

## SPECIFICATIONS

## Request 1584

The Pennsylvania Emergency Management Agency (PEMA) is requesting a price quote for the items and services listed below.

Quantity	Description
1	Removal of SPARTAN Service van body (see additional requirements)
1	Installation of new 8' pickup truck bed (see additional requirements)
1	Installation of new fiberglass truck cap (see additional requirements)
1	Installation of new LED lights, mounted inside of cap on a switch located inside cap edge
1	Installation of new LED work lights (see additional requirements)
1	Reinstallation of trailer hitch (see additional requirements)
1	Installation of new full-length pull-out cargo tray (see additional requirements)
1	Installation of new back up camera (see additional requirements)
1	Installation of new heavy-duty floor mats (i.e. WeatherTech or equivalent)

### Additional Requirements:

- Van body – PEMA does not want the body returned.
- Truck bed – Can be new “old stock” or like new condition; must be white in color to match cab; connect fuel filler, lights, and other miscellaneous items necessary for operation of the truck.
- Cap installation - must be white in color to match cab; windows required along both sides of cap; rear window; cap lid to include window and gas shocks to hold lid open; must be bolted to bed with weatherstripping between to make watertight; must be a high rise type the full length of the cap.
- LED work lights - one mounted at the top of each corner of cap, shining back and slightly downward to facilitate loading truck or connecting trailer; On/Off switch to be located inside the cab of the truck, near driver’s area.
- Trailer hitch – current hitch to be reused along with the 7-pin trailer wiring socket.
- Cargo tray – to be rated at 1500LB; tray to slide out the entire length of the truck bed.
- Back up camera – must be aimed to facilitate backing and connecting of trailer; 7” screen to be mounted where driver can see screen in cab; old back up camera to be removed; old screen is not usable.
- Bidders must provide the brand of equipment that is being bid for installation.
- If PEMA must deliver the vehicle the bidder will need to be within a 50-mile radius of the agency
- Attached documents must be filled out and uploaded with bid

### **Substitutions Allowable:**

Substitution with an approved equal item is allowable.

Any reference to a particular manufacturer’s product either by trade name or by limited description is solely for the purpose of more clearly indicating the minimum standard of quality required.

The term “approved equal” is defined as meaning any other make which, in the sole opinion of the purchaser and the end recipient/subject matter expert (SME), is of such character, quality, and performance equivalence as to meet the standard of quality of products other than the referenced product shall:

- a) furnish complete identification in its quote of the product it is offering by trade name, brand and/or model number;
- b) furnish descriptive literature and data with respect to the substitute product it proposes to furnish; and
- c) indicate any known specifications deviations from the referenced product.
