Question:

I do have one other question about the Certification of Recycled Content. I’m not finding a form anywhere, is this something we should submit on company letterhead, possibly notarized, or does it need to be done by an independent 3rd party?

Answer:

Under number 8 RE-REFINED PRODUCTS:

All products offered by the bidder under the category of Re-refined Products, in accordance with the Standard Terms and Conditions, must contain a minimum of 25% Re-refined oil base stock. Bidders are required to provide certification of Recycled Content.

Type of Solicitation: Electronic Bid (SRM) - Review the Questions section of your solicitation response to ensure you have responded, as required, to any questions relevant to solicitation addenda issued subsequent to the initial advertisement of the solicitation opportunity.

Except as clarified and amended by this Addendum, the terms, conditions, specifications, and instructions of the solicitation and any previous solicitation addenda, remain as originally written.
