SOFTWARE/SERVICES LICENSE REQUIREMENTS AGREEMENT BETWEEN THE COMMONWEALTH OF PENNSYLVANIA, ACTING BY AND THROUGH THE [INSERT NAME OF AGENCY] AND

Schaedler Yesco Distribution, Inc

This Software/Services License Requirements Agreement ("Agreement") by and between **Schaedler Yesco Distribution, Inc** ("Licensor") and the **Commonwealth of Pennsylvania**, acting by and through the [insert name of Agency] ("Commonwealth") is effective the date the Agreement has been fully executed by the Licensor and by the Commonwealth and all approvals required by Commonwealth contracting procedures have been obtained.

1. **Order of Precedence**. The terms and conditions of this Agreement supplement, and to the extent a conflict exists, supersede and take precedence over the terms and conditions of the attached [insert exhibits that are to be made part of this Agreement]. The parties agree that the terms of this Agreement supersede and take precedence over the terms included in any quote, purchase order, terms of any shrink-wrap agreement included with the Licensed Products, terms of any click through agreement included with the Licensed Products or any other terms purported to apply to the Licensed Products. The products specified in Attachment 1, along with support and services for said products, shall be referred to as "Licensed Products."

2. **Enterprise Language:**

   (a) The parties agree that more than one agency of the Commonwealth ("Commonwealth Agency") may license products subject to this Agreement, provided that the procurement of any Licensed Products by any Commonwealth Agency must be made pursuant to one or more executed purchase orders or purchase documents submitted by each Commonwealth Agency seeking to use the Licensed Products.

   (b) The parties agree that, if the licensee is a "Commonwealth Agency" as defined by Section 103 of the *Commonwealth Procurement Code*, 62 Pa. C. S. § 103, the terms and conditions of this Agreement apply to the procurement of any Licensed Products made by the Commonwealth, and that the terms and conditions of this Agreement become part of the purchase order or other procurement document without further need for execution.

3. **List of Licensed Products**.

(a) Attached hereto and made a part of this Agreement by reference is Attachment 1, which lists the Licensed Products that may be licensed under this Agreement. With the consent of the Commonwealth, the list of Licensed Products on Attachment 1 may be updated by the Licensor providing the Commonwealth with a revised Attachment 1 that adds the new product to the list. The Commonwealth, in its sole discretion, may consent either via written communication directly to the Licensor or, if applicable, providing the Commonwealth's reseller with a copy of Licensor's notification to update Attachment 1.

(b) No amendment will be required to add a new Licensed Product to the list. If, however, the Licensor desires to add a new Licensed Product to the list that requires additional licensing terms or other requirements, either an amendment to this Agreement or a new agreement will be required.

4. **Choice of Law/Venue**. This Agreement shall be interpreted in accordance with and governed by the laws of the Commonwealth of Pennsylvania, without giving effect to its conflicts of law provisions. The courts of the Commonwealth of Pennsylvania and the federal courts of the Middle District of Pennsylvania shall have exclusive jurisdiction over disputes under this Contract and the resolution thereof.

5. **Indemnification/Immunity**. The Commonwealth does not have the authority to and shall not indemnify any entity. The Commonwealth agrees to pay for any loss, liability or expense, which arises out of or relates to the Commonwealth's acts or omissions with respect to its obligations hereunder, where a final determination of liability on the part of the Commonwealth is established by a court of law or where settlement has been agreed to by the Commonwealth. This provision shall not be construed to limit the Commonwealth's rights, claims or defenses that arise as a matter of law or pursuant to any other provision of this Agreement. No provision in this Agreement shall be construed to limit the sovereign immunity of the Commonwealth.

6. **Patent, Copyright, Trademark and Trade Secret Protection**.

(a) The Licensor shall, at its expense, defend, indemnify and hold the Commonwealth harmless from any suit or proceeding which may be brought by a third party against the Commonwealth, its departments, officers or employees for the alleged infringement of any United States patents, copyrights, trademarks or trade dress, or for a misappropriation of a United States trade secret arising out of performance of this Agreement ("Claim"), including all Licensed Products provided by the Licensor. For the purposes of this Agreement, "indemnify and hold harmless" shall mean the Licensor's specific, exclusive, and limited obligation to (a) pay any judgments, fines and penalties finally awarded by a court of competent jurisdiction, governmental/administrative body or any settlements reached pursuant to a Claim and (b) reimburse the Commonwealth for its reasonable administrative costs or expenses, including without limitation reasonable attorney's fees, it necessarily incurs in handling the Claim. The Commonwealth agrees to give the Licensor prompt notice of any such claim of which it learns. Pursuant to the *Commonwealth*

Attorneys Act, Act of October 15, 1980, P.L. 950, No. 164, as amended, 71 P. S. §§ 732-101—732-506, the Office of Attorney General ("OAG") has the sole authority to represent the Commonwealth in actions brought against the Commonwealth. The OAG, however, in its sole discretion, and under the terms the OAG deems appropriate, may delegate its right of defense of a Claim. If the OAG delegates the defense to the Licensor, the Commonwealth will cooperate with all reasonable requests of Licensor made in the defense of and/or settlement of a Claim. The Licensor shall not, without the Commonwealth's consent, enter into any settlement agreement which (a) states or implies that the Commonwealth has engaged in any wrongful or improper activity other than the innocent use of the material which is the subject of the Claim, (b) requires the Commonwealth to perform or cease to perform any act or relinquish any right, other than to cease use of the material which is the subject of the Claim, or (c) requires the Commonwealth to make a payment which the Licensor is not obligated by this Agreement to pay on behalf of the Commonwealth. In all events, the Commonwealth shall have the right to participate in the defense of any such suit or proceeding through counsel of its own choosing. It is expressly agreed by the Licensor that, in the event it requests that the Commonwealth provide support to the Licensor in defending any such Claim, the Licensor shall reimburse the Commonwealth for all necessary expenses (including attorneys' fees, if such are made necessary by the Licensor's request) incurred by the Commonwealth for such support. If the OAG does not delegate to the Licensor the authority to control the defense and settlement of a Claim, the Licensor's obligation under this section ceases. The Licensor, at its own expense, shall provide whatever cooperation the OAG requests in the defense of the suit.

(b) The Licensor agrees to exercise reasonable due diligence to prevent claims of infringement on the rights of third parties. The Licensor certifies that, in all respects applicable to this Agreement, it has exercised and will continue to exercise due diligence to ensure that all Licensed Products provided under this Agreement do not infringe on the patents, copyrights, trademarks, trade dress, trade secrets or other proprietary interests of any kind which may be held by third parties.

(c) If the defense of a Claim and the authority to control any potential settlements thereof is delegated to the Licensor, the Licensor shall pay all damages and costs finally awarded therein against the Commonwealth or agreed to by the Licensor in any settlement. If information and assistance are furnished by the Commonwealth at the Licensor's written request, it shall be at the Licensor's expense, but the responsibility for such expense shall be only that within the Licensor's written authorization.

(d) If, in the Licensor's opinion, any Licensed Product furnished hereunder is likely to or do become subject to a claim of infringement of a United States patent, copyright, trade dress or trademark, or for a misappropriation of trade secret, then without diminishing the Licensor's obligation to satisfy any final award, the Licensor may, at its option and expense:

(i) substitute functional equivalents for the alleged infringing Licensed Product, or

(ii) obtain the rights for the Commonwealth to continue the use of such Licensed Product.

(e) If any of the Licensed Products provided by the Licensor are in such suit or proceeding held to constitute infringement and the use thereof is enjoined, the Licensor shall, at its own expense and at its option, either:

(i) procure the right to continue use of such infringing Licensed Products;

(ii) replace them with non-infringing items; or

(iii) modify them so that they are no longer infringing.

(f) If the use of any Licensed Product is enjoined and the Licensor is unable to do any of the preceding set forth in subsection (e) above, the Licensor, upon return of the Licensed Product, agrees to refund to the Commonwealth:

(i) the license fee paid for the infringing Licensed Product, less the amount for the period of usage of the Licensed Product; and

(ii) the pro-rated portion of any maintenance fees representing the time remaining in any period of services for which payment was made.

(g) The obligations of the Licensor under this section survive the termination of this Agreement.

(h) Notwithstanding the above, the Licensor shall have no obligation under this section for:

(i) modification of any Licensed Products provided by the Commonwealth or a third party acting under the direction of the Commonwealth;

(ii) any material provided by the Commonwealth to the Licensor and incorporated into, or used to prepare any Licensed Products

(iii) use of any Licensed Product after Licensor recommends discontinuation because of possible or actual infringement and has provided one of the remedies under subsection (e) or subsection (f) above;

(iv) use of any Licensed Product in other than the specified operating environment;

(v) the combination, operation, or use of the Licensed Products with other products, services, or deliverables not provided by the Licensor as a system or the combination, operation, or use of the Licensed Products, service, or deliverable, with any products, data, or apparatus that the Licensor did not provide;

(vi) infringement of a non-Licensed Product alone;

(vii) the Commonwealth's use of any Licensed Product beyond the scope contemplated by the Agreement; or

(viii) the Commonwealth's failure to use corrections or enhancements made available to the Commonwealth by the Licensor at no charge.

(i) The obligation to indemnify the Commonwealth, under the terms of this section, shall be the Licensor's sole and exclusive obligation for the infringement or misappropriation of intellectual property.

7. Virus, Malicious, Mischievous or Destructive Programming.

(a) The Licensor warrants that the Licensed Products as delivered by the Licensor does not contain any viruses, worms, Trojan Horses, or other malicious or destructive code to allow unauthorized intrusion upon, disabling of, or erasure of the Licensed Products (each a "Virus"). However, the Licensed Products may contain a key limiting use to the scope and quantity of the license(s) granted, and license keys issued by Licensor for temporary use are time-sensitive.

(b) The Licensor shall be liable for any damages incurred by the Commonwealth including, but not limited to, the expenditure of Commonwealth funds to eliminate or remove a computer virus or malicious, mischievous or destructive programming that results from the Licensor's failure to take proactive measures to keep virus or malicious, mischievous or destructive programming from originating from the Licensor or any of its employees, subcontractors or consultants through appropriate firewalls and maintenance of anti-virus software and security updates (such as operating systems security patches, etc.).

(c) In the event of destruction or modification of any Licensed Products, the Licensor shall eliminate the virus, malicious, mischievous or destructive programming, restore the Commonwealth's software, and be liable to the Commonwealth for any resulting damages.

8. Limitation of Liability.

(a) The Licensor's liability to the Commonwealth under this Agreement shall be limited the total dollar amount of purchase orders issued for Licensed Products and services covered by this Agreement during the during the twelve (12)-month period

prior to the event giving rise to the damage claim. This limitation does not apply to damages:

(i) for bodily injury;

(ii) for death;

(iii) for intentional injury;

(iv) to real property or tangible personal property for which the Licensor is legally liable;

(v) Under **Section 6**, Patent, Copyright, Trade Secret and Trademark Protection;

(vi) for damages related to a breach of the security of a system maintained or managed by the Licensor, including the costs for notification, mitigation and credit monitoring services required due to such breach; or

(vii) under **Section 7**, Virus, Malicious, Mischievous or Destructive Programming.

(b) In no event will the Licensor be liable for consequential, indirect, or incidental damages unless otherwise specified in the Agreement.

9. Payment.

The Commonwealth will make purchase and make payment through a reseller contract or another procurement document, which shall control with regard to payment amounts and provisions.

10. Termination.

(a) The Licensor may not terminate for non-payment of an order issued through a reseller contract or another procurement document that controls payment.

(b) The Commonwealth may terminate this Agreement without cause by giving the Licensor **30 calendar days'** prior written notice ("Notice of Termination") whenever the Commonwealth shall determine that such termination is in the best interest of the Commonwealth ("Termination for Convenience").

11. Background Checks.

(a) Upon prior written request by the Commonwealth, the Licensor must, at its expense, arrange for a background check for each of its employees, as well as for the employees of its subcontractors, who will have access to the Commonwealth's

IT facilities, either through on site or remote access. Background checks are to be conducted via the Request for Criminal Record Check form and procedure found at http://www.psp.pa.gov/Pages/Request-a-Criminal-History-Record.aspx. The background check must be conducted prior to initial access by an IT employee and annually thereafter.

(b) Before the Commonwealth will permit an employee access to the Commonwealth's facilities, the Licensor must provide written confirmation to the office designated by the applicable Commonwealth Agency that the background check has been conducted. If, at any time, it is discovered that an employee has a criminal record that includes a felony or misdemeanor involving terrorist threats, violence, use of a lethal weapon, or breach of trust/fiduciary responsibility; or which raises concerns about building, system, or personal security, or is otherwise job-related, the Licensor shall not assign that employee to any Commonwealth facilities, shall remove any access privileges already given to the employee, and shall not permit that employee remote access to Commonwealth facilities or systems, unless the Commonwealth Agency consents, in writing, prior to the access being provided. The Commonwealth Agency may withhold its consent at its sole discretion. Failure of the Licensor to comply with the terms of this subsection may result in the default of the Licensor under its Agreement with the Commonwealth.

(c) The Commonwealth specifically reserves the right to conduct background checks over and above that described herein.

(d) Access to certain Capitol Complex buildings and other state office buildings is controlled by means of card readers and secured visitors' entrances. Commonwealth contracted personnel who have regular and routine business in Commonwealth worksites may be issued a photo identification or access badge subject to the requirements of the applicable Commonwealth Agency and the Department of General Services set forth in Enclosure 3 of Commonwealth Management Directive 625.10 Amended, *Card Reader and Emergency Response Access to Certain Capitol Complex Buildings and Other State Office Buildings*. The requirements, policy and procedures include a processing fee payable by the Licensor for contracted personnel photo identification or access badges.

12. Confidentiality.

(a) Definition. "Confidential Information:"

(i) For the Commonwealth: All data and other information of or in the possession of the Commonwealth or any Commonwealth Agency or any private individual, organization or public agency, in each case to the extent such information and documentation is not permitted to be disclosed to third parties under local, Commonwealth or federal laws and regulations or pursuant to any policy adopted by the Commonwealth or pursuant to the terms of any third-party agreement to which Commonwealth is a party.

(ii) For the Licensor: All information identified in writing by the Licensor as confidential or proprietary to Licensor or its subcontractors.

(b) Confidential Information. All Confidential Information of or relating to a party shall be held in confidence by the other party to the same extent and in at least the same manner as such party protects its own confidential or proprietary information. Neither party shall disclose, publish, release, transfer or otherwise make available any Confidential Information of the other party in any form to, or for the use or benefit of, any person or entity without the other party's consent. Subject to the other provisions of this Agreement, each party shall, however, be permitted to disclose relevant aspects of the other party's Confidential Information to its officers, agents, subcontractors and personnel and to the officers, agents, subcontractors and personnel of its corporate affiliates or subsidiaries to the extent that such disclosure is reasonably necessary for the performance of its duties and obligations under this Agreement; provided, however, that such party shall take all reasonable measures to ensure that Confidential Information of the other party is not disclosed or duplicated in contravention of the provisions of this Agreement by such officers, agents, subcontractors and personnel and that such party shall be responsible for any unauthorized disclosure of the Confidential Information of the other party by such officers, agents, subcontractors or personnel; and further provided, that if the disclosure is by the Commonwealth to another contractor or sub-contractor, such disclosure is subject to a suitable non-disclosure agreement imposing equally or more stringent requirements for data privacy and security. Except to the extent provided otherwise by any applicable law, the obligations of this subsection (b) shall not apply with respect to information which:

(i) is developed by the other party without violating the disclosing party's proprietary rights,

(ii) is or becomes publicly known (other than through unauthorized disclosure),

(iii) is disclosed by the owner of such information to a Third Party free of any obligation of confidentiality,

(iv) is already known by such party without an obligation of confidentiality other than pursuant to this Agreement or any confidentiality contract entered into before the Effective Date of the Agreement between the Commonwealth and the Licensor, or

(v) is rightfully received by the disclosing party free of any obligation of confidentiality.

(c) Obligations. Each party shall:

(i) Notify the other party promptly of any known unauthorized possession, use or knowledge of the other party's Confidential Information by any person or entity.

(ii) Promptly furnish to the other party full details known by such party relating to the unauthorized possession, use or knowledge thereof and shall use reasonable efforts to assist the other party in investigating or preventing the recurrence of any unauthorized possession, use or knowledge of the other party's Confidential Information.

(iii) Use reasonable efforts to cooperate with the other party in any litigation and investigation against third parties deemed necessary by the other party to protect its proprietary rights.

(iv) Promptly use all reasonable efforts to prevent a recurrence of any such unauthorized possession, use or knowledge of the other party's Confidential Information.

(d) Cost of compliance; required disclosure. Each party shall bear the cost it incurs as a result of compliance with this section. The obligations in this section shall not restrict any disclosure by either party pursuant to any applicable law or pursuant to the order of any court or other legal process or government agency of competent jurisdiction (provided that the disclosing party shall give prompt notice to the non-disclosing party of such disclosure or order in a timeframe to allow the non-disclosing party to resist the disclosure or order).

(e) Submitting Confidential Information to the Commonwealth. The Licensor shall use the following process when submitting information to the Commonwealth it believes to be confidential and/or proprietary information or trade secrets:

(i) Prepare an un-redacted version of the appropriate document;

(ii) Prepare a redacted version of the document that redacts the information that is asserted to be confidential or proprietary information or a trade secret;

(iii) Prepare a signed written statement that states:

(1) the attached document contains confidential or proprietary information or trade secrets;

(2) the Licensor is submitting the document in both redacted and un-redacted format in accordance with Section 707(b) of the *Right-to-Know Law*, 65 P.S. § 67.707(b); and

(3) the Licensor is requesting that the document be considered exempt under Section 708(b)(11) of the *Right-to-Know Law*, 65 P.S. § 67.708(b)(11) from public records requests; and

(iv) Submit the **two (2)** documents with the signed written statement to the Commonwealth.

(f) Confidential Information at termination. Upon expiration or termination of this Agreement, or a purchase order or other procurement document for Licensed Products governed by the terms of this Agreement, and at any other time at the written request of a party, the other party must promptly return to such party all of such party's Confidential Information and Data (and all copies of this information) that is in the other party's possession or control, in whatever form. With regard to the Commonwealth's Confidential Information and/or Data, the Licensor shall comply with the requirements of subsection (e).

(g) Not confidential. Additionally, neither the Agreement nor any pricing information related to the Agreement, nor purchase orders issued pursuant to the Agreement, will be deemed confidential.

13. Sensitive Information

(a) The Licensor shall not publish or otherwise disclose, except to the Commonwealth or the Licensor's subcontractors, any information or data obtained hereunder from private individuals, organizations, or public agencies, in a way that allows the information or data furnished by or about any particular person or establishment to be identified.

(b) The parties shall not use or disclose any information about a recipient receiving services from, or otherwise enrolled in, a Commonwealth program affected by or benefiting from services under this Agreement for any purpose not connected with the parties' Agreement responsibilities.

(c) The Licensor will comply with all obligations applicable to it under all applicable data protection legislation in relation to all personal data that is processed by it in the course of performing its obligations under this Agreement including by:

(i) Maintaining a valid and up to date registrations and certifications; and

(ii) Complying with all data protection legislation applicable to cross border data flows of personal data and required security measures for personal data.

14. Publicity/Advertisement. The Licensor must obtain written Commonwealth approval prior to mentioning the Commonwealth or a Commonwealth Agency in an advertisement, endorsement, or any other type of publicity. This includes the use of any trademark or logo.

15. **Portability**. The parties agree that a Commonwealth Agency may move a Licensed Product from machine to machine, whether physical or virtual, and to other locations, where those machines and locations are internal to the Commonwealth or to a Commonwealth contractor, as long as such relocation and the use being made of the Licensed Product comports with the license grant and restrictions. Notwithstanding the foregoing, a Commonwealth Agency may move the machine or appliance provided by the Licensor upon which the Licensed Product is installed.

16. **Taxes-Federal, State and Local**.

(a) The Commonwealth is exempt from all excise taxes imposed by the Internal Revenue Service and has accordingly registered with the Internal Revenue Service to make tax-free purchases under registration No. 23-23740001-K. With the exception of purchases of the following items, no exemption certificates are required and none will be issued: undyed diesel fuel, tires, trucks, gas-guzzler emergency vehicles, and sports fishing equipment. The Commonwealth is also exempt from Pennsylvania sales tax, local sales tax, public transportation assistance taxes, and fees and vehicle rental tax. The Department of Revenue regulations provide that exemption certificates are not required for sales made to governmental entities and none will be issued. Nothing in this section is meant to exempt a construction contractor from the payment of any of these taxes or fees which are required to be paid with respect to the purchase, use, rental or lease of tangible personal property or taxable services used or transferred in connection with the performance of a construction contract.

