Additional Requirements:

- Equipment must be delivery by August 31, 2024.

Substitutions Allowable:

Substitution with an approved equal item is allowable.

Any reference to a particular manufacturer's product either by trade name or by limited description is solely for the purpose of more clearly indicating the minimum standard of quality required.

The term "approved equal" is defined as meaning any other make which, in the sole opinion of the purchaser and the end recipient/subject matter expert (SME), is of such character, quality, and performance equivalence as to meet the standard of quality of products other than the referenced product shall:

- a) furnish complete identification in its quote of the product it is offering by trade name, brand and/or model number;
- b) furnish descriptive literature and data with respect to the substitute product it proposes to furnish; and
- c) indicate any known specifications deviations from the referenced product.
