To All Suppliers:

The Commonwealth of Pennsylvania defines a solicitation “Addendum” as an addition to or amendment of the original terms, conditions, specifications, or instructions of a procurement solicitation (e.g., Invitation for Bids or Request for Proposals). |

The Issuing Office received the following questions regarding the above-referenced RFP and provides the following responses. |

Q.1. With regards to the Problem Statement: The Pennsylvania Department of Community & Economic Development (“DCED”) has identified a need for legal services for the City of Scranton related to Act 47 matters that include: sewer system monetization matters, pension fund judgment related matters and parking transaction matters. The engagement may include other general work as designated by the Chief Counsel of DCED or the Governor’s Office of General Counsel. For purposes of this RFP, the Commonwealth may consider making a multiple award.

- What are the details of the legal work related to pension fund judgment related matters and parking transaction matters specific to the City of Scranton Act 47?

A.1. The legal work related to sewer monetization matters, pension fund judgment related matters and parking transaction matters were completed under the previous contract for legal services for the City of Scranton and were incorrectly referenced in the Problem Statement of the current RFP document (OGC-2018-09). The legal services for the City of Scranton related to Act 47 matters includes only those services referenced in the Scope of Work found in Part IV of the Request for Proposals document, namely the Act 511 Litigation and the Refuse Litigation, as well as the revised problem statement (Addendum #2).

Please take note of the revised Problem Statement, which can be found in Addendum #2 – Revised Problem Statement.

*** If you asked a question, and do not see your question listed, please let me know right away so we can get you a response as soon as possible.**

Except as clarified and amended by this Addendum, the terms, conditions, specifications, and instructions of the solicitation and any previous solicitation addenda, remain as originally written.