(b) The only interest the Commonwealth is authorized to pay is in accordance with Act of December 13, 1982, P.L. 1155, No. 266, as amended, 72 P. S. § 1507, (relating to Interest Penalties on Commonwealth Accounts) and accompanying regulations 4 Pa. Code §§ 2.31—2.40 (relating to Interest Penalties for Late Payments).

17. **Commonwealth Audit Responsibilities**.

(a) The Commonwealth will maintain, and promptly provide to the Licensor upon its request, accurate records regarding use of the Licensed Product by or for the Commonwealth. If the Commonwealth becomes aware of any unauthorized use of all or any part of the Licensed Product, the Commonwealth will notify the Licensor promptly, providing reasonable details. The limit of the Commonwealth's responsibility for use of the Licensed Products by more individuals than are permitted by the licensing terms applicable to the Licensed Products shall be to purchase additional licenses and Maintenance and Support (if applicable) for such Licensed Products through a reseller contract or procurement document.

(b) The Commonwealth will perform a self-audit upon the request of the Licensor, which request may not occur more often than annually, and report any change in user count (hereinafter "True up number"). The Commonwealth shall notify the

Licensor of the True up number no later than **45 calendar days** after the request that the Commonwealth perform a self-audit. If the user count has increased, the Commonwealth will make an additional purchase of the Licensed Products through a reseller contract or another procurement document, which is equivalent to the additional users. This section sets out the sole license audit right under this Agreement.

18. ***Right-to-Know Law***. The Pennsylvania *Right-to-Know Law,* Act of February 14, 2008, P.L. 6, No. 3, 65 P.S. §§ 67.101—3104 ("RTKL"), applies to this Agreement.

19. **Third-Party Software**. If a Licensed Product utilizes or includes third party software and other copyrighted material and is subject, therefore, to additional licensing terms, acknowledgements or disclaimers compliance with this Agreement constitutes compliance with those third-party terms. The parties agree that the Commonwealth, by acknowledging third-party software, does not agree to any terms and conditions of the third-party software agreements that are inconsistent with or supplemental to this Agreement.

20. **Attorneys' Fees**. The Commonwealth will not pay attorneys' fees incurred by or paid by the Licensor.

21. **Controversies.**

(a) Pursuant to Section 1712.1 of the *Commonwealth Procurement Code,* 62 Pa. C.S. § 1712.1, in the event of a claim arising from the Agreement or a purchase order, the Licensor, within **six (6) months** after the claim accrues, must file a written claim with the contracting officer for a determination. The claim shall state all grounds upon which the Licensor asserts a controversy exists. If the Licensor fails to file a claim or files an untimely claim, the Licensor is deemed to have waived its right to assert a claim in any forum. At the time the claim is filed, or within **60 days** thereafter, either party may request mediation through the Commonwealth Office of General Counsel Dispute Resolution Program, http://www.ogc.pa.gov/Services%20to%20Agencies/Mediation%20Procedures/Pages/default.aspx.

(b) If the Licensor or the contracting officer requests mediation and the other party agrees, the contracting officer shall promptly make arrangements for mediation. Mediation shall be scheduled so as to not delay the issuance of the final determination beyond the required **120 days** after receipt of the claim if mediation is unsuccessful. If mediation is not agreed to or if resolution is not reached through mediation, the contracting officer shall review timely-filed claims and issue a final determination, in writing, regarding the claim. The final determination shall be issued within **120 days** of the receipt of the claim, unless extended by consent of the contracting officer and the Licensor. The contracting officer shall send a written determination to the Licensor. If the contracting officer fails to issue a final determination within the **120 days** (unless extended by consent of the parties), the

claim shall be deemed denied. The contracting officer's determination shall be the final order of the purchasing agency.

(c) Within **15 days** of the mailing date of the determination denying a claim or within **135 days** of filing a claim if, no extension is agreed to by the parties, whichever occurs first, the Licensor may file a statement of claim with the Commonwealth Board of Claims. Pending a final judicial resolution of a controversy or claim, the Licensor shall proceed diligently with the performance of the Agreement or purchase order in a manner consistent with the determination of the contracting officer and the Commonwealth shall compensate the Licensor pursuant to the terms of the Agreement, purchase order or other procurement document.

22. **Signatures.** The fully executed Agreement may not contain ink signatures by the Commonwealth. In that event, the Licensor understands and agrees that the receipt of an electronically-printed Agreement with the printed name of the Commonwealth purchasing agent constitutes a valid, binding contract with the Commonwealth. The printed name of the purchasing agent represents the signature of that individual who is authorized to bind the Commonwealth to the obligations contained in the Agreement. The printed name also indicates that all approvals required by Commonwealth contracting procedures have been obtained.

23. **Travel**. The Licensor shall not be allowed or paid travel or per diem expenses except as specifically set forth in the Agreement or Statement of Work. If not otherwise specified in the Agreement or Statement of Work, travel and related expenses shall be reimbursed in accordance with Management Directive 230.10 Amended, *Commonwealth Travel Policy*, and Manual 230.1, *Commonwealth Travel Procedures Manual*.

24. **Entire Agreement**. This Agreement constitutes the entire agreement between the Parties pertaining to the subject matter hereof, and supersedes and integrates all prior discussions, agreements and understandings pertaining thereto. No modification of this Agreement will be effective unless in writing and signed by both Parties. Other terms and conditions or additional terms and conditions included or referenced in the Licensor's quotations, invoices, business forms, or other documentation shall not become part of the parties' agreement and shall be disregarded by the parties, unenforceable by the Licensor and not binding on the Commonwealth. No modification of this Agreement will be effective unless in writing and signed by both Parties.

25. **Notice.** Any written notice to any party under this Agreement shall be deemed sufficient if delivered personally, or by facsimile, telecopy, electronic or digital transmission (provided such delivery is confirmed), or by a recognized overnight courier service (e.g., DHL, Federal Express, etc.), with confirmed receipt, or by certified or registered United States mail, postage prepaid, return receipt requested, sent to the address such party may designate by notice given pursuant to this section.

26. **Survival**. The termination or expiration of this Agreement will not affect any provisions of this Agreement which by their nature survive termination or expiration, including the

provisions that deal with the following subject matters: definitions, confidentiality, term and termination, effect of termination, intellectual property, license compliance, limitation of liability, indemnification and privacy.

27. **Waiver.** Failure to enforce any provision will not constitute a waiver.

28. **Severability.** If any provision is found unenforceable, it and any related provisions will be interpreted to best accomplish the unenforceable provision's essential purpose.

29. **Nonexclusive Remedy.** Except as expressly set forth in this Agreement, the exercise by either party of any of its remedies under this Agreement will be without prejudice to its other remedies under this Agreement or otherwise.

30. **Integration**. This Agreement, including all exhibits and referenced documents, and any Purchase Orders referencing this Agreement, constitutes the entire agreement between the parties. No agent, representative, employee or officer of the Commonwealth or of Licensor has authority to make any statement, agreement, or representation, oral or written, in connection with this Agreement, which in any way can be deemed to modify, add to, or detract from, or otherwise change or alter its terms and conditions. No negotiations between the parties, nor any custom or usage, shall be permitted to modify or contradict any of the terms and conditions of this Agreement. No modifications, alterations, changes, or waiver to this Agreement or any of its terms shall be valid or binding unless accomplished by a written amendment executed by the parties.

IN WITNESS WHEREOF, the Parties to this Agreement have executed it, through their respective duly authorized representatives.

Increment Qty	Item must be purchased and/or returned in quantity specified
Min. Order Qty	Minimum quantity that can be purchased
Item Wt.	Item Weight (Lbs.)
Price Change Symbols:	**Y** = Item Price Changed **B** = Bulk Packaged **L** = Order in feet, per minimum quantity increments **M** = Increment Quantity as designated on price sheet will not be broken. Stock orders will automatically be rounded up. **N** = New item, not on previous price file **O** = Lead times and minimum order quantities may apply. Returns may be subject to approval/quantity limitations. Consult Inside Sales. **P** = Multi Pack Item **R** = Item has been discontinued. See Replacement File at the end of the Price Sheet. **T** = Item will be discontinued when stock is depleted. See Replacement File at the end of the Price Sheet. **X** = Non Standard Item. Product is **not returnable.** Lead times and minimum order quantities may apply. Consult Inside Sales.

Hubbell Premise Wiring

HUBBELL INCORPORATED (Delaware)

AUTHORIZED DISTRIBUTOR TERMS AND CONDITIONS
Effective September 26, 2018
APPLYING TO THE PURCHASE OF ALL HUBBELL INCORPORATED (DELAWARE)
PREMISE WIRING DIVISION PRODUCTS
Supersedes and cancels all previous Terms and Conditions Sheets

APPLICABILITY OF TERMS AND CONDITIONS

All sales of Hubbell Incorporated (Delaware) ("Hubbell") products to the authorized distributor (the "Distributor") shall be subject to any and all terms and conditions of Hubbell, or its parent, subsidiaries or affiliates, relating to said products, which terms and conditions shall be subject to change by Hubbell without prior notice. No terms or conditions of the Distributor's purchase order (whether printed, stamped, typed or written), except those specifying the quantity and character of the products ordered, the price, shipment, invoice information and shipping instructions, shall be applicable to such sales.

ACCEPTANCE

All orders are subject to final acceptance by Hubbell. Orders will be accepted only from authorized Hubbell distributors. All changes to orders, including cancellation will not be considered valid unless confirmed in writing by Hubbell.

PRICING

Refer to the current Distributor Cost Sheet. *Prices are subject to change without notice*.

PAYMENT TERMS

Net 30 Days. A service charge of 1.5% per month shall be payable on past due amounts, or if such rate exceeds the maximum lawful rate, then such maximum lawful rate shall be assessed on all past due amounts and shall be payable upon demand.

