Repair						
Repairs are work performed on existing security, surveillance, and fire suppression systems for the purposes of a break/fix nature and include the replacement of like parts/components to return the systems to working order. This includes repairs needed on an emergency basis. Parts or components that must be replaced due to inoperability may be replaced with an updated part or component if the original part or component is no longer available.						
This work cannot include replacement of the entire system or change or alter the system as it relates to its size, type, and capability.
