to the extent determined by entities charged with such Acts' enforcement, and shall comply with any provision of law establishing organizations as employees' exclusive representatives.
- e. The Contractor and each subcontractor shall establish and maintain a written nondiscrimination and sexual harassment policy and shall inform their employees in writing of the policy. The policy must contain a provision that sexual harassment will not be tolerated and employees who practice it will be disciplined. Posting this Nondiscrimination/Sexual Harassment Clause conspicuously in easily-accessible and well-lighted places customarily frequented by employees and at or near where the contracted services are performed shall satisfy this requirement for employees with an established work site.
- f. The Contractor and each subcontractor shall not discriminate by reason of race, gender, creed, color, sexual orientation, gender identity or expression, or in violation of PHRA and applicable federal laws, against any subcontractor or supplier who is qualified to perform the work to which the contract relates.
- g. The Contractor and each subcontractor represents that it is presently in compliance with and will maintain compliance with all applicable federal, state, and local laws, regulations and policies relating to nondiscrimination and sexual harassment. The Contractor and each subcontractor further represents that it has filed a Standard Form 100 Employer Information Report ("EEO-1") with the U.S. Equal Employment Opportunity Commission ("EEOC") and shall file an annual EEO-1 report with the EEOC as required for employers' subject to *Title VII* of the *Civil Rights Act of 1964*, as amended, that have 100 or more employees and employers that have federal government contracts or first-tier subcontracts and have 50 or more employees. The Contractor and each subcontractor shall, upon request and within the time periods requested by the Commonwealth, furnish all necessary employment documents and records, including EEO-1 reports, and permit access to their books, records, and accounts by the contracting agency and the Bureau of Diversity, Inclusion and Small Business Opportunities for purpose of ascertaining compliance with provisions of this Nondiscrimination/Sexual Harassment Clause.

- h. The Contractor shall include the provisions of this Nondiscrimination/Sexual Harassment Clause in every subcontract so that those provisions applicable to subcontractors will be binding upon each subcontractor.
- i. The Contractor's and each subcontractor's obligations pursuant to these provisions are ongoing from and after the effective date of the contract through the termination date thereof. Accordingly, the Contractor and each subcontractor shall have an obligation to inform the Commonwealth if, at any time during the term of the contract, it becomes aware of any actions or occurrences that would result in violation of these provisions.
- j. The Commonwealth may cancel or terminate the contract and all money due or to become due under the contract may be forfeited for a violation of the terms and conditions of this Nondiscrimination/Sexual Harassment Clause. In addition, the agency may proceed with debarment or suspension and may place the Contractor in the Contractor Responsibility File.

[THE REMAINDER OF THIS PAGE IS INTENTIONALLY LEFT BLANK]

IN WITNESS WHEREOF, the parties hereto have signed this Contract as of the dates written below. Execution by the Commonwealth will be as described in the Contract Terms and Conditions, paragraph 003.1b Signatures- Contract (March 2007).

February 5, 2019

Technical Questions

1. In Section I-1. D., Personnel, selected Offerors were asked to identify and describe Key Personnel who will be engaged in the work and indicate where these personnel will be physically located during the time they are engaged in the Project.

On Page 7, in W.B. Mason's original proposal, W.B. Mason identified that both W.B. Mason and Alpha Office Solutions will provide Customer Service Staff available for the Commonwealth between the hours of 7:30 AM and 6:00 PM.

Please clarify and acknowledge the following:

- A. At what capacity will the Customer Service Team Lead and Primary Customer Service Contact for the Commonwealth be available (i.e. onsite representative, phone representative, etc.);
 - W.B. Mason is consistently investing in the elaboration of the Company's communications technology portfolio. Innovations through Interpersonal Technology will continue to solidify the Company's capacity to service the Commonwealth. W.B. Mason's Customer Service Team Lead and Primary Customer Service Contact for the Commonwealth, as well as the full complement of staff assigned to the Commonwealth in a Customer Service capacity, will be available during the hours of 7:30 AM – 6:00 PM Monday through Friday via toll free telephone, toll free fax, and E-mail. The Company has created a dedicated E-Mail Inbox (CustomerStateOfPennOfficeProducts@Wbmason.com) to immediately capture and assign the requests of the Commonwealth. Should the Commonwealth deem it necessary, onsite Customer Service representation can be provided on a full time basis or otherwise as required.
- B. How will the fifteen Customer Service Representatives that are assigned to the Commonwealth handle end user and administrative issues and distribution and warehouse services issues; and
 - Leaning on W.B. Mason's proven Customer Intimacy Model, the fifteen Customer Service Representatives will utilize our expanding telecommunications avenues to handle end user administrative issues with

same day response via E-mail, phone, web chat, or otherwise as desired by the individual Commonwealth end user. W.B. Mason's Customer Service staff is linked in a consistent, real-time platform, with the Company's distribution and warehouse personnel. This enables Customer Service Representatives to provide assistance, resolution, and overall rapid response to the individual Commonwealth end user.

- C. Will the Customer Service Representatives be assigned by demographic regions throughout the Commonwealth?
- With Customer Service representatives in Local Service Facilities of Allentown, Altoona, Oaks, Philadelphia, Pittsburgh, Scottsdale, and York, the Company has sufficient geographical coverage to provide same day, knowledgeable, and locally based Customer Service to all Commonwealth end users and administrators. Regardless of geographical locale within the Commonwealth, the Company is deeply established with Customer Service Representation to properly provide assistance. Should the Commonwealth deem it necessary, further density of Customer Service representation can be implemented.
2. In Section I-2. B. 1., UniqueSource, selected Offerors were asked to provide a detailed plan as to how the UniqueSource program will be implemented, how UniqueSource items will be ordered and inventoried, and how the electronic interface will ensure that no similar items will be displayed when UniqueSource items are available for purchase.

On Page 12, in W.B. Mason's original proposal, it was stated that Gerald Boyle is designated as W.B. Mason's Lead Executive Program Manager for the State of Pennsylvania and has listed a set of tasks in establishing the initial relationship with UniqueSource.

Please acknowledge the following:

- A. Any issues after the contract go-live date should first be discussed between W.B. Mason and UniqueSource. If unable to resolve the issue or if a recurring issue, then W.B. Mason and/or UniqueSource may elevate the issue to the DGS Contract Manager. Final step in resolution for either W.B. Mason or UniqueSource would be to request mediation from DGS UniqueSource Contract Program Manager;
- W.B. Mason acknowledges herein that it will adhere to this protocol and escalation path regarding UniqueSource product.
- B. UniqueSources' standard delivery timeframe is 30 days after receipt of order from W.B. Mason. W.B. Masons' warehouse(s) must be stocked and ready to ship by go-live date with UniqueSource items;

Commonwealth's List of Items for Negotiation
Office Supplies
February 5, 2019

- W.B. Mason will commit to having the UniqueSource program fully operational and ready to go within forty five (45) days of formal notification of contract award by the Commonwealth.
- C. UniqueSource items must be searchable on www.wbmason.com by keywords, description, manufacturer part number and W.B. Mason SKU;
 - Acknowledged and agreed to on all counts. Furthermore, the site maintains the functionality to block items based on virtually any criteria (product category, manufacturer, price, etc.). Designated staff of W.B. Mason will work with the Commonwealth's DGS-UniqueSource Program Manager in establishing the specific set of items offered in the course of everyday business by W.B. Mason that will be blocked from view and purchase by Commonwealth end users in order to maximize the UniqueSource program as managed by W.B. Mason.
- D. UniqueSource items should be included within the appropriate categories and subcategories, along with other core items; and
 - Acknowledged and agreed to by W.B. Mason.
- E. The DGS-UniqueSource Contract Program Manager is a DGS employee. The Program Manager and at least one (1) UniqueSource employee shall be granted view-only access to www.wbmason.com.
 - Acknowledged and agreed to by W.B. Mason.

Please clarify and acknowledge the following:

- A. Does www.wbmason.com have the capability to create a standard shopping list titled "UniqueSource" that will display on all COPA user accounts;
 - The Company does have this capability and looks forward to establishing it for the Commonwealth.
- B. Will items that are comparable to a UniqueSource item be "hidden", so they don't display on the www.wbmason.com site;
 - Yes; please refer to the Company's response to Section 2.C. above for more information.
- C. How will W.B. Mason handle substitutions if/when a UniqueSource item is out of stock due to UniqueSource not being able to restock inventory in a timely manner; How will these items be displayed on www.wbmason.com; and
 - While this ultimately is a matter for negotiation between the Company and the Commonwealth, two of the options it could offer to end users would be to: link a like item from its standard stock offering to the out of stock UniqueSource item and hard sub the item via its "Swap-'N-Save" Program, or, instead, notify end users of the backorder and give each end user the

Commonwealth's List of Items for Negotiation
Office Supplies

opportunity to order the alternate item of its choosing. Regardless of how this issue is ultimately handled, W.B. Mason could post notification to end users of any such out of stock situations on the Commonwealth's home page on www.wbmason.com.

- D. What items will the DGS-UniqueSource Contract Program Manager have access to view, all items or only UniqueSource items?
- W.B. Mason will grant access to the DGS-UniqueSource Program Manager based upon the stated preference of the Commonwealth and has the capacity to show either DGS-UniqueSource items exclusively or, alternatively, all items.
3. In Section I-3. D. 3., Blocking and Substituting of Items, selected Offerors must have the ability to block items that the Commonwealth is not permitted to purchase. Offerors were asked how they will identify and enforce blocking of non-contract categories and other items not permitted to be purchased on this contract from appearing on the electronic interface.

On Page 27, in W.B. Mason's original proposal, it was stated that E-Commerce Support Team facilitates and maintains any desired product restrictions.

Please clarify and acknowledge the following:

- A. Can W.B. Mason lock non-core item purchase approval to DGS only;
- W.B. Mason can in fact maintain this functionality for DGS
- B. How would this functionality work (i.e. electronically through website, via email, etc.);
- W.B. Mason can maintain an online purchasing environment in which non-core items can be blocked from view outright from end users, or instead a purchasing environment in which off core items remain visible and where single or multi-layered approval would need to be granted in order for W.B. Mason to process the order for such non-core items. Under the latter scenario, upon attempted purchase by a Commonwealth end user of an off core item or items, an E-mail is generated to the designated approver for that end user and the processing of that item is held by W.B. Mason until approval is granted by the designated approver. In a situation where there is a multi-layered approver protocol, only upon approval of all designated approvers will the Company process the order for non-core item(s). Once all necessary approvals are received by W.B. Mason, an E-mail is generated to the ordering end user approving that end user of receipt and processing of order.
- C. How would the system capture data relating to request for approval to purchase non-core items;

Commonwealth's List of Items for Negotiation
Office Supplies
February 5, 2019

- W.B. Mason's E-commerce platform maintains a powerful Approval Engine that recognizes any item on a pending order that includes an item or items not contained on the approved item set, in this case the Commonwealth's Core Item Listing. Other triggers that can be utilized by this Approval Engine include: item net price (i.e. - the ordering of an item in excess of a predetermined net price), line item extended price, total order amount, and product category, to name but a few.

D. Would DGS be able to include an approval request form;

- W.B. Mason would be happy to accommodate an approval request program utilizing the appropriate form(s).

E. What type of approval process can be implemented;

- The approval process can be single or multi-layered in nature. Notification of pending approval(s), while typically transmitted via E-mail, can be provided via toll-free phone or fax in the alternate. W.B. Mason can process approvals via E-mail, via approval granted online by designated approver(s), or via preprinted form(s). An overview of the actual process would be as such: Once an order is placed requiring approval, an alert is sent to the approver(s) via E-mail and/or in the notification center of that approver's online home page that an order requiring approval is pending. Approver(s) can then click on the pending order(s) to review and then subsequently approve, edit (i.e. approve certain portions only of the order), or reject the order. As part of this process, an approver may access and edit all data entry fields in the order as well as send a message to the end user who placed the original order. Approval rules can be established based upon a plurality of criteria, including, but not limited to: product category (printers, pantry items, etc.), items with a net price in excess of a predetermined limit, orders with a total in excess of a predetermined limit, etc.

F. Can the approval process include multiple approvers; and

- Yes

G. Can approvals be viewed by DGS (who and when approved)?

- Yes

4. In Section I-3. E., Deliveries of the Technical Submittal, Offerors were asked to describe their distribution infrastructure and how it will be utilized to meet the delivery requirements of the Commonwealth. Offerors were asked to provide a detailed description of how items will be shipped from the warehouse to desktop locations and ability to coordinate with a last mile delivery solution.

Commonwealth's List of Items for Negotiation
Office Supplies
February 5, 2019

On Page 29, in W. B. Mason's original proposal, it was stated that W. B. Mason would utilize its fleet of eighty office supplies delivery trucks to deliver to any Commonwealth location and it would utilize its fleet of furniture trucks to effect "Last Mile" deliveries.