DELIVERY

F.O.B. shipping point with normal freight allowed to any point in the United States in accordance with the provisions applicable to single shipments as stated in the second paragraph of this section. Exception is taken for Alaska, Hawaii and Puerto Rico which are F.O.B. shipping point with normal freight allowed for connectivity products only. The Distributor is responsible for all freight charges to these three destinations on Metal and Cable products. These product lines are identified in the current Distributor Cost Sheet by the following Quote Groups:
F00,QL4,QL5,QL6,QL7,QL8,QL9,QM5,QM6,QM7,QM8,QM9,QN0,QN1,QN2,QN3,QN4,QN5,QN6,QN7,QN8,QN9,QO0,QO6,QO7,QO8,QP2,QY0,QY1,QY2,QY3,QY4,QY5,QY6,QY9

The Distributor's orders will qualify for freight allowance if a total order has a Distributor cost of $5,000 or more. Freight for orders totaling less than $5,000 will be prepaid and billed, unless collect or third party shipments are requested and an account number is provided**.** Hubbell will use its discretion in the routing of shipments on which Hubbell assumes the transportation charges. If the Distributor specifies any alternative method of shipment or special handling services (i.e. lift gate, inside delivery or expedited ground carrier shipments), the Distributor will assume all additional charges. The Distributor must indicate acceptance of the charge by adding it to their purchase order prior to Hubbell shipping via a special carrier or securing special handling services. Requests for premium freight (expedited) shipping must be confirmed in writing. The Distributor will be charged for the actual premium freight expense incurred.

Ground shipments for stock items typically ship 24 to 72 hours after receipt of order unless otherwise specified. Air shipments for stock items (exception for Ladder Rack, Full Size Cabinets, Raceway and Power Poles) typically ship same day if requested and provided the order is received by 12:00 PM EST. Air shipments for stock items received after 12:00 PM EST typically will ship next day. Premium shipments for oversized stock items such as Ladder Rack, Full Size Cabinets, Raceway and Power Poles may require special carriers, thus a 24 to 72 hour ARO shipping interval could apply. Hubbell is not responsible for product delivery penalty charges.

WEIGHTS

Product weights shown are approximate and subject to change without notice.

DIRECT SHIPMENT CHARGE
Shipments made to locations other than into Distributor stock locations will incur an added charge equal to 10% of the invoice value, with the exception of cabinet product lines. These product lines are identified in the current Distributor Cost Sheet by the following Quote Groups: QL4,QL6,QL9,QM6,QM7,QM8,QN0, QN1,QN2,QN3

CARTON QUANTITY INCREMENT PURCHASE REQUIREMENT

Materials shipping to Distributor stock locations must be ordered in order quantity increments as specified on the current cost sheet. Non- increment order quantities will be adjusted up to the next order increment level. In addition, materials being returned as part of stock rotations must be returned in carton or order quantity increments.

PARTIAL SHIPMENTS

Unless an order is marked “Hold for Complete Shipment”, material in stock will be shipped immediately. Material not in stock will be shipped as soon as it becomes available. Freight will be allowed on these shipments if the original order value exceeds the minimum freight allowance requirement figure outlined in the Delivery section of this document.

Hubbell Premise Wiring

HUBBELL INCORPORATED (Delaware)

AUTHORIZED DISTRIBUTOR TERMS AND CONDITIONS
Effective September 26, 2018
APPLYING TO THE PURCHASE OF ALL HUBBELL INCORPORATED (DELAWARE)
PREMISE WIRING DIVISION PRODUCTS
Supersedes and cancels all previous Terms and Conditions Sheets

MINIMUM BILLING CHARGE

Minimum billing charge is $150.00 plus applicable freight charges. Orders under $150.00 will be increased to meet the minimum billing charge. The $150.00 minimum billing charge will be reduced to $50.00 for air shipments, and for direct shipments that are associated with a special project price quote (quotation number must be referenced on the Distributor purchase order).

EDI ORDER TRANSACTIONS

Acceptable EDI order transactions cover Distributor stock orders and drop ship orders, which are routed via surface freight carriers. Expedited orders that require next day delivery and/or air freight orders should NOT be transmitted via EDI. Hubbell cannot guarantee next day delivery and/or air freight for EDI based on the lack of common industry codes for such requirements.

EDI orders must meet the $150 minimum billing charge. EDI orders under $150 will be automatically increased to meet the minimum billing charge. EDI orders must be submitted in quantities that are multiples of standard packaging. Non-increment order quantities will be automatically adjusted up to the next carton increment.

POINT OF SALE
Point-of-sale data must be submitted monthly in a Hubbell approved format.

RETURNED MATERIAL

A. Standard Material

Standard material includes all items listed in Hubbell's catalogue and/or current price index at the date the product was purchased which has not been designated as obsolete, non-returnable or special make (as defined herein and designated on the price file).

A. Hubbell Return Material Authorization ("RMA") must be received by the Distributor prior to returning material to Hubbell. When requesting an RMA, please provide complete information pertaining to the subject order, including reference to purchase order, sales order, or invoice. Routing instructions will be provided with the RMA.

Returned material must bear the Hubbell furnished RMA number and be returned to Hubbell within ninety (90) days from issuance of an RMA or the material will not be accepted. All returned material must be in original packaging and new and resalable condition. No used or damaged material will be accepted and will be returned to the Distributor at the Distributor's expense.

No deduction for returned material is allowed from a remittance until Hubbell issues a credit memorandum. If, upon receipt of the material by Hubbell, it is determined that the permission to return should not have been granted, the RMA will be voided and the material will be returned to the sender at Hubbell's expense. Return of material not included on the RMA or material quantities in excess of the authorization will not be accepted. The Distributor will be contacted and given the option to accept the material back including all freight expenses, or to authorize Hubbell to scrap the material with no credit to be issued.

A restocking charge of 20% will apply to all returns. In addition, the Distributor is responsible for all freight charges. Hubbell will deduct such charges from the credit for the return. Bulk packed material as designated by the letter "B" in the symbol column of the current Distributor Net Cost and Index can only be returned in its unopened standard bulk package. Material designated by the letter "M" in the symbol column of the current Distributor Net Cost and Index may only be returned in carton quantities (Level "3"). *An additional* 20% repackaging charge will apply to any returned material requiring repackaging of the unit carton. Material designated by the letter "O" in the symbol column of the current Distributor Net Cost and Index may be subject to return quantity limitations.

In the event a return of material is made necessary through any fault of Hubbell and permission is granted for its return, a full credit will be issued, including all transportation charges provided the materials meet the requirements described herein. Claims for discrepancies in shipments must be made within seven (7) days of receipt of material.

In the event that the Distributor cannot provide the purchase order, sales order or invoice number for returned material, the credit will be issued at the lower of the current price index or up to two previous price indexes.

For multiple location Distributors, these requirements shall apply to each location.

B. Non-Returnable Material

Except where return is necessary because of Hubbell's error, no returns are allowed for products that are designated as non-returnable material. These materials include:

- standard material which has been modified in form, fit, or function to meet a customer specific requirement; and
- a new product developed solely for a customer specific application.

These non-returnable materials will be identified to the Distributor through Hubbell documentation such as (but not limited to) price index, quotations, sales orders, sales order acknowledgements, and/or invoices.

C. Obsolete Material

Except where return is necessary because of Hubbell's error, no returns are allowed for products that are designated as obsolete material, which includes material that has been phased out/discontinued from active production.

Material obsolescence notifications will be communicated to the Distributor through Hubbellnet, Trade Service updates, and IDW updates.

RMA's will only be issued for 90 days following the announced discontinuance (obsolescence) of a material. RMA's must be requested from Hubbell within this 90-day period to obtain credit for the return.

STOCK BALANCING PROGRAM-INVENTORY MANAGEMENT PROGRAM

Distributors in current good standing are allowed one stock adjustment return annually. The returned items may be comprised of materials that are not moving, or materials that are in an overstock condition. Excluded from the annual return is non-returnable and obsolete material as defined above. The total value of the return cannot exceed five percent (5%) of the prior twelve- month stock purchases or be less than $500. Stock adjustment returns apply to full, unopened carton quantities only in new and resalable condition. Freight charges for annual stock adjustment returns are the responsibility of the Distributor. Hubbell reserves the right to deny or reduce RMA requests for any material for which the return quantity is significantly over the Distributor stock quantities recommended by Hubbell.

FREIGHT DAMAGE/SHORTAGE CLAIM

Claims for freight charges or allowances of any kind will not be considered after 30 days from the Distributor's receipt of goods, and the responsibility of Hubbell ceases when it has delivered such shipments to the carriers and holds their receipts.

SALES TAX

An order placed by you, the Distributor, and accepted by Hubbell, is subject to payment by the Distributor of any sales tax, Federal or State, which may be levied thereon prior to delivery.

USE OF HUBBELL INTELLECTUAL PROPERTY

As long as Distributor is authorized to sell Hubbell products pursuant to these terms and conditions, Distributor is authorized to use Hubbell's trademarks, trade names and logos (collectively, "Hubbell Intellectual Property") in connection with Distributor's sale, advertisement and promotion of such products, and to hold itself out as an authorized distributor of Hubbell. Upon receipt of a written request from Hubbell, Distributor shall immediately cease to use any such Hubbell Intellectual Property and shall promptly remove any reference to Hubbell from its advertising and promotional material. Distributor acknowledges and agrees that: (i) any and all Hubbell Intellectual Property is the sole and exclusive property of Hubbell; (ii) Distributor shall not acquire any ownership interest in any Hubbell Intellectual Property; and (iii) Distributor shall use Hubbell Intellectual Property solely for the purposes of performing its obligations under these terms and conditions and only in accordance with these terms and conditions and the instructions of Hubbell.

CONFLICTING TERMS

The parties agree that these terms and conditions shall prevail, notwithstanding contrary or additional terms in any purchase order, sales acknowledgment, confirmation or any other document issued by either party effecting the purchase and/or sale of Hubbell products.

INDEPENDENT CONTRACTORS

It is understood and agreed that Hubbell and Distributor are independent contractors and each is engaged in the operation of its own business and neither will be considered the agent of the other for any purpose whatsoever. Nothing contained in these terms and conditions will be construed to establish a relationship that would allow either party to make representations or warranties on behalf of the other except as expressly set forth herein.

CONFIDENTIALITY

The Distributor hereby agrees that it shall not disclose to any third party, or use for any purpose other than as set forth herein, at any time any trade secrets, design details, prices, price policies, processes, or operational procedures or any other information, including these terms and conditions, supplied in confidence by Hubbell, in relation to Hubbell products or Hubbell's affairs or business or method of carrying on business.

INDEMNIFICATION

Distributor agrees to indemnify, defend and hold harmless Hubbell and its parent, officers, directors, partners, members, shareholders, employees, agents, affiliates, successors, and assigns from and against all costs, losses, expenses, damages, claims, actions, judgments, settlements, interest, awards, penalties, fines, costs, expenses and liabilities, including attorneys' fees and costs of litigation, arising out of or in connection with (i) any breach of these terms and conditions by the Distributor, and (ii) any failure of Distributor to comply with any applicable laws.

