**BID #6100049818 QUESTIONS/ANSWERS**

**I have a question regarding the chassis drivetrain is this a 4x2 or 4x4? I do not see that stated in the specifications.**

I didn't realize we overlooked 4x2 v 4x4, so we will stay with 4x2 as our last one

**I am waiting a more detailed list of where the Dur-A-Lift product differs from the Altech equivalent.**

We'd consider a Dur-A-Lift provided any deviations from our specs are clearly noted in writing

**It is not clear how large the "Rear access door" needs to be. If you could please provide some dimensions....**

Dimensions of rear access door is approximately 12" wide by 6" in height; slightly larger or smaller standard sizes are acceptable

**The specification indicates that the body should be "prime painted" (primer only) – but we would expect that the body should be painted to match the cab. If you could please provide clarification on that.**

We want the body and cab primed and painted to match each other; color white

**GENERAL SPECIFICATIONS:**

**Model year 2020**

**Supplier to provide actual odometer mileage on vehicle that they are bidding.**

**Odometer Reading: \_\_\_\_\_ miles**

**The truck is brand new, so, are you asking for an estimate of miles the truck will have upon delivery, so since the truck will be driven from our facility in Watertown, SD to Harrisburg, are those the miles you are requesting ?**

Yes...we may not be interested in new vehicle that was used as a company vehicle or spare vehicle acquiring unnecessary mileage prior its sale.