Please clarify and acknowledge the following as it pertains to "Last Mile" deliveries:

- A. Frequency of deliveries to be made to the F.O.B. Delivered Warehouse location;
 - Deliveries to be made to the F.O.B. Delivered Warehouse locations will be made on a Next Business Day basis, regardless of frequency of orders placed or otherwise as needed and as agreed upon.

- B. Will orders placed by 4:00 PM EST for F.O.B. Delivered Warehouse be delivered; "next day" or within 24 hours;
 - Yes, orders placed by 4 PM Eastern Time for F.O.B. Delivered Warehouse locations will be delivered "Next Business Day" or within 24 hours.

- C. What will be the delivery hours for F.O.B. Delivered Warehouse orders;
 - W.B. Mason's typical delivery hours are between the hours of 7:30 AM and 5:00 PM. Specific delivery windows for individual warehouse locations will be established on a conditional basis as required.

- D. Will orders placed by 4:00 PM EST for F.O.B. Hub Pick-up be available for pick-up; "next day" or within 24 hours;
 - Yes, orders placed by 4:00 PM EST for F.O.B. Hub Pick-up be available for pick-up "next day" or within 24 hours.

- E. Signature required upon delivery for F.O.B. Delivered Warehouse and F.O.B. Hub Pick-up;
 - Signature capture is an essential component of our Interpersonal Technology and Delivery Model. W.B. Mason agrees to capture signatures on all relative orders by the Commonwealth

- F. Shipment requirements – Will the orders be palletized and stretch wrapped then sorted by zip code or building; and

W.B. Mason will fulfill orders based upon the specific delivery requirements from the Commonwealth or an individual end user. W.B. Mason provides unique "Where You Want It, When You Want It" delivery arrangements. This policy reflects the Company's value added service proposition of delivering wherever directed by the end user. Desktop deliveries can be dispatched personally to the requisitioner's own desktop. Bundled delivery of orders to a pre-set delivery zone or centralized location is also available. Orders requiring delivery on stretch wrapped pallets can be sorted for delivery by zip code, physical location, building, end user, and, specific desktop location. As part of its proposal, W.B. Mason has provided pricing on the basis of desktop "Where You Want It, When You Want It" Delivery (FOB Delivered Desktop Price), warehouse delivery to a

Commonwealth's List of Items for Negotiation
Office Supplies

central drop point with orders palletized, stretch wrapped, and sorted by zip code (FOB Delivered Warehouse Price), and customer pickup (FOB Hub Pick-up Price). At the Commonwealth's request, WB Mason will package items individually by user, label accordingly and then place on pallets. Orders placed for a particular zip code are not going to be placed in the same shipping box for the Commonwealth to sort. Also, there are no additional costs associated with orders placed packaged individually by user and sorted/placed on the pallets.

G. What will the shipment manifest include - # of boxes, delivery locations, items, etc.?

- W.B. Mason's Interpersonal Technology captures the significant data to display on the end user's Dashboard. Going beyond electronic data to hard copy information is also available. W.B. Mason's Physical Shipment Manifest includes the following information: total number of pieces (which is also contained on each W.B. Mason driver's handheld device, W.B. Mason location from which the item was sourced, delivery location, cost center or GL code (if applicable) customer purchase order number (if applicable), name of end user, line listing of all items, item description for all items, quantity ordered for each item, quantity shipped for each item, unit of measure for each item, and any applicable special delivery instructions.

Please clarify and acknowledge the following as it pertains to "Last Mile" returns from customer to W. B. Mason:

A. What will be the process and procedures for returns of items located within the F.O.B. Delivered Warehouse; and F.O.B. Hub Pick-up;

- Returns may be effected by contacting W.B. Mason's Customer Service Department. W.B. Mason Customer Service will issue a Returns Authorization (RA) number for any merchandise designated for return which can be affixed to product for pickup by W.B. Mason driver on a Next Business Day basis. Alternately, should there exist product in a warehouse location that is designated for return by a Commonwealth end user, that individual can now simply notify W.B. Mason distribution personnel while onsite that they have product that they would like to return. W.B. Mason distribution team members now carry handheld scanning devices by which product can be scanned in real time and taken back immediately by W.B. Mason's distribution team, with credit issued on an immediate basis. W.B. Mason could also utilize this system for items originally picked up at Mason Hub locations. Additionally, **users are now able to initiate returns online.** To initiate a return online, users can access W.B. Mason's online Return Center via the "Orders" dropdown option on the W.B. Mason homepage. Once there, the end user can access the order on which the item(s) designated for return were originally ordered, pull up the line item detail for that order,

Commonwealth's List of Items for Negotiation
Office Supplies
February 5, 2019

and select whatever or items from that order that are designated for return. Users can then print a return slip which can be placed with the item(s) designated for return for pickup for driver. An illustration of this online returns process can be found on the Word file embedded below:

WBMasonCoInc_Online_Returns_Order

B. Will the return policy for F.O.B. Delivered Warehouse and F.O.B. Hub Pick-up items be the same as the return policy for Desktop Deliveries as described in Section I-3? F., Returns; and

- Yes

C. What documentation will need to accompany the items being return?

- As outlined above, returns initiated with W.B. Mason Customer Service will include a Returns Authorization (RA) Number that can be affixed to merchandise designated for return. However, returns initiated with W.B. Mason drivers while on site will require no documentation at all. Those drivers are equipped with handheld scanning devices that can scan product that Commonwealth personnel wishes to return for immediate credit.

Please clarify and acknowledge the following as it pertains to “Last Mile” large deliveries:

A. How will full pallet deliveries (ex: paper) be handled for orders that are within the “Last Mile” delivery location;

- Pallet deliveries for “Last Mile” delivery locations will be shrink wrapped and delivered between 7:30 AM and 5:00 PM or as otherwise agreed upon. W.B. Mason will not complete any deliveries for which it does not attain a signature. The Company, as part of its “Where You Want It, When You Want It” delivery policy, will accommodate individual delivery requirements on a location by location basis ad hoc. As part of its proposal for the Commonwealth, W.B. Mason has provided pricing on the basis of desktop “Where You Want It, When You Want It” Delivery (FOB Delivered Desktop Price), warehouse delivery to a central drop point with orders palletized, stretch wrapped, and sorted by zip code (FOB Delivered Warehouse Price), and customer pickup (FOB Hub Pick-up Price).

B. Who will handle full pallet deliveries; and

- As part of its “Where You Want It, When You Want It” delivery policy, the Company can handle breakdown of pallets if desired. As part of its proposal for the Commonwealth, W.B. Mason has provided pricing on the basis of

Commonwealth's List of Items for Negotiation
Office Supplies

desktop "Where You Want It, When You Want It" Delivery (FOB Delivered Desktop Price), warehouse delivery to a central drop point with orders palletized, stretch wrapped, and sorted by zip code (FOB Delivered Warehouse Price), and customer pickup (FOB Hub Pick-up Price).

- C. What are the requirements for those deliveries (dock or desktop)?
- As part of its "Where You Want It, When You Want It" delivery policy, the Company can handle breakdown of pallets and subsequent placement of broken pallets if desired. Likewise, delivery can be made simply to a dock for breakdown and redistribution by Commonwealth personnel if preferred. As part of its proposal for the Commonwealth, W.B. Mason has provided pricing on the basis of desktop "Where You Want It, When You Want It" Delivery (FOB Delivered Desktop Price), warehouse delivery to a central drop point with orders palletized, stretch wrapped, and sorted by zip code (FOB Delivered Warehouse Price), and customer pickup (FOB Hub Pick-up Price).

Please clarify and acknowledge the implementation plan as it pertains to "Last Mile" deliveries:

- A. Will there be a point of contact from W.B. Mason assigned to the "Last Mile";
 - W.B. Mason will establish a point of contact for all "Last Mile" deliveries and locations.
 - B. Will implementation of the "Last Mile" include the entire defined delivery area including all zip codes listed; and
 - W.B. Mason will work with relevant Commonwealth purchasing personnel in establishing the specific "Last Mile" program details that best suit the Commonwealth.
 - C. Will Commonwealth or W.B. Mason be able to phase in/out of zip code delivery areas upon mutual consent?
 - Yes.
5. In Section I-3. G., Cost Savings and Incentive Programs of the Technical Submittal, Offerors were asked to describe any programs that are available currently that might be of benefit to the Commonwealth.

On Pages 31-33, in W. B. Mason's original proposal, it was stated that W. B. Mason participates in several cost saving and incentive programs such as HP Purchase Edge program and W.B. Mason's Cost Containment tools, "Perpetual Contracting" and the "Swap-N-Save" program.

Please clarify and acknowledge the following:

Commonwealth's List of Items for Negotiation
Office Supplies
February 5, 2019

A. How does W.B. Mason identify potential savings programs and facilitate the initiation/introduction of any available programs;

- To use "Perpetual Contracting" and "Swap-'N-Save" as examples, W.B. Mason practices Perpetual Contracting in conjunction with Business Reviews that held periodically with its customers' authorized purchasing personnel. During those Business Reviews, W.B. Mason Comparative Consumption Reporting is reviewed, and non-Core items with high or inclining usage being purchased are added to the existing Core list at more advantageous customer pricing. This practice ensures that W.B. Mason's customers' Core Item Listings are always relevant, up-to-date, and reflective of a suitably significant percentage of overall customer spend and that the Core list is never stale or obsolete.

Likewise, W.B. Mason's "Swap-'N-Save" Program targets items for which lower cost alternates are available and makes the visible to end users at initial point of purchase as lower cost alternates. This program can be a suggested program of optional swaps, or, at Commonwealth behest, a mandatory "hard swap" program. Further, the program can be customized on a user by user basis based on suggested vs. mandatory, specific by item, etc.

As noted in its initial response, W.B. Mason works with manufacturers including Hewlett-Packard and Lexmark on extending additional cost savings to customers via programs such as "Purchase Edge" and "Big Deal" programs. Other manufacturers with whom it works in this regard include Georgia Pacific, Keurig, and Kimberly-Clark, to name but a few.

B. Does the Cost Containment tools provide purchase data by user/agency; and
C. Does the "Swap-N-Save" program include the ability for potential cost saving items identified to be pre-approved by the Commonwealth;

- With regards to Item B, these programs as identified by W.B. Mason can be customized right down to the user/agency level. Regarding Item C, any establishment and/or maintenance of the Company's "Swap-'N-Save" Program would be subject to the approval of authorized Commonwealth administrator(s).

W.B. Mason has resubmitted pricing as part of this response dated November 30, 2018 to the Commonwealth's List of Items for Negotiation, lowering its Grand Total 3 Year Cost to the Commonwealth by over \$50,000.00. Its pricing structure, as per the Commonwealth's bid instructions, is based on three delivery options:

- 1) Pricing applicable to FOB Delivery on a desktop basis "Where You Want It, When You Want It".

Commonwealth's List of Items for Negotiation
Office Supplies
February 5, 2019

2) Pricing applicable to FOB Delivery to a warehouse location

3) Pricing applicable to FOB Hub Pickup

- The Commonwealth did not specifically indicate in the RFP the WBM will be required to provide an annual Green Procurement Report. Attached is a sample format which shows all the necessary information that is required for this report. Can WBM provide this report data?

WB Mason will provide an annual Green Procurement Report for the Commonwealth.

- The Commonwealth intends to implement the “Last Mile” delivery program. During the 60-day implementation period, W.B. Mason will work with designated representatives from the Commonwealth to develop a pilot program for “Last Mile” delivery option. Following the pilot program, W.B. Mason and the Commonwealth will develop a full implementation plan for the program.
- In addition to having no additional agreements to sign, the Commonwealth will not be obligated to procure Lexmark brand products from Lexmark and not from other sources. There are no additional agreements required by the Commonwealth to receive discounted pricing and that the Commonwealth is not obligated to commit to procuring Lexmark brand products.

Commonwealth of Pennsylvania RFP# 6100046257 Office Supplies

Supporting Information Regarding Office Supplies Cost Submittal

UNIT OF MEASURE BID DISCREPANCY EXPLANATION

While the Commonwealth of PA has included a column on its Appendix B Cost Submittal for vendors to bid an alternate Unit of Measure for any given item, all extended pricing is based on the usage provided at the Commonwealth's existing Unit of Measure. Therefore, W.B. Mason has priced all items on Appendix B in the existing Commonwealth Unit of Measure in order to maintain the integrity of the resulting extended prices, which will be compared between all bidders and thus makes up a crucial portion of the analysis. The Commonwealth should take great caution, in analyzing all bids, to verify the Units of Measure of all bidders and vet pricing, making sure that all bids are ultimately judged based on a consistent unit of measure across all bidders. For example, if a particular bidder provides a price for a single roll of tape when the existing Commonwealth Unit of Measure is pack of twelve and another bidder bids a price for that pack of twelve, the resulting extended totals of each bidder will not be comparable and will skew the Commonwealth's analysis if not corrected. Any item where W.B. Mason's actual selling Unit of Measure differs from the Commonwealth's existing purchasing UOM has had the price shaded in blue to assist the commonwealth in this regard. Examples include Duracell batteries where pricing is provided by the individual battery but are actually sold in packs of 12 or 24 as well as pricing for 8.5x14 copy paper where pricing is provided by the pallet by actually sold by the carton. Please contact us directly if more information is needed on this issue.

