Harrisburg, PA 17110

To: All Proposers

---

Harrisburg Area Community College (HACC) is sending this addendum #3 to answer additional questions received, to better clarify the specific requirements of the Asphalt Pavement Sealing – Harrisburg Campus project.

**1 – What is the age of the existing asphalt?**

The asphalt is a variety of ages because areas were paved at different times. It is estimated that the majority of the pavement is over 10 years old

**2 – What is the desired rate of product application?**

As far as application rate, that needs to be done consistent with the manufacturer's specifications to provide a five year warranty.

Additional questions of clarification may be directed to:
