

SOLICITATION ADDENDUM

Date: **February 2, 2018**
Subject: **Haul Truck Tractor 6X4 & 4X2**
Solicitation Number: **6100044551**
Due Date/Time: **02/06/2018 @ 15:00:00**
Addendum Number: **# 3**

To All Suppliers:

The Commonwealth of Pennsylvania defines a solicitation “Addendum” as an addition to or amendment of the original terms, conditions, specifications, or instructions of a procurement solicitation (e.g., Invitation for Bids or Request for Proposals).

List any and all changes:

Question 1:

1. Can the LH fuel tank be mounted under the cab and the RH fuel tank be mounted behind the cab or could both fuel tanks be mounted behind the cab? Most trucks have the aftertreatment system under the RH side of the cab, which leaves no room for a fuel tank directly under the cab. I cannot put a fuel tank directly under the RH side of the cab.
2. The exhaust system stack to be frame mounted RH side. That is fine, however, where are you asking for the aftertreatment system to be placed, since you are asking for a fuel tank to be put directly under the RH side of the cab? Again, the aftertreatment system normally goes under the RH side of the cab.

Answer 1: Only the RH fuel tank shall be mounted behind the cab.

Type of Solicitation: Electronic Bid (SRM) - Review the Questions section of your solicitation response to ensure you have responded, as required, to any questions relevant to solicitation addenda issued subsequent to the initial advertisement of the solicitation opportunity.

Except as clarified and amended by this Addendum, the terms, conditions, specifications, and instructions of the solicitation and any previous solicitation addenda, remain as originally written.

Respectfully,