DEVIATED TONER PRICING

All Lexmark toner pricing submitted is **exclusive** of applicable manufacturer's deviations. Pricing has been submitted in this fashion at the request of the Commonwealth. However, W.B. Mason is aware of current Lexmark toner deviations for the Commonwealth that would lower pricing submitted by Mason by over forty thousand dollars in the aggregate. **W.B. MASON LOOKS FORWARD TO SUBMITTING PRICING INCLUSIVE OF CURRENT LEXMARK DEVIATIONS UPON REQUEST OF THE COMMONWEALTH.**

TECHNICAL PROPOSAL

I-1. Qualifications.

- A. **Company Overview.** Include company name, parent company if applicable, and company overview.

W.B. Mason Co., Inc.

Parent Company: N/A

Company Overview:

W.B. Mason was founded in 1898 by William Betts Mason in Brockton, Massachusetts. Its world headquarters still remain in Brockton to this day. The company started as a business that sold printed products, engraved products, and rubber stamps. As the city of Brockton expanded in the early 20th century, largely due to the corresponding expansion in the city of the shoe industry, W.B. Mason expanded its sales offerings to include office supplies. W.B. Mason has continued as a family owned and operated business since its founding. William Betts Mason ran the company until his death in 1912. The Mason family continued to oversee the company until the 1920s under William's wife, Marcena. In the late 1920s W.B. Mason was sold to an employee and Brockton businessman, Samuel Kovner, who started his career out by sweeping the floors at W.B. Mason as a boy. Under Kovner, the company reached sales of \$243,000. In 1963 Kovner sold the company to his daughter and son-in-law, Helen and Joseph Greene. The Greenes added furniture sales to the company's selection and the W.B. Mason Company reached nearly a million dollars in sales upon Mr. Greene's passing in 1973. After his death, their son Steve Greene took over leadership of the company. In 1983 Steve Greene and his brother, John Greene, officially took over ownership from their mother. They invited the two top sales representatives, Leo Meehan and Thomas Golden to join the ownership group. By 1993, under Steve Greene's leadership, the company grew to \$20 million in sales. In 1993 Steve Greene replaced his mother Helen Greene as the Chairman of the Board of Directors. Upon Greene's appointment to the board, Leo Meehan became the President and CEO of the company. Under Meehan's guidance, the company adopted a new corporate strategy focused on localized service, personalized solutions, and free delivery. Under this new model, W.B. Mason reached sales of \$247 million by 2001. Ten years later, in 2011, the company reached \$1 billion in sales. The Company's sales for its Fiscal 2017 were \$1,765,753,014.57. The Company currently maintains ten locations in the Commonwealth of Pennsylvania from which it operates eighty of its company owned iconic, colorful, and easily recognizable trucks in the delivery of office supplies to all corners of the state. As of June 21, 2018. The Company

employs 327 people in its various Local Service Facilities located within the Commonwealth.

B. Financial Capability. Describe your company’s financial stability and economic capability to perform the contract requirements. The Commonwealth reserves the right to request additional information to evaluate an Offeror’s financial capability.

W.B. Mason’s annual sales for its fiscal years 2010 through 2017 are indicated below:

<u>Year</u>	<u>Sales</u>	<u>Growth over Previous Year</u>	<u>Growth since 2010</u>
FY2017	\$1,765,753,014.57		
FY2016	\$1,626,150,612.36	12.32%	97.55%
FY2015	\$1,447,839,270.80	12.46%	75.89%
FY2014	\$1,287,432,804.36	4.55%	56.41%
FY2013	\$1,231,388,704.52	9.41%	49.60%

I-2. Requirements.

A. General Requirements

1. Cost/Prices. The proposal submitted by the selected Offeror will be incorporated into any resulting Contract and the selected Offeror will be required to provide the awarded item(s) at the prices quoted in its proposal.
2. Approved Equal. Whenever an item is defined in this RFP by trade name and catalog number of a manufacturer or vendor, the term “or approved equal,” if not inserted therewith shall be implied. Any reference to a particular manufacturer’s product either by trade name or by limited description is solely for the purpose of more clearly indicating the minimum standard of quality desired, except where a “no substitute” is requested. When a “no substitute” is requested, the Issuing Office will consider only proposals for the referenced product only. For the purpose of this RFP, all items listed by manufacturer and part number in the **Appendix B, Cost Submittal** are “no substitute” items. The term “approved equal” is defined as meaning any other make which, in the sole opinion of the Issuing Office, is of such character, quality, and performance equivalence as to meet the standard of quality of products specified for which is to be used equally as well as specified. An Offeror quoting on a product other than the referenced product shall: a) furnish complete identification in its proposal of the product it is offering by trade name, brand and/or model number; b) furnish descriptive literature and data with respect to the substitute product it proposed to furnish; and c) indicate any known specification deviations from the referenced product.
3. New Equipment. Unless specified in this RFP, all products offered by the Offeror must be new or remanufactured. A “new” product is one that will be used first by the Commonwealth after it is manufactured or produced. A “remanufactured” product is one which: a) has been rebuilt, using new or used parts, to a condition which meets the original manufacturer’s most recent specifications for the item; b) does not, in the opinion of the Issuing Office, differ in appearance from a new item; and c) has the same warranty as a new item. Unless otherwise specified in this RFP, used or reconditioned products are not acceptable. This clause shall be construed to prohibit Offerors from offering products with recycled content, provided the product is new or remanufactured.
4. Post-Submission Descriptive Literature. The Commonwealth may, during its evaluation of the proposed product(s), require the Offeror to submit cuts, illustrations, drawings, prints, test data sheets, specification sheets and brochures which detail construction features, design components, materials used, applicable

dimensions and any other pertinent information which the Issuing Office may require in order to evaluate the product(s) offered. The required information must be submitted within two (2) business days after notification from the Issuing Office. Failure to submit the required information prior to the expiration of the second business day after notification shall result in the rejection of the proposal as non-responsive.

B. Specific Requirements.

- 1. UniqueSource.** UniqueSource Products & Services (UniqueSource), is a Pennsylvania marketing organization for agencies employing persons with disabilities that utilize persons with disabilities in 75% of the direct labor of manufacturing supplies. Currently about 12% of the Commonwealth's annual expenditures for office supplies are with UniqueSource. The Commonwealth intends to work with UniqueSource and the selected Offeror to retain the UniqueSource role as a manufacturer of office supplies for the Commonwealth at the same or greater percentage. The Commonwealth is required by law to support this program through its contracting divisions.

Under the Contract, DGS will identify items manufactured by UniqueSource, to be furnished by the selected Offeror. The selected Offeror will be required to publish these items on their website at all times and make them available for order by Commonwealth Agencies. A Commonwealth Agency is defined as an executive agency, an independent agency, or a State-affiliated agency. 62 Pa. C.S. § 103. A list of office supplies that are currently provided by UniqueSource is referenced in **Appendix C, UniqueSource Carve Out List**. As a responsibility under the Contract with the Commonwealth, the selected Offeror is expected to manage Commonwealth orders for office supplies manufactured by persons with disabilities. The selected Offeror will be expected to treat UniqueSource as one of its manufacturers/suppliers for purpose of ordering, payment and reporting. The Commonwealth will not hold the selected Offeror responsible for any unsatisfactory performance by UniqueSource, but the selected Offeror must immediately notify DGS if and when a performance problem arises. In addition, the selected Offeror shall provide the DGS UniqueSource Contract Program Manager, and at least one UniqueSource employee, view-only access to the selected Offeror's website for purposes of monitoring the availability of UniqueSource items. The selected Offeror may also propose other options for consideration by DGS.

UniqueSource may request items be added to the Contract on a semi-annual basis (January 1st and July 1st). The selected Offeror may not add to or delete from the Contract any UniqueSource-provided items without prior written approval from DGS. DGS will establish the sales price to be paid by the selected Offeror to UniqueSource for each UniqueSource item based on DGS's fair market price evaluation. UniqueSource and/or DGS may request annual price adjustments to be effective January 1st of each year, or as approved by DGS, in accordance with the DGS-UniqueSource Operational Agreement. DGS will provide the annual

price adjustment price list to the selected Offeror by December 1st. However, should DGS have unforeseen issues with the pricing process, the submission of price adjustments to the selected Offeror may be delayed. DGS will communicate any delays in the price adjustment process and account for such delays in the remaining time-line.

The Commonwealth agrees that the selected Offeror may add a mark-up to the DGS fair market prices for the UniqueSource-provided items. This mark-up may not exceed 10% and is to cover costs for managing and handling UniqueSource products. The selected Offeror is responsible for notifying UniqueSource about damaged products upon receipt of shipments. The selected Offeror and UniqueSource shall determine how this is to be handled as noted in the next paragraph under establishing a business relationship.

At the beginning of the Contract term, DGS will provide an updated list of UniqueSource items that are to be inventoried by the selected Offeror. UniqueSource and the selected Offeror shall have UniqueSource inventory available for purchase by the Contract go-live date. The selected Offeror shall work directly with UniqueSource on establishing a business relationship. In addition, they shall establish reorder points to minimize items being out of stock, establish procedures for the receipt and return of damaged or defective products to UniqueSource to include refund/credit policies, determine proper product shelf life, and agree on other related product and industry standards. The selected Offeror may formalize a contractual relationship with UniqueSource as a supplier, recognizing that UniqueSource, by definition of its legal formation, may require non-standard terms and conditions within that contractual relationship with the selected Offeror.

The selected Offeror shall not publish on their website items from other manufacturers which are comparable to items which have been identified as UniqueSource items. The selected Offeror may substitute comparable items if UniqueSource cannot provide items in a timely manner or UniqueSource is unable to restock an item in a timely manner. This may only be done until such time as UniqueSource has replenished the stock and orders can be filled. The selected Offeror may not substitute comparable items when the out of stock UniqueSource item is the result of the selected Offeror failing to place an order with UniqueSource to restock inventory in a timely manner. UniqueSource has up to thirty (30) days to fulfill all order requirements. The selected Offeror shall be responsible for documenting when UniqueSource items are out of stock, and when the selected Offeror substitutes other comparable items.

At least 90-days prior to the expiration of the Contract, the selected Offeror and UniqueSource shall develop a plan to deplete UniqueSource inventory from the selected Offeror's warehouse(s). At the end of the Contract term, UniqueSource shall purchase any remaining UniqueSource inventory from the selected Offeror at the DGS-established fair market prices with no mark-up by the selected Offeror, unless other terms are negotiated between the selected Offeror and UniqueSource.

Please provide a detailed plan as to how this program will be implemented, how UniqueSource items will be ordered and inventoried, and how the electronic interface will ensure that no similar items will be displayed when UniqueSource items are available for purchase.

The Accounts Management Team assigned to the Commonwealth of Pennsylvania will be responsible for implementing, maintaining, and finally cycling down (if/as applicable) the program offered by W.B. Mason in conjunction with UniqueSource. As identified above, Gerald Boyle is designated as W.B. Mason's Lead Executive Program Manager for the State of Pennsylvania. As such, Gerry's set of tasks in establishing the initial relationship with UniqueSource is as follows:

- 1) Contact UniqueSource immediately upon contract award for the purposes of initiating business relationship in order to facilitate purchase of UniqueSource product by Commonwealth Agencies.***
- 2) Work in consultation with DGS to establish/receive the updated listing of UniqueSource inventory to be offered by W.B. Mason under the contract no less than forty five (45) days prior to contract go live date, including historical/anticipated State Agency usage.***
- 3) Facilitate communications between W.B. Mason purchasing staff and designated UniqueSource personnel for the purposes of having adequate inventory of UniqueSource product in W.B. Mason's Local Service Facilities as of contract go-live date. W.B. Mason purchasing staff will solicit input at that time from appropriate UniqueSource personnel on any discernable purchasing habits or trends that may optimize service levels offered by W.B. Mason to Commonwealth Agencies as well as establish stocking min/max levels that will guarantee unparalleled levels of service for Commonwealth Agencies..***
- 4) Work in conjunction with Gary Monaco, the assigned E-Commerce Program Manager assigned to the Commonwealth of Pennsylvania by W.B. Mason, to ensure that all UniqueSource items so identified by the Commonwealth are pictured, priced, and assigned an ordering sku number on www.wbmason.com no less than twenty one (21) days prior to contract go live date. Gary Monaco will have subsequent responsibility that all UniqueSource items are on Mason's website and are available for ordering at all times. During implementation, Gary will work with UniqueSource in the appointment of no fewer than one (1) UniqueSource Contract Program Manager and no fewer than one (1) UniqueSource employee who will be granted view-only access to www.wbmason.com for the purposes of ensuring ongoing visibility***

and availability of all items designated by the Commonwealth for inclusion in this Program.

