Questions and Answers

Q1. Does the delivery location have a tractor trailer height (typically 48” -52” height) loading dock?

A1. We do not have a loading dock. We have a down ramp to our garage, which is on the same ground level as the Print Shop. There is plenty of room to enter our garage and the breezeway doors for this piece of equipment.

Q2. If ground level delivery is required, is the delivery entrance door a minimum of 36” wide?

A2. Yes

Q3. From the loading dock or entry door is there a clear path to the install site, no steps, narrow passages, or obstacles?

A3. Yes
