CHANGE SUMMARY: As per the Specifications of RFQ 4400023757 23-01 Source:

*******MONTHLY CHANGE HAS BEEN LOADED INTO SAP & AUTOMATICALLY ADJUSTS POs - All prices are determined by Delivery Date.*******

DIESEL PRICE ADJUSTMENT CLAUSE:

The updated pricing in accordance with the price adjustment language of the contract specifications reflects a – 24% decrease.

The base diesel price and the monthly diesel price are established from the OIL PRICE INFORMATION SERVICE (OPIS), PADD 1 REPORT published weekly except last weeks in June and December by United Communications Group, Bethesda, MD. Telephone (301) 816-8950.

The price adjustment is the actual variance between the OPIS PADD 1 report average price that was in effect the last Monday of the previous month, for each month the contract adjustment is permitted (May, August, and November), and the established contract base diesel price. The contract base diesel price is \$3.5525 and the OPIS PADD 1 report average for April 24th, 2023, is \$2.6981. Using this data, the amount of the price adjustment was derived using the following calculation:

$$1 - (3.552/3.2525) , - 1 + (3.2525/3.5525) = -8\% \text{ Decrease}$$

Updated price changes are uploaded automatically via the SAP system and will be reflected on the contracts as of November 3, 2023.

ALL OTHER TERMS AND CONDITIONS OF THIS AGREEMENT NOT CHANGED BY THIS CHANGE NOTICE REMAIN AS ORIGINALLY WRITTEN.

*******MONTHLY CHANGE HAS BEEN LOADED INTO SAP & AUTOMATICALLY ADJUSTS POs - All prices are determined by Delivery Date.*****
ONLY THOSE ZONES MEETING THE CHANGE CRITERIA HAVE BEEN ADJUSTED**

UPDATING MATERIAL PRICING CLAUSE:

Price updates for materials will only occur when the monthly price of a ton of PG64-22 (asphalt cement) increases/decreases 10% or more from the established base price in a given Zone. In the event of a 10% or greater increase/decrease in the monthly price of a ton of PG64-22 (asphalt cement) the Commonwealth will automatically calculate and adjust suppliers' material pricing in the affected Zone(s). The adjustment will be calculated by taking the difference between the current index price and the established base price and applying that difference to the virgin asphalt content percentage (VAC%) shown in the Job Mix Formula (JMF) for each material. For example, if the base price is established at \$500.00 per ton and the monthly index price is posted at \$550.00 per ton, an adjustment would take place because of the 10% change.

CHANGE SUMMARY: The base price for a ton of PG64-22 (Bitumen) for the referenced contract is:

Zone 1: \$657.00 - Districts 3, 4, 5, 6, 8,
Zone 2: \$635.00 – Districts 2, 9
Zone 3: \$613.00 – Districts 1, 10, 11, 12

Effective June 01, 2022 the monthly index price for a ton of PG64-22 (Bitumen) for this RFQ is:

Zone 1: \$763.00, for an increase of 1.1613
Zone 2: \$750.50, for an increase of 1.1819
Zone 3: \$738.00, for an increase of 1.2039

Pricing will remain firm until the event of another update resulting from a 10% decrease or increase in monthly index pricing.