- 5) *Concurrent with establishment of UniqueSource items on www.wbmason.com, Gerry and Gary will work with W.B. Mason merchandisers in order to ensure that all items that are comparable to items which have been identified as UniqueSource items are prohibited from order by Commonwealth Agencies.*

Subsequent to those ground level tasks managed and overseen by Gerry Boyle as a means to initiate the program, it will then become the purview of W.B. Mason's 40+ member Purchasing Department to procure and maintain inventory that is an extension of this UniqueSource program. The final responsibility for these tasks will lie with Richard Magee, W.B. Mason's Purchasing Manager. Likewise, Richard will be responsible for reporting any unsatisfactory performance on the part of UniqueSource to Gerry Boyle so that this level of performance can be conveyed immediately and in real time to designated representatives of the Commonwealth. Responsibility for assisting Commonwealth Agencies with any issues with UniqueSource product outside of the purview of normal online ordering will rest with the team of dedicated inside Customer Service Representatives assigned by W.B. Mason to the Commonwealth of Pennsylvania as identified in section D.3. of this document.. Such assistance may include, but not necessarily be limited to, assistance with phone ordering, effecting returns, assistance with remedying any product defects, etc.

As part of regularly scheduled Business Reviews conducted by W.B. Mason as part of its servicing of this Contract, W.B. Mason will initiate the facilitation of any items that the Commonwealth elects to add to the Contract. Review of existing UniqueSource Program items will also be undertaken at these Business Reviews with the purpose of identifying Commonwealth trends for all Program items with the goal of ensuring an ongoing level of flawless service. It is understood by W.B. Mason that it may not add to or deleted UniqueSource items from the Program without the prior written approval of DGS.

W.B. Mason's mark-up over its benchmark costs as established by DGS will be nine percent (9%).

As the conclusion of the Contract approaches and at least one hundred twenty (120) days prior to the expiration of the Contract, if and as necessary Gerry Boyle and W.B. Mason's Purchasing Department headed by Richard Magee will develop a plan in conjunction with designated UniqueSource personnel for the disposition of any UniqueSource inventory unsold at the end of the Contract. That plan shall include establishment of packaging protocols, confirmation of piece

counts, date, time, and location confirmation for all necessary product transfers, etc.

- 2. Core Pricing.** Core item pricing will be firm for the initial (12) months of the contract. Offerors shall furnish the items contained in the **Appendix B, Cost Submittal** portion of their proposal. The Core Item List represents approximately 75% of the Commonwealth historical spend from the prior contract. In order to be eligible Offerors must be able to quote 100% of the core items contained in the **Appendix B, Cost Submittal**.

Core item pricing shall not change during the first twelve (12) months of the Contract term. After (12) months, DGS and the selected Offeror will meet to negotiate which items will be added to the Core List. At this time DGS will have to opportunity to negotiate the price of all core items. This process will occur every twelve (12) months of the Contract including all renewal years, if necessary. All price changes must be approved by DGS in writing in order to be effective.

Failure by the selected Offeror to meet the above requirements may result in the selected Offeror's proposal being deemed as non-responsive and the proposal may be rejected.

- 3. Non-Core Pricing.** For both the non-core office supplies and the non-core toner cartridges, the discount submitted by the selected Offeror on the **Appendix B, Cost Submittal** must remain firm for the first twelve (12) months of the contract. Every twelve (12) months thereafter and including any additional renewals, the non-core discount percentage will be negotiated by DGS and the selected Offeror. Discounts may be increased but never decreased. All non-core pricing for these categories must be from the selected Offeror's retail/business website. The selected Offeror must submit proof of pricing from the selected Offeror's retail/business website at the time of proposal. The pricing for the non-core categories can only change at the anniversary date of the fully executed contract. For Commonwealth agencies choosing to procure non-core items, a DGS approved **Appendix D, Office Supplies Waiver Request** is required. The waiver approval procedure is available for download from the Contract in eMarketplace or by contacting the Contract Administrator. DGS recommends procuring core items to minimize the waiver process and receive the lowest cost. The waiver process does not apply to COSTARS members.

Non Core Pricing is included as part of this proposal as an enclosed Excel file entitled "6100042961 Non Core Pricing WBMasonCoInc."

- 4. Paper Pricing.** The Commonwealth recognizes that during the term of the contract, there may be significant changes relative to the paper industry. Therefore, DGS will make price adjustments on a quarterly basis for the duration of the Contract, including renewals or extensions.

The first review will begin three (3) months after the execution of the Contract. **PLEASE NOTE:** The U.S. Department of Labor's stated Producer Price Index ("PPI") always runs three (3) months behind. The adjustments will be made by DGS fifteen (15) days prior to adjustment date of the contract. The base line for the first review will be using the final submitted price and the PPI from April 2018.

The PPI, from the U.S. Department of Pulp, Paper, and Allied Products (WPU091301) will be the established document for this contract's paper price fluctuations. The adjustment will be based on the total quoted unit cost. The adjustment portion will then be added to or subtracted from the unit cost depending on PPI fluctuation for the review period. If the resulting calculated price is 2% or less than the current contract price, no price adjustment will be made. Adjustments will only be made when the calculation is greater than 2%.

The first PPI adjustment will be calculated based on the submitted proposal price and the corresponding PPI baseline determined by time that the proposal was submitted.

Example:

Submitted proposal price \$20.00 per unit

PPI at time proposal was submitted is 175.0

PPI at first adjustment is 180.0

Calculation:

$$180.0/175.0 = 2.9\%$$

$$2.9\% \times \$20.00 = \$.58$$

$$\$20.00 + \$.58 = \$20.58$$

The \$20.58 is the new price and the new base line.

The second PPI adjustment will be at the six (6) month mark of the contract.

Example: PPI is 180.0 and new baseline is \$20.58

PPI is 182.1

Calculation:

$$182.1/180 = 1.17\% \text{ increase}$$

Therefore, no adjustments made because the calculation is less than 2%.

The third PPI adjustment will be at the nine (9) month mark of the contract.

Example: PPI is 180.0 and baseline is \$20.58

PPI is 184.8

Calculation:

$$184.8/180 = 2.7\%$$

$$2.7\% \times \$20.58 = \$.56$$

$$\$20.58 + \$.56 = \$21.14$$

5. **Security. (For Department of Corrections Only)** The selected Offeror or their sub-contractors who utilize regular delivery transportation will have to submit a [Centralized Clearance Check Information Request](#) through the original supplier for all drivers (regardless if delivery is inside or outside of the fence). Common carriers will not be required to render clearance requests, however are subject to search and escort procedures. ALL CARRIERS reporting to outside warehouses must secure their vehicle (windows closed and doors locked), sign in at warehouse and wait for further directions from Correctional staff.

6. **Emergency Preparedness.** To support continuity of operations during an emergency, including a pandemic, the Commonwealth needs a strategy for maintaining operations for an extended period of time. One part of this strategy is to ensure that essential contracts that provide critical business services to the Commonwealth have planned for such an emergency and put contingencies in place to provide needed goods and services. Offerors shall describe:
 - a) How you anticipate such a crisis will impact your operations; and
 - b) Emergency response continuity of operations plan.

W.B. MASON DISASTER RECOVERY CAPABILITIES

W.B. Mason maintains over seventy Local Service Facilities throughout the Continental United States, including nine in Pennsylvania, fifteen in New York, four in New Jersey, two in Ohio, and one each in West Virginia, Maryland, and Delaware, that serve as support for one another in the event of emergency. Each facility maintains independent telephone and power capabilities so that any Local Service Facility can function independently from all others should an emergency befall one or more locations. All computer systems technology has server backup in case of unforeseen interruption of computer service. W.B. Mason's Operating Staff, led by Chief Operating Officer Christopher Meehan, monitors variables daily that have the potential to impact the Company's ability to do business. Such factors include, but are not necessarily limited to: weather, disruptions, planned or otherwise, to roads and thoroughfares utilized by W.B. Mason in the servicing of its customers, acts of war or terrorism, etc. The Company deploys assets from alternate varying neighboring Local Facilities in the event that an occurrence similar to the ones noted above has the potential to disrupt operations at one or more of the Company's facilities.

BUSINESS CONTINUITY

- *Business Continuity/Disaster Recovery Planning (BCDR) is ultimately determined at a senior level by W.B. Mason's Chief Executive Officer, who works in conjunction with the Chief Information Officer, Chief Financial Officer, Senior Director of Operations, and various Branch Managers in the establishment and execution (if and when necessary) of said planning.*
- *The team outlined above works in conjunction with their appropriate subordinates in the ongoing planning and establishment of BCDR policies.*
 - *For example, the Chief Information Officer will work with his designated employees in the area of Wholesaler Order Transmission on policies that pertain to backup plan(s) in the event of disruption of daily resources.*
 - *Similarly, the Senior Director of Operations engages various G.O.L.D. (Guaranteed Overnight Local Delivery) Warehouse Supervisors and Distribution Managers in procedures for assisting other W.B. Mason local service facilities, should the need arise. This interlocking staff reports the Chief Executive Officer who maintains final responsibility for the Company Disaster Planning.*

- *W.B. Mason maintains over 60 Local Service Facilities nationwide. These facilities are supported by 28 wholesaler facilities located throughout the continental United States. These facilities provide physical and logical redundancies for one another in the event of an emergency.*
 - *Each facility maintains independent telephone and power capabilities so that any local service facility can function independently from all others should an emergency befall onto one or more facilities.*
 - *All computer systems technology have server backup in case of unforeseen interruption in computer service.*
 - *Detailed information can be found in “Datacenter Quick Reference”, attached.*
- *W.B. Mason maintains a number of internal operational redundancies, procedures, and protocols in conjunction with its primary suppliers, including United Stationers, the nation's largest wholesaler, which ensure that service to its' customers can remain uninterrupted in the event of a number of unforeseen or extra normal circumstances.*
 - *Previous Experiences In Unforeseen Circumstances*
 - *In 2011, W.B. Mason's Albany, New York local service facility experienced an overnight power outage. Its' local service facility in Boston, as well as wholesaler facilities in Woburn, MA and Coxsackie, NY, provided support for Customer Service, product fulfillment, and technologically based operational functions. This support resulted in uninterrupted service for customers regularly serviced by W.B. Mason's Albany facility.*
 - *In 2010, much of Rhode Island was inundated by historic flooding. W.B. Mason's local service facility in Cranston was able to provide all services without interruption due to the aid and support of other local W.B. Mason facilities in Boston, Worcester, and Brockton.*

I-3. Work Plan. Describe in narrative form your technical plan for accomplishing the work using the task descriptions set forth below as your reference point.

A. Start-up/Implementation. Describe your implementation plan to meet the following requirements. Offeror(s) shall submit their proposed implementation methodology for this project. The implementation plan shall include all activities necessary for the implementation of service. The selected Offeror shall meet with the Commonwealth to review the draft implementation plan and gather any additional details required to finalize the implementation plan. A finalized implementation plan shall be submitted to the Commonwealth within ten (10) calendar days from the effective date of the contract. The implementation plan shall account for a Go Live date of no later than 60 calendar days from the effective date of the contract.

