List any and all changes:

This addendum is for extension of the referenced solicitation, inclusion of waste tire site photographs, and provide responses to questions that were received. The due date/time is being extended from 10/27/2023 12:00:00 ET to 11/10/2023 12:00:00 ET. Photographs of waste tires are being included in this addendum for additional reference.

Q: The Joe Vito pile lists 5,000 tires and the Paul Weller Tire Shop Lists 15,000 tires. Are these correct?

A: No, the estimated amounts were transposed. For clarification, the Joe Vito tire pile is estimated at 15,000 tires (not 5,000) and the Paul Weller Shop is estimated at 5,000 tires (not 15,000). The combined total amount remains the same.

Q: Are site visits permitted?

A: No. Please reference supplied photographs at the included in this addendum.

Q: Will tire pile addresses be posted?

A: No. The GPS coordinates are given with the closest address from google maps.

Q: Are pictures available?

A: Yes. They have been included in the pages of this addendum.

Q: Are the tractor trailers need to be removed?

A: The tractor trailers are to remain onsite. The removal of tires in the trailers should be factored in the bid submittal.

Q: When is this project expected to be awarded? When is the PO expected to be issued? What are the estimated dates?

A: Award will be made to the lowest responsible responsive bidder. Award would occur after the scheduled bid closing and review of all offers. A fully executed Purchase Order would be issued to finalize the transaction. If an award is made, it would occur within 60 days of the bid opening date. The bid opening date is being extended with this addendum. A fully executed Purchase Order would follow the award, after all required approvals are received. This may take approximately 15-45 days. All timelines are subject to change.

Q: Is there a way to extend the proposal deadline a week?

A: This will be discussed with the Program and stakeholders. Should the solicitation be extended, an addendum would be posted on eMarketplace and supplier portal.
