

REVISION #2 - 18 March 2017

NOTE: Please be advised that there are four (4) tabs involved with this spreadsheet workbook

--- 1. BIDDER NOTES (This Tab)

--- 2. POWERED BASE UNITS

Note: It is here where all bidders are to list all current base unit models they would be supplying, if awarded a contract.

--- 3. ATTACHMENTS and IMPLEMENTS

Note: It is here where the Bidder will list applicable data. It is understood that any applicable OEM items that are offered on the tab titled "Powered Base Units" will have their attachments and implements addressed on this tab as well as any particular known Non-OEM items. In the case of unknown Non-OEM items the Bidder may offer an all inclusive discount from attachment & implement manufacturer's MSRP (Manufacturer's Suggested Retail Price) listing.

--- 4. Maintenance and/or Repair Parts

Note: Contract award(s) for this section will only be made to contractors who have been awarded equipment under the "Powered Base Units" section of this bid solicitation.

2013

Please note that when preparing your bid, if you have any questions regarding if a given type of item will be considered for award or which tab a given type of item should be listed (i.e. as a powered base unit or as an attachment/implement or maintenance / Repair Part), it is requested that you submit your question for clarification to the Commodity Specialist at rwoodworth@pa.gov .