Upon award of contract, W.B. Mason is prepared to begin working immediately with purchasing personnel of the Commonwealth of Pennsylvania towards full implementation of the Office Products Program offered by W.B. Mason. Its dedicated Account Executive and Inside Customer Service Representative, as well as its online ordering platform, will be made available to any end user who wishes to place orders during the implementation process starting with the day of contract award. Otherwise, W.B. Mason will engage in a series of meetings designed to provide both Commonwealth administrators and end users with the smoothest possible transition to W.B. Mason while providing a comprehensive level of training on the myriad benefits of the W.B. Mason Company. Gerald Boyle, the Executive Account Manager dedicated to the Commonwealth of Pennsylvania by W.B. Mason,

will be in attendance at all meetings and be responsible for implementing or appropriately delegating all tasks to be performed by the W.B. Mason team as specified in these meetings. At the first meeting, information pertaining to all individual State end users and departments will be exchanged so that W.B. Mason may set up all of these entities in its data base. Also at this time, a schedule will be established so that W.B. Mason may provide training to these end users in the form of training on W.B. Mason's online ordering platform, phone and fax ordering (if necessary), distribution of W.B. Mason catalog materials, review of return policies, etc. Training for users of www.wbmason.com will be facilitated entirely through site visits and Webinars conducted by W.B. Mason Web Administration professionals based in the various Local Service Facilities maintained by the company in the Commonwealth of Pennsylvania.. It is estimated that the full complement of State end users, based on account size, geographic logistics, and usage data, could be fully trained within four weeks. Scheduled concurrently with these end user training sessions would be a meeting where W.B. Mason delivery personnel, including its various Local Service Facility G.O.L.D. (Guaranteed Overnight Local Delivery) Star Warehouse Managers, would tour various end user facilities, familiarizing themselves with all applicable policies and any special delivery requirements that a particular end user or end users may have. Subsequent biweekly meetings throughout the month of pre-contract implementation will chart the progress of this training, allow State purchasing administrators and end users to provide feedback to W.B. Mason on how it feels the training is progressing, make suggestions if deemed necessary on how to make the process more seamless, etc. It is thus anticipated that, using this framework, W.B. Mason can have all end users fully trained and full implementation completed within four weeks of award of contract with the goal of being ground ready by the contract go live date. Ongoing Web training will be provided by W.B. Mason as necessary to new end users and refresher training will be provided as necessary in conjunction with system upgrades and new feature rollouts. Jeff DePaul, W.B. Mason's Regional General Manager for the Commonwealth of Pennsylvania, will also be in attendance at these biweekly meetings along with Gerald Boyle to ensure that all expectations have been met by W.B. Mason in full and that all Commonwealth personnel feels fully ready for contract to commence operationally. Below is an illustration of the listing of tasks and action items typically collated by W.B. Mason as part of the implementation process, organized in an orderly and rational grid fashion in order to ensure prompt, comprehensive, and thorough account implementation across all tasks in a manageable and readily identifiable timeline:

Additionally, W.B. Mason has enclosed as part of its submission a Sample Implementation Calendar which details a literal chronology of implementation tasks. Such action items typically include integration with customer purchasing platform, development of customized invoicing which would be undertaken in partnership with Alpha, walk through of various customer delivery sites, training on online ordering, establishment of online item visibility and user restriction protocols, etc. These calendars are established by W.B. Mason by working closely with its customers, and a calendar similar in nature will be established by the

Company in consultation with Commonwealth purchasing and IT personnel established key benchmark dates, goals, information transfers, etc. Also included by W.B. Mason is a pdf document entitled “W.B. Mason Customer Systems Integration Account Implementation” which provides highly specific details of W.B. Mason’s processes with regards to implementation as it pertains to systems integration with various customer platforms such as Punchout, EDI, etc.

- B. Electronic Interface and Dashboard/Reporting Tool.** It is required that the selected Offeror provide a secure, role-based, user-friendly website catalog tool with Commonwealth-specific pricing that differentiate between Core Item Pricing (fixed price) and Non-Core Item Pricing (percentage discount from price list). In addition, the selected Offeror must be able to process and track purchasing card transactions made via phone or in-person via the Web and also point-of-sale purchases occurring at their stocking locations.

The selected Offeror is responsible for providing a web-based dashboard/reporting tool (hosted by the selected Offeror) for use by the Commonwealth (Contract/Program Administrator and other designees) to manage the overall office supplies program, including the ability to review/audit office supplies invoices by agency/site location. The Commonwealth will require that each Offeror provide access to a sample electronic interface, including web location and temporary log-in information to be utilized within 60 days after the proposal due date for evaluation purposes. This sample must have functionality that is being proposed by the Offeror as a solution to the Commonwealth's needs. The electronic interface sample must have a dashboard/reporting tool with pre-loaded sample purchases to generate example reports for evaluation.

User access must be role-based, so that employees only have access to the specific data they are required to see at their position level within their agency/bureau/department. Only the Contract/Program Administrator will have access to aggregate program information. The electronic interface should have the ability to require workflow approvals within a purchasing unit at the request of the Commonwealth.

The tool must be downloadable in electronic format (e.g. excel, csv, text, etc.) and must be able to produce the required reports listed in **Appendix E, Reports Matrix**. The Commonwealth may add up to two (2) reports per year to the Reports Matrix, if necessary. At a minimum, the tool must contain the following reporting elements:

1. Purchasing Contact Information:
 - a) Agency Name (must be in a drop-down format consistent with the naming convention found in the **Appendix F, Commonwealth Entities**);
 - b) Ordering Office Name (ex. bureau, office, or department name); and

- c) Physical Address of Delivery.
2. Product/Service description:
- a) Manufacturer Name;
 - b) Manufacturer Part Number;
 - c) Driver Manifest Number;
 - d) SKU number;
 - e) Commonwealth of PA Line Identification (specific to the COPA Line ID listed on the **Appendix B, Cost Submittal**);
 - f) Item Category (ink/toner, pens, paper, etc....);
 - g) Item Description (as listed on the **Appendix B, Cost Submittal**);
 - h) Code items by Core (C), Non-Core (N), UniqueSource (U);
 - i) Code items by Remanufactured or Recycled (if applicable);
 - j) Unit of Measurement;
 - k) Quantity delivered;
 - l) List price per unit;
 - m) Contract price per unit;
 - n) Gross sale; and
 - o) Reason for Return.

Offerors shall describe the overall functionality of its electronic interface and dashboard/reporting tool and how the tool will meet the Commonwealth's needs. The description should also include: the name of the application; a thorough explanation of application's functionality; sample images; what browser application(s) (e.g. Internet Explorer, Firefox, etc.) the software will run on and the ability to export data into various file formats (e.g. Microsoft excel, CSV, tab delimited, text, etc.). Offerors shall also describe any additional reports available to the Commonwealth and the process for obtaining the reports (i.e. by request, etc.). Sample reports are to be included with the proposal submission. Offerors shall explain how their ordering system is able to restrict Commonwealth agencies requiring a waiver while still allowing non-Commonwealth agency procurement units to order without requiring a waiver.

W.B. Mason will provide to the Commonwealth of Pennsylvania a secure online ordering platform that is straightforward, easy to use, and designed with both the end user and administrator in mind. The site identifies and conspicuously draws the end user's attention to contract items through the use of a highly visible red check mark. W.B. Mason's online ordering solution maintains the functionality to provide reporting on demand to approved Commonwealth system users inclusive of the

ability to track P-Card transactions inclusive of ordering methods other than online (phone, fax, in-person) review/audit invoices by delivery location as part of its partnership with Alpha, enable workflow approvals within a purchasing unit (which can be customized right down to the specific end user), and produce the required reports listed in the Commonwealth's RFP Appendix E ("Reports Matrix").

www.wb.mason.com maintains the functionality to facilitate varying levels of access as determined by purchasing administrator(s) based on user role. Some users, for example, may be identified as end users with the capacity only to place orders and not to maintain other business functionality (approvals, budget establishment, etc.). Furthermore, users so designated may be subject at administrative behest to restrictions on available items and/or item categories for ordering, budget restrictions on a per order, weekly, monthly, or annual basis, and/or may also be subject to single or multi-layered approval routing for some or all orders. For example, orders placed by specified end users exclusively for contract items may not be subject to approvals, while orders for off core items may be if so desired. Other users may be identified as approvers who would be empowered to approve orders placed by end users as described above. Those users so defined as administrators would have the ability to aggregate program information, run reports, and perform other administrative functions on the site.

As noted above, www.wbmason.com maintains robust and flexible approval functionality. Various approval protocols may be customized to specific end users and vary from user to user, or consistent approval routing rules across the entire program may be maintained. Approvals may be triggered in a virtually limitless number of ways. Examples of approval routing include, but are not necessarily limited to: approval required on all orders, approval required on orders containing non-core items, approval required on orders in excess of a predetermined dollar value, approval required on orders based on quantity ordered, approval required on orders containing items within categories that the State has determined require approval (technology items, breakroom items, etc.). Approval routing can be configured to be single layered or multi layered (two or more approvers) if desired.

www.wb.mason.com is functional through the use of any browser (Internet Explorer, Firefox, Safari, Google Chrome, etc.). W.B. Mason works with its customers to customize reports that can be downloaded into the desired format (Excel, CSV, pdf, etc.), and has included with its proposal a number of standard and customized reports that are available and developed for its customers. The resulting reporting suite can satisfy any customer need and report in detail on any key metric so deemed by that customer, including all of the various elements identified herein by the Commonwealth. W.B. Mason has included with its proposal a number of reports that are available to its customers, these samples having been uploaded by the Company on the State online portal in Section 1.1.3 ([Any additional attachments in support of the technical submittal can be uploaded here. If multiple files are needed combine into a single document or create a .zip file combining the files into a single .zip file.](#)). Those reports include:

- *Cost Center Activity Summary*
- *Cost Center Order Listing*
- *Online Usage Summary*
- *User by Product Number Search*
- *Ship To Activity Report*
- *Ship To Usage Summary*
- *Order History Listing*
- *User History Listing*
- *Sample Usage Report of MWBE Items*
- *Sample Usage Report of Items Containing Recycled Content*
- *Sample Report of Savings Realized through “Perpetual Contracting”*
- *Sample Report of Savings Realized through “Swap-‘N-Save”*
- *Sample Business Review Summary*

Also included by W.B. Mason as an Excel attachment is a report entitled “Sample W.B. Mason Customized Reporting”. This file is an illustration of the types of reporting that is frequently developed by W.B. Mason for its customers and subsequently provided at regular intervals as well as upon request. This type of reporting can report detailed data on any key business metrics of a customer’s interest, samples including Company Fill Rate, On Time Delivery Rate, returns as a percentage of total purchases, etc. www.wbmason.com is able to restrict facilitate ordering rules with regards to any applicable waivers by creating for agencies requiring a waiver to be set up with a unique business configuration based on specific ordering criteria applicable to that agency or group. Such rules may entail order approval(s) requirement, release of order upon receipt of valid purchase order, etc.

The demo account information provided along with the enclosed pdf Internet Ordering Guide each contain sample images as requested by the Commonwealth herein.

- C. **Training.** Training on the supplier(s) electronic interface and other end-user guides is to be provided to the Commonwealth following the contract execution date, to familiarize our end users with the features of the electronic interface and other unique experiences associated with doing business with the supplier.

Offerors shall describe in detail their end-user training plan and guides for both the electronic interface and the dashboard/reporting tool.

W.B. Mason will provide all introductory and ongoing training (with respect to frequent system upgrades, enhancements, etc.) to Commonwealth end users and

administrators at no charge. Training is facilitated through a combination of on site training and teleconferencing conducted by W.B. Mason E-Commerce Support Specialists. Training provided to end users during introductory sessions includes training on order placement, establishing and maintaining favorites lists, accessing order history, mastering search functionality, etc. Introductory training provided to superusers includes establishing and maintaining budgets for individual end users and/or cost centers, establishing and maintaining single or multi-layered approval routing, accessing online reporting, etc.

Supporting Training literature is included by W.B. Mason with this proposal as an accompanying pdf file entitled “W.B. Mason Internet Ordering Guide”

- D. Ordering Process.** The selected Offeror must have the ability to accept orders manually, electronically, and over the phone (via a toll-free number) through a single point of contact. The selected Offeror must notify the ordering agency within 24 hours if an item is out of stock, along with the length of the wait time for availability. There will be no minimum order. All shipments shall qualify for FOB delivered price.

The Commonwealth also reserves the right to obtain waiver purchases from the DGS Bureau of Procurement in favor of non-contracted suppliers when it is advantageous to do so. It will be the responsibility of the selected Offeror, upon notification of award, to obtain maps of the locations of each of the using agencies, as well as identifying the contract’s end-users (purchasing staff) throughout the Commonwealth. Accounts will be established for each of the end-users (some with multiple ship-to locations).

- 1. Specification.** Please refer to the core list of items on the **Appendix B, Cost Submittal** for a description of each item included in the solicitation. DGS reserves the right to reject a product, post award if the product performance is deemed unacceptable.
- 2. Addition/Deletion of Products.** The selected Offeror is responsible for notifying DGS of discontinued items in a timely manner. If a product is discontinued, the selected Offeror may propose an equivalent product in its place for the same or lower price. DGS, in its sole discretion, shall determine that the proposed product is an equivalent. If the selected Offeror cannot provide an acceptable equivalent product, DGS may remove the product from the contract.

As technology changes and new printing and copying devices are purchased, there will be a need to add new ink and toner supplies to the core list in order to reduce the amount of waiver requests by purchasing units. In addition to the items mentioned above, DGS reserves the right to move non-core items to the core list at a negotiated price as it deems appropriate.

At no point is the selected Offeror allowed to unilaterally change products or pricing.

Offerors shall describe their process for handling discontinued products as well as their willingness to comply with the DGS process for addition/deletion of products as stated above.

