

Our turn radius is 120", they required 108". PENNDOT will except the 120" turning radius.

Our tilt is 12 degrees/8 degrees, they required 12 degrees/10 degrees. PENNDOT will except the 8 degree tilt as exceeding the specification

We do not require or have an oil cooler option. PENNDOT will accept a unit without a hydraulic oil cooler provided the hydraulic tank will sufficiently cool the oil and all other specifications are met.
