Locating a Solicitation

Log into the [PA Supplier Portal](#) to search for and locate a specific Solicitation in SRM.

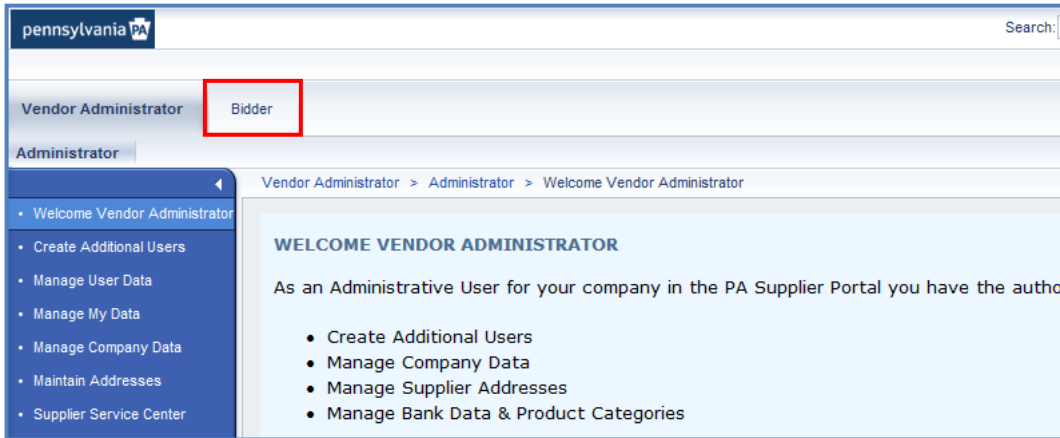

1. Open your web browser and enter www.pasupplierportal.state.pa.us.
2. Select the **Log on** button.

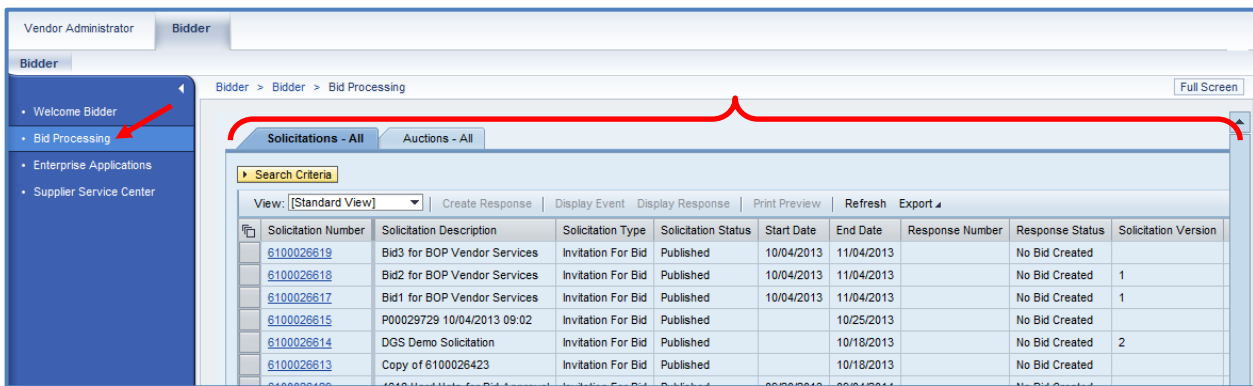

3. Enter the User ID and Password you created when you registered as a supplier, and select the **Log On** button.

- Choose the **Bidder** role to begin. (Note – If you have been assigned only the Bidder role by your company, you will not need to perform this step because it will already be chosen by default.)

The resulting *Bid Processing* screen opens and will display your Personal Object Worklist (POWL). By default, the POWL will display all Solicitations (or RFX's) which are currently open for responses.

- Select the **Search Criteria** button to display the available search fields.

By default, the **Solicitation Status** field will display Current RFX. However, you may adjust the search criteria in your POWL at any time to customize your queries.

The screenshot shows a web interface for searching solicitations. At the top, there are tabs for 'Solicitations - All' and 'Auctions - All'. Below is a 'Search Criteria' section with several input fields: 'Solicitation Number' (text box), 'Solicitation Status' (dropdown menu with 'Current RFX' selected and highlighted by a red box), 'Creation Date' (text box with a calendar icon), 'Deadline Date Flag' (dropdown menu), 'Status' (dropdown menu), 'Response Timeframe' (dropdown menu), and 'Smart Number' (text box). There are 'To' fields for 'Solicitation Number' and 'Creation Date'. At the bottom left of the search criteria section are 'Apply' and 'Clear' buttons. Below the search criteria is a 'View' dropdown set to '[Standard View]' and several action buttons: 'Create Response', 'Display Event', 'Display Response', and 'Print Pre'. At the very bottom, a table header is visible with columns: 'Solicitation Number', 'Solicitation Description', 'Solicitation Type', 'Solicitation Status', and 'Start D'.