W.B. Mason updates customers quarterly with regards to pending discontinuances of any existing core item(s). This timeframe is identified primarily because the majority of item discontinuances are announced by manufacturers on a quarterly basis. Where more notice is provided to W.B. Mason by a manufacturer of a pending core item discontinuance, W.B. Mason in turn provides that extended notice to its customers. Notice of discontinuance is accompanied by one or more suggested alternates to the discontinued item(s), such alternate(s) offered by W.B. Mason at a price equal to or lower than that of the discontinued item(s). As required, W.B. Mason provides samples of any such suggested alternates at no charge for the customer to use and subsequently keep.

W.B. Mason so notes herein and agrees to the Commonwealth's protocol with the addition of non-core items to the established core item listing at negotiated pricing. This is a standard practice engaged in by W.B. Mason with all of its strategic customers based on review of customer usage information, a Cost Containment practice referred to by the Company as "Perpetual Contracting".

3. **Catalogs.** The selected Offeror is required to provide, upon request, a copy of the Commonwealth's current core product list, at no additional charge. Inserts may be required to notify users of product additions or deletions.
4. **Private Brands.** DGS accepts private label items with the exception of toner cartridges which fall under the requirements of the UniqueSource program.

Offerors shall describe their capability of handling and managing private label items and any costs associated with them.

W.B. Mason maintains an extensive catalog of thousands of private label and value brands (under the 'Universal', 'Alera', 'Boardwalk', and 'Innova' banners) spanning the office products offering from adhesives to wastebaskets. The Company has proposed a number of these items as part of its 'Appendix B' Cost Submittal, and such products are frequently utilized by W.B. Mason as part of its overall Cost Containment Program. These items are frequently offered by W.B. Mason as part of its online "Swap-'N-Save" program, a program that has saved W.B. Mason tens of millions of dollars in the aggregate in its nine years of existence. "Swap-'N-Save" is detailed below by W.B. Mason in section I-3. G. of this Technical Proposal.

5. **Samples.** Samples must be submitted upon request from DGS.
6. **Blocking and Substituting of Items.** It is a requirement of the selected Offeror to have the ability to block items that the Commonwealth is not permitted to

purchase. It is also a requirement of the selected Offeror to have the ability to substitute any item that DGS deems necessary for substitution.

Offerors shall describe how they will identify and enforce blocking of non-contract categories and other items not permitted to be purchased on this contract from appearing on the electronic interface.

W.B. Mason's designated E-Commerce Support Team facilitates and maintains any desired product restrictions. Restrictions can be based on any number of criteria such as product category, subcategory (one example would be gel or roller ball pens, thereby limiting the available product selection to ballpoint pens), non-recycled or "green" items, brand, items in excess of a specified dollar value, purchases with an extended line total in excess of a predetermined limit, etc. W.B. Mason's "Swap-'N-Save" program, discussed below, is the perfect vehicle by which the Commonwealth, may substitute any item that DGS deems necessary for substitution. For example, mandated substitutions of non-core products into corresponding core products to facilitate best value are easily and seamlessly carried out via W.B. Mason's "Swap-'N-Save" Program.

E. Deliveries. All articles ordered from this contract shall be delivered by the delivery date stated on all Purchase Orders.

1. Desktop Deliveries. All deliveries shall be **F.O.B. Delivered Desktop** to any location within the Commonwealth of Pennsylvania, including but not limited to the locations listed on **Appendix G, Commonwealth Delivery Locations**, unless otherwise arranged through the Last Mile Deliveries section below. All deliveries shall be securely packaged so as to avoid breakage or damage in accordance with standard industry practices. All deliveries will be inside delivery to the address specified on the order. No outside or curbside deliveries will be accepted.

All F.O.B Delivered Desktop orders submitted to selected Offeror before 4:00 PM EST will be delivered to the location specified in the order within 24 hours. All orders submitted after 4:00 PM EST will be considered "submitted" the following business day.

Desktop shipments to the Capitol Complex must follow guidelines of [Management Directive 625.10 Amended](#) which states under Policy and Procedures that delivery person must enter through secured visitors' entrances. The Keystone Building does not have secured visitor entrances, so delivery people must contact someone designated on the floor which the delivery is to be made to meet them an escort them to the delivery area. This designated person must also escort the delivery person out of the secure area.

2. Last Mile Deliveries. The Commonwealth shall have the option to request shipments within the Last Mile delivery area, including but not limited to the locations listed on **Appendix H, Last Mile Delivery Locations**, be excluded from the desktop delivery program in lieu of F.O.B. Delivered Warehouse and F.O.B.

Hub Pick-up options. DGS will monitor the results of this program and have the right to expand or narrow the Last Mile delivery area, adjust the delivery options (warehouse or hub pick-up), or terminate the Last Mile program if not in the best interest of the Commonwealth. DGS will notify the selected Offeror with 30 calendar days written notice of any changes to the Last Mile program.

The Last Mile delivery components include:

- a) **F.O.B. Delivered Warehouse.** Orders are to be drop shipped by the selected Offeror to a centralized location such as the Bureau of Supplies and Surplus Operations (“BSSO”), 2221 Forster Street, Harrisburg, PA 17125. All orders shall be individually packaged and identified by the end-user and delivery location. The selected Offeror must provide the BSSO with a manifest listing the items and locations required for delivery. Once the BSSO verifies that all end-user orders are accounted for and accepted, BSSO will be responsible for all desktop deliveries to end-user. The selected Offeror is responsible for all overages, shortages, or damages within a packaged order at time of delivery. If a delivered item is deemed by the end-user as being an incorrect order needing to be returned, the process as stated in **I-4, F. Returns** below will be followed. The selected Offeror will deliver to the BSSO location within 24 hours for F.O.B. Delivered Warehouse.
 - b) **F.O.B. Hub Pick-up.** Orders are to be picked up by the BSSO at the selected Offeror’s closest delivery distribution hub location. All orders shall be individually packaged and identified by the end-user and delivery location. The selected Offeror must provide the BSSO with a manifest listing the items and locations required for delivery. Once the BSSO verifies that all end-user orders are accounted for and accepted, BSSO will be responsible for all desktop deliveries to end-user. The selected Offeror is responsible for all overages, shortages, or damages within a packaged order at time of delivery. If a delivered item is deemed by the end-user as being an incorrect order needing to be returned the process as stated in **I-4, F. Returns** below will be followed. The selected Offeror and the Commonwealth will work together to establish a pick-up schedule for F.O.B. Hub Pick-up.
3. **Order Fill/Accuracy Rate.** The selected Offeror must maintain at minimum a 95% fill rate. Fill Rate is defined as “the total number of items on an order filled completely and delivered within the delivery timeframe divided by the total number of items on an order.” The order accuracy rate shall also be maintained at 98% or greater. Order accuracy rate will be defined as the number of correct items delivered divided by the total number of items in an order. A selected Offeror who consistently fails to maintain the Order Fill/Accuracy Rate without corrective action will be deemed non-responsible and the Contract may be terminated. At a minimum, the selected Offeror’s non-performance will be recorded in the Commonwealth’s Contractor Responsibility File.

Offerors shall describe their distribution infrastructure and how it will be utilized to meet the delivery requirements of the Commonwealth. Provide a detailed description of how items will be shipped from the warehouse to desktop locations and ability to coordinate with a last mile delivery solution.

W.B. Mason will utilize its fleet of eighty office supplies delivery trucks currently operating in the Commonwealth of Pennsylvania to effect delivery to any Commonwealth location desirous of such service. It will use its fleet of Company owned delivery vehicles, including its fleet of furniture trucks for bulk deliveries, to effect "Last Mile" deliveries. Using the published list of "Last Mile" delivery destinations as illustrated by the Commonwealth in its RFP Exhibit H, these deliveries would emanate from W.B. Mason's Local Service Facility in York, PA, from where appropriate coordination with Last Mile points would be effected. W.B. Mason maintains nine Local Service Facilities within the Commonwealth of Pennsylvania at which orders may be picked up on a Next Business Day basis.

- F. Returns.** Any items delivered in poor condition, in excess of the amount ordered, or not included in the purchase document, may at the discretion of the Commonwealth ordering entity, be returned to the selected Offeror at the selected Offeror's expense within 30 days. Credit for the returned goods shall be made immediately after the selected Offeror receives the returned items. There shall be no restocking fees assessed to the Commonwealth or eligible contract users, except in the event that a Commonwealth ordering entity orders incorrectly. Incorrectly ordered item(s) will be returned to the selected Offeror at the expense of the ordering entity, not to exceed a 5% restocking fee per item. Credit for returned goods shall be made immediately after the selected Offeror receives the returned item(s). In the event that a product is rejected at time of delivery, the selected Offeror's driver will take the product back immediately. Replacement product for that rejected product will be delivered to the ordering location within five (5) calendar days or the next delivery date not to exceed fifteen (15) calendar days. For product deemed to be unacceptable after delivery has been made, the ordering entity may contact the selected Offeror's Customer Service Representative to arrange for pickup of product(s), credit for that product(s), and replacement of that product(s). The selected Offeror will remove unacceptable product(s) from the ordering location within one week of the date of determination of unacceptable product(s) and notification given to the selected Offeror. Unacceptable product(s) left at the ordering location for more than ten (10) days will become the property of the Commonwealth to dispose of as they see fit. If invoices have been submitted, selected Offeror will issue credit(s) for the full amount of the product(s) purchased.

Offerors shall describe how they will comply with the return policy required by this contract.

W.B. Mason continually strives for all of its customers to be satisfied each and every one of their purchases. This is why it proclaims that if any customer is dissatisfied

with any purchase, returns can be made in accordance with the following terms and conditions:

All merchandise, with the exception of the items stated below, is returnable if returned in the original manufacturer's packaging (cannot be defaced) and in "like new" condition.

APPLIANCES, SHREDDERS, TELEPHONES, ALL-IN-ONE MACHINES, COPIERS, FAX MACHINES, PRINTERS, DIGITAL CAMERAS & CAMCORDERS, MONITORS, PROJECTORS, SCANNERS, TABLETS AND ALL OTHER COMPUTER PERIPHERALS - Returnable within thirty (30) days from the date of the invoice, if returned in the manufacturer's original box with all internal packaging, warranty cards, manuals and accessories included.

SOFTWARE - Unopened software is returnable within thirty (30) days from the date of invoice as long as it is returned in the original manufacturer's packaging and in saleable condition. Nor refund, credit or exchange will be given on opened software. Defective software can only be replaced with the same titled product (no refunds or credit) within thirty (30) days from the date of invoice.

FURNITURE- Returnable within thirty (30) days from the date of invoice if returned in saleable condition. Furniture that is defective or damaged upon receipt may be exchanged for the same item within thirty (30) days. Factory ordered custom furniture is not returnable under any circumstances or conditions.

CUSTOM OR SPECIAL ORDER MERCHANDISE- All non-defective, custom ordered products of any kind, nature and description are not returnable under any circumstances or conditions. Such items include, but are not limited to, custom printed materials, signs, stamps, seals, ad specialty items, custom ordered machines, appliances or furniture.

BREAK ROOM MERCHANDISE- Returnable within thirty (30) days from the date of invoice if returned in saleable condition.

DATED GOODS- Non-returnable after January 1 of the year of the edition of the product. For example, 2019 edition Dated Goods are not returnable after January 1, 2019, at Company discretion.

W.B. Mason does NOT charge customers any restocking fee any standard catalog office product included under this program that may be designated by an end user for return. End users may initiate a return online or via toll-free phone with the inside Customer Service staff dedicated to the Commonwealth of Pennsylvania by W.B. Mason. Those end users electing to initiate returns in this manner will be issued a Returns Authorization (RA) number for such merchandise which will then be picked up within forty eight (48) hours. Credit is then immediately issued by W.B. Mason upon confirmed receipt of merchandise. Another method by which

end users may effect returns in locations serviced by a W.B. Mason Company Owned vehicle is by simply returning merchandise during a W.B. Mason delivery. All W.B. Mason Company employed drivers are equipped with hand held scanning devices which can scan merchandise on the spot. Customers wishing to return product can simply notify their Mason driver while that driver is on site, and the driver will scan the product designated for return with associated credit issued ON THE SPOT. This program has proven to be extremely popular with and convenient for W.B. Mason customers since its rollout in late 2017.

- G. Cost Savings and Incentive Programs.** The Commonwealth expects the selected Offeror to pass on any savings from any source. Any price decreases will be available immediately to the Commonwealth. Written confirmation of the price decrease must be submitted to the Contracting Officer. Acceptance of any decrease will be reflected through the electronic interface within five (5) business days. Additional manufacturer's savings programs shall be passed on to DGS.

During the term of the contract, if there are any available reward programs or rebates that a manufacturer offers as a result of purchases made by this contract, the Commonwealth of Pennsylvania shall be the beneficiary of all rewards/rebates from that manufacturer. For instance, the Commonwealth of Pennsylvania currently participates with the HP PurchasEdge program. PurchasEdge is a rewards program from Hewlett Packard (HP). Members earn points based on the amount they spend on qualifying original HP printing supplies, such as HP LaserJet and other HP toners. Points earned by qualifying purchases can be redeemed towards the purchase of new HP printers as a result of the HP PurchasEdge program.

