To All Suppliers:

The Commonwealth of Pennsylvania defines a solicitation "Addendum" as an addition to or amendment of the original terms, conditions, specifications, or instructions of a procurement solicitation (e.g., Invitation for Bids or Request for Proposals), including but not limited to questions and answers, which are considered a material part of the solicitation.

**Please see the following update:** Addendum 1 does the following:

Questions asked and answered.

1. There are two active solicitations currently covering 4 of the 5 counties in D6. Is there any intent to do this work in Delaware County as well? Will there be a solicitation for this work in that County for 2026? **There is no intention to bid an additional contract for Delaware County at this time, as there already is a contract in place.**
2. There could be efficiencies if all 4 counties were awarded together. Could there be a pricing structure where an additional discount could be considered if both (all District 6 Litter/Trash) bids were awarded to one contractor? **Due to the volume of work the contracts were bid separately and will be awarded separately with no discount.**
3. Is there an opportunity for contractors to provide additional unit pricing for equipment that may significantly enhance productivity i.e.: UTV with tow behind rake and vacuum? **The equipment requirements are specified in the Equipment and Operator Requirements and pay items section of the statement of work.**

Except as clarified and amended by this Addendum, the terms, conditions, specifications, and instructions of the solicitation and any previous Addendum(s), remain as originally written.
