

SOLICITATION ADDENDUM

Date: **April 11, 2024**
Subject: **Whole Rock Geochemical Analysis – Clarification on Testing Requirements**
Solicitation Number: **6100060793**
Due Date/Time: **April 17, 2024 at 10:00 am**
Addendum Number: **1**

To All Suppliers:

The Commonwealth of Pennsylvania defines a solicitation “Addendum” as an addition to or amendment of the original terms, conditions, specifications, or instructions of a procurement solicitation (e.g., Invitation for Bids or Request for Proposals).

List any and all changes:

1 - To clarify testing requirements: we recognize there are different analytical methods to achieve major, minor, trace, and rare earth element analysis on samples. Any combination of XRF, ICP-OES, ICP-MS, INAA, and other routine methods may be used to obtain data. Redundancy in methods is not necessary except in cases where one method does not obtain all data required.

2 - Quantitative mineralogy (Rietveld) + clay speciation Analysis was inadvertently omitted from Section III. Contract Requirements. As such, this analysis has been added and the updated Statement of Work uploaded to the solicitation.

The bid opening date and time remains unchanged at Wednesday, April 17, 2024, at 10:01 am.

Type of Solicitation: Electronic Bid (SRM) - Review the Questions section of your solicitation response to ensure you have responded, as required, to any questions relevant to solicitation addenda issued subsequent to the initial advertisement of the solicitation opportunity.

Except as clarified and amended by this Addendum, the terms, conditions, specifications, and instructions of the solicitation and any previous solicitation addenda, remain as originally written.

Respectfully,

Name: Lynda M. Cashner