Please confirm that all savings will be passed along to the Commonwealth immediately. Describe any programs that are available currently that might be of benefit to the Commonwealth.

W.B. Mason will pass along decreases in its cost to the Commonwealth immediately upon receipt and will be transmitted by W.B. Mason to the designated Commonwealth Contract Officer with decrease posted to the electronic interface within five (5) business days of receipt of decreased cost by W.B. Mason. Other reductions offered by manufacturers (closeouts, overstocks, end-of-life-cycle clearance reductions, etc.) will be handled by W.B. Mason in a like manner.

W.B. Mason facilitates HP Purchase Edge Programs for thousands of its customers and provides data relative to those Programs and will do so for the Commonwealth of Pennsylvania. Should the Commonwealth of Pennsylvania enter into a Hewlett-Packard "Big Deal" or any similar arrangement with any other manufacturer as a result of manufacturer program of cost reduction specific for the Commonwealth, W.B. Mason will facilitate that program through corresponding reductions in line item pricing, any required reporting related thereto, etc.

W.B. Mason maintains a number of Cost Containment tools that it employs for its customers with the objective of providing a program of durable and structured ongoing cost savings and maximum program value for each and every one of its customers. One such tool in its Cost Containment Toolbox is W.B. Mason's program of "Perpetual Contracting". W.B. Mason's program of Perpetual Contracting ensures that its customers' contract listing of items never become stale or obsolete and always remain relevant. Utilizing its Comparative Consumption Reporting (a sample of which illustrated below), the Company assists its customers in targeting non contract items with high or inclining usage for addition to the existing core contract at more favorable pricing. The purchase category for each item (contract, quoted price, etc.) as detailed on this reporting is a crucial tool and significant customer benefit as pertains to ongoing cost containment, a key component of W.B. Mason's Workplace Products Solution.

Another of W.B. Mason's Cost Containment Programs, referenced briefly above, is its "Swap-'N-Save" Program. This is an online program which suggests to end users at initial point of purchase alternates of higher or equal quality to the original item selected at a lower purchase price. In its nearly ten years of existence, this program has saved W.B. Mason customers tens of millions of dollars in the aggregate. The program can be configured online to be either a suggestive "soft swap" program or, at the behest of the presiding purchasing administrator(s), a mandated program of hard substitution. As such, it is the perfect vehicle for managing spend to the precise specification of the presiding purchasing administrator(s), right down to the individual line level.

H. Contract Turnover. Upon expiration or termination of the contract, the selected Offeror shall provide for a mutually agreed upon turnover of its services to the Commonwealth and its successor selected Offeror, as applicable. The selected Offeror shall provide a final detailed description of the turnover plan for approval by the Commonwealth within six (6) months prior to the last day of the project. Offeror shall be responsible to pay all costs related to the transfer of materials and responsibilities as a normal part of doing business with the Commonwealth.

So noted and agreed to by W.B. Mason.

I-4. Payment and Invoicing. Payment and invoicing information can be accessed through the [Pennsylvania Office of the Budget](#) website.

I-5. Objections and Additions to Standard Contract Terms and Conditions. The Offeror will identify which, if any, of the terms and conditions that it would like to negotiate and what additional terms and conditions the Offeror would like to add to the standard contract terms and conditions. The Offeror's failure to make a submission under this paragraph will result in its waiving its right to do so later, but the Issuing Office may consider late objections and requests for additions if to do so, in the Issuing Office's sole discretion, would be in the best interest of the Commonwealth. The Issuing Office may, in its sole discretion, accept or reject any requested changes to the standard contract terms and conditions. The Offeror shall not request changes to the other provisions of the RFP, nor shall the Offeror request to completely substitute its own terms and conditions for this RFP. All terms and conditions must appear in one integrated contract. The Issuing Office will not accept references to the Offeror's, or any other, online guides or online terms and conditions contained in any proposal.

Regardless of any objections set out in its proposal, the Offeror must submit its proposal, including the cost proposal, on the basis of the terms and conditions set out in **Appendix A, Terms and Conditions**. The Issuing Office will reject any proposal that is conditioned

on the negotiation of the terms and conditions set out in **Appendix A, Terms and Conditions** or to other provisions of the RFP.

So noted and agreed to. W.B. Mason's proposal is based without alteration of any kind on the Terms and Conditions set out in the Commonwealth's Appendix A, Terms and Conditions.

What To Expect

This document was created to benefit the Customer Systems Integration team, the branch, and the customer. The goal of this document is to ensure that W.B. Mason is able to successfully implement a new account, or re-implement an existing account, to the customer's satisfaction. This documentation will allow us to track the customer's needs and how W.B. Mason will meet those needs in a timely fashion. Throughout this process, the Customer Systems Integration Team (CSI Team), will be keeping you in the loop regarding any updates or changes to the project and the overall outcome.

Projects that are handled by the Customer Systems Integration Team:

- ✓ *Major Account Implementations*
- ✓ *EDI (Electronic Data Interchange) Implementations*
- ✓ *Punchout Implementations*
- ✓ *Custom Invoicing Implementations*

This document can be used as a reference during the quarterly business review process. It will also help in accurately keeping track of any changes that the customer wishes to make to their implementation both during the implementation process and the maintenance stage following the implementation.

Project Timeline

Phase 1 – Information Gathering

- 1.) Sales team from branch informs the Customer Systems Integration team (via an email to customerintegration@wbmason.com) that a new punchout project is on the horizon.
 - a. Sales team to work with branch IST to provide the CSI Team with as much detail about the customer as possible. This includes, but not limited to, current status as a customer, current shopping experience, and current invoicing requirements.
 - b. The Account Information document needs to be completed and submitted to the CSI Team prior to the scheduling of an internal conference call.
- 2.) An internal conference call will be held. This call including but not limited to, the branch sales team, CSI Team, and the branch IST, will be scheduled to discuss and gather more information about the customer. The CSI Team will come prepared with questions based on the completed Account Information document.
- 3.) An initial conference call will be scheduled as an information gathering call. All parties invited, required: branch sales team, branch IST, Customer Systems Integration team, customer, and 3rd party vendor, if applicable. Call will result in some questions to follow up with appropriate parties, and tentative scheduling of a second conference call.
- 4.) An implementation plan will be created and signed off on by the branch manager and the customer before moving to Phase 2 – Testing.

Phase 2 – Testing

- 1.) Depending on the requirements of the project, the CSI Project Manager will be working directly with the customer and third party vendor to properly implement the account.
- 2.) All changes to the implementation plan will need to be in written form and signed off on by the customer.

Phase 3 – Production

- 1.) Once testing has been completed and the customer is satisfied, the project can be implemented in production.
- 2.) In order to proceed to production, the customer and branch manager must sign off on the project.
- 3.) A conference call will be scheduled to close out any remaining action items following the move to production.

Phase 4 – Maintenance

- 1.) Following the move to production, the branch IST should keep a close eye on the implementation, including following up with the customer, to ensure satisfaction.

 - Has the contracted pricing been loaded into AX?
 - Has the account been linked to the current catalog and discount codes?
- *Addresses / Cost Centers*
 - Has the customer provided a list of ship-to's?
 - Have the ship-to's been loaded into AX?
 - Has the customer provided a list of cost centers? (if applicable)
 - Have the cost centers been loaded into AX?
 - Has the ship-to/cost center associations been completed? (If applicable)

E-Commerce

- *Shopping Experience*
 - What is the customer's shopping method?
- *Custom Center Stage*
 - Was a custom centerstage created? (If required)
- *Ordering Process*
 - How will the customer be sending us orders? (Direct, punchout, EDI)
- *Users*
 - Has the customer provided a list of users?
 - Have the users been loaded into AX?
 - Have the users been tied to ship-to's and cost centers?
- *Workflow*
 - Has the customer provided a list of approvers?

- *Checkout Profile*
 - What fields is the customer requiring that we capture in the checkout process?
 - Attention Name?
 - PO Number?
 - Custom Delivery fields? (Building, Floor, Room)

Product Delivery

- *Special Requirements*
 - Ship Complete?
 - Price on packing slip?
 - Multiple copies of packing slips?
 - Proof of Delivery/Must Get Signature?
- *Custom Delivery Fields*
 - Any specific shipping information that needs to appear on the packing slip?

Invoicing

- *Parameters*
 - Has the Billing parameter been updated in AX? (Summary, Monthly, Daily, Bi-Weekly, Print & Mail, No Print, etc.)
- *Special Requirements*
 - Bill Complete?
 - If so, has this parameter been updated in AX?
 - Bill Complete by PO?
 - If so, has this parameter been updated in AX?
- *Format*
 - What is the file(s) format for invoicing? (Excel, CSV, PDF)
 - How many files does the customer require?
- *Frequency*
 - How often are we invoicing the customer? (Daily, Weekly, Monthly)
- *Delivery*
 - How does the customer want the invoice delivered? (email, FTP, mail)

Documents that need to be completed prior to go-live

- *Billing Parameters*

- Bill complete?
- Bill Complete by PO?
- Updated in AX?

- *Credits*
 - How does the customer want to handle credits?
 - Do they require a separate file?
- *Invoice Delivery Method (FTP, Email, HTTP Post, Print & Mail)*
 -
- *Invoice Delivery Recipients (If Applicable)*
 - 1.)
 - 2.)
 - 3.)

Exceptions – How will WB Mason handle?

- *Delayed Delivery (Failure to deliver invoice files on expected date)*
 - *Invoice Fails Validation:* if an invoice does not conform to customer-specified validation rules, it will not be sent until the issue is corrected.
 - *Technical Issues:* system issues or connectivity issues might prevent invoice files from being delivered successfully
 - In the event that invoice files can not be delivered on the expected date, who should be notified, and what is the process for delivering the invoices once the issues have been resolved?
- *File Processing – Technical Validation*
 - Many systems perform basic validation of files upon receipt in order to confirm that they are valid, complete, and syntactically correct. If any issues are identified, they need to be communicated as early as possible and in as much detail as possible.
 - Does the customer use validation? (Price validation, item validation)
- *File Processing – AP System Validation*
 - Can the customer provide confirmation to WB Mason that invoices were received?
 - Can the customer provide a list of any invoices not successfully loaded?
- *Invoice Resubmission*
 - Occasionally, it is necessary to re-submit invoices that were not successfully loaded into the customer’s AP system.
 - Can the customer accept re-submitted invoices?

Production Checklist

In order to move from Test to Production, the following action items need to be completed.

- Pricing
- Invoicing – (exceptions, credits, etc.)
- Internal Conference Call
- Conference Call with Customer
- Written authorization from Customer to move to Production

Empowering. Strategic. Procurement.

Punchout Capabilities

Punchout

Punchout provides a means of integrating the WB Mason eCommerce website with a customer's procurement systems. It greatly simplifies the process of creating and approving requisitions by eliminating the need for paperwork or manual data entry. W.B. Mason supports industry-standard cXML. It is a competitive necessity for W.B. Mason to have punchout capabilities.

Punchout capabilities include:

- 1) **Direct Punchout***- End-user accesses W.B. Mason's ecommerce site through customer procurement system. This includes the ability of the site to return shopping cart data to the procurement system upon checkout.
- 2) **Hosted Catalog***- Customer-specific catalog data is loaded to a 3rd party vendor who hosts the catalog for the customer.
- 3) **Purchase Order**- Customer creates a PO from a requisition in their procurements system and submits electronically to W.B. Mason. W.B. Mason responds with success confirmation or error code and description.

* Hosted Catalog and Direct Punch-out are mutually exclusive- if customer uses a hosted catalog they have no need for direct punchout, and vice-versa..

Benefits to Punchout

<i>Area of Value</i>	<i>Typical Results</i>
Information Technology	We are able to provide the same shopping experience through punchout that an end user would encounter by logging in directly to our website.
Data Accuracy	The third party vendor is able to verify order accuracy and purchase order discrepancies by reporting on what was ordered against what was invoiced.
Accounts Payable/Receivable	Alleviating the need for manual data entry and invoice reconciliations a 3 rd party allows reduced invoice cycle times and an improved cash flow.
Contract Price Validation	Third party vendors are able to validate price to ensure pricing is being honored without the need for end user's verification.
Invoicing Method	Once an acceptable format is agreed upon we are able to work with the third party vendor to provide quick and accurate invoicing.