HUBBELL INCORPORATED (Delaware)

LIMITED WARRANTY

Hubbell warrants to the end purchaser of the products sold to the Distributor ("Purchaser") that the products sold will be free of defects in workmanship or material for a period of one (1) year (or as otherwise specified) from the date of original shipment by Hubbell when stored, installed, operated or maintained in accordance with recommendations of Hubbell and standard industry practice and when used under proper and normal use. Hubbell shall in no event be responsible or liable for modifications, alterations, misapplication or repairs made to its products by Purchaser, the Distributor or others, or for damage caused thereto by negligence, accident or improper use by Purchaser, the Distributor or others. This warranty does not include reimbursement for the expenses of labor, transportation, removal or reinstallation of the products.

DISCLAIMER OF WARRANTY. THE FOREGOING WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES WHETHER WRITTEN, ORAL, EXPRESSED OR IMPLIED. THERE ARE NO WARRANTIES OF MERCHANTABILITY OR FITNESS OF ANY PRODUCT FOR A PARTICULAR PURPOSE.

EXCLUSIVE REMEDY. Upon prompt written notice by the Purchaser that a product is defective or non-conforming, Hubbell's liability shall be limited to repairing or replacing the product at Hubbell's option.

LIMITATION OF LIABILITY. IN NO EVENT AND UNDER NO CIRCUMSTANCES SHALL HUBBELL BE LIABLE TO PURCHASER, THE DISTRIBUTOR OR TO ANY OTHER PERSON FOR ANY INDIRECT, SPECIAL, CONSEQUENTIAL OR INCIDENTAL LOSSES OR DAMAGES, INCLUDING, WITHOUT LIMITATION, DAMAGE TO OR LOSS OF USE OF ANY PRODUCT, LOST SALES, OR PROFITS, OR DELAY OR FAILURE TO PERFORM THIS WARRANTY OBLIGATION, OR CLAIMS OF THIRD PARTIES AGAINST PURCHASER, ARISING OUT OF OR IN CONNECTION WITH THE SALE, INSTALLATION, USE OF, INABILITY TO USE, OR THE REPAIR OR REPLACEMENT OF HUBBELL'S PRODUCTS.
As stated herein, the term "person" shall include without limitation, any individual proprietorship, partnership, corporation or entitiy

GOVERNING LAW/JURISDICTION
Any action arising out of this Agreement or any order under it shall be subject to the non-exclusive jurisdiction of the Connecticut courts. This Agreement shall be governed by and construed and interpreted in accordance with the laws of the State of Connecticut, other than its conflict of laws provisions.

Note: The possession of this Terms and Conditions Sheet or the applicable Distributor Cost Schedule by any person is not to be construed as an offer to sell to anyone else the products listed therein at the price stated.

Technical Submittal

I. **Project Description.** The Commonwealth of Pennsylvania (Commonwealth) intends to award through this RFP, multiple contracts for Professional Broadcast, Audio Visual (AV), and Multimedia Equipment and other related services. This multiple award contract will meet the requirements detailed in **Section VI** of this RFP. The selected Offerors shall have the opportunity, through the submission of quotes, to provide Professional Broadcast, Audio Visual, and Multimedia Equipment and related to services to Commonwealth agencies and locations across the Commonwealth.

II. **Objectives.**

A. General. The Commonwealth of Pennsylvania ("Commonwealth") intends to award multiple contracts for the Outright Purchase or rent of Professional Broadcast, AV and Multimedia System Equipment, Accessories, Software and Supplies, to responsive and responsible Offerors who are able to meet the requirements of this RFP.

B. Specific. The contracts will cover the requirements of Professional Broadcast, AV and Multimedia Equipment, Supplies, Installation, Maintenance and Upgrades for all using Agencies. This includes but is not limited to equipment for: video production, editing and post-production; digital still photography, video/audio signal processing, encoding, monitoring and testing; video routers and servers; satellite uplink/downlink and microwave; digital asset management (DAM) and media asset management MAM systems; digital signage; cable system head end and distribution; AV conference/training rooms; AV control systems; displays, monitors and projectors; acoustic and audio. All equipment purchased under this Contract must be certified for professional use. Specific equipment and services for this Contract will require the Offeror to be an Original Equipment Manufacturer (OEM) or Authorized Reseller of the OEM. See **Appendix A, Cost Submittal** for OEM required equipment and services. Where required, provide.

III. **Statement of the Project.** State in succinct terms your understanding of the project presented or the service required by this RFP.
Solicitation # 6100046056 Professional Broadcast, Audio Visual and Multimedia RFP is for Service & Materials to be utilized by all using Pennsylvania State Agencies.

As a full-service wholesale electrical distributor Schaedler Yesco Distribution (SYD) serves a broad spectrum of market segments including government, commercial, construction, industrial and original equipment manufacturers. Schaedler Yesco's team of DataComm product specialists know that data networking is the nerve system of any operation providing technical application and support for data and communication related equipment across all SYD markets.

Schaedler Yesco has access to the industry's top manufacturers to provide supplies and materials for the State's Professional Broadcast, Audio Visual and Multimedia equipment needs. Our team is available to State Agency procurement channels and approved installers.

IV. **Qualifications.**

A. Company Overview. The Offeror shall provide an overview of the company. For AV System Design and Build, the Offeror shall have and submit proof of the following certifications to be eligible to provide consulting, design and build services for AV installations through these contracts. Offerors shall complete **Appendix B, Capability Attestation Form.** The following certifications must be submitted with your response in writing with resumes for key team members;

1. AV Room Installations such as conference rooms, training rooms, boardrooms, auditoriums and control centers:
    a. AV Provider Excellence (APEx) designation or AVIXA certification staffing levels required for designation as described at; https://www.avixa.org/about-avixa/membership/requirements-by-company-size
2. For designs using the following control systems, the Offeror must have a programmer on staff with the following certifications:
    a. AMX ACE Certified Programmer
    b. Crestron Certified Programmer
3. Digital Asset Management, Storage Area Network (SAN), Network Attached Storage (NAS) and computer network-based broadcast video systems:
    a. Microsoft Certified System Engineer (MCSE) and Microsoft Certified System Administrator (MCSA) certified or higher network engineers on staff.
4. For Digital Cable Upgrades and Installations, the Offeror must meet the Society of Cable Telecommunications Engineers (SCTE) standards for Digital Cable Systems.

Since 1924, Schaedler Yesco Distribution, a family-and-employee owned company has been providing innovative solutions and continues to be a premier source for information, training, services and quality products. We serve a broad spectrum of market segments, including government, commercial, construction, industrial and original equipment manufacturers. SYD is the largest independent electrical distributor headquartered in Central Pennsylvania. Our Central Distribution Center is located at 3982 Paxton Street, Harrisburg PA with another 20 locations and training facilities located throughout Pennsylvania.

Our in-house specialists work closely with our diverse base of Electrical Contractors and Installers to provide product solutions that are budget friendly and sustainable.

B. Prior Experience. Include experience in the supplying and maintaining of professional broadcast, AV, and multimedia equipment and related services including, but not limited to, installation, service, maintenance and training. Experience shown should be work done by individuals who will be assigned to this project as well as that of your company. Studies or projects referred to must be identified and the name of the customer shown, including the name, address, telephone number and email address of the responsible official of the customer, company, or agency who may be contacted. At a minimum, the following experience is required;

1. All Offerors are eligible to submit a response for this solicitation; however, the Offeror must be an Original Equipment Manufacturer ("OEM") or Authorized Reseller of the OEM for certain types of equipment and services as indicated in **Appendix A, Cost Submittal**.

a. If an Offeror is submitting as an Authorized Reseller, it must submit a Manufacturer Authorization Letter which clearly states the Offeror is authorized to provide the OEM's equipment to the Commonwealth for this RFP. The Manufacturer Authorization Letter must reference Commonwealth RFP 6100046056 for Professional Broadcast, AV and Multimedia Equipment. An Offeror must submit a Manufacturer Authorization Letter for each OEM which the Offeror is proposing, unless the Offeror is the OEM.

2. To be eligible to for the AV System Design and Build portion of this RFP, the Offeror must have a performance history of no less than five (5) years and have a minimum of 1 million dollars in annual revenue.

Additionally, Offerors shall complete **Appendix B, Capability Attestation Form**.

Schaedler Yesco specialists resumes and Manufacturer's Letters of Authorization attached.

1. The Offeror must include a least three (3) client/project references with its proposal. The references must be for installations completed within the past three (3) years. Complete

Appendix C, Project References Template for each reference provided. Projects referred to must be identified and the name of the customer shown, including the name, address, and telephone number of the responsible official of the customer, company, or agency who may be contacted.
See attachments in Appendix C

2. The Offeror must show what work was completed by subcontractors for each of the projects referenced.
Pa Senate P199 Capital Building – New UPS
Work performed by Subcontractor: complete installation of new APC UPS system as specified by APC. Work completed by GR Sponaugle and Sons, Inc

Department of Labor and Industry – APC Service Contracts
Subcontractors were not used for this project

PA Department of General Services – Conference Room TV and Bluetooth Transmitter
Work performed by Subcontractor: procurement of TV and Bluetooth Transmitter. Installation of TV and Transmitter per PA Department of General Services requirements for this project.

3. The Offeror shall provide the following:

a. Details of any industry-recognized quality standard to which it is compliant, as well as any industry certifications or awards received.
Schaedler Yesco has received numerous industry accolades not only from their vendor partners, but from industry groups such as Affiliated Distributors and NAED

b. Details on any industry standard (such as ITIL) the Offeror implemented to govern its service delivery.
N/A

c. Include any certification levels earned by the Offeror or key personnel.
Joe Ritrievi – BICSI and APC
Matt Lescanec – BICSI and APC
Steve Tucci – BICSI and APC
Mark Mook – BICSI, NICET and APC
John Cicon – BICSI and APC
Randy Stamm – BICSI, A+, Net+ and APC

d. Within the past three years, has the firm or venture been a party to any lawsuits or arbitration proceedings with regard to any contracts?
No

e. How long has Offeror (s) provided this solution?

APC- Schaedler Yesco has been an APC distributor since 1998.

Hubbell Premise Wiring – Schaedler has been a Hubbell Premise Wiring distributor since 1992.

