Item Text

78140000-ITQ-161

Acceptance Testing/System Commissioning

A thorough review, inspection and testing of the performance of an entire Security, Surveillance, Fire Detection, Fire Suppression, and/or other life protection system to make sure it meets all specification, intent of the design, operation and functional requirements, and the requirements of the end user/owner, along with any necessary, supporting documentation. This includes testing of a new installation (done outside of the contract) or a major renovation of an existing contract.