Standard Punchout Process

'Punching Out' (cXML Punchout Setup Request)

In a standard Punchout scenario, an end user logs-in to their procurement system and initiates a shopping session with W.B. Mason. Behind the scenes, the procurement system posts an XML file, known as a cXML Punchout Setup Request, to W.B. Mason's Punchout URL. W.B. Mason authenticates the request, and if the credentials are valid, returns a URL to the procurement system. The procurement system redirects the end user to this URL. From the end-user's perspective, they are automatically logged in to the appropriate W.B. Mason account and able to shop as they would on any other e-commerce site. However, upon checkout, instead of going through the standard checkout process, the items from the shopping cart are returned to the end user's procurement system, where it can be used to create a new requisition.

Electronic Purchase Order (cXML Order Request)

Once the requisition goes through the necessary approval process, it is submitted to WB Mason as a cXML Order Request. The order request comes across the CSR in the same fashion as a web order.

Electronic Invoicing (cXML Invoicing)

Many organizations opt to receive electronic invoices for all electronic purchase orders. This helps simplify the reconciliation process and eliminates the need for manually entering invoice data into the buying organization's procurement system. W.B. Mason supports electronic invoicing using cXML Invoice Detail request.

Hosted Catalog

A hosted catalog is when the WB Mason catalog is embedded into, or, 'hosted by' the third party vendor or the customer. This allows the customer to search for WB Mason items within their own system. There are many benefits for customers that use hosted catalogs. The shopping experience with hosted catalogs has a consistent look and feel regardless of the supplier that the customer is shopping with. This means that searching is the same, carts look the same, and overall functionality is the same across all suppliers. When using the search features, all hosted catalog items are searched, so retrieved results could include items from multiple suppliers. Item comparisons may also be available so that end users can compare items side-by-side between suppliers.

Hosted catalog vary per customer, depending on their requirements. Hosted catalog files can include item numbers, item descriptions, units of measure, pricing information, item images, and any other necessary information requested by the customer. Prices in hosted catalogs are relatively stable. WB Mason submits a new hosted catalog file to each customer on a quarterly basis with updated prices. More frequent files can be sent if requested (items are discontinued, new items are added, etc.). In order to keep pricing consistent, hosted catalog customers need to be on a bound contract and catalog.

Initial Conference Call Checklist

Implementation Overall

- What is the customer looking for in this implementation?

Shopping Experience

- What kind of shopping experience is the customer looking for?

Order Requests

- Will we need to capture cost center information?
- Is the customer passing any special extrinsics?
- How are we handling exceptions? (Phone orders, special pricing, non-catalog requests, custom stamps, etc.)

Contacts

- Who is the technical contact from the customer and the third party vendor for this implementation?
- Who does WB Mason contact with technical issues in production?
- Who does WB Mason contact with non-technical issues in production?

Invoicing

- How does the customer want to be invoiced?
- What are the requirements for any custom invoicing?
- If customer wants cXML invoicing, how are we handling credits?

Closing

- What is the customer's #1 priority for this implementation?
- Does the customer have any special requirements that have not been covered?
- Does the customer have a target go-live date?

Initial Conference Call Follow Up

- Send out conference call notes to all respective parties.
- Follow up on action items and get answers back to customer and third party vendor by promised date.
- Create test credentials and save a copy in the respective folder for the customer within Customer Integration.

Test Checklist

- Provide Test Credentials to the customer.
- A minimum of (3) test orders have been placed
- Review test orders to ensure that all information is being passed and accurately captured.
- Send test PO numbers and shipping address format over to customer to review all information that they expect to see is included.
- Send test invoices for customer to review.

Production Checklist

In order to move from Test to Production, the following action items need to be completed.

- Adequate testing has been completed.
- All action items have been addressed.
- Customer has signed off on move to production and agreed to a go live date.
- Email has been sent out to all involved parties announcing go live date.
- Email has been sent out to the CSR, Backup CSR, and respective branch IST explaining how to process Punchout orders.
- Branch IST has configured the account for all orders to go on hold for the CSR to release (if needed).
- Email has been sent out to customer as notification of the completed move to production, encouraging them to place a small test order first.
- Confirmation that production Punchout setup requests & Order Requests are being both received and processed.
- Conference call has been scheduled to discuss any remaining open issues for the project.

EDI (Electronic Data Interchange)

Electronic data interchange (EDI) is the structured transmission of data between organizations by electronic means. It is used to transfer electronic documents or business data from one computer system to another computer system, i.e. from one trading partner to another trading partner with complete automation. EDI and other similar technologies save a company money by providing an alternative to, or replacing, information flows that require a great deal of human interaction and materials such as paper documents, meetings, faxes, etc. An advantage of EDI is reduced errors, such as shipping and billing errors, because EDI eliminates the need to rekey documents on the destination side. One very important advantage of EDI over paper documents is the speed in which the trading partner receives and incorporates the information into their system thus greatly reducing cycle times. For this reason, EDI can be an important component of just-in-time production systems.

EDI Documents

- **850:** Inbound PO
- **855:** Outbound Order Acknowledgement
- **856:** Outbound Advance Ship Notice
- **997:** Outbound Functional Acknowledgment (i.e. we received your file and recognize the data)
- **998:** Order cancellation notification
- **810:** Outbound Invoice

EDI Transmission Options

- **FTP** (File Transfer Protocol)
- **AS2** (Applicability Statement 2)

Custom Invoicing Implementations

Customers may request to get a custom invoice file from WB Mason in order to meet their AP requirements. Custom invoicing varies depending on what the customer requests.

ACCESSIBILITY PLAN AND ASSISTIVE TECHNOLOGY RESOURCES FOR THE COMMONWEALTH OF PENNSYLVANIA

Event Number 6100046257: Office Supplies

W.B. Mason and its strategic partner Alpha Office Solutions are committed to taking whatever feasible steps that are necessary in order to ensure that end users of any resulting contract for office supplies can fully partake in the use and patronage of that contract. Towards that end, W.B. Mason and Alpha include the following considerations in its proposal to ensure that such participation can be fully realized:

DESKTOP DELIVERY- Delivery of all orders will be made “Where You Want It, When You Want It, including straight to the end user’s desktop. Such service will eliminate the need for persons with physical disabilities of any kind to engage in impractical or impossible lifting of product, storage of product, or any other similar type of infeasible transport of product. Examples of manifestations of this service would be delivery of cartons of copy paper straight to the copier/printer in which the paper will be utilized, delivery of product straight to storage shelves that may be of a height and location that is impractical for a person with certain physical disabilities to access, and delivery of bulk orders of toner cartridges or other products of size to a designated storage closet, eliminating the need for a person with any sort of physical disability to effect storage of bulk product.

ORDER BY WEBSITE-End users engaging in business through this contract with W.B. Mason/Alpha Office Solutions will have access to a state of the art online ordering tool equipped with full pictures, part numbers, and item descriptions for all items available. The site also contains live web chat functionality and link to Customer Service E-mail. These resources will enable persons with any sort of hearing or speaking disability to conduct business and partake in the contract without impairment.

ORDER BY TOLL-FREE PHONE- End users engaging in business through this contract with W.B. Mason/Alpha Office Solutions will have access to a toll-free telephone number via which those end users can place orders, effect returns, receive assistance with product selection, enable special delivery instructions for individual orders or on a rolling systemic basis, etc. Access to customer service via toll-free phone will enable persons with any sort of seeing disability to conduct business and partake in the contract without impairment.

ON SITE SALES SUPPORT- Another resource available to end users of the program offered herein is on site sales support. W.B. Mason/Alpha outside Account Executives will assist contract users with any sort of disability with all sorts of service and support relating to the contract including, but not necessarily limited to, establishment of ongoing delivery protocols that ideally accommodate individuals with disabilities of any type, taking and processing of orders as required, assistance with optimizing the workplace with products designed to optimize worker comfort (footrests, backrests, wrist rests, etc.), and sampling of products aimed to optimize workplace comfort and productivity for those with disabilities of any kind.

Amendments to this plan and the resources devoted to it may be made from time to time during the contract in consultation with designated Commonwealth of Pennsylvania contract administrators.

DOMESTIC WORKFORCE UTILIZATION CERTIFICATION

To the extent permitted by the laws and treaties of the United States, each proposal will be scored for its commitment to use the domestic workforce in the fulfillment of the contract. Maximum consideration will be given to those offerors who will perform the contracted direct labor exclusively within the geographical boundaries of the United States or within the geographical boundaries of a country that is a party to the World Trade Organization Government Procurement Agreement. Those who propose to perform a portion of the direct labor outside of the United States and not within the geographical boundaries of a party to the World Trade Organization Government Procurement Agreement will receive a correspondingly smaller score for this criterion. In order to be eligible for any consideration for this criterion, offerors must complete and sign the following certification. This certification will be included as a contractual obligation when the contract is executed. Failure to complete and sign this certification will result in no consideration being given to the offeror for this criterion.

I, CHRISTOPHER MOONEY, CHIEF FINANCIAL OFFICER of W. B. MASON Co., Inc. a MASSACHUSETTS corporation or other legal entity, ("Contractor") located at 59 CENTRE ST., BROOKLTON, MA 02303, having a Social Security or Federal Identification Number of 04-2455641, do hereby certify and represent to the Commonwealth of Pennsylvania ("Commonwealth") (Check **one** of the boxes below):

Acknowledgment

The undersigned party hereby agrees that it has read and completed this form, and has marked the material being submitted in accordance with the instructions above. The undersigned party acknowledges that the Commonwealth is not liable for the use or disclosure of trade secret, confidential or proprietary information, or information that if disclosed would be reasonably likely to jeopardize the safety or security of an individual, infrastructure or information technology system, where that data or information has not been clearly marked as such, and which was not accompanied by a specific explanation included with this form.

The undersigned agrees to defend any action seeking release of the materials it believes to be trade secret, confidential or proprietary, or would be reasonably likely to result in a safety or security risk if disclosed. The undersigned also agrees to indemnify and hold harmless the Commonwealth, its agents and employees, from any judgments awarded against the Commonwealth in favor of the party requesting the materials, and any and all costs connected with that defense. This indemnification survives so long as the Commonwealth has possession of the submitted material, and will apply to all costs unless and until the undersigned provides a written statement or similar notice to the Commonwealth stating that it no longer wishes to exempt the submitted material from public disclosure.

The undersigned acknowledges that the Commonwealth is required to keep all records for at least as long as specified in its published records retention schedule.

The undersigned acknowledges that the Commonwealth reserves the right to reject the undersigned's claim that the information is trade secret, confidential, proprietary or is reasonably likely to result in a safety or security risk if disclosed, if the Commonwealth determines that the undersigned has not met the burden of establishing that the information constitutes a trade secret, confidential, or is otherwise exempt. The undersigned also acknowledges that if only a certain part of the submitted material is found to constitute a trade secret, is confidential or proprietary, or is otherwise exempt, the remainder of the submitted material will become public; only the protected information will be removed and remain nonpublic.

FINAL NEGOTIATED COST SUBMITTAL

INSTRUCTIONS

GENERAL INSTRUCTIONS FOR COMPLETING THIS WORKBOOK

The worksheets contained in this workbook shall constitute the Cost Submittal. Completion of this workbook is a requirement of this RFP.

COST SUBMITTAL BREAKDOWN (General Office Supplies, Toners, and Paper Tabs)

1. Select the Cost Summary tab at the bottom of this workbook.
2. Complete the highlighted cells (contact information) in the top portion of the Cost Summary tab .
NOTE: The information you supply here must match the information you provided to Vendor Registration.
3. Select the Cost Submittal tab at the bottom of this workbook.
3. Complete the highlighted cells (item information) in the lower portion of the Cost Submittal tab.
4. The Cost Submittal will be evaluated based on the combined total of UniqueSource cost with markup and estimated annual costs based of estimated quantities and an average of all three delivery options: FOB Delivered Desktop, FOB Delivered Warehouse, and FOB Hub-Pick up.
5. Offerors must complete the Cost Submittal with a price for all three delivery options: FOB Delivered Desktop, FOB Delivered Warehouse, and FOB Hub-Pick up.
6. At the bottom of the Cost Submittal, a discount % off of list price must be provided for all non-core items.
7. At the bottom of the Cost Submittal, a mark-up % on UniqueSource products must be provided for evaluation. The mark-up can be from 0% to 10% maximum in whole numbers. If no change is made to the cell, 0% will be calculated, thus the Offeror is agreeing to provide UniqueSource products at UniqueSource agreed upon prices with no additional mark-up.

** Any figures presented in the RFP are based on historical usage and may fluctuate based on future needs. All costs, unless otherwise mentioned in the RFP, will remain in effect for the intial term of the Contract.

Note:

Do not include any pricing data in any portion of the Technical Submittal. Pricing data is defined as any information related to, directly or indirectly, the Offeror's proposed charges for services and deliverables. Pricing data consists of, but is not limited to, costs, fees, prices, rates, bonuses, discounts, rebates, or the identification of free services, labor or materials.

The cost submittal must be submitted as presented by the Commonwealth and should not be altered in any way. Do not include any reiteration of the technical proposal in the cost submittal.