C. Personnel. Offeror shall identify the number of executive and professional personnel, analysts, auditors, researchers, programmers, consultants, etc., who will be engaged in the work. For key personnel include the employee's name and, through a resume or similar document, the Project personnel's education, and experience. Indicate the responsibilities each individual will have in this Project and how long each has been with your company. Offerors shall identify the following dedicated contacts within **Appendix D – Dedicated Contacts**:

1. **Account Manager.** The account manager must be main point of contact for all requests and will be responsible for the coordination of all orders and the resolution of any sales issues.
2. **Service Manager:** must be main point of contact for the resolution of any service issues that are escalated from the service desk.
    a. Service Desk Number: must be a toll free dedicated number for Commonwealth warranty and service calls.
3. **OEM Contact** (only required if the Offeror is not the OEM)**:** Offerors must arrange support from this contact for the resolution of any issues that require OEM intervention.

danielle.haim@schneider-electric.com

D. Subcontractors. Provide a subcontracting plan for all subcontractors, including small diverse business and small business subcontractors, who will be assigned to the Project. The selected Offeror is prohibited from subcontracting or outsourcing any part of this Project without the express written approval from the Commonwealth. Upon award of the contract resulting from this RFP, subcontractors included in the proposal submission are deemed approved. For each position included in your subcontracting plan provide:

1. name of subcontractor;
2. address of subcontractor;
3. number of years worked with the subcontractor;
4. number of employees by job category to work on this project;

5. description of services to be performed;
6. what percentage of time the staff will be dedicated to this project;
7. geographical location of staff; and
8. resumes (if appropriate and available).

Schaedler Yesco does not intend to utilize subcontractors unless the scope of a specific order falls outside of the abilites of Schaedler Yesco's staff. In such an instance Schaedler Yesco would consult with the ordering agency to identify a subcontractor that is best suited to the specific need of the agency and is qualified to complete the project in a manner that is satisfactory to the end user agency.

V. Financial Capability. Describe your company's financial stability and economic capability to perform the contract requirements. The Commonwealth reserves the right to request additional information to evaluate an Offeror's financial capability.
See attached audit report for year end 2017

VI. Requirements. The proposed solution shall meet or exceed the following requirements. Offeror shall describe in its reponse how it will meet the outlined requirements.

A. Request Management. The selected Offeror shall perform request management including, but not limited to, order tracking, intake of requests, prioritization, escalation, resolution, and closeout. Offeror shall describe its approach to request management.
Order fulfillment begins with the Outside Sales Representative/Specialist. As additional actions are required the Outside Sales Representative/Specialist will work with Inside Sales/Specialists to provide tracking, escalation, resolution and closeout as needed. Our Sales/Specialist staff are able to access our manufacturers e-commerce portals to retrieve relevant real time order status.

B. Maintenance Service and Repair Coverage. Offerors shall complete **Appendix A, Cost Submittal.** All maintenance and support must be included in the cost for the first year for all equipment and services. The following additional shall be provided:

1. Types of Support:
2. Telephone support with a 2-hour response time, 24 hours 7 days a week.
   a. After hours emergency support available.
3. Remote Access Support via VPN (Virtual Private Network), 24 hours 7 days a week when required by agency. VPN Direct Link and network connectivity to be supplied by agency.
4. Maintenance includes but is not limited to: problem diagnosis, fault isolation, parts, labor, fault repair, validation of repair, system validation and certification.
5. The selected Offeror shall replace all equipment that is unable to be repaired.
6. Maintenance Response. The selected Offeror shall provide maintenance (repair or replacement) based on the severity of the incident as indicated by the Commonwealth. Response times shall begin when the initial incident is reported.
   a. Mission Critical (MC) service is defined as on-site service response required 24x7x365 within four (4) hours.

b. Semi-Mission Critical (SMC) service is defined as on-site service response during the hours of 7:30 AM ET and 6:00 PM ET, Monday through Friday within four (4) hours. For service calls made after 2:00 PM ET, the selected Offeror shall respond by 7:31 AM ET the next business day.

c. Non-Mission Critical (NMC) services is defined as on-site service response during the hours of 7:30 AM ET and 6:00 PM ET, Monday through Friday within eight (8) hours. For service calls made after 10:00 AM, the selected Offeror shall respond by 7:31 AM ET the next business day.

7. System components are warranted in accordance with the original manufacturer's warranty. Hardware components that are out of warranty will be repaired or replaced by mutual agreement between the selected Offeror and the agency and the agency invoiced for the current cost of the replacement parts.

8. Software enhancements, updates and upgrades are included at no charge as part of the support agreement. Major feature options that are outside the scope of the purchased functionality are not included but can be ordered at the option of the agency.

a. For the purchase, installment purchase, and outright purchase plans, the cost of service and system support plan shall be firm (no increase in price) for a full five (5) year period after acceptance of the equipment. No escalators apply. Offeror will provide quarterly service/support reports for the term of the Contract.

Schaedler Yesco is in agreement with this

C. Quality and Reliability. The equipment is expected to perform in an efficient manner with a minimum of down time.

60-Day (Rolling) Repetitive Service: If equipment requires five (5) service calls for any service issues within a 60-day rolling time period, the Offeror will be required to notify the Commonwealth and make arrangements for brand new, replacement equipment, with the same or upgraded options. This new equipment will be at no additional cost to the Commonwealth. The Offeror will be required to report monthly on equipment with Repetitive Service calls totaling 3 or more in a rolling 30-day period.

If it is determined that a using agency's equipment must be replaced, the selected Offeror, after consultation with DGS and the agency, will replace the equipment without charge with an identical model or equipment with comparable features and capabilities. If leased equipment is replaced, a new lease term will not commence but rather the Commonwealth will only be responsible for the remaining payments in the unexpired term. If the cause of excessive service calls is determined to be due to an operator error, misuse, or abuse by the Commonwealth, associated repair time will not be a factor in determining satisfactory equipment performance.

Schaedler Yesco is in agreement with this

D. Warranties.

1. The selected Offeror shall honor all manufacturer's warranties on products.

2. The selected Offeror shall guarantee a warranty on all equipment and services for a period of one (1) year which shall commence after the successful, fully-functional installation into production.
3. After the original warranty period, the selected Offeror may offer an extended warranty for each year of the Contract.
4. The selected Offeror shall warrant that the equipment is new and unused and when installed shall be free from defects in material or workmanship.
5. The selected Offeror shall warrant that under normal use and service, the equipment shall remain in satisfactory operating condition.
6. The selected Offeror shall repair or replace all defective or damaged equipment during the warranty period at no additional cost.
7. The selected Offeror shall warrant that the installation services will be of the highest quality and workmanship and, if applicable, shall be performed by trained, manufacturer certified individuals.
8. The selected Offeror's warranties for equipment and services shall not be changed, modified or amended.
9. The selected Offeror shall provide the Commonwealth with a complete set of warranty documents.

Offerors shall describe any additional or extended warranties offered in **Appendix A, Cost Submittal**.

Schaedler Yesco passes on all manufacturers published warranties.

E. Equipment Requirements.

1. All devices must be new. A "new" item is one, which will be used first by the Commonwealth after it is manufactured or produced. Used, remanufactured or reconditioned items are not acceptable. This clause shall not be construed to prohibit Offerors from offering goods, supplies, equipment, materials or printing with recycled content, provided the item is new.
Schaedler Yesco only sources and sells new equipment and matrerials

2. The selected Offeror must be able to identify, if requested by the Commonwealth, any equipment being offered that may be used or adapted for use by visually, hearing or other physically impaired individuals in accordance with the *Americans with Disabilities Act*.
Schaedler Yesco is capable of accomodating this request

3. The selected Offeror shall not provide equipment that requires commercially available software for its use through the Contract resulting from this RFP unless the Commonwealth has entered into a software license agreement with the software licensor. See **Appendix E, Software Requirements Agreement**.
Nothing that Schaedler Yesco would provide through this contract would REQUIRE the use of software

F. Order Requirements.

1. **Order Acceptance.**

a. The Offeror must be capable of accepting orders via the Commonwealth's purchasing credit card (Pcard) in addition to SRM purchase orders; the Commonwealth's standard order type. Agencies shall not be charged additional fees for using the Pcard.

2. Order Shipment.

a. The Offeror must securely and properly package the equipment for shipment, storage and stocking in appropriate, clearly labeled, shipping containers and according to accepted commercial practice, without extra charge for packing materials, cases, or other types of containers. All containers and packaging will become and remain property of the Commonwealth.
b. All orders must include a packaging slip which includes, at a minimum: Commonwealth agency, requestors name, order quantity and SRM purchase order number.
c. Partial shipments may be requested by any Commonwealth agency. If not requested, partial shipments are acceptable only if authorized by the Commonwealth agency that ordered the equipment.

3. Order Delivery.

a. The selected Offeror will be responsible for filing, processing, and collecting all damage claims. To assist the selected Offeror with damage claims, the Commonwealth will: record any evidence of visible damage on all copies of the delivering carrier's Bill of Lading; report damages to the carrier and the Offeror; and provide the Offeror with a copy of the carrier's Bill of Lading and damage inspection report.

Schaedler Yesco is able to provide the Order Requirements as stated.

G. Services. The Commonwealth will use **Appendix F, Statement of Work (SOW)** to order services related to the contracts. The SOW and **Appendix G, Service Level Agreements** will be attached to the associated SRM purchase order. It will be at the Commonwealth's discretion to purchase services on a per order basis. The Offeror shall provide all tools and supplies necessary to perform all work for services as listed below:

1. Installation. The Offeror shall;

a. Be responsible for the project management of each installation project.
b. Work with the agency to develop a plan and schedule to deliver equipment.
c. Provide status reports detailing the state of all installations, including but not limited to, completed installations, outstanding installations, installation issues and resolution, etc.
d. Unpack equipment.
e. Conduct the installation, setup, testing, and validation of proper equipment functionality.
f. Remove all packing materials and boxes from the installation site within five (5) business days after installation is completed.

Schaedler Yesco is capable of complying with this requirement

2. Asset Tagging.

a. The Offeror must affix an Identification Tag Number and Commonwealth agency inventory asset tag to all new devices procured.

b. The Identification Tag Number must be readable from WMI (Windows Management Instrumentation), if applicable.
c. Each Identification Tag must be located such that it is easily accessible and readable by the user. Identification Numbers will be used as a reference for Help Desk calls.
d. Identification numbers, serial numbers, Commonwealth agency inventory asset tag numbers, and associated equipment identification information must be provided to the Commonwealth agency in an electronic format, which can be incorporated into existing Equipment Databases. The Commonwealth agency will provide database formats to be used by the Offeror.
e. The Offeror must provide the Identification numbers, serial numbers, Commonwealth agency inventory asset tag numbers, and associated equipment identification information for all installations at a site when requested by the Commonwealth.
Schaedler Yesco is capable of complying with this requirement

3. **Preparation for relocation, transportation to DGS warehouse or return**. The Offeror must deinstall and pack the equipment.
Schaedler Yesco is capable of complying with this requirement
4. **Transport to DGS warehouse.** The Offeror must deliver the packed equipment to the DGS warehouse located at 2221 Forster St., Harrisburg, PA 17125.
Schaedler Yesco is capable of complying with this requirement. If advantageous to the ordering agency, Schaedler Yesco is capable of delivering directly to the agency at their request.

