Question: Planting schedule - will this be a multiple year contract or will we be able to plant all sections totaling 107 acres this spring?

**Answer: The intent is to plant the 107 acres listed in the SOW this spring of 2018. Then the Department will have the option to continue the contract in 2019 and 2020 based on future planting needs and available funding. Planting acreage estimates for 2019 and 2020 are not known at this time and will be determined each winter.**
