SUBJECT: Renewal of Contract: Professional Broadcast Audio Visual and Multimedia Equipment
Contract Number: 4400020822
Term of Renewal: 06/01/2021 – 05/31/2022

Dear Contractor:

Per the terms of the above referenced contract, the Commonwealth is considering exercising the renewal options contained within the Contract. We are therefore, requesting your concurrence to renew the above referenced Contract for the renewal period of 06/01/2021 through 05/31/2022.

As you may be aware, the Bureau of Procurement is working aggressively to reduce costs and identify the most efficient processes for procuring our goods and services.

Under Governor Wolf's "Go-Time" initiative, the Bureau of Procurement is applying commercial best practices throughout its organization and has reintroduced Reverse Auction technology as a way to generate additional cost savings. Furthermore, in the spirit of cost savings, we are asking current vendors to consider a price a reduction to current pricing.

In an effort to comply with the goals of the "Go-Time" initiative, we are asking you to consider the following:

- Agreeing to a voluntary price reduction (the Commonwealth suggests up to 10%).
- This voluntary price reduction could apply to any or all line items in your contract.

Any voluntary price reduction would become effective for the next renewal period of 06/01/2021 through 05/31/2022.

If you are in agreement with the proposed cost saving efforts, please indicate on page 2 of this letter.

If the Commonwealth elects to renew the contract, the Bureau will issue a revised contract document to reflect the renewed contract period and adjusted pricing.

Thank you for your immediate response and consideration. Please complete and return this letter to me by email prior to the close of business, alayman@pa.gov.

If you have any questions, please feel free to contact me.

Thank you,
Amy Layman