5. **Price List Changes/Product Changes.** The selected Offeror may update their price list or product changes biannually, beginning with the Contract awarded date to reflect new products, manufacturer's price changes, the deletion of discontinued products, etc.
Schaedler Yesco is in agreement with this statement

6. **Price List Updates.** The selected Offeror shall provide the Commonwealth with a link to the OEM's current price list. The Commonwealth may request the OEM's current price list at any time.
Schaedler Yesco is capable of complying with this requirement

7. **Training.** Offerors must provide training for the Commonwealth staff, if requested by the Commonwealth. Training must be provided at the location where the equipment will be located. Offerors must provide unlimited follow-up training, when new equipment has been deployed at a location, at no additional cost, when requested by the Commonwealth.
Schaedler Yesco is capable of providing both on site training as well as off site classroom style training for commonwealth staff as needed.

H. Service Level Agreements. Offerors shall acknowledge and comply with the Service Level Agreements as stated in **Appendix G, Service Level Agreements**.

Schaedler Yesco is capable of complying with all Service Level Agreement requirements

I. Emergency Preparedness. To support continuity of operations during an emergency, including a pandemic, the Commonwealth needs a strategy for maintaining operations for an extended period of time. One part of this strategy is to ensure that essential contracts that provide critical business services to the Commonwealth have planned for such an emergency and put contingencies in place to provide needed goods and services.

1. Describe how you anticipate such a crisis will impact your operations.

2. Describe your emergency response continuity of operations plan. Please attach a copy of your plan, or at a minimum, summarize how your plan addresses the following aspects of pandemic preparedness:

a) Employee training (describe your organization's training plan, and how frequently your plan will be shared with employees)

b) Identified essential business functions and key employees (within your organization) necessary to carry them out

c) Contingency plans for:

i. How your organization will handle staffing issues when a portion of key employees are incapacitated due to illness.

ii. How employees in your organization will carry out the essential functions if contagion control measures prevent them from coming to the primary workplace.

d) How your organization will communicate with staff and suppliers when primary communications systems are overloaded or otherwise fail, including key contacts, chain of communications (including suppliers), etc.

e) How and when your emergency plan will be tested, and if the plan will be tested by a third-party.

See attached SYD Disaster Prevention and Recovery Plan

VII. Tasks. Describe in narrative form your technical plan for accomplishing the work using the task descriptions as your reference point. Modifications of the task descriptions are permitted; however, reasons for changes should be fully explained. Indicate the number of person hours allocated to each task. Include a Program Evaluation and Review Technique (PERT) or similar type display, time related, showing each event. If more than one approach is apparent, comment on why you chose this approach.

See Below

A. Order and Delivery of Equipment. Offeror shall describe their order and delivery services. The Offeror, within five (5) business days after receiving an order, must notify the Commonwealth of any potential delivery delays. Evidence of inability or intentional delays will be cause for the cancellation or suspension of a contract. The Offeror must ensure all incorrect shipments are corrected within ten (10) business days. The business days of the Commonwealth are as

follows; 7:30 to 5:00pm, Monday through Friday, excluding state holidays. All orders for equipment must be delivered to the inside location specified by the Commonwealth within fifteen (15) business days or on the date agreed upon by both the Commonwealth and the Offeror. Calculation of delivery time does not include the day that the purchase order is issued but does include the day of delivery. When a specific delivery date is agreed upon for a full delivery or partial delivery, delivery must occur on the requested date. The Offeror retains ownership of all equipment until the delivery is accepted. The Offeror must store all equipment in its own facilities until the agreed upon delivery date.

Schaedler Yesco will acknowledge all received purchase orders with current availability and/or applicable lead times. Schaedler Yesco will provide routine updates to the purchase order originator. For all orders through Schaedler Yesco stock, Schaedler Yesco will send an email to the purchase order originator the morning that the order leaves our warehouse for delivery. Additionally, Schaedler Yesco will send an email to the purchaser with a delivery location, signature, and photo of the delivered material provided that the signature and photograph are available.

B. Installation of Equipment. The Offeror is responsible for the installation of all equipment and shall certify readiness for operation in writing. Readiness for operation includes all features and functions requested by the Commonwealth using agency are fully operational and requested staff training has been completed.

Prior to delivery, the Offeror shall survey and review the installation location to insure the agency's desired location for the equipment meets the manufacturer's established installation criteria. Should the proposed installation location not meet established installation criteria, the Offeror and the requesting agency shall attempt to locate an alternate mutually agreeable location for the equipment.

The Offeror shall affix a label or decal for asset tracking to the equipment at the time of installation, showing the name, address, and telephone number of the dealer responsible for service of the machine.

The Offeror shall certify that the installation is tested and fully operational based on the needs of the Commonwealth using agency.

Schaedler Yesco is primarily providing material on this contract. In the event that Schaedler Yesco does provide installation services, installations will be performed by subcontractors that meet the agency's criteria above.

C. Equipment Maintenance and Repair Service. The selected Offeror shall coordinate with the Commonwealth using agency to confirm and agree to the pickup date and delivery of equipment to off-site repair facilities, estimating turnaround time for repairs, asset tagging, management and tracking of equipment.

The selected Offeror shall conduct break/fix maintenance and all regularly scheduled maintenance for all equipment during the term of the contract. This maintenance schedule shall comply with the OEM's specified guidelines where applicable. The Offeror shall provide a central point of contact to address maintenance and repair service issues.

During normal business hours of the Commonwealth, 7:30am to 5:00pm, Monday through Friday, excluding state holidays, the Offeror shall have service technicians and the support infrastructure available to provide repairs that meet the service level agreement specified in **Appendix G, Service Level Agreements**.

The selected Offeror shall troubleshoot technical difficulties during the term of the contract. The selected Offeror shall provide online technical support and a toll-free contact number.

The selected Offeror may provide repair service and support any time outside of normal business hours, upon agreement with the Commonwealth using agency, at no additional cost.

Provided that the agency holds a valid service contract for their equipment, Schaedler Yesco will assist with coordinating the scheduling of any break/fix repairs, routine preventative maintenance, or other required services which would be covered as part of the valid service contract.

VIII. Reports and Project Control. The selected Offeror shall create, maintain, and execute the following plans, reports, and supporting documentation in a format agreed to by the Commonwealth. Offerors shall submit its project management methodology and/or draft plans which it proposes to use for this project. The selected Offeror must submit final plan(s) within [specified] days of receiving the notice to proceed. All plans are subject to Commonwealth approval.

A. Project Management Plan. The project management shall include, but not limited to, the following:

1. **Project Plan.** The project plan must describe the scope of work for the project and how the scope will be managed. The project plan shall act as a confirmation of project scope, phasing, implementation objectives, and be detailed enough to ensure the product is delivered on time, within projected estimates, and meets all requirements as specified in the RFP. The project plan must include, but is not limited to:

    - Project Scope Statement
    - Scope Management Process
    - Major Milestones /Deliverables
    - Work Breakdown Structure (WBS)
    - Timeline

2. **Requirements Management Plan.** The requirements management plan must describe the process and approach to manage and address requirements throughout the life of the project. The requirements management plan shall include:

    - Requirements Management Process

- Roles and Responsibilities
- Requirements Traceability Matrix (RTM)

3. **Risk Management Plan.** The risk management plan must describe the approach used to manage risk throughout the life of the project, how contingency plans are implemented, and how project reserves are allocated to handle the risks. The plan will include the methods for identifying risks, tracking risks, documenting response strategies, and communicating risk information. The risk management plan shall include:

    - Risk Management Process
    - Roles and Responsibilities
    - Rules/Procedures
    - Risk Impact Analysis Approach
    - Tools

4. **Issue Management Plan.** The issue management plan must describe the approach for capturing and managing issues throughout the life of the project to ensure the project is moving forward and avoids unnecessary delays. The issues management plan shall include:

    - Issues Management Approach
    - Roles and Responsibilities
    - Tools

5. **Change Control Management Plan.** The change control management plan must describe the approach to effectively manage changes throughout the life of a project. The plan will include the process to track change requests from submittal to final disposition (submission, coordination, review, evaluation, categorization), the method used to communicate change requests and their status (approved, deferred, or rejected), the escalation process if changes cannot be resolved by the review team, and the process for project re-baselining. The change control management plan shall include:

    - Change Management Process
    - Roles and Responsibilities
    - Rules/Procedures
    - Change Impact Analysis Approach
    - Tools

6. **Communications Management Plan.** The communication management plan must describe the communications process that will be used throughout the life of the project. The process must include the tools and techniques that will provide timely and appropriate generation, collection, distribution, storage, retrieval and

disposition of project information. The communications management plan shall include:

- Communications Management Process
- Roles and Responsibilities
- Reporting Tools and Techniques
- Meeting Types and Frequency

7. **Quality Management Plan.** The quality management plan must describe the approach used to address Quality Assurance (QA) and Quality Control (QC) throughout the life of the project. The quality management plan should identify the quality processes and practices including the periodic reviews, audits and the testing strategy for key deliverables. The plan should also include the criteria by which quality is measured, the tolerances required of product and project deliverables, how compliance is measured, and the process for addressing those instances whenever quality measures are out of tolerance or compliance. The quality management plan will include:

    - Quality Management Process
    - Roles and Responsibilities
    - Tools
    - Quality Standards

8. **Time Management Plan.** The time management plan must describe the process for controlling the proposed schedule and how the achievement of tasks and milestones will be identified and reported. The plan must also detail the process to identify, resolve, and report resolution of problems such as schedule slippage. The time management plan will include:

    - Time Management Process
    - Role and Responsibilities
    - Tools and Techniques
    - Work Plan

    Where appropriate, a PERT or GANTT chart display should be used to show project, task, and time relationship.

Schaedler Yesco will work with the agency and any other parties involved to provide all required documentation pertaining to the above if applicable.

