

Date of Issue: October 5, 2018

DEPARTMENT OF GENERAL SERVICES  
ENERGY AND RESOURCE MANAGEMENT OFFICE  
401 NORTH STREET HARRISBURG, PENNSYLVANIA

BULLETIN NO. 5 (Revised)  
on

Project No. GESA 2018-1 – REQUEST FOR QUOTES FOR A GUARANTEED ENERGY SAVINGS PROJECT AT: DEPT. OF CORRECTIONS, SCI HOUTZDALE, HOUTZDALE, PENNSYLVANIA Department of General Services, Energy & Resource Management, 401 North Street, Room 403, Harrisburg, Pennsylvania, 17120.

**QUOTE SUBMISSION DEADLINE: TUESDAY NOVEMBER 20, 2018**  
**TIME OF OPENING: 2:00 PM**

**QUESTIONS**

1. Please identify the electric utility to SCI Houtzdale. **There are 4 electric accounts at SCI Houtzdale. The main facility service is Penelec GPD. The other 3 accounts are small residential RSD rates.**
2. Please identify the electrical generation supplier to SCI Houtzdale, if different than the electric utility. **The current electric generation supplier is WGL Energy.**
3. Is it possible to be provided electronic copies of the actual utility bills for electricity? If so, please provide these copies for the 2015-2017 term. **Electricity bills are sent to the Funding Agency via Electronic Data Interchange (EDI). Attached to the end of this bulletin are copies of bill details from PSFEI's Energy Risk Management Application (ERMA).**
4. Are these facilities currently participating in any Demand Response Programs? If so, please explain which programs, and remaining term of contract. **SCI Houtzdale does not participate in any demand response programs.**
5. During the pre-proposal conference, it was mentioned that DGS would provide clarification relating to the variations found within the water billings, and the site's minimum annual flow. Please provide clarification / information on the water rate. Are there any use minimums that affect the billing? Please define the water saving limit that can be saved as SCI Houtzdale is required to purchase so much annual volume/flow from the local utility. **The billing variations are based on the Houtzdale Municipal Authority (HMA) agreement. Each year, SCI Houtzdale (SCIH) pays a share of**

**HMA's capital contribution and operating/maintenance costs based upon the percent of SCIH metered usage vs. total water consumed by all HMA customers. At the beginning of the HMA calendar year, the estimated monthly fee to be paid by the Commonwealth for the year ahead is established by the HMA. Six months following the annual cost estimate, a true-up is conducted to determine the difference between the estimated monthly fee and the actual monthly fee. Resulting from the true-up, an adjustment is made to address any underpayment or overpayment, adjusting the payment for the remaining 6 months of the current year. This cycle occurs annually, resulting in payment adjustment approximately every six months.**

**The HMA agreement has set the minimum daily use at 225,000 gallons per day.**

6. Will the awarded ESCO be bound by the percentage committed on the "Small Diverse Business and Small Business Participation Submittal" (Appendix D) or by the "Listing SDB and SB Firms" (also Appendix D)? When are these forms required to be submitted? What happens if the scope of work changes? **The awarded ESCO will be bound by its overall SDB/SB percentage commitment shown on the "Small Diverse Business and Small Business Participation Submittal" submitted with its Quote. The "Listing (of) SDB and SB Firms" is not required to be submitted with the Quote, but rather, as part of the ESCO's Investment Grade Audit (IGA). If there is a change in the scope of work between award and completion of the IGA effecting the ESCO's ability to comply with its submitted overall SDB/SB percentage commitment, then the ESCO must obtain BDISBO's written approval to alter its SDB/SB percentage commitment.**
7. Please confirm that as part of the Small Diverse Business and Small Business RFQ submittal only 2 copies of the SDB and SB participation commitment is required. The "Listing SDB and SB Firms" document in Appendix D and SDB and SB "Letter of Intent" in appendix E are only to be provided as part of the Investment Grade Audit. **Confirmed.**
8. If there are performance issues with SB / SDB firms, who should the ESCOs contact? **Please contact Paula Murphy at [pmurphy@pa.gov](mailto:pmurphy@pa.gov) or 717-787-8324 and Curtis Burwell at [cburwell@pa.gov](mailto:cburwell@pa.gov) or 717-787-4834.**

---

Rebecca Tomlinson, RFQ Coordinator  
Energy & Resource Management Office

**PLEASE ACKNOWLEDGE RECEIPT OF BULLETIN BY EMAIL RESPONSE TO BECKY TOMLINSON AT: [retomlinso@pa.gov](mailto:retomlinso@pa.gov)**
