Elevated Need Zip Codes

In a state as large and diverse as Pennsylvania, a county-level analysis may not be sufficient for revealing local level variation in need. To employ a more fine-grained approach to understanding the strengths and opportunities within counties, we included a sub-county analysis of some indicators included in the 2020 Family Support Needs Assessment.

If, instead of applying to serve an entire county, an Applicant applies to serve a portion of a county with elevated need zip code, the Applicant will receive 1% of the total points as bonus points for each elevated need zip code that will be served, up to the maximum amount of 3% of the total points for this RFA.

The following counties have sub-county data starting on page 56 of the Family Support Needs Assessment: Allegheny, Blair, Bucks, Carbon, Centre, Chester, Delaware, Fayette, Monroe, Montgomery, Northumberland, and Philadelphia. Please see the chart on the next page that lists the zip codes within these counties that are considered to have an elevated need, as indicated in the last column.