B. IT Service Management. Offeror(s) shall describe its service management methodology its uses to deliver service to its customers. Identify any industry best practices or standards its service management methodology is based. IT Service management shall include strategic approach directed by policies and incorporated in processes and supporting procedures that are performed to plan, deliver, operate, control, and improve IT services offered to customers.

Offeror shall describe tools used for service management to include any integration of automated tools. Offeror shall include as part of its proposal any service management plan(s) which will be utilized to deliver, operate, control, and improve the services as described in this RFP.

Schaedler Yesco is not offering IT Services

C. Monthly Reports. Offerors must provide monthly reports to each agency and a consolidated monthly report to the Department of General Services, Bureau of Procurement, IT Procurement Division. The Offeror must use **Appendix H – Monthly Report** template. A monthly report will consist of, and include at a minimum:

a. Ordering and delivery report of equipment purchases which includes, at a minimum: agency Information, equipment information, order information, shipment and delivery information, and invoice information.
b. Problem and response report which includes, at a minimum: agency information, equipment information and problem/response information.
c. Service level report which includes, at a minimum: agency Information. delivery SLA computation, incorrect shipment correction SLA computation, and fix-time SLA computation.
d. Outstanding issues report which includes, at a minimum: agency information and outstanding issue summary.

The monthly reports must include all activity by the Commonwealth, external procurement activity and COSTARS members.

The Offeror must provide monthly reports to the Commonwealth no later than ten (10) business days after the end of the month.

Schaedler Yesco will provide all required in the format specified by the agency

D. Quarterly Reports. Offerors must provide quarterly reports to the Department of General Services, Bureau of Procurement. The quarterly customer satisfaction report must be delivered in the format approved separately by the Commonwealth which includes, at a minimum: performance of the Offeror in the areas of: quality assurance, accuracy of orders shipped, professionalism, flexibility, competence, timeliness of delivery and response to questions. The Offeror must use **Appendix I – Quarterly Report** template for the remainder of the quarterly report, which will consist of, and include at a minimum:

a. Sales summary report which includes, at a minimum: agency information, equipment information and order information.
b. Service level summary report which includes, at a minimum: agency information. delivery actual service level, incorrect shipment correction actual service level, fix-time actual service level, monthly report delivery actual service level, and quarterly report delivery actual service level.
c. Outstanding issues summary report which includes, at a minimum: agency information and outstanding issue summary.

Offerors must provide quarterly reports to the Commonwealth no later than fifteen (10) business days after the end of a quarter.

A quarter is defined by the Commonwealth as follows:

- Quarter 1: January through March
- Quarter 2: April through June

- Quarter 3: July through September
- Quarter 4: October through December
- ***Schaedler Yesco will provide all required in the format specified by the agency***

E. Additional Reports: Additional reports may be added or removed by the Commonwealth at its sole discretion.

F. ***Schaedler Yesco will provide all required in the format specified by the agency***

IX. Objections and Additions to Standard Contract Terms and Conditions. The issuing office will reject any proposal that is conditioned on the negotiation of the terms and conditions set out in the Terms and Conditions contained in the Buyer Attachments section or to other provisions of the RFP.

Bureau of Procurement
555 Walnut St 6th FL
Harrisburg, PA 17101-1914

To Whom It May Concern:

Ref: Commonwealth RFP 6100046056 for Professional Broadcast, AV and Multimedia Equipment.

This letter certifies that Schaedler Yesco Distribution is a Hubbell Premise Wiring authorized distributor in good standing for the state of Pennsylvania.

We are confident that Schaedler Yesco Distribution will do an excellent job of servicing our products for the PA Broadcast and AV contract.

As Director of Customer Service and Sales Support of Hubbell Premise Wiring I have the authority to write this letter. My direct supervisor is Laura Connolly, Director of Customer Service and Sales Support, Hubbell Wiring Systems. If further information is needed, I can be reached at 860-535-5313 or you can contact Laura at 203-882-4807.

We look forward to working with Schaedler Yesco Distribution to support the requirements of the Commonwealth of Pennsylvania contract.

Sincerely,

Sharon Uricchio

OPERATIONAL AND TECHNICAL PROFILE

Joseph J. Ritrievi, Data Communications Sales Manager

Joe has over 35 years of experience in data design, installation and management of various data and low voltage technologies that include, Ethernet, Wireless Ethernet, Surveillance, Access Control, Fire Alarm, Nurse Call, Uninterruptible Power Supplies, Air Conditioning and Fiber Optic Systems. These technologies have been applied in the following market segments: Local Government, Healthcare, K-12, Higher Education, Industrial and Commercial.

Joe has various data certifications from Penn State and HACC, as well as, training from organizations such as BICSI, IBM, AT&T, Amp, Cisco, APC, Liebert, Powerware and others. Products trained on include Ethernet Switches, Wireless Ethernet, Data Connectivity Products, Home Automation Products, Surveillance Products, Access Control, Fire Alarm products, UPS and Power Conditioning Products. Joe has also taught a series of classes for both customers and fellow employees on the aforementioned technologies.

Matthew Lescanec, Data Communications Specialist Outside Sales

Matthew began his career in Inside Sales with Schaedler Yesco in 2000 and is currently an Outside Data Comm Specialist. With over 18 years of experience in data design, management of various data and low voltage technologies that include, Ethernet, Wireless Ethernet, Surveillance, Access Control, Fire Alarm, Nurse Call, Uninterruptible Power Supplies, and Fiber Optic Systems Matthew provides industry and technical support across all SYD markets. These technologies have been applied in the following market segments: Federal, State Local Government, Healthcare, K-12, Higher Education, Industrial and Commercial.

Matthew has various certifications from Penn State, as well as, training from organizations such as BICSI, APC, Vivotek, Hubbell Premise, PowerWare and Liebert and others. Products trained on include Ethernet Switches, Wireless Ethernet, Data Connectivity Products, Smart Home Automation Products, Surveillance Products, Access Control, Fire Alarm products, UPS Products.

Stephen M. Tucci II, DataComm Specialist

Steve has been with Schaedler Yesco for 9 years holding various technical and sales positions within the DataComm Department. Steve has been in the DataComm industry for a total of 20 years, during this time Steve has gained experience in the design, installation and implementation of various types of data and low voltage systems including, Structured Cabling Systems, Wireless Ethernet, Closed Circuit Television, Access Control, Nurse Call, Uninterruptable Power Supplies, Paging and Public Address Systems, Air Conditioning, and Fiber Optic Systems. These various systems have been used in the following markets: Government, Healthcare, K-12, Higher Education, Industrial (Manufacturing), and Commercial.

Steve maintains a BICSI Technician certification as well as certifications from APC, Hubbell Premise Wiring, Signamax, Kidde, Vivotek, and Cisco. Steve is also a BICSI Certified Trainer and teaches the BICSI ICT installation curriculum at Schaedler Yesco's BICSI Authorized Training Facility in York, PA.

John J. Cicon, Outside Data Communications Sales Specialist

John has over 12 years of experience in the Information Technology arena. Disciplines include software, hardware, Data Center, Network Management, System Administration, Call Center, Cloud Based technologies, Managed Services, Copper and Fiber Cabling, Uninterruptible Power Supplies, Fire Alarms, Surveillance, and Access Controls. These have been applied to industries such as Government, Health Care facilities, Education – K though 12 and Higher Education, Private and Public business sectors ranging from small to enterprise.

John has a B.S. from Misericordia University in Management Information Systems. He has certifications from Microsoft, Cisco, VM Ware, BICSI, Kidde and APC. Products trained on are Surveillance cameras, UPS's, Access Control, Fire Alarm, Copper and Fiber Cabling, BICSI Installer 2, Copper Training, APC Innovation Summit. From these experiences, John has educated customers both commercial and industrial on these technologies.

Randy Stamm, Data Communications Specialist Inside Sales

Randy has over 30 years of experience in data design, installation and management of various data and low voltage technologies that include, Ethernet, Wireless Ethernet, Surveillance, Access Control, Fire Alarm, Nurse Call, Uninterruptible Power Supplies, and Fiber Optic Systems. These technologies have been applied in the following market segments: Local Government, Healthcare, K-12, Higher Education, Industrial and Commercial.

Randy has various certifications from Penn State and HACC, as well as, training from organizations such as Comptia A+, Networking +, BICSI, FCC, HP, APC and others. Products trained on include Ethernet Switches, Wireless Ethernet, Data Connectivity Products, Smart Home Automation Products, Surveillance Products, Access Control, Fire Alarm products, UPS Products. Randy has also taught DOS, Microsoft Windows 95, Windows 98, Windows XP, Windows 2000 and Windows 10, Intro to Networking, Electronics, Basic Electricity, Comptia A+ and Networking + classes for both HACC and vocational classes.

SYD DISASTER PREVENTION AND RECOVERY PLAN

(Revision#4 01/26/17)

Objectives

- ***Prevent service outages to our customers.***
- ***Preserve corporate assets.***

What Constitutes a Disaster?

- ***For the purposes of this plan, a disaster is any time that our Harrisburg facility is rendered unusable.***

Command Center

- ***Our York facility will serve as our command center in the event of a disaster. The training room to the rear of the computer lab will be used for strategic meetings and will be equipped accordingly.***

THREAT #1, FIRE

- *The greatest threat that we face in our Harrisburg facility is destruction by fire.*

- *Therefore, our first preventive focus will be on fire detection and prevention.*

Fire Detection and Prevention

- ***Our 3982 Paxton Street location is equipped with a sprinkler system throughout the building.***
  - *Each head has a 'heat fuse' that melts and releases water at 150 degrees Fahrenheit.*
  - *The system also detects pump activity and will trigger an alarm to the security company and the fire company.*
  - *We have no smoke detection in this facility.*
  - *A new sprinkler pump was installed in fall of 2014 to improve reliability and efficiency of the system.*

THREAT #2, BURGLARS/VANDALS

- ***The second greatest threat that we face in our Harrisburg facility is destruction by burglars/vandals.***

- ***Therefore, our second preventive focus will be on burglary detection and prevention.***

Burglary Detection and Prevention

- *Our 3982 Paxton Street facility is equipped with a burglary detection system.*
  - *All exterior doors are equipped with sensors that send a signal if a door is opened in a secure zone.*
  - *The rooms on the south and east side of this facility are also equipped with 'glass break' sensors. If the glass is broken in one of these rooms an alarm signal is sent to the security company.*
  - *We also have motion sensors in the office area.*
  - *Most of the building is covered by cameras.*

RECOVERING FROM A DISASTER

- *Our 3 largest concerns….*
