Question: Before I waste everyone's time with more questions I would like to know if they will accept an International truck withOUT the auxiliary window in the door. I know there have been agencies in the past that wouldn't budge on that feature and wanted to check before I proceed with more questions. This spec is restricted to Mack and if that's what they want that is fine. Please advise.

Answer: Per the region, they want to keep the specs as is. They want the auxiliary window.

Type of Solicitation: Electronic Bid (SRM) - Review the Questions section of your solicitation response to ensure you have responded, as required, to any questions relevant to solicitation addenda issued subsequent to the initial advertisement of the solicitation opportunity.

Except as clarified and amended by this Addendum, the terms, conditions, specifications, and instructions of the solicitation and any previous solicitation addenda, remain as originally written.

Respectfully,
