CHANGE SUMMARY: April 01, 2024, Price adjustment

- 1) The updated pricing in accordance with the price adjustment language of the contract specifications reflects a + **\$0.60 increase**.

The base diesel price and the monthly diesel price are established from the OIL PRICE INFORMATION SERVICE (OPIS), PADD 1 REPORT published weekly except last weeks in June and December by United Communications Group, Bethesda, MD. Telephone (301) 816-8950.

The price adjustment is the actual variance between the OPIS PADD 1 report average price that was in effect the third Monday of the previous month, for each month the contract adjustment is permitted (October, January, and April), and the established contract base diesel price. The contract base diesel price is \$2.2175 and the OPIS PADD 1 report average for April 1st, 2024, is **\$2.8162** Using this data, the amount of the price adjustment was derived using the following calculation:

$$\mathbf{\$2.8162} - \$2.2175 = +\mathbf{\$0.60 \text{ Increase}}$$

Updated price changes are uploaded automatically via the SAP system and will be reflected on the contracts as of April 01, 2024.
