QUESTION:

The Department of General Services has been asked to clarify which party or parties should apply to participate in this ITQ contract? Specifically, should Manufacturers only apply or may Distributors, Dealers and other suppliers who sell approved materials apply?

ANSWER:

Either may apply.

1. A clause, QUALIFICATIONS OF BIDDERS, has been added to page 7 #5 to address this question.

2. If you are the Manufacturer please be sure to include your State of Manufacture form.

If you are other than the actual Manufacturer include the State of Manufacturer form and Attachment A now found with the other documents. Attachment A is your authorization from the Manufacturer to represent and sell their product.

All other Parts of the Solicitation remain the same.

Thank you.

For solicitations where a "hard copy" (vs. electronic) response is requested:

- Attach this flyer to your solicitation response. Failure to do so may result in disqualification.
- If you have already submitted a response to the original solicitation, you may either submit a new response, or return this flyer with a statement that your original response remains firm, by the due date to the following address: same

Except as clarified and amended by this Flyer, the terms, conditions, specifications, and instructions of the solicitation and any previous flyers, remain as originally written.

Very truly yours,
